A home improvement charge agreement shall not be signed by the buyer when it contains blank spaces of items which are essential provisions of the transaction to be filled in after it has been signed. The buyer's acknowledgment, conforming to the requirements of this section, of delivery of a copy of an agreement, shall be presumptive proof, in any action or proceeding, of the delivery and that the agreement, when signed, did not contain a blank space as provided in this subsection. A home improvement charge agreement shall state the maximum amount and rate of the time price differential to be charged and paid pursuant to the agreement. A home improvement charge agreement shall contain substantially the following notice printed or typed in a size equal to at least 10-point bold type: "Notice to the buyer—Do not sign this agreement before you read it or if it contains blank spaces. You are entitled to a copy of the agreement you sign."

the time price differential on a home improvement charge sale made after that date shall not exceed 1.375% of the unpaid balance per month. The time price differential under this subsection shall be computed on all amounts unpaid under the agreement from month to month, which need not be calendar months, or other regular periods. A minimum time price differential not in excess of 70 cents per month may be charged, collected, and received.

(2) The time price differential for purchases made under a home improvement charge agreement shall not be computed or imposed on an amount charged for the sale of goods or services until those goods or services have been delivered to the purchaser of the goods or services. PART 3

445.1301 Finance charges.

Sec. 301. (1) The maximum finance charge included in a home improvement installment contract payable in substantially equal successive monthly installments beginning 1 month from the date the finance charge accrues, shall not exceed \$8.00 per \$100.00 per annum. However, on a contract which is entered into before December 31, 1991, and which is entered into after the interest rate paid at 2 successive auctions of 26 week United States treasury bills is 8% or more, the finance charge may be equivalent to 16.5% interest or less per annum on the unpaid balance. If the interest rate paid at 2 successive auctions of 26 weeks United States treasury bills again falls below 8%, the finance charge on a contract entered into after that date shall not exceed \$8.00 per \$100.00 per annum, unless the interest rate paid at 2 successive auctions of 26 week United States treasury bills again is 8% or more, in which case the finance charge may be equivalent to 16.5% interest or less per annum on the unpaid balance. The finance charge shall be computed on the principal amount financed on the contract notwithstanding that the time balance is required to be paid in installments. The finance charge shall not accrue over a longer period than one which commences on the date of completion of the contract and ends on the date when the final installment is payable. For a period less or greater than 12 months or for amounts less or greater than \$100.00, the amount of the maximum finance charge shall be increased or decreased proportionately. A fractional monthly period of 15 days or more may be considered a full month. If the finance charge computed as above provided is less than \$12.00, a minimum finance charge of \$12.00 may be made.

(2) Subject to the limitations in subsection (3), if a contract is payable other than in substantially equal successive monthly installments, as where payable in irregular or unequal installments either in amount or periods thereof, or in regular installments followed by or interspersed with an irregular, unequal or larger installment or installments, or if the finance charge accrues from a date more than 1 month before the first installment is payable, the finance charge may not exceed an amount which, having due regard for the schedule of installment payments, will provide the same yield as if the contract were payable in accordance with the standard payment terms stated in subsection (1).

(3) If the amount of any installment is 2 times or more the amount of any other installment except the down payment, the amount of the finance charge in respect to the portion of the principal amount financed included in such larger installment shall not exceed the equivalent of 6% per annum simple interest for the period from the due date on which finance charge begins to accrue to the date of such larger installment and such portion of the finance charge shall be payable in substantially equal periodic installments throughout such period.

445.1302 Division of transaction prohibited.

Sec. 302. A contractor shall not induce or permit a buyer to split up or divide any transaction that otherwise would be a home improvement installment sale or home improvement charge sale for the purpose of qualifying for any exclusion under section 102(j), (l), or (m).

445.1303 Payment of contract in full before maturity; refund credit.

Sec. 303. (1) Notwithstanding the provisions of a home improvement installment contract to the contrary, a buyer may pay the contract in full at any time before maturity and in so paying shall receive a refund credit on the contract, except as provided in section 309. Except as provided in subsection (2), the amount of the refund credit shall represent at least as great a proportion of the finance charge, or if the contract has been extended, deferred, or refinanced, of the additional charge therefor, as the sum of the periodical time balance scheduled by the contract to follow the installment date after the day of prepayment bears to the sum of all the periodical time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced.

(2) If a part of the finance charge is computed on an installment as provided in section 301(3), the amount of the refund credit applicable to that part of the finance charge shall represent at least as great a proportion of that part of the finance charge as the number of months to elapse after the month in which prepayment is made to the due date of that installment bears to the number of months from the date the finance charge accrues to the due date of that installment.

(3) Where the amount of the credit for anticipation of payment is less than \$1.00, a refund need not be made. Where the earned finance charge amounts to less than the minimum finance charge, there may be retained an amount equal to the minimum finance charge under section 301.

445.1304 Scheduled payments; extension of due date; deferral charge.

Sec. 304. The holder of a home improvement installment contract, upon agreement in writing with the buyer, may extend the scheduled due date or defer the scheduled payment of all or of any part of any installment or installments payable thereunder. The holder may charge and contract for the payment of an extension or deferral charge by the buyer and collect and receive the same, but such charge may not exceed an amount equal to 1% per month simple interest on the amount of the installment or installments, or part thereof, extended or deferred for the period of extension or deferral. Such period shall not exceed the period from the date when such extended or deferred installment, or part thereof, would have been payable in the absence of such extension or deferral, to the date when such installment or installments, or part thereof, are made payable under the agreement of extension or deferral; except that a minimum charge of \$1.00 for the period of extension or deferral may be made in any case where the extension or deferral charge, when computed at such rate, amounts to less than \$1.00. The agreement may also provide for payment by the buyer of the additional cost to the holder of the contract of premiums for continuing in force, until the end of such period of extension or deferral, any insurance coverages provided for in the contract.

The holder of a home improvement installment contract, upon agreement in writing with the buyer, may refinance the payment of the unpaid time balance of the contract by providing for a new schedule of installment payments. The holder may charge and contract for the payment of a refinanced charge by the buyer and collect and receive the same, but such refinance charge shall be based upon the amount refinanced, plus any additional cost of insurance and of official fees incident to such refinancing, after the deduction of a refund credit in an amount equal to that to which the buyer would have been entitled under section 303 if he had prepaid in full his obligations under the contract or contracts, computed without allowance for any minimum earned finance charge. Such refinance charge shall not exceed the rate of finance charge provided under section 301. The agreement for refinancing may also provide for the payment by the buyer of the additional cost to the holder of the contract of premiums for continuing in force, until the maturity of the contract as refinanced, any insurance coverages provided therein. The refinancing agreement shall set forth the amount of the unpaid time balance to be refinanced, the amount of any refund credit, the amount to be refinanced after the deduction of the refund credit, any additional premiums paid for insurance and of official fees to the buyer, the amount of the finance charge under the refinancing agreement, the new unpaid time balance and the new schedule of installment payments. (c) The number and amount of installment payments required to be stated pursuant to sections 203 and 308 shall be estimated for purposes of this section assuming that each scheduled payment is made on the date it is due and in the scheduled amount.

(d) The holder of the contract shall have the option of deferring interest charges which accrue due to installment payments being received later than the periodic installment due date. The deferred interest charge shall be computed on the basis of additional interest charges accruing for late installment payments and appropriate interest reductions for installment payments made before the due date. On contracts providing for equal monthly installments, if the final installment is more than 105% of a previous installment as a result of the deferred interest charges, the installment buyer shall be given the option to pay the deferred interest charges not less than 25 days after the date the last installment payment is due.

(e) If the entire principal balance is prepaid in full, together with all interest incurred to the date of prepayment, the balance of the original finance charge shall be canceled and the provisions of section 303 respecting a refund credit shall not be applicable.
