325.2009 Repealed. 1988, Act 309, Eff. Oct. 1, 1988.

Compiler's note: The repealed section pertained to powers and duties of statewide health coordinating council.

325.2010 State health planning council; duties.

Sec. 10. (1) The council shall carry out the following activities relating to state health planning and health policy development:

(a) Subject to subsection (2), prepare and approve the state health plan not less frequently than once every 3 years. The council may revise individual components of the plan as considered necessary by the council.

(b) Submit the proposed state health plan to the governor and the standing committee of each house of the legislature having jurisdiction over public health matters. The governor or legislature may disapprove the plan within 60 legislative session days after submission. If the legislature is not in session at the time of submission, the 60 legislative session days shall commence the first day on which the legislature reconvenes. Legislative disapproval shall be expressed by concurrent resolution which shall be adopted by a record roll call vote of each house of the legislature. The concurrent resolution shall state specific objections to the plan. If the proposed state health plan is disapproved by concurrent resolution, the council shall revise the plan based on the stated objections. If the plan is not disapproved within the 60 legislative session days, the plan shall be considered approved. As used in this subdivision, "legislative session day" means each day in which a quorum of either the house of representatives or senate, following a call to order, officially convenes in Lansing to conduct legislative business.

(c) Annually review program activities and budgets of state departments which are related to health and medical care to determine consistency of these activities and budgets with the state health plan. The council shall report its conclusions to appropriate legislative committees, to the governor, and to other affected agencies.

(d) Actively pursue implementation of the recommendations contained in the state health plan. An annual implementation plan shall be prepared and submitted to the legislature, the governor, and other interested parties.

(e) Provide a public forum for the discussion and identification of priority health issues.

(f) Make recommendations to the governor, the legislature, and other affected agencies regarding current or proposed changes in federal and state health statutes, policies, and budgets, taking into account the state health plan.

(g) Cooperate with legislative committees having jurisdiction over health matters and advise in the development of a consistent and coordinated policy for health affairs in this state.

(h) Assess the policies and rules of state departments and agencies concerning the collection and application of statistics relating to health, health planning, and health policy development, and periodically make recommendations to the governor, the legislature, and other affected agencies for improvement and coordination of the statistics. The council shall report its conclusions under this subdivision to appropriate legislative committees, the governor, and other affected agencies. The report shall recommend, at a minimum, policies concerning accessibility of data, uniformity and reliability of data, independent and shared use of data, and coordination of health data systems.

(i) Perform other duties as specified in part 222 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.22201 to 333.22259 of the Michigan Compiled Laws.

(2) The state health plan shall do all of the following:

(a) Address mechanisms to promote adequate access to health care for all segments of the state's population.

(b) Outline initiatives designed to contain the costs of health care and improve the efficiency with which services are delivered.

(c) Address the ways in which changes in individual behavior and responsibility can assist in reducing the costs of health care.

(d) Promote innovative and cost effective strategies for projecting and addressing the future needs of the population.

(e) Encourage the rational development and distribution of health care services.

(f) Suggest means by which the quality of health care services can be improved through changes in the delivery system.

(g) Promote cooperation between the public and private sectors in achieving subdivisions (a) to (f).

Compiler's note: The repealed section pertained to reviews of institutional health services and appeals.

325.2017 Additional duties of office.

Sec. 17. In addition to the duties prescribed under section 15, the office shall do all of the following:

(a) Collect and publish technical and other information, if the collection and publication of such information is not duplicative, that would promote informed decision making by individuals and groups related to services, financing and delivery systems, and health benefit design.

(b) Identify priority health issues and create strategies to address the priority health issues in a coordinated manner. The office may convene appropriate groups and consult with the council in carrying out the duties of the office under this subdivision.

(c) Collect, retrieve, analyze, report, and publish data and information concerning health policy and health planning to the maximum extent possible using existing data and information from extant sources. The office shall utilize the data, statistics, and other information collected or prepared by other state and local agencies concerning the health status and health needs of the people of this state.

(d) Perform other duties and responsibilities prescribed by the governor or the legislature.

(e) Inform the council of the activities of the office.

(f) Recommend to the governor, legislature, and other state departments and agencies ways to implement the state health plan.

(g) Advise the governor and the legislature as to plans and policies of state departments and agencies and other public and private entities relating to health activities appropriate to assure implementation of the state health plan.

(h) Develop recommendations to improve the organization, delivery, and financing of health care.

(i) Advise the governor and the legislature on the steps necessary to achieve and facilitate a consistent and coordinated policy for health affairs in this state.

(j) Perform other duties as specified in part 222 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.22201 to 333.22259 of the Michigan Compiled Laws.
