**Overview**

The Community Colleges budget, contained in Article II of the compiled School Aid Act, provides funding for operational support of the 28 public community colleges located throughout the state and some retirement costs for employees who participate in the state public school employee retirement system. Community colleges offer a wide variety of educational programs, including traditional two-year transfer programs, associate degrees, career and technical education, developmental and remedial education, continuing education, and baccalaureate programs in a limited number of areas. The colleges are supported primarily through a combination of state aid, local property tax revenue, and tuition and fees.

**Major Budget Changes from FY 2022-23 YTD Appropriations**

**1. Community College Operations Increase**

Executive includes a net increase of \$13.2 million SAF for community college operations, a 3.9% increase. This includes:

- \$13.6 million SAF, or 4.0%, increase to operations grants for community colleges, which would be distributed through the performance funding formula.
- \$413,700 SAF decrease based on FY 2021-22 North American Indian Tuition Waiver (ITW) program costs reported by institutions.

Attainment of the performance funding increase would be conditioned on restraining in-district tuition and fee increases to the greater of 4.5% or \$205. Projected funding increases for individual community colleges would range from 2.3% to 5.7%. Total funding for operations would be \$354.4 million SAF.

House includes a net increase of \$15.0 million SAF for community college operations, a 4.4% increase. This includes:

- \$15.3 million SAF, or 4.5%, increase to operations grants for community colleges, which would be distributed through the performance funding formula.
- \$254,400 SAF decrease based on FY 2021-22 North American Indian Tuition Waiver (ITW) program costs reported by institutions.

Projected funding increases for individual community colleges would range from 3.7% to 6.4%. Total funding for operations would be \$356.3 million SAF.
