(d) Adjust the amount calculated under subdivision (b), as adjusted by subdivision (c), by the amount calculated under section 16a(2) for captured taxes levied by the municipality not including taxes attributable to increased captured value.

(2) Not later than November 7, 2016, and each September 7 thereafter, for each municipality that is a county, township, village, city, or authority that provides essential services, the department shall do all of the following:

(a) Add to the amount calculated under subsection (1)(a) any increased value from expired tax exemptions for the current year.

(d) Multiply the result of the calculation in subdivision (c) by the percentage of the municipality's general operating millage used to fund the cost of essential services in the municipality's fiscal year ending in 2012. The department shall calculate each municipality's percentage of general operating millage used to fund the cost of essential services in the municipality's fiscal year ending in 2012, unless the municipality includes the calculation in its comprehensive annual financial report for the municipality's fiscal year ending in either 2014 or 2015 or otherwise reports the calculation to the department in a form and in a manner prescribed by the department.

123.1356a Municipality that is tax increment finance authority; calculation of municipality's tax increment small taxpayer loss; duties of municipality; report.

Sec. 16a. (1) Not later than June 15, 2014 and June 15, 2015, each municipality that is a tax increment finance authority shall calculate and report to the department the municipality's tax increment small taxpayer loss for the current calendar year.

(2) Not later than June 15, 2016, and each June 15 thereafter, each municipality that is a tax increment finance authority shall do all of the following for each of its tax increment financing plans:

(a) Calculate the total captured value of all industrial personal property and commercial personal property in the municipality that is a tax increment finance authority in 2013 and add any increased captured value for the current year.

(b) From the amount calculated in subdivision (a), subtract the total captured value of all industrial personal property and commercial personal property in the municipality that is a tax increment finance authority in the current year. If the resulting amount, when added to the taxable value of all property within the tax increment finance authority in the current year, would result in a captured value for all property within the tax increment finance authority that is less than the resulting amount, then this captured value shall be used instead of the resulting amount.

(c) Multiply the result of the calculation in subdivision (b) by the sum of the lowest rate of each individual millage levied in the period between 2012 and the year immediately preceding the current year, to the extent the millage is subject to capture by that tax increment finance authority. For an individual millage rate not levied in 1 of the years, the lowest millage rate is zero. A millage used to make the calculation under this subdivision must be eligible to be levied against both real property and personal property.

(d) Adjust the amount calculated under subdivision (c) by the amount required to reflect the final order of a court or body of competent jurisdiction related to any prior year calculation under this section.

(e) For an obligation refinanced after 2012, estimate for the term of the obligation:

(i) The cumulative school district operating tax and state education tax that would have been captured to repay the obligation had the obligation not been refinanced.

(ii) The cumulative amount calculated under subdivision (c), as adjusted by subdivision (d), for school district operating tax and state education tax for the obligation had it not been refinanced.

(f) Once the amount included in subdivision (c), as adjusted by subdivision (d), for the current and prior years for school operating tax and state education tax for the refinanced obligation equals the amount estimated in subdivision (e)(ii), subtract from the amount calculated under subdivision (c), as adjusted by subdivision (d), the amount calculated under subdivision (c), as adjusted by subdivision (d), for school district operating tax and state education tax for the refinanced obligation.

(g) Once the amount of school district operating tax and state education tax captured for the current and prior years to pay the refinanced obligation equals the amount estimated under subdivision (e)(i), subtract from the amount calculated in subdivision (c), as adjusted by subdivision (d), the amount of school operating tax and state education tax captured to repay the refinanced obligation.

(3) Not later than June 15, 2016, and each June 15 thereafter, each municipality that is a tax increment finance authority shall report to the department the results of the calculations under subsection (2) for each tax increment financing plan.

123.1357 Appropriation of funds; purposes; distribution to municipalities; distribution of local community stabilization share revenue; priority; payments; insufficient funds; use of revenue; distribution; amounts.

Sec. 17. (1) The legislature shall appropriate funds for all of the following purposes:

(a) For fiscal year 2014-2015 and fiscal year 2015-2016, to the authority, an amount equal to all debt loss for municipalities that are not a local school district, intermediate school district, or tax increment finance authority, an amount equal to all school debt loss for municipalities that are a local school district or intermediate school district, and an amount equal to all tax increment small taxpayer loss for municipalities that are a tax increment finance authority. Funds appropriated under this subdivision for fiscal year 2015-2016 may be used to pay a corrected tax increment small taxpayer exemption loss for 2014 if a tax increment finance authority submits before June 1, 2016 a correction to a report that was filed under section 16a before October 1, 2014.

(b) For fiscal year 2014-2015 through fiscal year 2018-2019 an amount equal to the necessary expenses incurred by the department in implementing this act.

(c) Beginning in fiscal year 2019-2020 and each fiscal year thereafter, an amount equal to the necessary expenses incurred by the authority and the department in implementing this act.

(2) In fiscal year 2014-2015 and fiscal year 2015-2016, the authority shall distribute to municipalities those funds appropriated under subsection (1)(a). However, in fiscal year 2014-2015, if the authority is not able to make the distribution under this subsection, the department shall make the distribution under this subsection on behalf of the authority.

(3) For calendar years 2014 and 2015, the authority shall distribute local community stabilization share revenue to each city in an amount determined by multiplying the sum of the local community stabilization share revenue for the calendar years and the amounts calculated under section 14(3)(e) and (f) by a fraction, the numerator of which is that city's amount calculated under section 14(3)(d) and the denominator of which is the total amount calculated under section 14(3)(d), and subtracting from the result each city's amounts calculated under section 14(3)(e) and (f).

(4) Beginning for calendar year 2016, the authority shall distribute local community stabilization share revenue as follows in the following order of priority:

(a) The authority shall distribute to each municipality an amount equal to all of the following:

(i) 100% of that municipality's school debt loss in the current year and 100% of its amount calculated under section 15.

(ii) 100% of that municipality's amount calculated under section 16.

(iii) 100% of that municipality's school operating loss not reimbursed by the school aid fund in the current year.

(iv) 100% of the amount calculated in section 14(2). However, the amount distributed to a municipality under this subparagraph shall not exceed the amount calculated in section 14(1)(d). All distributions under this subparagraph shall be used to fund essential services.

(v) For a municipality that is a tax increment finance authority, 100% of its amount calculated under section 16a(2).

(vi) 100% of that municipality's amount calculated under section 14(4).

(b) Beginning for calendar year 2019, after the distributions under subdivision (a), and subject to subparagraph (viii), the authority shall distribute 5% of the remaining balance of the local community stabilization share fund for the current calendar year to each municipality that is not a local school district, intermediate school district, or tax increment finance authority in an amount determined as follows:

(i) Calculate the total acquisition cost of all eligible personal property in the municipality.

(ii) Multiply the result of the calculation in subparagraph (i) by the sum of the lowest rate of each individual millage levied by the municipality in the period between 2012 and the year immediately preceding the current year that is not used to calculate a distribution under subdivision (a)(i) to (iv). For an individual millage rate not levied in 1 of the years, the lowest millage rate is zero. A millage used to make the calculation under this subparagraph must be eligible to be levied against both real property and personal property.

(iii) Divide the sum of the amounts calculated under subparagraph (ii) for all municipalities subject to the calculation by total qualified loss.

(iv) Multiply the result of the calculation in subparagraph (iii) by the amount calculated under section 16a(2) for captured taxes levied by the municipality not including taxes attributable to increased captured value.

(v) Subtract from the amount calculated under subparagraph (ii) the amount calculated under subparagraph (iv).

(vi) Divide the result of the calculation in subparagraph (v) by the sum of the calculation under subparagraph (v) for all municipalities.

(viii) For calendar year 2020, and each calendar year thereafter, the percentage amount described in this subdivision shall be increased an additional 5% each year, not to exceed 100%.

(c) After the distributions in subdivisions (a) and (b), the authority shall distribute the remaining balance of the local community stabilization share fund for a calendar year to each municipality in an amount determined by multiplying the remaining balance by a fraction, the numerator of which is that municipality's qualified loss and the denominator of which is the total qualified loss.

(a) For county allocated millage, November 20, 2016 and thereafter September 20 of the year the millage is levied.

(c) For other millages, November 20, 2016 and thereafter October 20 of the year the millage is levied.

(6) If the authority has insufficient funds to make the payments on the dates required in subsection (5), the department shall advance to the authority the amount necessary for the authority to make the required payments. The authority shall repay the advance to the department from the local community stabilization share.

(7) For each fiscal year from fiscal year 2015-2016 through fiscal year 2018-2019, the authority may use up to \$300,000.00 of the local community stabilization share revenue for purposes consistent with implementing and administering this act.
