The People of the State of Michigan enact:

PART 1

550.1101 Short title.

Sec. 101. This act shall be known and may be cited as “the nonprofit health care corporation reform act”.

History: 1980, Act 350, Eff. Apr. 3, 1981.

Constitutionality: Procedural fairness is required by the due process clause before governmental action drastically alters essential terms of the contract between nonprofit group health care plans and hospitals and nursing homes providing health care services; however, the guarantee of procedural due process does not necessarily require an adversary proceeding. Convalescent Center v Blue Cross, 414 Mich 247; 324 NW2d 851 (1982).

Administrative hearings under the Administrative Procedures Act, however informal, comport with the procedural fairness required by due process in the absence of an explicit statutory requirement that a contested evidentiary hearing be held. Convalescent Center v Blue Cross, 414 Mich 247; 324 NW2d 851 (1982).

This act is unconstitutional in the following three particulars:

(1) The act's provision for an actuary panel to resolve risk factor disputes is an unconstitutional delegation of legislative authority in that it lacks adequate standards (MCL 550.1205(6)).

(2) The statutory restrictions on administrative services only (ASO) contracts violate equal protection of the laws insofar as they result in arbitrary and discriminatory treatment of health care corporations vis-a-vis commercial insurers (MCL 550.1104(3), 550.1211, 550.1414a, 550.1415, and 550.1607(1)).

(3) The commissioner's authority to issue a cease and desist order based on probable cause against a health care corporation for noncompliance with the act establishes an improper burden of proof (MCL 550.1402(7)).

The Supreme Court ruling on these three areas of this act does not affect the constitutionality of the remainder of the act. Where, as here, the unconstitutional provisions are easily severable, the remainder of the act need not be affected. Blue Cross and Blue Shield of Michigan v Governor, 422 Mich 1; 367 NW2d 1 (1985).

Compiler's note: For transfer of the Department of Insurance and Office of the Commissioner on Insurance from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

550.1102 Legislative intent and policy.

Sec. 102. (1) It is the purpose of and intent of this act, and the policy of the legislature, to promote an appropriate distribution of health care services for all residents of this state, to promote the progress of the science and art of health care in this state, and to assure for nongroup and group subscribers, reasonable access to, and reasonable cost and quality of, health care services, in recognition that the health care financing system is an essential part of the general health, safety, and welfare of the people of this state. Each corporation subject to this act is declared to be a charitable and benevolent institution and its funds and property shall be exempt from taxation by this state or any political subdivision of this state.

(2) It is the intention of the legislature that this act shall be construed to provide for the regulation and supervision of nonprofit health care corporations by the commissioner of insurance so as to secure for all of the people of this state who apply for a certificate, the opportunity for access to health care services at a fair and reasonable price.

(3) It is the public policy of this state that, in the interest of facilitating access to health care services at a fair and reasonable price, an alternate, expeditious, and effective procedure for the resolution of issues and the maintenance of administrative appeals relative to provider class plans be established and utilized, and to that end, the provisions of this act regarding administrative review of those provider class plans shall be construed so as to minimize uncertainty and delays.

Sec. 204a. (1) A health care corporation shall possess and maintain unimpaired surplus in an amount determined adequate by the commissioner to comply with section 403 of the insurance code of 1956, 1956 PA 218, MCL 500.403. The commissioner shall follow the risk-based capital requirements as developed by the national association of insurance commissioners in order to determine whether a health care corporation is in adequate compliance with section 403 of the insurance code of 1956, 1956 PA 218, MCL 500.403.

(2) If a health care corporation files a risk-based capital report that indicates that its surplus is less than the amount determined adequate by the commissioner under subsection (1), the health care corporation shall prepare and submit a plan for remedying the deficiency in accordance with risk-based capital requirements adopted by the commissioner. Among the remedies that a health care corporation may employ are planwide viability contributions to surplus by subscribers.

(3) If contributions for planwide viability under subsection (2) are employed, those contributions shall be made in accordance with the following:

(a) If the health care corporation's surplus is less than 200% but more than 150% of the authorized control level under risk-based capital requirements, the maximum contribution rate shall be 0.5% of the rate charged

to subscribers for the benefits provided.

(b) If the health care corporation's surplus is 150% or less than the authorized control level under risk-based capital requirements, the maximum contribution rate shall be 1% of the rate charged to subscribers for the benefits provided.

(c) The actual contribution rate charged is subject to the commissioner's approval.

(4) As used in subsection (3), "authorized control level" means the number determined under the risk-based capital formula in accordance with the instructions developed by the national association of insurance commissioners and adopted by the commissioner.

(5) Subject to this subsection, a health care corporation shall not maintain surplus in an amount that equals or is greater than 200% of the authorized control level under risk-based capital requirements multiplied by 5. If a health care corporation files a risk-based capital report that indicates that its surplus is more than the allowable maximum surplus permitted under this subsection for 2 successive calendar years, the health care corporation shall file a plan for approval by the commissioner to adjust its surplus to a level below the allowable maximum surplus. If the commissioner disapproves the health care corporation's plan, the commissioner shall formulate an alternate plan and forward the alternate plan to the health care corporation. The health care corporation shall begin implementation of the plan immediately upon receipt of approval of its plan by the commissioner or upon receipt of the commissioner's alternate plan.

These debt instruments shall be subordinated by their terms to all borrowings of the issuer from other institutional lenders and shall have no part amortized during the first 5 years.

(4) A health care corporation shall not market or transact, as defined in sections 402a and 402b of the insurance code of 1956, 1956 PA 218, MCL 500.402a and 500.402b, any type of insurance described in chapter 6 of the insurance code of 1956, 1956 PA 218, MCL 500.600 to 500.644. This subsection shall not be construed to prohibit the provision of prepaid health care benefits.

However, a health care corporation may purchase, take, receive, subscribe for, or otherwise acquire, own, hold, vote, employ, sell, lend, lease, exchange, transfer, or otherwise dispose of bonds or other obligations, shares, or other securities or interests issued by a domestic, foreign, or alien insurer, so long as the activity meets all of the following:

(i) Is determined by the attorney general to be lawful under section 202.

(ii) Is approved in writing by the commissioner as being in the best interests of the health care corporation and its subscribers.

(iii) For an activity that occurred before the effective date of the amendatory act that added subparagraph (iv), will not result in the health care corporation owning or controlling 10% or more of the voting securities of the insurer or will not otherwise result in the health care corporation having control of the insurer, either before or after the effective date of the amendatory act that added subparagraph (iv). As used in this subparagraph and subparagraph (iv), "control" means that term as defined in section 115 of the insurance code of 1956, 1956 PA 218, MCL 500.115.

(iv) Subject to section 218 and beginning on the effective date of the amendatory act that added this subparagraph, will not result in the health care corporation owning or controlling part or all of the insurer unless the transaction satisfies chapter 13 of the insurance code of 1956, 1956 PA 218, MCL 500.1301 to 500.1379, and the insurer being acquired is only authorized to sell disability insurance as defined under section 606 of the insurance code of 1956, 1956 PA 218, MCL 500.606, or under a statute or regulation in the insurer's domiciliary jurisdiction that is substantially similar to section 606 of the insurance code of 1956, 1956 PA 218, MCL 500.606.

(r) Borrow money and issue its promissory note or bond for the repayment of the borrowed money with interest.

(s) Make donations for the public welfare, including hospital, charitable, or educational contributions that do not significantly affect rates charged to subscribers.

(t) Participate with others in any joint venture with respect to any transaction that the health care corporation would have the power to conduct by itself.

(u) Cease its activities and dissolve, subject to the commissioner's authority under section 606(2).

(v) Make contracts, transact business, carry on its operations, have offices, and exercise the powers granted by this act in any jurisdiction, to the extent necessary to carry out its purposes under this act.

(w) Have and exercise all powers necessary or convenient to effect any purpose for which the corporation was formed.

(x) Notwithstanding subdivision (o) or any other provision of this act, establish, own, and operate a domestic stock insurance company only for the purpose of acquiring, owning, and operating the state accident fund pursuant to chapter 51 of the insurance code of 1956, 1956 PA 218, MCL 500.5100 to 500.5114, so long as all of the following are met:

(i) For insurance products and services the insurer whether directly or indirectly only transacts worker's compensation insurance and employer's liability insurance, transacts disability insurance limited to replacement of loss of earnings, and acts as an administrative services organization for an approved self-insured worker's compensation plan or a disability insurance plan limited to replacement of loss of earnings and does not transact any other type of insurance notwithstanding the authorization in chapter 51 of the insurance code of 1956, 1956 PA 218, MCL 500.5100 to 500.5114. This subparagraph does not preclude the insurer from providing either directly or indirectly noninsurance products and services as otherwise

provided by law.

(ii) The activity is determined by the attorney general to be lawful under section 202.

(iii) The health care corporation does not directly or indirectly subsidize the use of any provider or subscriber information, loss data, contract, agreement, reimbursement mechanism or arrangement, computer system, or health care provider discount to the insurer.

(iv) Members of the board of directors, employees, and officers of the health care corporation are not, directly or indirectly, employed by the insurer unless the health care corporation is fairly and reasonably compensated for the services rendered to the insurer if those services were paid for by the health care corporation.

(v) Health care corporation and subscriber funds are used only for the acquisition from the state of Michigan of the assets and liabilities of the state accident fund.

(vi) Health care corporation and subscriber funds are not used to operate or subsidize in any way the insurer including the use of such funds to subsidize contracts for goods and services. This subparagraph does not prohibit joint undertakings between the health care corporation and the insurer to take advantage of economies of scale or arm's-length loans or other financial transactions between the health care corporation and the insurer.

(2) In order to ascertain the interests of senior citizens regarding the provision of medicare supplemental coverage, as described in section 202(1)(d)(v), and to ascertain the interests of senior citizens regarding the administration of the federal medicare program when acting as fiscal intermediary in this state, as described in section 202(1)(d)(vi), a health care corporation shall consult with the office of services to the aging and with senior citizens' organizations in this state.

(3) An act of a health care corporation, otherwise lawful, is not invalid because the corporation was without capacity or power to do the act. However, the lack of capacity or power may be asserted:

(a) In an action by a director or a member of the corporate body against the corporation to enjoin the doing of an act.

(b) In an action by or in the right of the corporation to procure a judgment in its favor against an incumbent or former officer or director of the corporation for loss or damage due to an unauthorized act of that officer or director.

(c) In an action or special proceeding by the attorney general to enjoin the corporation from the transacting of unauthorized business, to set aside an unauthorized transaction, or to obtain other equitable relief.

(4) A health care corporation shall not condition the sale or vary the terms or conditions of any product sold by the corporation or by a subsidiary of the corporation by requiring the purchase of any other product from the corporation or from a subsidiary of the corporation.

550.1211 Administrative services only and cost-plus arrangements; service contracts; fees; administrative costs; marketing policy; notice; coverage, rights, and obligations under collective bargaining agreement; liability of individual; report; "noninsured benefit plan" defined.

Sec. 211. (1) Pursuant to section 207(1)(g), a health care corporation may enter into service contracts containing an administrative services only or cost-plus arrangement. Except as otherwise provided in this section, a corporation shall not enter into a service contract containing an administrative services only or cost-plus arrangement for a noninsured benefit plan covering a group of less than 500 individuals, except that a health care corporation may continue an administrative services only or cost-plus arrangement with a group of less than 500, which arrangement is in existence in September of 1980. A corporation may enter into contracts containing an administrative services only or cost-plus arrangement for a noninsured benefit plan covering a group of less than 500 individuals if either the corporation makes arrangements for excess loss coverage or the sponsor of the plan that covers the individuals is liable for the plan's liabilities and is a sponsor of 1 or more plans covering a group of 500 or more individuals in the aggregate. The commissioner, upon obtaining the advice of the corporations subject to this act, shall establish the standards for the manner and amount of the excess loss coverage required by this subsection. It is the intent of the legislature that the excess loss coverage requirements be uniform as between corporations subject to this act and other persons authorized to provide similar services. The corporation shall offer in connection with a noninsured benefit plan a program of specific or aggregate excess loss coverage.

(2) Relative to actual administrative costs, fees for administrative services only and cost-plus arrangements shall be set in a manner that precludes cost transfers between subscribers subject to either of these arrangements and other subscribers of the health care corporation. Administrative costs for these arrangements shall be determined in accordance with the administrative costs allocation methodology and definitions filed and approved under part 6, and shall be expressed clearly and accurately in the contracts establishing the arrangements, as a percentage of costs rather than charges. This subsection shall not be construed to prohibit the inclusion, in fees charged, of contributions to adequate and unimpaired surplus as provided in section 204a.

(3) Before a health care corporation may enter into contracts containing administrative services only or cost-plus arrangements pursuant to section 207(1)(g), the board of directors of the corporation shall approve a marketing policy for these arrangements that is consistent with this section. The marketing policy may contain other provisions as the board considers necessary. The marketing policy shall be carried out by the corporation consistent with this act.

(4) A corporation providing services under a contract containing an administrative services only or cost-plus arrangement in connection with a noninsured benefit plan shall provide in its service contract a provision that the person contracting for the services in connection with a noninsured benefit plan shall notify

each covered individual of what services are being provided; the fact that individuals are not insured or are not covered by a certificate from the corporation, or are only partially insured or are only partially covered by a certificate from the corporation, as the case may be; which party is liable for payment of benefits; and of future changes in benefits.

(5) A service contract containing an administrative services only arrangement between a corporation and a governmental entity not subject to the employee retirement income security act of 1974, Public Law 93-406, 88 Stat. 829, whose plan provides coverage under a collective bargaining agreement utilizing a policy or certificate issued by a carrier before the signing of the service contract, is void unless the governmental entity has provided the notice described in subsection (4) to the collective bargaining agent and to the members of the collective bargaining unit not less than 30 days before signing the service contract. The voiding of a service contract under this subsection shall not relieve the governmental entity of any obligations to the corporation under the service contract.

(6) Nothing in this section shall be construed to permit an actionable interference by a corporation with the rights and obligations of the parties under a collective bargaining agreement.

(7) An individual covered under a noninsured benefit plan for which services are provided under a service contract authorized under subsection (1) is not liable for that portion of claims incurred and subject to payment under the plan if the service contract is entered into between an employer and a corporation, unless that portion of the claim has been paid directly to the covered individual.

(8) A corporation shall report with its annual statement the amount of business it has conducted as services provided under subsection (1) that are performed in connection with a noninsured benefit plan, and the commissioner shall transmit annually this information to the state treasurer. The commissioner shall submit to the legislature on April 1, 1994, a report detailing the impact of this section on employers and covered individuals, and similar activities under other provisions of law, and in consultation with the state treasurer the total financial impact on the state for the preceding legislative biennium.

(9) As used in this section, “noninsured benefit plan” or “plan” means a health benefit plan without coverage by a health care corporation, health maintenance organization, or insurer or the portion of a health benefit plan without coverage by a health care corporation, health maintenance organization, or insurer that has a specific or aggregate excess loss coverage.

History: 1980, Act 350, Eff. Apr. 3, 1981;—Am. 1984, Act 181, Imd. Eff. July 3, 1984;—Am. 1993, Act 127, Imd. Eff. July 21, 1993;—Am. 2003, Act 59, Eff. July 23, 2003.

Constitutionality: This act is unconstitutional in the following three particulars:

(1) The act's provision for an actuary panel to resolve risk factor disputes is an unconstitutional delegation of legislative authority in that it lacks adequate standards (MCL 550.1205(6)).

(2) The statutory restrictions on administrative services only (ASO) contracts violate equal protection of the laws insofar as they result in arbitrary and discriminatory treatment of health care corporations vis-a-vis commercial insurers (MCL 550.1104(3), 550.1211, 550.1414a, 550.1415, and 550.1607(1)).

(3) The commissioner's authority to issue a cease and desist order based on probable cause against a health care corporation for noncompliance with the act establishes an improper burden of proof (MCL 550.1402(7)).

The Supreme Court ruling on these three areas of this act does not affect the constitutionality of the remainder of the act. Where, as here, the unconstitutional provisions are easily severable, the remainder of the act need not be affected. Blue Cross and Blue Shield of Michigan v Governor, 422 Mich 1; 367 NW2d 1 (1985).

(a) Misrepresent pertinent facts relating to coverage.

(b) Fail to acknowledge promptly or to act reasonably and promptly upon communications with respect to a claim for benefits.

- (c) Fail to adopt and implement reasonable standards for the prompt investigation of a claim for benefits.

 - (h) For the purpose of coercing a covered individual to accept a settlement or compromise in a claim, inform the covered individual of a corporation policy of appealing administrative hearing decisions that are in favor of covered individuals.
 - (i) Delay the investigation or processing of a claim by requiring a covered individual, or the provider of services to the covered individual, to submit a preliminary claim and then requiring subsequent submission of a formal claim, seeking solely the duplication of a verification.
 - (j) Fail to promptly provide a reasonable explanation of the basis for denial or partial denial of a claim for benefits.
 - (k) Fail to promptly process a claim where liability has become reasonably clear under 1 portion of a benefit plan or certificate in order to influence a settlement under another portion of the benefit plan or certificate.
 - (l) Refuse to enter into a service contract, or refuse to provide services under a service contract because of race, color, creed, marital status, sex, national origin, residence, age, disability, or lawful occupation.
- (3) A corporation providing services under section 211 in connection with a noninsured benefit plan shall not, in order to induce a person to contract or to continue to contract with the corporation for the provision of services under a service contract or certificate offered by the corporation; to induce a person to lapse, forfeit, or surrender a certificate or service contract issued by the corporation; or to induce a person to secure or terminate coverage with an insurer, health care corporation, health maintenance organization, or other person, directly or indirectly, do any of the following:
- (a) Issue or deliver to the person money or any other valuable consideration.
 - (b) Offer to make or make an agreement relating to a service contract or certificate other than as plainly expressed in the service contract or certificate.

 - (d) Make, issue, or circulate, or cause to be made, issued, or circulated, an estimate, illustration, circular, or statement misrepresenting the terms of a service contract or certificate, the advantages provided thereunder, or the true nature thereof.
 - (e) Make a misrepresentation or incomplete comparison, whether oral or written, between service contracts or certificates of the corporation or between service contracts or certificates of the corporation and an insurer, hospital service corporation, health maintenance organization, or other person.
- (4) A corporation providing services under section 211 in connection with a noninsured benefit plan shall process claims for benefits on a timely basis. If not paid on a timely basis, benefits payable to a covered individual shall bear simple interest from a date 60 days after a satisfactory claim form was received by the corporation, at a rate of 12% interest per annum. The interest shall be paid by the noninsured benefit plan in addition to, and at the time of payment of, the claim.
- (5) A corporation providing services under section 211 in connection with a noninsured benefit plan shall specify in writing the materials that constitute a satisfactory claim form not later than 30 days after receipt of a claim, unless the claim is settled within 30 days. If a claim form is not supplied as to the entire claim, the amount supported by the claim form shall be considered to be paid on a timely basis if paid within 60 days after receipt of the claim form by the corporation.
- (6) A corporation providing services under section 211 in connection with a noninsured benefit plan shall provide in its service contract a provision that the person contracting for the services in connection with a noninsured benefit plan shall notify each covered individual as to what services are being provided; the fact that individuals are not insured or are not covered by a certificate from the corporation, or are only partially insured or are only partially covered by a certificate from the corporation, as the case may be; which party is liable for payment of benefits; and of future changes in benefits.
- (7) If the commissioner has probable cause to believe that a corporation is violating, or has violated

subsection (2), indicating a persistent tendency to engage in conduct prohibited by that subsection, or has probable cause to believe that a corporation is violating, or has violated any other subsection of this section, he or she shall give written notice to the corporation, pursuant to the administrative procedures act, setting forth the general nature of the complaint against the corporation and the proceedings contemplated under this section. Before the issuance of a notice of hearing, the staff of the insurance bureau responsible for the matters that would be at issue in the hearing shall give the corporation an opportunity to confer and discuss the possible complaint and proceedings in person with the commissioner or a representative of the commissioner, and the matter may be disposed of summarily upon agreement of the parties. This subsection shall not be construed to diminish the right of a person to bring an action for damages under this section.

(8) A hearing held pursuant to subsection (7) shall be held pursuant to the administrative procedures act. If, after the hearing, the commissioner determines that the corporation is violating, or has violated subsection (2), indicating a persistent tendency to engage in conduct prohibited by that subsection, or has violated or is violating any other subsection of this section, the commissioner shall reduce his or her findings and decision to writing, and shall issue and cause to be served upon the corporation a copy of the findings and an order requiring the corporation to cease and desist from engaging in the prohibited activity. In addition to a cease and desist order, the commissioner may order any of the following:

(a) Payment of a monetary penalty of not more than \$500.00 for each violation but not to exceed an aggregate penalty of \$5,000.00, unless the corporation knew or reasonably should have known it was in violation of this section, in which case the penalty shall not be more than \$2,500.00 for each violation and shall not exceed an aggregate penalty of \$25,000.00 for all violations committed in a 6-month period.

(b) Suspension or revocation of the corporation's license or certificate of authority if the corporation knowingly and persistently violated this section.

(c) Refund of any overcharges.

(9) A corporation that violates a cease and desist order of the commissioner issued under subsection (8), after notice and an opportunity for a hearing, and upon order of the commissioner, may be subject to a civil fine of not more than \$10,000.00 for each violation.

(10) In addition to other remedies provided by law, an aggrieved covered individual may bring an action for actual monetary damages sustained as a result of a violation of this section. If successful on the merits, the covered individual shall be awarded actual monetary damages or \$200.00, whichever is greater. If the corporation shows by a preponderance of the evidence that a violation of this section resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid the error, the amount of recovery shall be limited to actual monetary damages.

(11) The filing of a petition for review does not stay enforcement of action pursuant to this section, but the commissioner may grant, or the appropriate court may order, a stay upon appropriate terms.

(12) The commissioner may at any time, by order, after notice and opportunity for hearing, reopen and alter, modify, or set aside, in whole or in part, an order issued by him or her under this section, when in his or her opinion conditions of fact or of law have so changed as to require that action or if the public interest shall so require.

550.1213 Indemnification.

Sec. 213. (1) A health care corporation may indemnify any person who was or is a party to, or is threatened

to be made a party to, any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative, other than an action by or in the right of the health care corporation, by reason of the fact that he or she is or was a director, member of the corporate body, officer, employee, or agent of the health care corporation, or is or was serving at the request of the health care corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise. This indemnification shall be against expenses, including attorneys' fees, judgments, fines, and amounts paid in settlement, actually and reasonably incurred by him or her in connection with the action, suit, or proceeding, if he or she acted in good faith and in a manner which he or she reasonably believed to be in, or not opposed to, the best interests of the health care corporation, or its subscribers as a whole, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the health care corporation, or its subscribers as a whole, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful.

(2) A health care corporation may indemnify any person who was or is a party to, or is threatened to be made a party to, any threatened, pending, or completed action or suit by or in the right of the health care corporation to procure a judgment in its favor, by reason of the fact that he or she is or was a director, member of the corporate body, officer, employee, or agent of the health care corporation, or is or was serving at the request of the health care corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise. This indemnification shall be against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the defense or settlement of the action or suit, if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the health care corporation, or its subscribers as a whole. However, indemnification shall not be made with respect to any claim, issue, or matter as to which the person has been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the health care corporation unless, and only to the extent that, the court in which the action or suit was brought determines upon application that, despite the adjudication of liability, but in view of all circumstances of the case, the person is fairly and reasonably entitled to indemnity for those expenses which the court considers proper.

(3) To the extent that a director, member of the corporate body, officer, employee, or agent of a health care corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in subsection (1) or (2), or in defense of any claim, issue, or matter therein, he or she shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection therewith.

(4) Any indemnification under subsection (1) or (2), unless ordered by a court, shall be made by the health care corporation only as authorized in the specific case, upon a determination that indemnification of the director, member of the corporate body, officer, employee, or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in subsections (1) and (2). The determination shall be made in any of the following ways:

(a) By the board by a majority vote of a quorum consisting of directors who were not parties to the action, suit, or proceeding.

(b) If such a quorum is not obtainable, by independent legal counsel in a written opinion.

(5) Expenses incurred in defending a civil or criminal action, suit, or proceeding described in subsection (1) or (2) may be paid by the health care corporation in advance of the final disposition of the action, suit, or proceeding, as authorized in the manner provided in subsection (4), upon receipt of an undertaking by or on behalf of the director, member of the corporate body, officer, employee, or agent to repay that amount, unless it is ultimately determined that he or she is entitled to be indemnified by the corporation.

(6) A provision made to indemnify directors, members of the corporate body, or officers in any action, suit, or proceeding referred to in subsection (1) or (2), whether contained in the articles of incorporation, the bylaws, a resolution of the directors, an agreement, or otherwise, shall be invalid only insofar as it is in conflict with subsections (1) to (5) and this subsection. Nothing contained in subsections (1) to (5) and this subsection shall affect any rights to indemnification to which persons other than directors and officers may be entitled by contract or otherwise by law. The indemnification provided in subsections (1) to (5) and this subsection continues as to a person who has ceased to be a director, member of the corporate body, officer, employee, or agent, and shall inure to the benefit of the heirs, executors, and administrators of that person.

(7) A health care corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the health care corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust,

or other enterprise against any liability asserted against him or her and incurred by him or her in that capacity, or arising out of his or her status as described in this subsection, whether or not the health care corporation would have power to indemnify him or her against this liability under subsections (1) to (6).

(8) For the purposes of subsections (1) to (7), references to a health care corporation include all constituent corporations absorbed in a consolidation or merger and the resulting or surviving corporation, so that a person who is or was a director, officer, employee, or agent of a constituent corporation or is or was serving at the request of such a constituent corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise shall stand in the same position under the provisions of this section with respect to the resulting or surviving corporation as he or she would if he or she had served the resulting or surviving corporation in the same capacity.

Sec. 220. (1) Notwithstanding any provision of this act to the contrary, a health care corporation may establish, own, operate, and merge with a nonprofit mutual disability insurer formed under chapter 58 of the insurance code of 1956, 1956 PA 218, MCL 500.5800 to 500.5840. The surviving entity of a merger described in this subsection is the nonprofit mutual disability insurer. A merger described in this subsection is exempt from the application of sections 1311 to 1319 of the insurance code of 1956, 1956 PA 218, MCL 500.1311 to 500.1319.

(2) The merger of a health care corporation with a nonprofit mutual disability insurer is effective upon completion of both of the following:

(a) The adoption of a plan of merger by the majority of the boards of directors of both the health care corporation and the nonprofit mutual disability insurer. The health care corporation shall include in the plan of merger that beginning in April of the first full calendar year after the adoption of the plan of merger the surviving entity of a merger described in subsection (1) shall use its best efforts to make annual social mission contributions in an aggregate amount of up to \$1,560,000,000.00 over a period of up to 18 years beginning in April of the first full calendar year after the adoption of the plan of merger to a nonprofit corporation created under part 6A. If adopted, the boards of directors shall submit the plan of merger to the commissioner for his or her consideration as provided in subdivision (b). A nonprofit mutual disability insurer is considered to be making its best effort under this subdivision if it makes the annual social mission contribution to a nonprofit corporation created in part 6A when the nonprofit mutual disability insurer's surplus is at least 375% of the authorized control level under risk-based capital requirements.

(b) The approval of the plan of merger by the commissioner. The commissioner shall make a determination to approve or disapprove a plan of merger within 90 days of receipt of the plan, and the commissioner shall not unreasonably withhold approval of a plan of merger submitted under subdivision (a).

However, the officers of a health care corporation may perform any act or acts necessary to close the affairs of the merged health care corporation after the date of the merger.

(5) Notwithstanding anything in this act to the contrary, if the merger of a health care corporation and a nonprofit mutual disability insurer becomes effective as described in subsection (2), the property of the health care corporation is subject to the collection of general ad valorem taxes and applicable specific taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.155, beginning December 31, 2013. Sec. 301. (1) The property and lawful business of a health care corporation existing and authorized to do business under this act shall be held and managed by a board of directors to consist of not more than 35 members. The board shall exercise the powers and authority necessary to carry out the lawful purposes of the corporation, as limited by this act and the articles of incorporation and the bylaws of the corporation.

(2) Four voting members of the board shall be representatives of the public appointed by the governor by and with the advice and consent of the senate. Two of those members shall be retired individuals 62 years of

age or older. The term of office of each representative of the public shall be 2 years, and until a successor is appointed and qualified. If a vacancy occurs before the conclusion of a 2-year term, the appointment of a representative to complete the term shall be made in the same manner as the original appointment.

(3) The board of directors shall consist of not more than 25% provider directors. In addition to physician and hospital provider directors, not less than 1 provider director shall be a registered professional nurse who shall be representative of licensees under part 172 of the public health code, Act No. 368 of the Public Acts of 1978, as amended, being sections 333.17201 to 333.17242 of the Michigan Compiled Laws, and not less than 1 provider director shall be representative of the provider whose services, in the 1984 calendar year in the case of an existing health care corporation, or, in the calendar year immediately following incorporation in the case of a newly-formed health care corporation, generated the largest number of benefit claims received by the corporation from its subscribers. Other provider directors shall be as broadly representative of provider classes as possible.

(4) The bylaws of a health care corporation may authorize not more than 1 officer or employee of the corporation to serve as a voting or nonvoting director.

(5) The remaining members of the board of directors shall include representatives of large subscriber groups, medium subscriber groups, small subscriber groups, and nongroup subscribers, in proportions which fairly represent the total subscriber population of the health care corporation. However, at least 3 directors shall represent nongroup subscribers, at least 1 of whom shall be a retired individual 62 years of age or older, and at least 3 directors shall represent small subscriber groups. Large and medium subscriber groups shall be represented, to the greatest extent possible, by an equal number of labor and management representatives and shall be categorized as labor subscriber representatives or management subscriber representatives.

(6) The method of selection of the directors, other than the directors who are representatives of the public, and additional provisions and requirements for further refinement or specification regarding the number of directors comprising each component shall be specified in the bylaws. The terms of office of directors, other than the directors who are representatives of the public, and the method for filling vacancies in those offices shall be provided in the bylaws. However, if a term of office of more than 1 year is prescribed by the bylaws, at least 1/3 of the members of the board shall be selected each year.

(7) The method of selection of each category of subscribers entitled to representation on the board under subsection (5) shall maximize subscriber participation to the extent reasonably practicable. This subsection shall permit, but not require, the statewide election of a director or member of the corporate body. The method of selection shall neither permit nor require nomination, endorsement, approval, or confirmation of a candidate or director by the corporate body, the board of directors, or the management of the health care corporation, or any member or members of any of these. This subsection shall not apply to the selection of an officer or employee as a director pursuant to subsection (4). This subsection shall not limit the rights of any director, member of the corporate body, or employee or officer of the health care corporation to participate in the selection process in his or her capacity as a subscriber, to the same extent as any other subscriber may participate.

(8) For the purposes of this section:

(a) "Health care provider" or "provider" includes:

(i) A person defined as a health care provider or provider in section 105(4); a person employed by a health care facility, as defined in section 105(3); or a director, officer, or trustee of a health care provider, as defined in section 105(4), unless the person serves in that capacity as a representative selected by the same subscriber group or collective bargaining representative which the person represents on the board of a health care corporation.

(ii) Except as provided in subdivision (b), a spouse, child, or parent of a health care provider who resides in the same household.

(iii) A person who receives more than 25% of his or her annual income through the provision of goods or services to health care providers, or who is an employee, officer, trustee, or director of a firm or organization which receives more than 25% of its annual income through the provision of goods or services to health care providers.

(b) For purposes of determining whether a director is a provider director, "health care provider" or "provider" does not include a spouse, child, or parent of a health care provider who resides in the same household if all of the following criteria are met:

(i) Not more than 1/3 of the total annual household income is earned by that health care provider.

(ii) The term of office of the director commences in the 1988 calendar year.

(iii) Not more than 2 directors qualify for the exemption under this subdivision.

(9) A director shall not be an employee, agent, officer, or director of an insurance company writing disability insurance inside or outside this state.

Officers shall have only the authority, and assistants shall perform only those duties, in the management of the property and affairs of the corporation, as is provided in the bylaws or delegated to the officers and assistants by the board of directors, consistent with the bylaws. An officer or assistant may be removed by the board of directors with or without cause, subject to the contract rights, if any, of the officer or assistant. PART 4

550.1400 Use of most favored nation clause in provider contract.

Sec. 400. (1) Notwithstanding any provision of this act to the contrary, this section applies to the use of a most favored nation clause in a provider contract on and after February 1, 2013.

(2) Subject to subsection (3), beginning February 1, 2013, a health care corporation shall not use a most favored nation clause in any provider contract, including a provider contract in effect on February 1, 2013, unless the most favored nation clause has been filed with and approved by the commissioner. Subject to subsection (3), beginning February 1, 2013, a health care corporation shall not enforce a most favored nation clause in any provider contract without the prior approval of the commissioner.

(3) Beginning January 1, 2014, a health care corporation shall not use a most favored nation clause in any provider contract, including a provider contract in effect on January 1, 2014.

(4) As used in this section, "most favored nation clause" means a clause that does any of the following:

(a) Prohibits, or grants a contracting health care corporation an option to prohibit, a provider from contracting with another party to provide health care services at a lower rate than the payment or reimbursement rate specified in the contract with the health care corporation.

(b) Requires, or grants a contracting health care corporation an option to require, a provider to accept a lower payment or reimbursement rate if the provider agrees to provide health care services to any other party at a lower rate than the payment or reimbursement rate specified in the contract with the health care corporation.

(c) Requires, or grants a contracting health care corporation an option to require, termination or renegotiation of an existing provider contract if a provider agrees to provide health care services to any other

party at a lower rate than the payment or reimbursement rate specified in the contract with the health care corporation.

(d) Requires a provider to disclose, to the health care corporation or its designee, the provider's contractual payment or reimbursement rates with other parties.

550.1401 Offering of health care benefits; limiting benefits; division of benefits into classes or kinds; prohibited conduct; grounds for denial of coverage; coordination of benefits, subrogation, and nonduplication of benefits; health care corporation as party in interest; limiting or denying coverage or participation status; requirements for participation and reimbursement; determination by commissioner; definitions.

Sec. 401. (1) A health care corporation established, maintained, or operating in this state shall offer health care benefits to all residents of this state, and may offer other health care benefits as the corporation specifies with the approval of the commissioner.

(2) A health care corporation may limit the health care benefits that it will furnish, except as provided in this act, and may divide the health care benefits that it elects to furnish into classes or kinds.

(3) A health care corporation shall not do any of the following:

(a) Refuse to issue or continue a certificate to 1 or more residents of this state, except while the individual, based on a transaction or occurrence involving a health care corporation, is serving a sentence arising out of a charge of fraud, is satisfying a civil judgment, or is making restitution pursuant to a voluntary payment agreement between the corporation and the individual.

(b) Refuse to continue in effect a certificate with 1 or more residents of this state, other than for failure to pay amounts due for a certificate, except as allowed for refusal to issue a certificate under subdivision (a).

(c) Limit the coverage available under a certificate, without the prior approval of the commissioner, unless the limitation is as a result of: an agreement with the person paying for the coverage; an agreement with the individual designated by the persons paying for or contracting for the coverage; or a collective bargaining agreement.

(d) Rate, cancel benefits on, refuse to provide benefits for, or refuse to issue or continue a certificate solely because a subscriber or applicant is or has been a victim of domestic violence. A health care corporation shall not be held civilly liable for any cause of action that may result from compliance with this subdivision. This subdivision applies to all health care corporation certificates issued or renewed on or after June 1, 1998. As used in this subdivision, "domestic violence" means inflicting bodily injury, causing serious emotional injury or psychological trauma, or placing in fear of imminent physical harm by threat or force a person who is a spouse or former spouse of, has or has had a dating relationship with, resides or has resided with, or has a child in common with the person committing the violence.

(e) Require a member or his or her dependent or an applicant for coverage or his or her dependent to do either of the following:

(i) Undergo genetic testing before issuing, renewing, or continuing a health care corporation certificate.

(ii) Disclose whether genetic testing has been conducted or the results of genetic testing or genetic information.

(4) Subsection (3) does not prevent a health care corporation from denying to a resident of this state coverage under a certificate for any of the following grounds:

(a) That the individual was not a member of a group that had contracted for coverage under this certificate.

(b) That the individual is not a member of a group with a size greater than a minimum size established for a certificate pursuant to sound underwriting requirements.

(c) That the individual does not meet requirements for coverage contained in a certificate.

(d) For groups of under 100 subscribers and except as otherwise provided in section 3709 of the insurance code of 1956, 1956 PA 218, MCL 500.3709, that the group that the individual is a member of has failed to enroll enough of its eligible members with the health care corporation. A denial under this subdivision shall be made only if the health care corporation determines that the cost for the portion of the group applying for coverage would be at least 50% more on a per subscriber basis than the per subscriber cost for the whole group. A denial under this subdivision shall not be based on the health status of any individual in the group or his or her dependent. A denial under this subdivision shall be based on sound actuarial principles and may be based on 1 or more of the following:

(i) That the contract holder for the group applying for coverage is also offering a self-funded health benefit

plan.

(ii) That the group applying for coverage is composed entirely of the contract holder's retiree business segment.

(iii) That the average individual age of the members of the group applying for coverage is either 50% higher or 10 years higher than the average individual age for the whole group.

(5) A certificate may provide for the coordination of benefits, subrogation, and the nonduplication of benefits. Savings realized by the coordination of benefits, subrogation, and nonduplication of benefits shall be reflected in the rates for those certificates. If a group certificate issued by the corporation contains a coordination of benefits provision, the benefits shall be payable pursuant to the coordination of benefits act, 1984 PA 64, MCL 550.251 to 550.255.

(6) A health care corporation shall have the right to status as a party in interest, whether by intervention or otherwise, in any judicial, quasi-judicial, or administrative agency proceeding in this state for the purpose of enforcing any rights it may have for reimbursement of payments made or advanced for health care services on behalf of 1 or more of its subscribers or members.

(7) A health care corporation shall not directly reimburse a provider in this state who has not entered into a participating contract with the corporation.

(8) A health care corporation shall not limit or deny coverage to a subscriber or limit or deny reimbursement to a provider on the ground that services were rendered while the subscriber was in a health care facility operated by this state or a political subdivision of this state. A health care corporation shall not limit or deny participation status to a health care facility on the ground that the health care facility is operated by this state or a political subdivision of this state, if the facility meets the standards set by the corporation for all other facilities of that type, government-operated or otherwise. To qualify for participation and reimbursement, a facility shall, at a minimum, meet all of the following requirements, which shall apply to all similar facilities:

(a) Be accredited by the joint commission on accreditation of hospitals.

(b) Meet the certification standards of the medicare program and the medicaid program.

(c) Meet all statutory requirements for certificate of need.

(d) Follow generally accepted accounting principles and practices.

(e) Have a community advisory board.

(f) Have a program of utilization and peer review to assure that patient care is appropriate and at an acute level.

(g) Designate that portion of the facility that is to be used for acute care.

(9) Not later than the close of business on the seventh business day after denying coverage under subsection (4)(d), the health care corporation shall notify the commissioner of this denial and shall supply the commissioner with the information used in determining the denial. The commissioner shall determine whether he or she will approve or disapprove the health care corporation denial not later than the close of business on the seventh business day after receipt of the notice and shall promptly notify the health care corporation of his or her determination. The commissioner shall base his or her determination under this subsection on whether the health care corporation met the standards in subsection (4)(d). The health care corporation or the denied contract holder may appeal the commissioner's decision in circuit court. The commissioner shall report to the senate and house of representatives standing committees on insurance issues by May 15, 2005 and biennially thereafter all of the following:

(a) The number of denials made each calendar year by a health care corporation under subsection (4)(d).

(b) The number of denials under subdivision (a) that were approved by the commissioner under this subsection and a summary of the type of group approved.

(c) The number of denials under subdivision (a) that were disapproved by the commissioner under this subsection and a summary of the type of group disapproved.

(d) The number of decisions by the commissioner under this subsection that have been appealed and the results of the appeals.

(10) As used in this section:

(a) "Clinical purposes" includes all of the following:

(i) Predicted risk of diseases.

(ii) Identifying carriers for single-gene disorders.

(iii) Establishing prenatal and clinical diagnosis or prognosis.

(iv) Prenatal, newborn, and other carrier screening, as well as testing in high-risk families.

(v) Tests for metabolites if undertaken with high probability that an excess or deficiency of the metabolite indicates or suggests the presence of heritable mutations in single genes.

(vi) Other tests if their intended purpose is diagnosis of a presymptomatic genetic condition.

(b) "Genetic information" means information about a gene, gene product, or inherited characteristic derived from a genetic test.

(c) "Genetic test" means the analysis of human DNA, RNA, chromosomes, and those proteins and metabolites used to detect heritable or somatic disease-related genotypes or karyotypes for clinical purposes. A genetic test must be generally accepted in the scientific and medical communities as being specifically determinative for the presence, absence, or mutation of a gene or chromosome in order to qualify under this definition. Genetic test does not include a routine physical examination or a routine analysis, including, but not limited to, a chemical analysis, of body fluids, unless conducted specifically to determine the presence, absence, or mutation of a gene or chromosome.

550.1401c Replacement group certificate with preexisting condition limitation; elimination, reduction, or limitation of benefits; "disability coverage" defined.

Sec. 401c. (1) If existing group disability coverage is replaced by a group certificate with a preexisting condition limitation and insuring 10 or more members, coverage in the replacement certificate applicable to the preexisting condition limitation for an individual who had been covered for that condition by the replaced coverage shall be not less than the lesser of the following:

(a) The coverage of the replacement certificate without application of the preexisting condition limitation.

(b) The benefits of the replaced group disability coverage until the individual's preexisting condition limitation expires under the replacement certificate.

(2) Other than as provided in subsection (1), a replacement group certificate insuring 10 or more members shall not include a limitation upon an individual or exclude an individual who was covered by the group disability coverage being replaced if the individual is a member of the class or classes of individuals eligible for coverage under the replacement certificate.

(3) If existing group disability coverage issued or renewed on or after January 1, 1992 is replaced by a group certificate with a preexisting condition limitation and insuring less than 10 members, the replaced coverage shall extend benefits for the condition excluded by the replacement certificate because of the application of a preexisting condition limitation by providing benefits for that condition until the term of the preexisting condition limitation has expired or 6 months have elapsed, whichever occurs first. An individual not covered for a condition under replaced group disability coverage because the term of a preexisting

condition limitation has not expired is covered for that condition under the replaced coverage pursuant to this subsection when the term of the preexisting condition limitation in the replaced coverage expires. If there is a dispute between the replacement carrier and the replaced carrier as to whether an individual's condition is included within a preexisting condition limitation, benefits shall be paid by the replacement carrier pending resolution of the dispute. This subsection applies only to the extent that benefits would have been available for the preexisting condition under the replaced coverage. This subsection applies only if the replaced master coverage has been in effect for at least 6 months.

(5) This section does not preclude an elimination, reduction, or limitation of benefits which applies to an entire plan. This section applies to individuals who are covered under the replaced certificate at the time of replacement and does not apply to individuals who become eligible for or apply for coverage under a replacement group certificate after that replacement certificate is issued.

(6) As used in this section, "disability coverage" means expense-incurred hospital, medical, or surgical coverage.

Based upon this determination, the commissioner shall do 1 of the following:

(b) Offer to make or make an agreement relating to a certificate other than as plainly expressed in the certificate.

(3) A health care corporation shall not provide a commission or other compensation to the health care corporation's agent or employee for the sale or service of a health care benefits certificate issued to an individual eligible for medicare, unless the amount of the commission or compensation paid in the first year of the certificate is not more than the amount of the commission or compensation that the health care corporation's agent or employee receives for the certificate in each of the 2 subsequent, consecutive annual renewal periods.

(4) A health care corporation shall not issue a certificate to an individual eligible for medicare that provides for a new preexisting condition limitation waiting period if coverage is converted to or replaced by a new or other form of similar coverage with the same health care corporation or any of the health care corporation's affiliates. If the preexisting condition limitation waiting period in the original or replaced certificate has not expired, the replacing certificate may include the remaining term of the preexisting condition limitation waiting period of the replaced certificate. This subsection does not apply to an increase in benefits voluntarily selected by the individual.

(5) Nothing in subsection (2) shall prevent a health care corporation from readjusting the rates charged to a subscriber group which is experience-rated based on the previous claims of the group.

(6) The commissioner shall allow a health care corporation to participate in any trade practice conference for disability insurers convened under section 2047 of Act No. 218 of the Public Acts of 1956, being section 500.2047 of the Michigan Compiled Laws, and may bind a health care corporation to any rules promulgated as provided in that section.

(8) If the commissioner has probable cause to believe that a health care corporation is violating, or has violated subsection (1), indicating a persistent tendency to engage in conduct prohibited by that subsection, or has probable cause to believe that a health care corporation is violating, or has violated subsection (2), (3), or

(4), he or she shall give written notice to the corporation, pursuant to the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.201 to 24.328 of the Michigan Compiled Laws, setting forth the general nature of the complaint against the corporation and the proceedings contemplated under this section. Before the issuance of a notice of hearing, the staff of the bureau of insurance responsible for the matters which would be at issue in the hearing shall give the corporation an opportunity to confer and discuss the possible complaint and proceedings in person with the commissioner or a representative of the commissioner, and the matter may be disposed of summarily upon agreement of the parties. This subsection shall not be construed to diminish the right of a person to bring an action for damages under this section.

(9) A hearing held pursuant to subsection (8) shall be held in accordance with section 2030 of the insurance code of 1956, Act No. 218 of the Public Acts of 1956, as amended, being section 500.2030 of the Michigan Compiled Laws. The hearing shall be held pursuant to the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969. If, after the hearing, the commissioner determines that the health care corporation is violating, or has violated subsection (1), indicating a persistent tendency to engage in conduct prohibited by that subsection, or is violating, or has violated subsection (2), (3), or (4), the commissioner shall reduce his or her findings and decision to writing, and shall issue and cause to be served upon the corporation a copy of the findings and an order requiring the corporation to cease and desist from engaging in the prohibited activity. The commissioner may at any time, by order, and after notice and opportunity for a hearing, reopen and alter, modify, or set aside, in whole or in part, an order issued by him or her under this subsection, when in his or her opinion conditions of fact or law have so changed as to require that action, or if the public interest so requires.

(10) A health care corporation which violates a cease and desist order of the commissioner issued under subsection (9), after notice and an opportunity for a hearing, and upon order of the commissioner, may be subject to a civil fine of not more than \$10,000.00 for each violation.

(11) In addition to other remedies provided by law, an aggrieved member may bring an action for actual monetary damages sustained as a result of a violation of this section. If successful on the merits, the member shall be awarded actual monetary damages or \$200.00, whichever is greater, together with reasonable attorneys' fees. If the health care corporation shows by a preponderance of the evidence that a violation of this section resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid the error, the amount of recovery shall be limited to actual monetary damages.

History: 1980, Act 350, Eff. Apr. 3, 1981;—Am. 1989, Act 132, Eff. Nov. 1, 1989.

Constitutionality: This act is unconstitutional in the following three particulars:

(1) The act's provision for an actuary panel to resolve risk factor disputes is an unconstitutional delegation of legislative authority in that it lacks adequate standards (MCL 550.1205(6)).

(2) The statutory restrictions on administrative services only (ASO) contracts violate equal protection of the laws insofar as they result in arbitrary and discriminatory treatment of health care corporations vis-a-vis commercial insurers (MCL 550.1104(3), 550.1211, 550.1414a, 550.1415, and 550.1607(1)).

(3) The commissioner's authority to issue a cease and desist order based on probable cause against a health care corporation for noncompliance with the act establishes an improper burden of proof (MCL 550.1402(7)).

The Supreme Court ruling on these three areas of this act does not affect the constitutionality of the remainder of the act. Where, as here, the unconstitutional provisions are easily severable, the remainder of the act need not be affected. Blue Cross and Blue Shield of Michigan v Governor, 422 Mich 1; 367 NW2d 1 (1985).

550.1404 Violation of MCL 550.1402 or MCL 550.1403; private informal managerial-level conference; review by commissioner; internal procedures; determination by commissioner; expedited grievance procedure; procedural rules; hearing matter as contested case; authorization to act on behalf of member.

Sec. 404. (1) A person who has reason to believe that a health care corporation has violated section 402 or 403, if the violation was with respect to an action or inaction of the corporation with respect to that person, is

entitled to a private informal managerial-level conference with the corporation, and to a review before the commissioner or his or her designee through September 30, 2000 and beginning October 1, 2000 before an independent review organization under the patient's right to independent review act, if the conference fails to resolve the dispute.

(2) A health care corporation shall establish reasonable internal procedures to provide a person with a private informal managerial-level conference as provided in subsection (1). These procedures shall provide all of the following:

(a) That a final determination will be made in writing by the health care corporation not later than 35 calendar days after a grievance is submitted in writing by the member. The timing for the 35-calendar-day period may be tolled, however, for any period of time the member is permitted to take under the grievance procedure and for a period of time that shall not exceed 10 days if the health care corporation has not received requested information from a health provider.

(b) A method of providing the person, upon request and payment of a reasonable copying charge, with information pertinent to the denial of a certificate or to the rate charged.

(c) A method for resolving the dispute promptly and informally, while protecting the interests of both the person and the corporation.

(d) That when an adverse determination is made, a written statement in plain English containing the reasons for the adverse determination is provided to the member along with written notifications as required under the patient's right to independent review act.

(e) A method for providing summary data on the number and types of complaints and grievances filed. Beginning April 15, 2001, this summary data for the prior calendar year shall be filed annually with the commissioner on forms provided by the commissioner.

(3) If the health care corporation fails to provide a conference and proposed resolution within 30 days after a request by a person, or if the person disagrees with the proposed resolution of the corporation after completion of the conference, the person is entitled to a determination of the matter by the commissioner or his or her designee through September 30, 2000 and beginning October 1, 2000 by an independent review organization under the patient's right to independent review act.

(4) A health care corporation shall establish, as part of its internal procedures, an expedited grievance procedure. The expedited grievance procedure shall provide that a determination will be made by the health care corporation not later than 72 hours after receipt of the grievance. Within 10 days after receipt of a determination, the member may request a determination of the matter by the commissioner or his or her designee through September 30, 2000 and beginning October 1, 2000 by an independent review organization under the patient's right to independent review act. If the determination by the health care corporation is made orally, the health care corporation shall provide a written confirmation of the determination to the member not later than 2 business days after the oral determination. An expedited grievance under this subsection applies if a grievance is submitted and a physician, orally or in writing, substantiates that the time frame for a grievance under subsections (1) to (3) would seriously jeopardize the life or health of the member or would jeopardize the member's ability to regain maximum function. This subsection does not apply to a provider's complaint concerning claims payment, handling, or reimbursement for health care services. As used in this section, "grievance" means an oral or written statement, by a member to the health care corporation that the health care corporation has wrongfully refused or failed to respond in a timely manner to a request for benefits or payment.

(5) The commissioner shall by rule establish a procedure for determination under this section, which shall be reasonably calculated to resolve these matters informally and as rapidly as possible, while protecting the interests of both the person and the health care corporation.

(6) If either the health care corporation or a person other than a member disagrees with a determination of the commissioner or his or her designee under this section, the commissioner or his or her designee, if requested to do so by either party, shall proceed to hear the matter as a contested case under the administrative procedures act.

(7) A member may authorize in writing any person, including, but not limited to, a physician, to act on his or her behalf at any stage in a grievance proceeding under this section.

Sec. 406. (1) A health care corporation shall, in order to ensure the confidentiality of records containing personal data that may be associated with identifiable members, use reasonable care to secure these records from unauthorized access and to collect only personal data that are necessary for the proper review and payment of claims and for health care operations, treatment, and research. Except as is necessary to comply with section 603 or for the purpose of claims adjudication, claims verification, health care operations, treatment, research, payment, health oversight activities, or when required by law, a health care corporation shall not disclose records containing personal data that may be associated with an identifiable member, or personal information concerning a member, to a person other than the member, without the prior and specific informed consent of the member to whom the data or information pertains. The member's consent shall be in writing. Except when a disclosure is made to the commissioner or another governmental agency, a court, or any other governmental entity, a health care corporation shall make a disclosure for which prior and specific informed consent is not required upon the condition that the person to whom the disclosure is made protect and use the disclosed data or information only in the manner authorized by the corporation, pursuant to subsection (2). This subsection does not preclude the release of information to a member, pertaining to that member, by telephone, if the identity of the member is verified. As used in this subdivision, "routine use" means the ordinary use or release of personal data compatible with the purpose for which the data were collected.

(c) Assure that no person shall have access to personal data except on the basis of a need to know.

(d) Establish the contractual or other conditions under which the corporation will release personal data.

(e) Provide that enrollment applications and claim forms developed by the corporation shall contain a member's consent to the release of data and information that is limited to the data and information necessary for the proper review and payment of claims, and shall reasonably notify members of their rights pursuant to the board's policy and applicable law.

(f) Provide that applicants for new or renewed certificates shall be advised that the corporation does not require the use of the applicant's federal social security account number and that, when applicable, another authority does require use of the number.

(4) A member may bring a civil action for damages against a health care corporation for a violation of this

section and may recover actual damages or \$200.00, whichever is greater, together with reasonable attorneys' fees and costs.

(5) This section shall not be construed to limit access to records or to enlarge or diminish the investigative and examination powers of governmental agencies, as provided for by law.

The report shall be compiled in a manner which protects an individual's right to privacy with respect to medical information and shall not disclose the identity of a member by name or other personal identifier without the member's consent pursuant to section 406(1). Constitutionality: This act is unconstitutional in the following three particulars:

(1) The act's provision for an actuary panel to resolve risk factor disputes is an unconstitutional delegation of legislative authority in that it lacks adequate standards (MCL 550.1205(6)).

(2) The statutory restrictions on administrative services only (ASO) contracts violate equal protection of the laws insofar as they result in arbitrary and discriminatory treatment of health care corporations vis-a-vis commercial insurers (MCL 550.1104(3), 550.1211, 550.1414a, 550.1415, and 550.1607(1)).

(3) The commissioner's authority to issue a cease and desist order based on probable cause against a health care corporation for noncompliance with the act establishes an improper burden of proof (MCL 550.1402(7)).

The Supreme Court ruling on these three areas of this act does not affect the constitutionality of the remainder of the act. Where, as

550.1502 Contracts for reimbursement with professional health care providers; private provider-patient relationship; methods of diagnosis or treatment not to be restricted; refusal to reimburse for overutilized services; choice of providers; list of providers; recommendation of provider as misdemeanor; symbol of participation; health maintenance organization not impeded; contracts subject to MCL 550.1504 to 550.1518; participation of freestanding surgical outpatient facility; optometric services; status of license or registration.

Sec. 502. (1) A health care corporation may enter into participating contracts for reimbursement with professional health care providers practicing legally in this state for health care services or with health practitioners practicing legally in any other jurisdiction for health care services that the professional health care providers or practitioners may legally perform. A participating contract may cover all members or may be a separate and individual contract on a per claim basis, as set forth in the provider class plan, if, in entering into a separate and individual contract on a per claim basis, the participating provider certifies to the health care corporation:

- (a) That the provider will accept payment from the corporation as payment in full for services rendered for the specified claim for the member indicated.
- (b) That the provider will accept payment from the corporation as payment in full for all cases involving the procedure specified, for the duration of the calendar year. As used in this subdivision, provider does not include a person licensed as a dentist under part 166 of the public health code, 1978 PA 368, MCL 333.16601 to 333.16648.
- (c) That the provider will not determine whether to participate on a claim on the basis of the race, color, creed, marital status, sex, national origin, residence, age, disability, or lawful occupation of the member entitled to health care benefits.

(2) A contract entered into pursuant to subsection (1) shall provide that the private provider-patient relationship shall be maintained to the extent provided for by law. A health care corporation shall continue to offer a reimbursement arrangement to any class of providers with which it has contracted prior to August 27,

1985 and that continues to meet the standards set by the corporation for that class of providers.

(3) A health care corporation shall not restrict the methods of diagnosis or treatment of professional health care providers who treat members. Except as otherwise provided in section 502a, each member of the health care corporation shall at all times have a choice of professional health care providers. This subsection does not apply to limitations in benefits contained in certificates, to the reimbursement provisions of a provider contract or reimbursement arrangement, or to standards set by the corporation for all contracting providers. A health care corporation may refuse to reimburse a health care provider for health care services that are overutilized, including those services rendered, ordered, or prescribed to an extent that is greater than reasonably necessary.

(4) A health care corporation may provide to a member, upon request, a list of providers with whom the corporation contracts, for the purpose of assisting a member in obtaining a type of health care service. However, except as otherwise provided in section 502a, an employee, agent, or officer of the corporation, or an individual on the board of directors of the corporation, shall not make recommendations on behalf of the corporation with respect to the choice of a specific health care provider. Except as otherwise provided in section 502a, an employee, agent, or officer of the corporation, or a person on the board of directors of the corporation who influences or attempts to influence a person in the choice or selection of a specific professional health care provider on behalf of the corporation, is guilty of a misdemeanor.

(5) A health care corporation shall provide a symbol of participation, which can be publicly displayed, to providers who participate on all claims for covered health care services rendered to subscribers.

(6) This section does not impede the lawful operation of, or lawful promotion of, a health maintenance organization owned by a health care corporation.

(7) Contracts entered into under this section with professional health care providers licensed in this state are subject to the provisions of sections 504 to 518.

(8) A health care corporation shall not deny participation to a freestanding surgical outpatient facility on the basis of ownership if the facility meets the reasonable standards set by the health care corporation for similar facilities, is licensed under part 208 of the public health code, 1978 PA 368, MCL 333.20801 to 333.20821, and complies with part 222 of the public health code, 1978 PA 368, MCL 333.22201 to 333.22260.

(9) Notwithstanding any other provision of this act, if a certificate provides for benefits for services that are within the scope of practice of optometry, a health care corporation is not required to provide benefits or reimburse for a practice of optometric service unless that service was included in the definition of practice of optometry under section 17401 of the public health code, 1978 PA 368, MCL 333.17401, as of May 20, 1992.

(10) Notwithstanding any other provision of this act, a health care corporation is not required to reimburse for services otherwise covered under a certificate if the services were performed by a member of a health care profession, which health care profession was not licensed or registered by this state on or before January 1, 1998 but that becomes a health care profession licensed or registered by this state after January 1, 1998. This subsection does not change the status of a health care profession that was licensed or registered by this state on or before January 1, 1998.

(11) Notwithstanding any other provision of this act including subsections (1) to (10), if a certificate provides for benefits for services that are within the scope of practice of chiropractic, a health care corporation is not required to provide benefits or reimburse for a practice of chiropractic service unless that service was included in the definition of practice of chiropractic under section 16401 of the public health code, 1978 PA 368, MCL 333.16401, as of January 1, 2009.

Sec. 502a. (1) For the purpose of doing business as an organization under the prudent purchaser act, 1984 PA 233, MCL 550.51 to 550.63, a health care corporation may enter into prudent purchaser agreements with health care providers pursuant to this section and the prudent purchaser act, 1984 PA 233, MCL 550.51 to 550.63.

(2) A health care corporation may offer group contracts under which subscribers shall be required, as a condition of coverage, to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(3) An individual who is a member of a group who is offered the option of being a subscriber under a contract pursuant to subsection (2) shall also be offered the option of being a subscriber under a contract pursuant to subsection (4). This subsection applies only if the group in which the individual is a member has 25 or more members or if the provider panel that is providing the services under the contract is limited by the organization to a specific number pursuant to section 3(1) of the prudent purchaser act, 1984 PA 233, MCL 550.53.

(4) A health care corporation may offer group contracts under which subscribers who elect to obtain services from health care providers who have entered into prudent purchaser agreements shall realize a financial advantage or other advantage by selecting such providers. Contracts offered pursuant to this subsection shall not, as a condition of coverage, require subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(5) An individual who is a member of a group who is offered the option of being a subscriber under a contract pursuant to subsection (2) or (4) shall also be offered the option of being a subscriber under a contract that:

(a) Does not, as a condition of coverage, require subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(b) Does not give a financial advantage or other advantage to a subscriber who elects to obtain services from health care providers who have entered into prudent purchaser agreements.

(7) A health care corporation may offer individual contracts under which subscribers shall be required, as a condition of coverage, to obtain services exclusively from health care providers who have entered into prudent purchaser agreements. A person to whom such a contract is offered shall also be offered a contract that:

(a) Does not, as a condition of coverage, require subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(b) Does not give a financial advantage or other advantage to a subscriber who elects to obtain services from health care providers who have entered into prudent purchaser agreements.

(8) A health care corporation may offer individual contracts under which subscribers who elect to obtain services from health care providers who have entered into prudent purchaser agreements shall realize a financial advantage or other advantage by selecting such providers. Contracts offered pursuant to this subsection shall not, as a condition of coverage, require subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements. A person to whom such a contract is offered shall also be offered a contract that:

(a) Does not, as a condition of coverage, require subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(b) Does not give a financial advantage or other advantage to a subscriber who elects to obtain services from health care providers who have entered into prudent purchaser agreements.

(9) The rates charged by a corporation for coverage under contracts issued under this section shall not be unreasonably lower than what is necessary to meet the expenses of the corporation for providing this coverage and shall not have an anticompetitive effect or result in predatory pricing in relation to prudent purchaser agreement coverages offered by other organizations.

(10) Contracts entered into under this section are not subject to the provisions of sections 504 to 518.

(11) A corporation shall not discriminate against a class of health care providers when entering into prudent purchaser agreements with health care providers for its provider panel. This subsection does not:

(a) Prohibit the formation of a provider panel consisting of a single class of providers when a service provided for in the specifications of a purchaser may be legally provided only by a single class of providers.

(b) Prohibit the formation of a provider panel that conforms to the specifications of a purchaser of the coverage authorized by this section so long as the specifications do not exclude any class of health care providers who may legally perform the services included in the coverage.

(c) Require an organization that has uniformly applied the standards filed pursuant to section 3(3) of the

prudent purchaser act, 1984 PA 233, MCL 550.53, to contract with any individual provider.

(12) Nothing in the 1984 amendatory act that added this section applies to any contract that was in existence before December 20, 1984, or the renewal of such contract.

(13) Notwithstanding any other provision of this act, if coverage under a prudent purchaser agreement provides for benefits for services that are within the scope of practice of optometry, a health care corporation is not required to provide benefits or reimburse for a practice of optometric service unless that service was included in the definition of practice of optometry under section 17401 of the public health code, 1978 PA 368, MCL 333.17401, as of May 20, 1992.

(14) Notwithstanding any other provision of this act, a health care corporation offering coverage under a prudent purchaser agreement is not required to reimburse for services otherwise covered if the services were performed by a member of a health care profession, which health care profession was not licensed or registered by this state on or before January 1, 1998 but that becomes a health care profession licensed or registered by this state after January 1, 1998. This subsection does not change the status of a health care profession that was licensed or registered by this state on or before January 1, 1998.

The initial provider class plan for each class, which shall include provider contracts and reimbursement arrangements under which the corporation and a provider class are operating on the effective date of this act, shall be transmitted to the commissioner within 45 days after the effective date of this act, except where a provider class plan reimburses on a prospective basis, in which case the plan shall be transmitted within 1 year and 45 days after the effective date of this act.

(2) Upon receipt of a provider class plan, the commissioner shall examine the plan and shall determine only if the plan contains a reimbursement arrangement and objectives for each goal provided in section 504, and, for those providers with which a health care corporation contracts, provisions that are included in that contract. For purposes of making the determination required by this subsection only, the commissioner shall liberally construe the items contained in a provider class plan.

Sec. 509. (1) The commissioner may determine if the health care corporation has substantially achieved the goals of a corporation as provided in section 504 and achieved the objectives contained in the provider class plan, at the following times:

(a) For a provider contract or a reimbursement arrangement that was in effect prior to the effective date of this act, upon the expiration of 2 years after the filing date under section 506.

(b) For a provider class plan retained by the commissioner as provided in section 506(4), upon the expiration of 2 years after the earliest effective date of the provider contract or a reimbursement arrangement for the appropriate provider class.

(c) For a class plan retained by the commissioner as provided in section 506(4) that has not been subject to a determination under this section within the time period provided in subsection (2), within 2 years after the expiration of that time period.

(2) Before making a determination under subsection (1), and not later than 30 days following expiration of the appropriate 2-year time period described in subsection (1)(a), (b), or (c), the commissioner shall give written notice to the health care corporation, and to each person who has requested a copy of such notice, that he or she intends to make a determination with respect to a particular provider class plan. The commissioner shall have 6 months to reach a determination under subsection (1).

(3) A modification made pursuant to section 508(1) shall not be taken into consideration for purposes of computing the time periods described in subsections (1) and (2).

(4) The commissioner shall consider all of the following in making a determination pursuant to subsection (1):

(a) Annual reports transmitted pursuant to section 517.

(b) The overall balance of the goals provided in section 504, achieved by the health care corporation under the plan. The commissioner shall give weight to each of the goals provided in section 504, shall not focus on 1 goal independently of the other goals of the corporation, and shall assure that no portion of the corporation's fair share of reasonable costs to the provider are borne by other health care purchasers.

(c) Information submitted or obtained for the record concerning: demographic trends; epidemiological trends; and long-term economic trends, including changes in prices of goods and services purchased by a provider class not already reflected in the calculation in section 504(2)(d); sudden changes in circumstances; administrative agency or judicial actions; changes in health care practices and technology; and changes in benefits that affect the ability of the health care corporation to reasonably achieve the goals provided in section 504.

(d) Health care legislation of this state or of the federal government. As used in this subdivision, "health care legislation" does not include Act No. 218 of the Public Acts of 1956, as amended, being sections 500.100 to 500.8302 of the Michigan Compiled Laws.

(e) Comments received from an individual provider of the appropriate provider group, or from an organization or association that represents the appropriate provider class, and comments received pursuant to section 505(2).

(5) In making a determination pursuant to subsection (1), the commissioner shall provide a detailed statement of findings which support that determination, including a consideration of the information and factors described in subsection (4).

(6) All data, analyses, and factors, quantified or otherwise, at a minimum, shall include the 2-year period being evaluated.

(7) The commissioner shall make a sufficient number of determinations regarding provider class plans under this section, so that during each 3-year period following the effective date of this act, there is a review of provider class plans which, taken together, account for at least 75% of the total corporation payout to providers for the 3-year period.

(8) Determinations by the commissioner shall not be contested case hearings under chapter 4 of the administrative procedures act. This subsection shall not be construed to apply with respect to appeals under section 515.

(a) That the provider class plan achieves the goals of the corporation as provided in section 504.

(b) That although the provider class plan does not substantially achieve 1 or more of the goals of the corporation, a change in the provider class plan is not required because there has been competent, material, and substantial information obtained or submitted to support a determination that the failure to achieve 1 or more of the goals was reasonable due to factors listed in section 509(4).

(c) That a provider class plan does not substantially achieve 1 or more of the goals of the corporation as provided in section 504.

(2) The commissioner shall notify the health care corporation, and each person who has requested a copy of such notice, of a determination under subsection (1) by certified or registered mail. If an individual has authorized the release of personal data to a specific person, that person shall not release the data to a third person unless the individual executes in writing another informed consent authorizing that additional release.

(2) The commissioner shall ensure the confidentiality of data which discloses reimbursement levels for specific procedures or services of specific providers and data which, if disclosed, can be used to calculate those reimbursement levels. This subsection shall apply only if the data are not already generally known to providers and if the disclosure of the data would be harmful to the achievement of the goals set forth in section 504. Sec. 605. (1) Upon due notice and an opportunity for an evidentiary hearing pursuant to the administrative procedures act, the commissioner may suspend or limit the certificate of authority of a health care corporation if the commissioner determines that any of the following circumstances exist:

(a) The health care corporation does not meet the requirements of this act respecting the adequacy of its reserves.

(b) The health care corporation is using methods or practices in the conduct of its business which render further transactions hazardous or injurious to subscribers of the corporation or the public.

(c) The health care corporation refuses or fails to comply with this act or with a lawful order of the commissioner.

(2) If the commissioner finds that the public health, safety, or welfare requires emergency action and incorporates this finding into an order, a summary suspension or limitation of a certificate of authority may be ordered. The suspension or limitation shall be effective on the date specified in the order or upon service of a certified copy of the order on the health care corporation, whichever is later, and shall be effective during the proceedings. The corporation shall have the right to an administrative hearing within 5 days to show why the summary suspension or limitation should be terminated.

(3) An order of limitation may restrict the solicitation of certificates, the renewal of business in force, and the solicitation, offer, or acceptance of contracts, and may impose other conditions to continued authorization as are reasonably necessary to protect the subscribers of the corporation or the public. The commissioner shall terminate an order of limitation when the circumstance giving rise to the order ceases to exist.

550.1607 Submission of new or revised certificate and applicable proposed rates; approval or disapproval; exemption; circumstances and conditions; notice; implementation of certificates and rates.

Sec. 607. (1) A health care corporation shall submit a copy of any new or revised certificate to the commissioner along with applicable proposed rates and rate rationale. The certificates, and applicable proposed rates, shall be deemed approved and effective 30 days after filing with the commissioner, except as otherwise provided in this section. The commissioner may subsequently disapprove any certificate deemed approved.

(2) The commissioner shall exempt from prior approval certificates resulting from a collective bargaining agreement.

(3) The commissioner may disapprove, or approve with modifications, a certificate and applicable rates under 1 or more of the following circumstances:

(a) If the rate charged for the benefits provided is not equitable, not adequate, or excessive, as defined in section 609.

(b) If the certificate contains 1 or more provisions which are unjust, unfair, inequitable, misleading, deceptive, or which encourage misrepresentation of the coverage.

(c) If a certificate reduces the scope, amount, or duration of benefits so as to have the effect of reducing the comprehensiveness of existing health care benefits available to groups or to individuals. The commissioner may approve a certificate which reduces the scope, amount, or duration of health care benefits if the commissioner determines that the certificate will be offered as an alternative in addition to an existing certificate which provides comprehensive health care benefits and if the commissioner determines that approval of the alternative certificate will not adversely affect the opportunity for groups or individuals to obtain comprehensive health care benefits.

(4) The commissioner shall approve a certificate and applicable proposed rates if all of the following conditions are met:

(a) If the rate charged for the benefits provided is equitable, adequate, and not excessive, as defined in section 609.

(b) If the certificate does not contain any provision which is unjust, unfair, inequitable, misleading, deceptive, or which encourages misrepresentation of the coverage.

(5) If the commissioner disapproves a certificate and any applicable proposed rates under this section, he or she shall issue a notice of disapproval which specifies in what respects a filing fails to meet the requirements of this act. The notice shall state that the filing shall not become effective.

(6) If the commissioner approves, or approves with modifications, a certificate and any applicable proposed rates under this section, he or she shall issue a notice of approval or approval with modifications. If the notice is of approval with modifications, the notice shall specify what modifications in the filing are required for approval under this act, and the reasons for the modifications. The notice shall also state that the

filing shall become effective after the modifications are made and approved by the commissioner.

(7) Upon request by a health care corporation, the commissioner may allow certificates and rates to be implemented prior to filing to allow implementation of a new certificate on the date requested.

History: 1980, Act 350, Eff. Apr. 3, 1981.

Constitutionality: This act is unconstitutional in the following three particulars:

(1) The act's provision for an actuary panel to resolve risk factor disputes is an unconstitutional delegation of legislative authority in that it lacks adequate standards (MCL 550.1205(6)).

(2) The statutory restrictions on administrative services only (ASO) contracts violate equal protection of the laws insofar as they result in arbitrary and discriminatory treatment of health care corporations vis-a-vis commercial insurers (MCL 550.1104(3), 550.1211, 550.1414a, 550.1415, and 550.1607(1)).

(3) The commissioner's authority to issue a cease and desist order based on probable cause against a health care corporation for noncompliance with the act establishes an improper burden of proof (MCL 550.1402(7)).

The Supreme Court ruling on these three areas of this act does not affect the constitutionality of the remainder of the act. Where, as here, the unconstitutional provisions are easily severable, the remainder of the act need not be affected. Blue Cross and Blue Shield of Michigan v Governor, 422 Mich 1; 367 NW2d 1 (1985).

550.1608 Rates charged to nongroup subscribers for certificate; methodology and definitions of rating system, formula, component, and factor used to calculate rates for group subscribers for certificate; filing; approval, disapproval, or modification; standard; burden of proof; effective date of proposed rate; rate adjustments; implementation prior to approval; examination of financial arrangement; formulae, and factors.

Sec. 608. (1) The rates charged to nongroup subscribers for each certificate shall be filed in accordance with section 610 and shall be subject to the prior approval of the commissioner. Annually, the commissioner shall approve, disapprove, or modify and approve the proposed or existing rates for each certificate subject to the standard that the rates must be determined to be equitable, adequate, and not excessive, as defined in section 609. The burden of proof that rates to be charged meet these standards shall be upon the health care corporation proposing to use the rates.

(2) The methodology and definitions of each rating system, formula, component, and factor used to calculate rates for group subscribers for each certificate, including the methodology and definitions used to calculate administrative costs for administrative services only and cost-plus arrangements, shall be filed in accordance with section 610 and shall be subject to the prior approval of the commissioner. The definition of a group, including any clustering principles applied to nongroup subscribers or small group subscribers for the purpose of group formation, shall be subject to the prior approval of the commissioner. However, if a Michigan caring program is created under section 436, that program shall be defined as a group program for the purpose of establishing rates. The commissioner shall approve, disapprove, or modify and approve the methodology and definitions of each rating system, formula, component, and factor for each certificate subject to the standard that the resulting rates for group subscribers must be determined to be equitable, adequate, and not excessive, as defined in section 609. In addition, the commissioner may from time to time review the records of the corporation to determine proper application of a rating system, formula, component, or factor with respect to any group. The corporation shall refile for approval under this subsection, every 3 years, the methodology and definitions of each rating system, formula, component, and factor used to calculate rates for group subscribers, including the methodology and definitions used to calculate administrative costs for administrative services only and cost-plus arrangements. The burden of proof that the resulting rates to be charged meet these standards shall be upon the health care corporation proposing to use the rating system, formula, component, or factor.

(3) A proposed rate shall not take effect until a filing has been made with the commissioner and approved under section 607 or this section, as applicable, except as provided in subsections (4) and (5).

(4) Upon request by a health care corporation, the commissioner may allow rate adjustments to become effective prior to approval, for federal or state mandated benefit changes. However, a filing for these adjustments shall be submitted before the effective date of the mandated benefit changes. If the commissioner disapproves or modifies and approves the rates, an adjustment shall be made retroactive to the effective date of the mandated benefit changes or additions.

(5) Implementation prior to approval may be allowed if the health care corporation is participating with 1 or more health care corporations to underwrite a group whose employees are located in several states. Upon request from the commissioner, the corporation shall file with the commissioner, and the commissioner shall examine, the financial arrangement, formulae, and factors. If any are determined to be unacceptable, the commissioner shall take appropriate action.

550.1609 Excessive rate; administrative expense budget; equitable rate; adequate rate; line of business to be self-sustaining; cost transfers for benefit of senior citizens and group conversion subscribers.

Sec. 609. (1) A rate is not excessive if the rate is not unreasonably high relative to the following elements, individually or collectively; provision for anticipated benefit costs; provision for administrative expense; provision for cost transfers, if any; provision for a contribution to or from surplus that is consistent with the attainment or maintenance of adequate and unimpaired surplus as provided in section 204a; and provision for adjustments due to prior experience of groups, as defined in the group rating system. A determination as to whether a rate is excessive relative to these elements, individually or collectively, shall be based on the following: reasonable evaluations of recent claim experience; projected trends in claim costs; the allocation of administrative expense budgets; and the present and anticipated unimpaired surplus of the health care corporation. To the extent that any of these elements are considered excessive, the provision in the rates for these elements shall be modified accordingly.

(2) The administrative expense budget must be reasonable, as determined by the commissioner after examination of material and substantial administrative and acquisition expense items.

(3) A rate is equitable if the rate can be compared to any other rate offered by the health care corporation to its subscribers, and the observed rate differences can be supported by differences in anticipated benefit costs, administrative expense cost, differences in risk, or any identified cost transfer provisions.

(4) A rate is adequate if the rate is not unreasonably low relative to the elements prescribed in subsection (1), individually or collectively, based on reasonable evaluations of recent claim experience, projected trends in claim costs, the allocation of administrative expense budgets, and the present and anticipated unimpaired surplus of the health care corporation.

(5) Except for identified cost transfers, each line of business, over time, shall be self-sustaining. However, there may be cost transfers for the benefit of senior citizens and group conversion subscribers. Cost transfers for the benefit of senior citizens, in the aggregate, annually shall not exceed 1% of the earned subscription income of the health care corporation as reported in the most recent annual statement of the corporation. Group conversion subscribers are those who have maintained coverage with the health care corporation on an individual basis after leaving a subscriber group.

Sec. 610. (1) Except as provided under section 608(4) or (5), a filing of information and materials relative to a proposed rate shall be made not less than 120 days before the proposed effective date of the proposed rate. A filing shall not be considered to have been received until there has been substantial and material compliance with the requirements prescribed in subsections (6) and (8).

(2) Within 30 days after a filing is made of information and materials relative to a proposed rate, the commissioner shall do either of the following:

(a) Give written notice to the corporation, and to each person described under section 612(1), that the filing is in material and substantial compliance with subsections (6) and (8) and that the filing is complete. The commissioner shall then proceed to approve, approve with modifications, or disapprove the rate filing 60 days after receipt of the filing, based upon whether the filing meets the requirements of this act. However, if a hearing has been requested under section 613, the commissioner shall not approve, approve with modifications, or disapprove a filing until the hearing has been completed and an order issued.

(b) Give written notice to the corporation that the corporation has not yet complied with subsections (6) and (8). The notice shall state specifically in what respects the filing fails to meet the requirements of subsections (6) and (8).

(3) Within 10 days after the filing of notice pursuant to subsection (2)(b), the corporation shall submit to the commissioner such additional information and materials, as requested by the commissioner. Within 10 days after receipt of the additional information and materials, the commissioner shall determine whether the filing is in material and substantial compliance with subsections (6) and (8). If the commissioner determines that the filing does not yet materially and substantially meet the requirements of subsections (6) and (8), the commissioner shall give notice to the corporation pursuant to subsection (2)(b) or use visitation of the corporation's facilities and examination of the corporation's records to obtain the necessary information described in the notice issued pursuant to subsection (2)(b). The commissioner shall use either procedure previously mentioned, or a combination of both procedures, in order to obtain the necessary information as expeditiously as possible. (4) If a filing is approved, approved with modifications, or disapproved under subsection (2)(a), the commissioner shall issue a written order of the approval, approval with modifications, or disapproval. If the filing was approved with modifications or disapproved, the order shall state specifically in what respects the filing fails to meet the requirements of this act and, if applicable, what modifications are required for approval under this act. If the filing was approved with modifications, the order shall state that the filing shall take effect after the modifications are made and approved by the commissioner. If the filing was disapproved, the order shall state that the filing shall not take effect.

(5) The inability to approve 1 or more rating classes of business within a line of business because of a requirement to submit further data or because a request for a hearing under section 613 has been granted shall not delay the approval of rates by the commissioner which could otherwise be approved or the implementation of rates already approved, unless the approval or implementation would affect the consideration of the unapproved classes of business.

(6) Information furnished under subsection (1) in support of a nongroup rate filing shall include the following:

- (a) Recent claim experience on the benefits or comparable benefits for which the rate filing applies.
- (b) Actual prior trend experience.
- (c) Actual prior administrative expenses.
- (d) Projected trend factors.
- (e) Projected administrative expenses.
- (f) Contributions for risk and contingency reserve factors.
- (g) Actual health care corporation contingency reserve position.

550.1612 Notice of rate filing; contents of request for hearing; advertisements; limitation on fee for copy of rate filing; waiver or reduction of fee; calculation of costs.

Sec. 612. (1) Upon receipt of a rate filing under section 610, the commissioner immediately shall notify each person who has requested in writing notice of those filings within the previous 2 years, specifying the

nature and extent of the proposed rate revision and identifying the location, time, and place where the copy of the rate filing described in section 610(7) shall be open to public inspection and copying. The notice shall also state that if the person has standing, the person shall have, upon making a written request for a hearing within 60 days after receiving notice of the rate filing, an opportunity for an evidentiary hearing under section 613 to determine whether the proposed rates meet the requirements of this act. The request shall identify the issues which the requesting party asserts are involved, what portion of the rate filing is requested to be heard, and how the party has standing. The corporation shall place advertisements giving notice, containing the information specified above, in at least 1 newspaper which serves each geographic area in which significant numbers of subscribers reside.

(2) The commissioner may charge a fee for providing, pursuant to subsection (1), a copy of the rate filing described in section 610(7). The commissioner may charge a fee for providing a copy of the entire filing to a person whose request for a hearing has been granted by the commissioner pursuant to section 613. The fee shall be limited to actual mailing costs and to the actual incremental cost of duplication, including labor and the cost of deletion and separation of information as provided in section 14 of Act No. 442 of the Public Acts of 1976, being section 15.244 of the Michigan Compiled Laws. Copies of the filing may be provided free of charge or at a reduced charge if the commissioner determines that a waiver or reduction of the fee is in the public interest because the furnishing of a copy of the filing will primarily benefit the general public. In calculating the costs under this subsection, the commissioner shall not attribute more than the hourly wage of the lowest paid, full-time clerical employee of the insurance bureau to the cost of labor incurred in duplication and mailing and to the cost of separation and deletion. The commissioner shall use the most economical means available to provide copies of a rate filing.

Sec. 613. (1) If the request for a hearing under this section is with regard to a rate filing not yet acted upon under section 610(2)(a), no such action shall be taken by the commissioner until after the hearing has been completed. However, the commissioner shall proceed to act upon those portions of a rate filing upon which no hearing has been requested. Within 15 days after receipt of a request for a hearing, the commissioner shall determine if the person has standing. If the commissioner determines that the person has standing, the person may have access to the entire filing subject to the same confidentiality requirements as the commissioner under section 604, and shall be subject to the penalty provision of section 604(5). Upon determining that the person has standing, the commissioner shall immediately appoint an independent hearing officer before whom the hearing shall be held. In appointing an independent hearing officer, the commissioner shall select a person qualified to conduct hearings, who has experience or education in the area of health care corporation or insurance rate determination and finance, and who is not otherwise associated financially with a health care corporation or a health care provider. The person selected shall not be currently or actively employed by this state. For purposes of this subsection, an employee of an educational institution shall not be considered to be employed by this state. For purposes of this section, a person has "standing" if any of the following circumstances exist:

(a) The person is, or there are reasonable grounds to believe that the person could be, aggrieved by the proposed rate.

(b) The person is acting on behalf of 1 or more named persons described in subdivision (a).

(c) The person is the commissioner, the attorney general, or the health care corporation.

(2) Not more than 30 days after receipt of a request for a hearing, and upon not less than 15 days' notice to all parties, the hearing shall be commenced. Each party to the hearing shall be given a reasonable opportunity for discovery before and throughout the course of the hearing. However, the hearing officer may terminate discovery at any time, for good cause shown. The hearing officer shall conduct the hearing pursuant to the administrative procedures act. The hearing shall be conducted in an expeditious manner. At the hearing, the burden of proving compliance with this act shall be upon the health care corporation.

(3) In rendering a proposal for a decision, the hearing officer shall consider the factors prescribed in section 609.

(4) Within 30 days after receipt of the hearing officer's proposal for decision, the commissioner shall by

order render a decision which shall include a statement of findings.

550.1614 Interim rates; petition; determination; granting interim rate; final rate determination; refunds or adjustments; limitation on order establishing interim rate adjustment; rates to which section applicable.

Sec. 614. (1) Not less than 75 days after a filing is received, as provided in section 610, the health care corporation may petition the commissioner, who shall make a determination with respect to interim rates and shall order interim rates in the amount prescribed in subsection (2). Interim rates shall not be implemented if the commissioner finds that the health care corporation has substantially contributed to the delay or that the health care corporation has not provided information requested by the commissioner relative to a determination under this section. The interim rate determination shall not be a contested case under chapter 4 of the administrative procedures act.

(2) The commissioner shall grant an interim rate, in an amount as determined by the commissioner, if the commissioner makes a finding that the corporation has made a convincing showing that there is probable cause to believe that the failure to grant the interim rate will result in an underwriting loss for that line of business for the period for which rates are being requested. As used in this subsection, "underwriting loss" means the difference between income from current rates plus investment income, and projected claims plus projected administrative expenses.

(3) If the final rate determination results in approval of a lower rate, appropriate refunds or adjustments, as determined by the commissioner, shall be made to reflect payments made in excess of the approved rate.

(4) The order establishing an interim rate adjustment made pursuant to this section shall be limited to adjusting rates for certificates then in effect, and shall not be used to alter certificates or implement new certificates.

(5) This section shall apply only to rates subject to section 608(1) for which a hearing has been requested.

A certificate, entitled "certificate of correction of . . .
