That person shall submit a certificate of successful completion of training from the other state and the fee as required by section 14.

- (a) The course sponsor's name, address, and telephone number.
- (b) A list of any states that currently approve the training course, including information as to whether the training course has been approved by the United States environmental protection agency.

 - (i) The length of training in days.
 - (ii) The amount and type of hands-on training.
 - (iii) The length, format, and passing score of the examination.
 - (iv) The topics covered in the course.
- (e) A copy of all course materials, including student manuals, instructor notebooks, handouts, and all other materials that the department may request.
- (f) A detailed statement about the development of the examination used in the course.
- (g) The names and qualifications of course instructors.
- (h) A description and example of the certificate of successful course completion issued to students who attend the course and pass the examination that satisfies the requirements of the asbestos model accreditation plan.
 - (i) An initial application fee of \$400.00 and, after the initial year, an annual renewal fee of \$200.00. If the application is for renewal, the application and annual fee shall be submitted not earlier than 90 days before the course expires but not later than 30 days before the course expires. An application for renewal that is submitted later than the time period specified in this subdivision shall be treated by the director as an initial application for course renewal and shall require payment of the initial application fee, rather than the renewal fee.
- (3) An applicant desiring to sponsor a refresher training course in a discipline required to be accredited under this act shall supply all of the following information to the department:

Receipt of the application is considered the date the application is received by any agency or department of the state of Michigan.
- (5) The instructor of a course offered under this section shall have academic credentials or field experience, or both, in asbestos abatement.
- (6) Beginning the effective date of the amendatory act that added this subsection, the department shall issue an initial or renewal license within the time period prescribed by subsection (4). If the application is considered incomplete by the department, the department shall notify the applicant in writing, or make the information electronically available, within 15 days after receipt of the incomplete application, describing the deficiency and requesting the additional information. The 60-day period described in subsection (4) is tolled upon notification by the department of a deficiency until the date the requested information is received by the department. The determination of the completeness of an application does not operate as an approval of the application for the license and does not confer eligibility of an applicant determined otherwise ineligible for issuance of a license.
- (7) If the department fails to issue or deny a license within the time required by subsection (4), the department shall return the license fee and shall reduce the license fee for the applicant's next renewal application, if any, by 15%. The failure to issue a license within the time required under this section does not allow the department to otherwise delay the processing of the application, and that application, upon completion, shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based upon the fact that the license fee was refunded or discounted under this subsection.
- (8) Beginning October 1, 2005, the director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with occupational issues. The director shall include all of the following information in the report concerning the preceding fiscal year:

(a) The number of initial and renewal applications the department received and completed within the 60-day time period described in subsection (4).

(b) The number of applications denied.

(c) The number of applicants not issued a license within the 60-day time period and the amount of money returned to licensees and registrants under subsection (7).

(9) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of the state of Michigan.

338.3412 Training course; notice of scheduled courses; inspection; effect of noncompliance; record keeping.

Sec. 12. (1) A training course sponsor shall submit to the department a notice of scheduled courses not less than 7 calendar days before the start of those courses, indicating starting and ending dates and times, location, and instructors. A training course sponsor shall also advise the department of cancellation of a course no less than 1 day before the indicated start date of that course.

(2) A training course sponsor shall permit department representatives, as part of a training course inspection, to attend, evaluate, and monitor a training course without charge to the department. The department shall not provide advance notice of a training course inspection. The department may revoke or suspend approval of a training course if the inspection of a field site, conducted under a training course inspection, indicates that a training course is not in compliance with the requirements of section 6.

(3) A training course sponsor shall satisfy the record-keeping requirements for a training provider described in unit I.F. of the asbestos model accreditation plan.

338.3413 Numbered certificate of successful course completion; issuance; contents; issuance of numbered certificate of accreditation or certificate of reaccreditation; list of persons issued certificates.

Sec. 13. (1) The training course sponsor shall issue a numbered certificate of successful initial or refresher course completion to a student who meets the requirements of this act and who successfully completes the training and passes the training course's examination required under this act. The numbered certificate of successful course completion shall include the name of the student, the social security number of the student, the course completed, the dates of the course and the examination, a statement certifying that the student passed the examination, an expiration date that is 1 year after the date on which the person successfully completed the course and examination, and the name, address, and telephone number of the training course sponsor that issued the certificate.

(2) Upon the department's receipt of the fee required under section 14 and a copy of a certificate of successful course completion under subsection (1) or of a copy of a certificate of successful refresher course completion, the director shall issue a numbered certificate of accreditation or certificate of reaccreditation to the student. The numbered certificate of accreditation or certificate of reaccreditation shall include the name of the student, the course completed, and the annual expiration date for accreditation or reaccreditation.

(3) Within 10 calendar days after issuing certificates of successful course completion, the sponsor of an approved training course shall supply the department with a list of those persons to whom the certificates of successful completion were issued. The list shall be maintained by the department and shall include each person's name, social security number, and home address, the discipline for which the certificate was issued, and the date of the certificate.

(1) A person desiring accreditation or reaccreditation from the director under section 13 shall submit to the department an application for accreditation or reaccreditation on forms provided by the department. The applicant shall include, with the application, payment of the annual fee designated in subsection (3), subject to any refund or discount prescribed under section 11(7).

(2) If the application is for reaccreditation, the application and annual fee shall be submitted not earlier

than 90 days before the accreditation expires but not later than 30 days before the accreditation expires. An application for reaccreditation that is submitted later than the time period specified in this subsection shall be treated by the director as an initial application for accreditation, and shall require payment of the accreditation fee, rather than the reaccreditation fee.

(3) The fee schedule for accreditation or reaccreditation is as follows:

	Accreditation	Reaccreditation
(a) Asbestos inspectors	\$150.00	\$75.00
(b) Asbestos management planners	\$150.00	\$75.00

Sec. 15. A person who is accredited under this act to perform asbestos-related work in a school building or a public and commercial building shall have in his or her possession the initial and current certificate of accreditation or reaccreditation at the location where he or she is conducting asbestos-related work. A person's failure to have in his or her possession the certificate of accreditation or reaccreditation at the job site where he or she is working may result in the suspension or revocation of that person's certificate of accreditation.
