290.655 Assessments to defray program and administrative costs; collection; maximum assessment to be specified; collection by processors, distributors, or handlers; disposition; trust fund; complaint; notice of due date; ability to borrow money; assessment for loans and interest.

Sec. 5. (a) Assessments shall be collected from each producer of a marketable agricultural commodity produced in this state and directly affected by a marketing program issued for the agricultural commodity to defray all program and administrative costs except for nonparticipating producers as provided for under section 3(1)(k). Assessments shall be collected on agricultural commodity inputs in this state directly affected by a marketing program established for the agricultural commodity input in order to defray all marketing program and administrative costs. Subject to approval by the director, assessments may also be collected from either producers or distributors, or both, and manufacturers, of a marketable agricultural commodity produced in this state or an agricultural commodity input used in this state if the director determines that the unique nature of the agricultural commodity or agricultural commodity input or the industry structure warrants the assessment of both the producer and the distributors of the agricultural commodity or agricultural commodity input.

(b) Each marketing program shall specify the maximum assessment on an agricultural commodity or an agricultural commodity input and may provide for any other assessment mechanism as approved by the director to be collected to cover program and administrative costs.

(c) Pursuant to the marketing program and for convenience, the processors, distributors, or handlers of the agricultural commodity or agricultural commodity input may be required to collect and remit producer assessments to the committee at no cost to the marketing program unless the marketing program expressly provides for the payment of a reasonable fee for making the deduction and remittance.

In the case of a marketing program that provides for the imposition of an assessment, the processors, distributors, or handlers dealing with the producer shall collect the assessment from the producer by deducting the assessment from the gross amount owing to the producer and shall remit the assessment and data to the committee within a reasonable time period as established by the committee. A processor, distributor, or handler who fails to deduct or remit the assessment is liable to the committee for any assessments not deducted or remitted. If a processor, distributor, or handler is not involved at the first point of sale of an agricultural commodity or agricultural commodity input, or is not within this state and the assessment is not deducted and remitted, the producer shall remit the assessments to the committee on all sales of the agricultural commodity or agricultural commodity input, subject to a marketing program and within a time period specified by the committee.

(d) All assessments deducted or collected and held by a processor, distributor, or handler for over 92 days shall be deposited in a separate interest bearing escrow account held jointly with the marketing program committee and not commingled with other funds. Interest accrued in the escrow account shall be forwarded to the committee.

(e) All assessments collected or deducted shall be considered trust funds and be remitted quarterly or more frequently if required by the marketing program to the appropriate committee.

(f) A committee may file a written complaint with the director documenting that a processor, distributor, handler, or producer has failed to deduct or remit any assessment due to the committee pursuant to a marketing program. Upon receipt of such a complaint, the director shall conduct an investigation of the allegations. If, after investigation, the director finds that the processor, distributor, handler, or producer has failed to deduct or remit an assessment to the committee, the director shall request by certified mail the processor, distributor, handler, or producer to remit the assessment within 10 days after the director determines that a deduction or remittance was not made. In the case of the failure to deduct an assessment, the director shall compute the amount that reasonably should have been deducted and impose an assessment in that amount. If the assessment is not remitted within 30 days after the request or is not in compliance with a

written agreement for full payment, the director may file an action in a court of competent jurisdiction to collect the assessment. Venue in such an action is the place where the processor, distributor, handler, or producer has its primary place of business. In any action to recover an assessment under this subsection, if the director prevails, the court shall award to the director all costs and expenses in bringing the action, including, but not limited to, reasonable and actual attorney fees, court costs, and audit expenses. If the director does not prevail, he or she shall charge the committee for reasonable and actual attorney fees, court costs, and expenses incurred in bringing about the action.

(g) Each committee shall specify the date the assessment is due in the account of the marketing program on that production. Producers, processors, distributors, or handlers of the affected agricultural commodity or agricultural commodity input shall be given reasonable notice of the due date.

(h) A committee established pursuant to this act has the ability to borrow money in anticipation of the receipt of assessments if the following conditions are met:

(i) The loan will not be requested or authorized, or will not mature, within 90 days before a resubmittal or termination referendum for the marketing program.

(ii) The amount of the loan does not exceed 50% of the annual average assessment revenue during the previous 3 years. In the case of a marketing program that has been in existence for less than 3 years, the loan does not exceed 25% of the projected annual assessment revenue.

(iii) The loan repayment period does not exceed the life of the marketing program.

(iv) The loan has the prior written consent of the director. The director may request an audit of the committee by the auditor general before approving the loan.

(i) The director shall assess against the agricultural commodity input or the producers of the agricultural commodity all outstanding loans, including interest, approved under subsection (h) if the marketing program is inactive or is terminated.

290.656 Marketing program; temporary suspension, duration.

Sec. 6. The operation of a marketing program, or any part thereof, may be temporarily suspended by the director upon recommendation by the committee for a period of not longer than 1 growing and marketing season if the program or part is deemed undesirable during such season.

Sec. 7. (1) A marketing program shall provide for the establishment of a committee to consist of an odd number of members which shall be not less than 5 and not more than 13.

(2) The members of the committee shall be appointed by the governor with the advice and consent of the senate from nominations received from the producers and handlers or processors of the agricultural commodity or agricultural commodity input for which the marketing program is established. Nominating procedures, qualifications, representation, term of office, and size of the committee shall be prescribed in the marketing program for which the committee is appointed. Each committee shall be composed of producers and handlers or processors who are directly affected by the marketing program in the proportion of representation as prescribed by the program. The term of office of a committee member is 3 years or until such time as his or her successor is appointed and qualified.

(3) The director or his or her representative shall serve as a nonvoting ex officio member. Additional nonvoting ex officio members may serve if approved for in a specific marketing program.

(4) A committee, with the advice and consent of the director and the commission of agriculture, may reapportion either the number of committee members or member districts, or both. Reapportionment of the districts shall be on the basis of production or industry representation. The reapportionment may be commenced 30 days after the effective date of the amendatory act that added this subsection. Reapportionment of either members or districts shall not occur more often than twice in any 5-year period and shall not occur within 6 months before a referendum.

(5) After the reapportionment described in subsection (4), if the residence of a member of the committee falls outside of the district for which he or she serves on the committee and falls within the district for which another member serves on the committee, then both members shall continue to serve on the committee for a

term equal to the remaining term of the member who served for the longest period of time. After the reapportionment described in subsection (4), if a district is created in which no member serving on the committee resides, then a member shall be selected in the manner as prescribed in each program. After a reapportionment or redistricting, a committee may temporarily have more members than prescribed in the marketing program until the expiration of the term of the longest serving member from that district.

(6) A member of a committee is entitled to reimbursement for actual expenses and a per diem payment to be set by the committee not to exceed the commission of agriculture rate while attending meetings of the committee or while engaged in the performance of official responsibilities delegated by the committee.

Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(9) Subject to section 10(b) and except as otherwise provided in this subsection, a writing prepared, owned, used, in the possession of, or retained by a committee in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. Except for information regarding penalties levied under this act, information relating to specific assessments to a specific person under a marketing program as well as names and addresses of producers shall be exempt from disclosure to any other person or committee. This subsection does not prevent the director or the department from obtaining information necessary to confirm compliance with this act and does not prevent the director or the department from disclosing statistical information so long as that disclosure does not reveal specific assessments or production levels of any producer, handler, or processor.

The money shall be allocated to the marketing program under which it is collected or received and shall be disbursed only for the necessary expenses incurred for the marketing program according to the rules established under the marketing program and for grants authorized under a marketing agreement or marketing program.

(2) Except as otherwise provided for in this subsection, all expenditures shall be audited by a certified public accountant at least annually and within 30 days after completion of the audit, the certified public accountant shall give copies of the audit to the members of the committee and the director. An activity and financial report shall be published annually and made available to interested parties. A committee with annual assets of \$50,000.00 or less, based upon a 3-year average, shall be audited twice between referenda and shall have a financial review conducted in those years where it is not audited under this subsection.

290.659 Refunds.

Sec. 9. (1) Money remaining from the assessments collected under a marketing program may be refunded at the close of any marketing season upon a pro rata basis to all persons from whom assessments were collected. If the committee finds that the money may be necessary to defray the cost of operating a marketing program in succeeding marketing seasons, all or any portion of the money may be carried over into succeeding seasons.

(2) Upon termination of any marketing program, all money remaining and not required to defray the expenses of operating the marketing program shall be refunded on a pro rata basis to persons from whom assessments were collected. If the committee finds that the refundable amount is so small as to make impracticable the computation and refunding of the money, it may be used to defray the expenses incurred by the department in the formulation, adoption, administration, or enforcement of any subsequent marketing program for the commodity or for agricultural research for that commodity. In the case of money earned from royalties, license fees, or other assets that may be collected or received after termination of a marketing program, that money shall be allocated to any institution of higher education engaged in agricultural or nutritional research, as determined by the director.
