The notice of referendum required by section 218(d)(3)(c) of title II of the social security act to be given to employees shall be accompanied by, or shall, not less than 40 days prior to the referendum, be supplemented by a statement in such manner, form and detail as the agency or individual designated to supervise the referendum shall deem necessary and sufficient to inform the employees of the rights which will accrue to them and their dependents and survivors, and the liabilities to which they will be subject if their services are included under an agreement under this act. In case a 90 day period after notice of referendum shall lapse before changes in a retirement system shall have been enacted or approved as above provided, then the date of referendum shall be automatically extended to not less than 40 days after such enactment or adoption.
