2	college that certifies to the state budget director by the last
3	business day of August that its board will not adopt an increase in
4	tuition and fee rates for in-district students for the 2022-2023
5	academic year that is greater than 5.0% or \$226.00, whichever is
6	greater. As used in this subsection:

(a) "Fee" means any board-authorized fee that will be paid by more than 1/2 of all in-district students at least once during their enrollment at a community college. A community college increasing a fee that applies to a specific subset of students or courses shall provide sufficient information to prove that the increase applied to that subset will not cause the increase in the average amount of board-authorized total tuition and fees paid by in-district students in the 2022-2023 academic year to exceed the limit established in this section.

(b) "Tuition and fee rate" means the average of full-time rates paid by a majority of students in each class, based on an unweighted average of the rates authorized by the community college board and actually charged to students, deducting any uniformly rebated or refunded amounts, for the 2 semesters with the highest levels of full-time equated in-district enrollment during the academic year.

(6) Community colleges that exceed the tuition and fee rate cap described in subsection (5) must not receive a planning or construction authorization for a state-funded capital outlay project in fiscal year 2022-2023 or 2023-2024.

(7) Notwithstanding any other provision of this act, the legislature may at any time adjust appropriations for a community college that adopts an increase in tuition and fee rates for in-

1	district students that exceeds the rate cap established in
2	subsection (5).
3	(8) A task force must be formed by September 15, 2022 to
4	review, evaluate, discuss, and make recommendations regarding
5	community college operations funding, with a focus on addressing
6	disparities and ensuring that funding levels are equitable across
7	tuition, state support, and local tax revenue. All of the following
8	apply to this task force:

20	senate fiscal agencies, the state budget office, the department of
21	treasury, former state officials, and other stakeholders with
22	relevant technical expertise to support its work.
23	(c) The task force shall review whether the current
24	performance metrics used for the performance funding formula are
25	the most appropriate and reliable performance indicators available
26	and determine the most efficient methodology for connecting state
27	funding to those indicators. The task force shall also review,
28	examine, and suggest methodology concerning equitable and

appropriate funding levels to community colleges.
