The People of the State of Michigan enact:

ARTICLE I
GENERAL DEFINITIONS AND PURPOSE

475.1 Definitions.

Sec. 1. The words and phrases used in this act shall be construed as follows, unless the context shall otherwise require:

(a) "Motor vehicle" means any automobile, truck, trailer, semitrailer, truck tractor, road tractor, or any self-propelled or motor or mechanically driven vehicle, or any vehicle in anywise attached to, connected with, or drawn by any self-propelled or motor or mechanically driven vehicle, used upon any public highway of this state for the purpose of transporting property.

(e) "For hire" means for remuneration or reward of any kind, paid or promised, either directly or indirectly.

(f) "Motor common carrier of property" means any person who holds himself or herself out to the public as being engaged in the business of a for hire common carrier as at the common law, either directly or through any device or arrangement, including but not limited to those who operate over fixed routes or within 1 mile of a fixed route or between fixed termini, in the transportation by motor vehicle from place to place upon or over the highways of this state, the property, or any property, or any class of property of others who may choose to employ the person.

(g) "The public" means that part or portion of the general public which the motor carrier is ready, able, willing, and equipped to serve.

Lower rates, in and of themselves, shall not constitute a distinct need. A motor contract carrier that possesses a motor common carrier certificate of authority of that class set forth at section 5(6)(a) of article II may commingle authorized contract carrier shipments while providing common carrier service over fixed routes, without assigning any vehicle exclusively for the person or persons for whom contract service is

provided. A motor contract carrier authorized to transport packages or articles weighing 70 pounds or less for 1 or more contract shippers may commingle such authorized packages or articles weighing 70 pounds or less in the same vehicle with commodities transported as a common or contract carrier, without assigning any vehicle exclusively for the person or persons for whom contract service is provided. A motor contract carrier authorized to transport coin, currency, or food stamps for 1 or more contract shippers, may commingle such authorized coin, currency, or food stamps in the same vehicle with commodities transported as a common or a contract carrier, without assigning any vehicle exclusively for the person for whom contract service is provided.

(i) "Motor carrier" means both motor common carriers of property and motor contract carriers of property. (m) "Modified procedure" means that administrative procedure by which the commission may consider evidence and testimony submitted in the form of verified statements in motor carrier matters without the necessity for an oral hearing. The commission may delegate decision-making authority to an employee of the commission staff, so that decisions in modified procedure may be issued under the signature of the employee without a formal commission order.

(n) "Occasional accommodative service" means service limited to operations conducted by persons not regularly engaged in the transportation business of a motor common carrier or a motor contract carrier.

(o) "Useful public purpose" means a purpose for which an applicant can provide adequate, economic, safe, effective, competitive, and equitable motor carrier service to satisfy a demonstrated public need.

(t) "Household goods" means personal effects and property used or to be used in a dwelling when a part of the equipment or supply of that dwelling. Household goods do not include property moving from a factory or store, except such property as the householder has purchased with intent to use in his or her dwelling and that is transported at the request of the householder, the carrier's transportation charges for which are paid by that householder.

(u) "Local move" means a household goods shipment of 40 miles or less, from point of origin to point of destination, as determined by actual miles traveled by the motor carrier and verifiable by odometer reading or mileage guide in general public use.

(v) "Intrastate-only motor carrier of property" means a motor carrier of property that is not a UCR motor carrier.

(w) "Intrastate motor vehicle" means a motor vehicle that is operated by 1 of the following:

(i) An intrastate-only motor carrier of property.

475.2 Legislative purpose and policy.

Sec. 2. It is hereby declared to be the purpose and policy of the legislature in enacting this law to confer upon the commission the power and authority and to make it its duty to supervise and regulate the transportation of property by motor vehicle for hire upon and over the public highways of this state in all matters whether specifically mentioned herein or not, so as to: (a) Relieve all future undue burdens and congestion on the highways arising by reason of the use of the highways by motor vehicles operated by motor carriers; (b) protect and conserve the highways and protect the safety and welfare of the traveling and shipping public in their use of the highways; (c) promote competitive and efficient transportation services; (d) meet the needs of motor carriers, shippers, receivers, and consumers; (e) allow a variety of quality, price, and service options to meet changing market demands and the diverse requirements of the shipping public; (f) allow the most productive use of equipment and energy resources; (g) provide the opportunity for efficient and well-managed motor carriers to earn adequate profits and attract capital; (h) promote intermodal transportation; (i) prevent unjust discrimination; (j) promote greater participation by minorities in the motor carrier system; (k) provide and maintain service to small communities and small shippers; (l) prevent evasion of this act through any device or arrangement; (m) promote entrepreneurship in the motor carrier industry by allowing greater contract carrier economic and entry flexibility; and (n) promote the use of jointly considered and initiated rates, classifications, divisions, allowances, charges, or rules of motor carriers under commission approved agreements.

475.3 Temporary authority to render transportation service; conditions; validity; permit; duration; applicable law.

Sec. 3. (1) To enable the provisions of service for which there is an immediate and urgent need to a point or points or within a territory having no motor common carrier service capable of meeting that need, the commission may, upon a proper application, in its discretion and without hearings or other proceedings, grant temporary authority for that service by a motor common carrier by motor vehicle. The temporary authority, unless suspended or revoked for good cause, shall be valid until the commission has made a determination to grant or deny permanent authority. If after hearing permanent authority is granted, then corresponding temporary authority may be continued until the permanent authority becomes effective. The grant of temporary authority does not create a presumption that corresponding permanent authority will be granted thereafter.

(2) The commission may, upon a proper application which shall include specific definition of permit sought, in its discretion and without hearings or other proceedings, grant a temporary permit for that service by a motor contract carrier by motor vehicle. A temporary permit shall be granted, at the request of an applicant, in all cases, except when a safety or fitness related protest has been filed, which protest must include specific allegations necessary to state a prima facie case and reasonably inform the commission and the applicant of the nature of the allegations, with specific reference to the section or sections of all related statutes, rules, orders, and tariffs. The temporary permit, unless suspended or revoked for good cause, shall be valid until the commission has made a decision to grant or deny a permanent permit. The grant of a temporary permit creates no presumption that a corresponding permanent permit will be granted thereafter.

(3) Pending the determination of an application filed with the commission for approval of a consolidation or merger of the properties of 2 or more motor carriers, the commission may, in its discretion and without

hearing or other proceedings, grant temporary approval, for a period not exceeding 60 days, of the operation of the motor carrier properties sought to be acquired by the person proposing in the pending application to acquire the properties, if it appears that failure to grant the temporary approval may result in destruction of or injury to the motor carrier properties sought to be acquired, or to interfere substantially with their future usefulness in the performance of adequate and continuous service to the public.

(4) Transportation service rendered under temporary authority shall be subject to all applicable provisions of this act and to the rules of the commission.

(a) The motor carrier notifies the commission that it wishes to have the rate, fare, or charge considered pursuant to this section.

(b) The rate, fare, or charge is the product of independent action on the part of the motor carrier proposing the rate, fare, or charge.

(c) The aggregate of increases and reductions in any such rate, fare, or charge is not more than 20% above or below the base rate, fare, or charge in effect 1 year before the effective date of the proposed rate, fare, or charge.

Sec. 7c. (1) Subject to subsection (2), a motor common carrier providing transportation of household goods subject to the jurisdiction of the commission may, subject to the provisions of this article, including the general tariff requirements of section 6 of this article, establish a rate for the transportation of household goods which is based on the carrier's written, binding estimate of charges for providing such transportation, which the shippers will be required to pay for the services included in the estimate.

(2) A rate established under this section shall be available on a nonpreferential basis to shippers and shall not result in charges to shippers which are predatory.

(3) Binding estimates shall be furnished in writing to the shipper or other person responsible for payment of the freight charges and a copy of each such estimate shall be retained by the carrier as an addendum to the bill of lading. All such estimates shall clearly indicate on their face that the estimate is binding on the carrier and that the charges shown are the charges that will be assessed for the services identified in the estimate. The commission, by general order or otherwise, shall promulgate rules in conformity with this act applicable to all motor contract carriers, and to do all things necessary to carry out and enforce the provisions of this act. A motor contract carrier shall not be required with rate filings to submit evidence of the revenues and expenses to be realized in the performance of its authorized functions. A motor contract carrier shall make available to the commission its complete contract or contracts, but shall not be required to file such contract or contracts with the commission. A member of the commission, or a clerk, officer, or employee of the state shall not divulge or make known, in any manner whatsoever not provided by this section, to any person the rate filings of a contract carrier, unless a complaint has been brought by order of the commission against a contract carrier alleging that a rate of a contract carrier or practice or rule of the contract carrier related to the rate or value of service under that rate is predatory and in violation of this act. Rate filings of a contract carrier are exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, unless a complaint has been brought by order of the commission against a contract carrier pursuant to this section. The commission shall review all rate filings to determine that such rate filings are not predatory. When the commission finds that a rate of a contract carrier or practice or rule of the contract carrier related to the rate or the value of service under that rate is predatory and in violation of this act, the commission shall prescribe the minimum rate or practice or rule. In making a predatory rate determination and when prescribing a minimum rate or practice or rule related to a rate for a motor contract carrier, the commission shall consider all of the following:

- (a) All revenues and costs associated with 1 specific contract or appendix to that contract.
- (b) The effect of a prescribed minimum rate or practice or rule on the movement of traffic by that carrier.
- (c) Other matters as the commission considers necessary.

(3) A motor contract carrier shall not receive or accept property for transportation upon the highways until the statement of charges has been filed with the commission.

Sec. 2. (1) Except as provided in section 7 of article IV, this act does not apply to any of the following:

(a) A vehicle, other than a vehicle transporting household goods or motor vehicles, operated entirely within a city or village of this state; or to a motor carrier of property, other than a motor carrier of household goods

or motor vehicles, whose operations may extend a distance of not more than 8 miles beyond the boundary of a city or village having a population of less than 500,000, if the origin and destination of the property being transported is within an 8-mile radius of the city or village. The territory within the external corporate limits of a city, even though it includes and embraces the area of 1 or more separately organized and existing cities, shall be considered a single city. Notwithstanding any other provision of this subdivision, a certificate or permit issued under this act is required for the operation of a vehicle of a motor carrier, including a vehicle transporting household goods, other than a vehicle exempted under subdivisions (b) to (q), in the transportation of property between a city having a population of 500,000 or more and a city or village located within the commercial zone of a city having a population of 500,000 or more, or between cities or villages within that commercial zone. As used in this subdivision, "commercial zone" means the area within an 8-mile radius of a city having a population of 500,000 or more and includes all cities and villages, any part of which are located within that 8-mile radius.

(b) A vehicle owned or operated by the state or the United States, or by a state or federal corporation, agency, or instrumentality.

(c) A vehicle owned or operated by an incorporated city, village, or school district, or by a county or township in the state or by a corporation, agency, or instrumentality of the state, for governmental purposes.

(d) A vehicle used exclusively for carrying United States mail.

(e) A vehicle used for the transportation of farm products, including livestock, when transported by other than the owner, from the farm to the market in the raw state, or used for the transportation of milk from the farm to milk stations, or trucks owned by a farmer bearing a farm truck license issued under section 801(1)(c) of the Michigan vehicle code, 1949 PA 300, MCL 257.801, when being used by the farmer in hauling farm produce, livestock, or farm equipment, and supplies for other farmers for remuneration in kind or in labor, but not for money.

(f) A vehicle used for the transportation of fruits, eggs, poultry, fish and seafood, grain, vegetables, seeds, nursery stock, horticultural products, and sugar beets. This subdivision shall not exempt a vehicle transporting the commodities described in this subdivision in other than the raw state.

(g) A vehicle used for occasional accommodative service including seasonal transportation of perishable commodities even though the cost of the accommodative service and seasonal transportation of perishable commodities may be paid by the person accommodated.

(h) A dump truck having not more than 4 axles or any dump vehicle moving directly to and from a public highway, airport, or railroad or bridge construction site, when used for the transportation of sand, gravel, slag, stone, limestone, crushed stone, marl, pebbles, cinders, bituminous aggregates, asphalt, blacktop, dirt, or fill material, or any dump vehicle transporting commodities generally transported in the dump vehicle operating within an 8-mile radius of a city having a population of 500,000 or more and including all other cities or villages, any part of which is located within the 8-mile radius.

(i) A vehicle used for the transportation of pulpwood, logs, wood chips, bark, and sawdust when the vehicle is being used to move the commodities from a forest, woodlot, cutting site, sawmill, or chipping site to a market or railroad siding of not more than a 140-mile radius from the place where the vehicle is loaded.

(j) A vehicle having a manufacturer's rating of not more than 1-1/2 tons capacity or the equivalent gross vehicle weight rating used for the transportation of newspapers.

(k) A vehicle used in the transportation of livestock, poultry feed, chemicals, pesticides, and fertilizers on movements directly to a farm for use in agricultural production.

(l) A vehicle used for the transportation of property for compensation provided by a person who is a member of a corporate family for other members of the corporate family, if all of the following conditions are met:

(i) The parent corporation notifies the commission annually of its intent or the intent of 1 of its subsidiaries to provide the transportation.

(ii) The notice described in subparagraph (i) contains a list of participating subsidiaries and an affidavit that the parent corporation owns directly or indirectly a 100% interest in each of the subsidiaries.

(iii) The notice described in subparagraph (i) is accompanied by a fee of \$100.00.

(iv) The commission publishes the notice described in subparagraph (i) in the biweekly bulletin.

(v) A copy of the notice described in subparagraph (i) is carried in the cab of all vehicles conducting the transportation.

(m) A vehicle transporting animal and poultry feed or feed ingredients to sites of agricultural production or to a business enterprise engaged in the sale to agricultural producers of goods used in agricultural production.

(n) A vehicle transporting recyclable materials to or from a resource recovery facility. The terms "recyclable materials" and "resource recovery facility" have the meanings attributed to these terms in part 115 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11501 to 324.11550,

except that the term recyclable materials does not include industrial scrap metal. This subdivision shall not be construed to exempt from this act a vehicle transporting new products.

(o) A vehicle transporting property for, or on behalf of, a nonprofit charitable institution or for a house of public worship.

(2) As used in subsection (1)(l), "corporate family" means a group of corporations consisting of a parent corporation and all subsidiaries in which the parent corporation owns directly or indirectly a 100% interest.

(3) None of the exemptions in this section, where applicable, apply to a vehicle entering this state from another state, foreign country, or subdivision of a state or foreign country that does not extend similar exemptions to vehicles from this state entering the state, foreign country, or subdivision.

479.3 Control by cities and villages; local business.

Sec. 3. Cities and villages, control of streets. Nothing herein contained shall be construed to interfere with the right of any city or village to the reasonable control by general regulation applicable to all motor vehicles of its streets, alleys and public places; or to authorize a motor carrier to do a local business without the consent of the municipality in which such local business is wholly carried on.

479.6 Commission; forms, rules, and bulletin.

Sec. 6. (1) The commission shall prescribe the forms of applications for certificates and permits, and promulgate rules pertaining to the contents and filing of applicants, and is empowered to administer and enforce all provisions of this act, and to establish and enforce rules affecting the operations of all motor carriers subjected to the provisions of this act affecting their use of the highways, and affecting the conduct of investigations and hearings authorized in this act, and also in respect of all matters pertaining to the proper enforcement of all provisions and purposes of this act. The rules shall be promulgated and become effective only pursuant to and in compliance with Act No. 306 of the Public Acts of 1969, as amended, being sections 24.201 to 24.315 of the Michigan Compiled Laws. The rules may be rescinded, suspended, modified, and amended at any time in the discretion of the commission and in accordance with Act No. 306 of the Public Acts of 1969, as amended, to effectuate the purposes of this act. All rules promulgated by the commission shall be given and shall have the force and effect of law.

(2) The commission shall provide for the issuance of a bulletin of notices of hearings, applications, and

notices of the transfer of permits or certificates, the filing with it of rates, fares, and charges and any other matters relating to its powers and duties regulating transportation. The bulletin shall be issued biweekly and mailed to each holder of an intrastate motor carrier authority from the commission. The mailing of the bulletin to the motor carrier at its registered place of business is to constitute official notice to the motor carrier of the applications, hearings, transfer of certificates or permits, and other official business of the commission as appears in the bulletin, and no other notice thereof need be given the motor carriers except as is otherwise in this act expressly required. The bulletin shall be furnished and mailed to the public upon payment by anyone subscribing for the bulletin of an annual fee to be fixed by the commission with due regard to cost and the interest of the public in its activities.

479.6a Applicability of section; change in rate, fare, charge, classification, rule, or practice; notice; effective date; investigation; petition for suspension; order; hearing.

Sec. 6a. (1) This section applies to all matters before the commission for which the commission has jurisdiction under article II.

(2) A change shall not be made in any general rate nor shall a change be made in any rate, fare, charge, or classification, or any rule or practice affecting the rate, fare, charge, or classification, or the value of the service thereunder, specified in any effective tariff of any motor carrier for hire, except for 30 days' notice, or 45 days' notice in a general rate increase or reduction, to the commission and to the public, filed and posted in accordance with section 6 of article II except that changes in rates, fares, charges, or classifications or the value of service thereunder made pursuant to section 7a of article II shall be made on 10 days' notice. The notice shall plainly state the change proposed to be made and the time when the change will take effect. The commission may, in its discretion, after good cause shown, allow changes upon less time than the notice specified in this subsection or modify the requirements in this section in respect to publishing, posting, and filing of tariffs, either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

(3) Upon the filing with the commission by any motor carrier for hire of any tariff or supplement showing any change in rates, fares, charges, or classification, or any rule or practice affecting the rate, fare, charge, or classification, or the value of the service thereunder, the commission, upon notice to the motor carrier, may postpone the date when the new rate, fare, charge, classification, rule, or practice shall become effective to a time not to exceed 60 days to give the commission opportunity to investigate the reasonableness of the proposed rate, fare, charge, classification, rule, or practice. The commission may proceed with an investigation upon at least 10 days' notice to the motor carrier as to the reasonableness of the rate, fare, charge, classification, rule, or practice. The investigation shall take precedence over all matters of a different nature pending before the commission under this act.

(4) Except in an emergency satisfactorily shown to the commission, a petition for suspension shall not be considered unless filed at least 10 days before the effective date of the proposed change in rate, charge, fare, classification, rule, or practice. The petition or order shall be definite and specific and a copy shall be served upon all motor carriers affected at the time of filing or issuance. However, service upon an agent who has issued and filed a tariff or schedule in behalf of a motor carrier or carriers shall be considered to be due and sufficient service upon the motor carrier or carriers. The petition or order must recite the specific facts relied upon to establish that failure to postpone will work a special hardship on the petitioner, that cannot otherwise be avoided.

(5) At any hearing involving a change in a rate, fare, charge, classification, rule, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, fare, charge, classification, rule, or practice is just and reasonable.

History: Add. 1943, Act 244, Imd. Eff. Apr. 22, 1943;—CL 1948, 479.6a;—Am. 1954, Act 28, Imd. Eff. Mar. 31, 1954;—Am. 1982, Act 399, Imd. Eff. Dec. 28, 1982;—Am. 1993, Act 352, Imd. Eff. Jan. 13, 1994.

479.6b Applicability of section; joint consideration and initiation of rates, fares, classifications, divisions, allowances, charges, or rules; agreement; approval; maintenance of accounts, records, files, and memoranda of organization; inspection; information and reports; verified statement of motor carrier; meeting; notice and minutes; disapproval of certain agreements; order to cease and desist from violation of agreement.

Sec. 6b. (1) This section applies to all matters before the commission for which the commission has

jurisdiction under article II. If 2 or more motor carriers desire to jointly consider and initiate rates, fares, classifications, divisions, allowances, charges, or rules of the motor carriers, those joint considerations and initiations shall only be conducted pursuant to an agreement which is submitted to, and approved by, the commission under rules promulgated by the commission. The commission shall by order approve the agreement if it finds that it conforms with the requirements of subsections (2) to (9). The commission shall not eliminate collective rate-making by application of its authority under this section.

(2) The motor carriers who are parties to an agreement approved by the commission under this section shall submit proposed rates, fares, classifications, divisions, allowances, charges, or rules of the motor carriers to the commission. The proposed rates, fares, classifications, divisions, allowances, charges, or rules of the motor carriers shall not be effective unless they are submitted to the commission and are permitted under the provisions of this act and the rules promulgated under this act.

(3) Each conference, bureau, committee, or other organization established pursuant to an agreement approved by the commission under this section shall maintain those accounts, records, files, and memoranda and shall submit to the commission information and the reports as prescribed by the commission. All the accounts, records, files, and memoranda shall be subject to inspection by the commission or its authorized representative.

(4) Each motor carrier which is a party to an agreement described in this section shall file with the commission a verified statement that specifies its name, its mailing address, and the telephone number of its main office; the names and addresses of each of its affiliates; the names, addresses, and affiliates of each of its officers and directors; the names, addresses, and affiliates of each person, who together with an affiliate owning or controlling any debt, equity, or security interest in it has a value of at least \$100.00. As used in this subsection:

(a) "Affiliate" means a person controlling, controlled by, or under common control or ownership with another person.

(b) "Ownership" means equity holdings in a business entity of at least 5%.

(5) A meeting of a conference, bureau, committee, or other organization established pursuant to an agreement approved by the commission under this section which includes motor carrier tariffs, rates, fares, or charges as matters of discussion or decision shall be open and all persons shall be allowed to attend meetings.

(6) Notice of the meeting described in subsection (5) must be posted at the principal place of business of the organization and at the commission at least 8 working days before the date of the meeting. The notice must contain the name of the organization, its address, its telephone number, a meeting docket or agenda, and the place, date, and time of the meeting.

(7) Minutes of a meeting described in subsection (5) shall be kept by the organization and shall become available to the general public and shall be submitted to the commission on or before the eighth working day after a meeting. Minutes of other meetings shall be maintained by the organization for 1 year after the meeting. Minutes for a meeting described in subsection (5) shall contain the date, time, and place of meeting; members present; members absent; and decisions taken. Votes on rates, fares, charges, or tariff items shall be recorded. Notice of other meetings described in subsection (5) shall be sent to the commission on or before the eighth working day after the meeting and shall contain the date, time, and place; members present; members absent; and purpose of meeting.

(8) The commission shall not approve under this section any agreement between or among carriers of different modes unless the agreement is limited to matters relating to transportation under joint rates or over through routes.

(9) The commission shall not approve under this section any agreement which establishes a procedure for the determination of any matter through joint consideration unless it finds that under the agreement there is accorded to each party the free and unrestrained right to take independent action after any determination is arrived at through the procedure.

(10) The commission, upon complaint by a shipper or receiver of freight transported under jointly considered and initiated rates and charges or by a carrier party to an agreement approved by the commission under this section, may investigate and determine whether any agreement previously approved by it under this section has been violated in a manner contrary to the transportation policy set forth in section 2 of article I. After investigation, the commission shall, by order, direct the parties to the agreement to cease and desist from violations of that agreement and this section if it finds the action necessary to assure conformity with the transportation policy. The effective date of any cease and desist order shall be postponed for a period which the commission determines to be reasonably necessary to avoid undue hardships. Any commission decision issued after December 28, 1982 which has terminated a previously approved agreement for reasons or on terms inconsistent with this section shall be null and void.

(11) An order shall not be entered under this section unless interested parties have been afforded

reasonable notice and opportunity for hearing.

History: Add. 1982, Act 399, Imd. Eff. Dec. 28, 1982;—Am. 1993, Act 352, Imd. Eff. Jan. 13, 1994.

479.7 Transportation of household goods; issuance of receipt or bill of lading; liability; filing of claim; disallowance.

Sec. 7. (1) A carrier providing transportation of household goods subject to jurisdiction of this act shall issue a receipt or bill of lading for property it receives for transportation under this article. That carrier, as well as any other carrier that delivers the property and provides transportation of household goods subject to jurisdiction of this act, is liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by the carrier over whose line or route the property is transported in Michigan and applies to property reconsigned or diverted by a tariff under this act. Failure to issue a receipt or bill of lading does not affect the liability of the carrier.

(2) A carrier may not provide, by rule, contract, or otherwise, a period of less than 3 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a claimant written notice that the carrier has disallowed any part of the claim specified in the notice.

(3) For purposes of this subsection, the following apply:

(a) An offer of compromise shall not constitute a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that such part of the claim is disallowed and provides reasons for such disallowance.

(b) Communications received from a carrier's insurer shall not constitute a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that the part of the claim is disallowed, provides reason for the disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

History: Add. 2007, Act 33, Imd. Eff. July 10, 2007.

Compiler's note: Former MCL 479.7, which pertained to accident reports, was repealed by 1982 PA 399, Imd. Eff. Dec. 28, 1982.

479.8 Furnishing identification for vehicle; removal of identification.

Sec. 8. The commission shall furnish proper and sufficient identification for each vehicle that an intrastate-only motor carrier of property is authorized to operate or that a motor carrier is authorized to operate for transporting household goods under this act, in addition to the regular registration or license plates required by law. The commission is authorized to remove and take custody of any identification found attached to a motor vehicle for which it was not issued, or when the holder of the identification has made or is making unlawful use thereof.

479.9 Insurance, bonds.

Sec. 9. Insurance and bond requirements. The commission shall have full power and authority to make and shall make such insurance or bond requirements for intrastate-only motor carriers of property and motor carriers of household goods as it may deem necessary adequately to protect the interests of the public.

History: 1933, Act 254, Eff. Oct. 17, 1933;—CL 1948, 479.9;—Am. 2008, Act 584, Imd. Eff. Jan. 16, 2009.

479.10 Certificates and permits; termination; application for renewal; effect of delinquency in payment of earned fees; failure of applicant to comply with laws and rules; notice; correction; provisions of act voiding certificate or permit for cause self-executing; issuance of certificate or permit; adding and withdrawing equipment.

Sec. 10. (1) All certificates or permits granted to intrastate-only motor carriers of property and motor carriers transporting household goods shall be made to terminate as of December 31 of the calendar year during which the certificate or permit is issued. All intrastate-only motor carriers of property and motor carriers transporting household goods shall make application for the renewal of their certificates or permits not before October 1 and not later than December 1 of the year in which their current certificate or permit expires. Certificate and permit holders not making application by December 1 shall be advised by the commission and given the opportunity to file their applications on or before December 31 on payment of a penalty of \$50.00. The renewal application shall be accompanied with the required fees, proof of insurance, and all other things required to be filed with the commission by law or by the rules and orders of the commission.

(2) The certificate or permit of any intrastate-only motor carrier of property or motor carrier transporting household goods who is delinquent in the payment of the earned fees required by this act to be paid at the

time of any renewal thereof shall be deemed canceled and terminated, on and after January 1 of the year for which application should have been made under the requirements of this section. Upon expiration, an intrastate-only motor carrier of property shall be prohibited from operating any of its vehicles and a motor carrier authorized to transport household goods shall be prohibited from operating any vehicle to transport household goods or engage in any other service subject to renewal of the certificate, upon or over the highways of this state. All privileges granted under the expiring certificate or permit shall cease.

(3) In case any applicant for renewal of a certificate or a permit fails, otherwise than in the payment of fees, to comply in all respects with the law and the rules of the commission in connection with the filing of the application for renewal, the commission immediately shall give specific written notice of that failure to the applicant and shall require in the notice that the applicant correct the matter specified within 10 days after the notice. Upon the failure of the applicant to make the correction within the time, or in case of the failure to accompany the application with the required filing fee, the certificate or permit of the applicant shall be revoked without any action whatever upon the part of the commission.

(4) Except as in this section otherwise provided, the provisions in this act voiding a certificate or a permit for cause shall be self-executing and shall not require any affirmative act on the part of the commission, and the commission is expressly prohibited from extending and shall not have any power to extend the privilege or permit nor to allow the carrier to engage in any operation over the public highway. In no case shall the revocation of any certificate or a permit release any motor carrier from liability for accrued fees.

(5) Upon full compliance with the requirements with respect to the filing of the application, the certificate or permit shall issue for the succeeding calendar year, subject to all the provisions of this act.

(6) The holder of a certificate or permit under this act may add equipment at any time, but when adding equipment subject to a privilege fee prescribed by this act, the holder shall file an ex parte application in the form as the commission requires and pay for each unit of equipment added, the fee prescribed in section 2 of article IV. A notice of hearing on the application shall not be required and a public hearing shall not be held thereon. When the holder of any certificate or permit, excepting a certificate or permit that authorizes the transportation of household goods while such household goods are being transported, by lease, contract, or any arrangement other than outright purchase, augments his or her equipment, the lease, contract, or arrangement shall be in writing and of such a character so as to vest in the holder exclusive possession and control of the vehicle under the lease or arrangement for the entire term of the lease or arrangement. Any operation of the vehicle shall be conducted under the exclusive supervision, direction, and control of the holder.

(7) A certificated or permitted unit of equipment may be withdrawn from service at any time by surrendering to the commission the identification allocated to the unit at the time it was certificated or permitted.

479.10a Lease, contract, or arrangement under which holder augments equipment; section inapplicable to interchange of equipment; subsection (1) inapplicable to movers of household goods.

Sec. 10a. (1) The lease, contract, or arrangement under which a holder augments his or her equipment shall specify the period for which the equipment is to be operated, which shall not be less than 30 days, and shall include a provision that the vehicle has, within the immediately preceding 12 months, passed an inspection pursuant to the requirements of the motor carrier safety act, Act No. 181 of the Public Acts of 1963, being sections 480.11 to 480.21 of the Michigan Compiled Laws, and 49 C.F.R. part 396.

(2) The lease, contract, or arrangement shall specify the compensation to be paid by the lessee or party to the contract or arrangement for the rental or use of the equipment.

(3) The lease, contract, or arrangement shall specify the time and date or the circumstance on which the contract, lease, or other arrangement begins, and the time or circumstance on which it ends.

(4) The lease, contract, or arrangement shall vest in the holder of the vehicle exclusive possession and control of the vehicle for the entire term of the lease, contract, or arrangement.

(5) The lease, contract, or arrangement shall provide that any operation of the vehicle shall be conducted under the exclusive supervision, direction, and control of the holder.

(6) The lease, contract, or arrangement shall provide that the vehicle, at all times, while being operated under the lease, contract, or arrangement, shall be operated only by persons who are employees of the holder who stand in relation to the holder as employee to employer.

(7) The lease, contract, or arrangement shall be in the manner, form, and further content as the commission by rule provides.

(8) The lease, contract, or arrangement shall be executed in quadruplicate; the original shall be filed with the commission. Before making the investigation, the commission shall present to the parties alleged to be guilty of the violations a statement in writing setting forth the matters to be investigated. Thereafter, on 10 days' notice to

the parties of the time and place of the investigation, the commission may proceed to investigate the matters complained of in the same manner, and make like orders, as if the investigation had been made upon complaint. An investigation, inquiry, or hearing which the commission has power to undertake or to hold may be undertaken or held by or before any commissioner or any employee of the commission when so directed by the commission or its chairperson. The commissioner or employee shall submit findings of fact and conclusions of law to the commission.
