If, before November 19, 1981, a municipality published a resolution authorizing the execution of a contract under this section in substantial compliance with this section as then in effect, and the referendum period formerly provided by this section expired, but the bonds were not issued, the resolution and the publication of the resolution are valid and, if a petition for a referendum on execution of the contract was not signed and filed within the time period formerly provided by this section, the contract may be executed and shall become effective without submitting the proposition for approval to the electors, or if a petition was so signed and filed, the contract may be executed and become effective if approved at an election as formerly provided in this section. In such event the authority is hereby authorized by resolution or resolutions of its governing body to provide for the issuance of revenue bonds for the purpose of paying all or any portion of the cost of the project, or for the purpose of refunding the bonds, including refunding bonds, or for any combination of such purposes. Any serial bonds shall have annual or semiannual maturities, the first maturity of which shall be payable not more than 10 years from their date. Any bonds shall be redeemable commencing with an interest payment date to be determined at such prices and upon such terms and conditions as prescribed by the authorizing resolution of the governing body of the authority, and recited upon the face of the bonds. All bonds issued under the provisions of this section shall contain a statement on their face that they are payable solely and only from the revenues of the authority specifically pledged for their payment, and that the authority is authorized to pay such bonds and interest only from the revenues pledged thereto under the provisions of this section. If any official whose signature appears on the bonds or coupons ceases to be such officer before delivery of the bonds, the signature shall nevertheless be valid and sufficient for all purposes with like effect as though the person had remained in office until delivery. All such bonds are hereby declared to be fully negotiable and to have all of the qualities incident to negotiable instruments under the negotiable instruments law of the state, subject only to the provisions for registration of the bonds which may appear therein. per annum. The issuance and sale of bonds shall not be subject to the approval or authorization of any other agency of government, whether federal, state or local, but shall be entirely within the discretion and judgment of the governing body of the authority. Prior to the preparation of definitive bonds, the governing body of the authority may provide for the issuance of temporary bonds, with or without coupons, exchangeable for definitive bonds upon the issuance of the latter. The proceedings authorizing the bonds may provide that the bonds shall contain a recital that they are issued pursuant to this act, and such recital shall be conclusive evidence of their validity and the regularity of their issuance.
