(1) According to ratio of population between the area annexed and the remainder of the township, city or village from which said area was detached, as determined by the last official federal or state census showing such populations;

(3) In the absence of a federal census and in lieu of taking an official special census, the village to which said territory was annexed and the cities, townships, or villages from which said territory was detached, may agree by joint resolution of their governing bodies as to the prorating of any such state funds, moneys, or grants between them and between the village and any county agency receiving said funds, moneys, or grants in respect of population in such township or townships as provided above in the case of a newly incorporated village, a copy of which agreement shall be filed with the secretary of state and shall thereafter be binding upon all parties to said incorporation.

The foregoing provisions shall be used hereafter in determining the prorata distributions of any state funds, moneys or grants between townships and/or county agencies and any village which has become newly incorporated since the last decennial federal census, either before or after the passing of this law, and between townships and/or county agencies and any village which has annexed territory since the last decennial federal census, either before or after the passing of this law; but in no event shall the sharing of any distribution of state funds, moneys, or grants made previous to the effective date of this law be altered.

The indebtedness and liabilities of every city, village, and township, a part of which shall be annexed to a village, shall be assumed by the village to which the same is annexed in the same proportion which the assessed valuation of the taxable property in the territory annexed bears to the assessed valuation of the taxable property in the entire city, village or township from which such territory is taken. Assessed valuations shall be determined in every division pursuant to this section from the last assessment roll of the city, village or township which has been confirmed by the board of review.

78.24b Energy conservation improvements; acquisition or financing; resolution; payment; scope of improvements; acquisition of improvements by contract, lease-purchase agreement, or notes; reports; forms; terms of lease-purchase agreement.

Sec. 24b. (1) The governing body of a village may provide by resolution for the acquisition or financing of energy conservation improvements to be made to village facilities or infrastructure and may pay for the improvements or the financing or refunding of the improvements from operating funds of the village or from the savings that result from the energy conservation improvements. Energy conservation improvements may include, but are not limited to, heating, ventilating, or air-conditioning system improvements, fenestration improvements, roof improvements, the installation of any insulation, the installation or repair of heating, ventilating, or air-conditioning controls, and entrance or exit way closures, information technology improvements associated with an energy conservation improvement, and municipal utility improvements associated with an energy conservation improvement.

(2) The governing body of a village may acquire, finance, or refund 1 or more of the energy conservation improvements described in subsection (1) by installment contract, which may include a lease-purchase agreement described in subsection (5), or may borrow money and issue notes for the purpose of securing funds for the improvements or may enter into contracts in which the cost of the energy conservation improvements is paid from a portion of the savings that result from the energy conservation improvements. These contractual agreements may provide that the cost of the energy conservation improvements are paid only if the energy savings are sufficient to cover their cost. An installment contract, a lease-purchase agreement described in subsection (5), or notes issued pursuant to this subsection shall extend for a period of time not to exceed 20 years from the date of the final completion of the energy conservation improvements or the useful life of the aggregate energy conservation improvements, whichever is less. Notes issued pursuant to this subsection shall be full faith and credit, tax limited obligations of the village, payable from tax levies and the general fund as pledged by the governing body of the village. The notes are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. A lease-purchase agreement issued pursuant to this subsection shall not be subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to

141.2821, and shall not be a municipal security or a debt as those terms are defined in that act. This subsection does not limit in any manner the borrowing or bonding authority of a village as provided by law.

(3) Prior to entering into a contract for energy conservation improvements under this section, the governing body of a village shall determine the following information and, within 60 days of the completion of the improvements, shall report the following information to the department of treasury:

(a) Name of each facility to which an improvement is made and a description of the energy conservation improvement.

(b) Actual energy consumption during the 12-month period before commencement of the improvement.

(c) Project costs and expenditures, including the total of all lease payments over the duration of the lease-purchase agreement.

(d) Estimated annual energy savings, including projected savings over the duration of the installment contract.

(4) If energy conservation improvements are made as provided in this section, the governing body of a village shall report to the department of treasury, by July 1 of each of the 5 years after the improvements are completed, only the actual annual energy consumption of each facility to which improvements are made. The forms for the reports required by this section shall be furnished by the department of treasury.

(5) An installment contract described in this section may include a lease-purchase agreement, which may be a multiyear contractual obligation that provides for automatic renewal unless positive action is taken by the legislative body to terminate that contract. Payments under a lease-purchase agreement shall be a current operating expense subject to annual appropriations of funds by the legislative body and shall obligate the legislative body only for those sums payable during the fiscal year of contract execution or any renewal year thereafter. The legislative body may make payments under a lease-purchase agreement from any legally available funds or from a combination of energy or operational savings, capital contributions, future replacement costs avoided, or billable revenue enhancements that result from energy conservation improvements, provided that the legislative body has determined that those funds are sufficient to cover, in aggregate over the full term of the contractual agreement, the cost of the energy conservation improvements. The lease-purchase agreement will terminate immediately and absolutely and without further obligation on the part of the legislative body at the close of the fiscal year in which it was executed or renewed or at such time as appropriated and otherwise unobligated funds are no longer available to satisfy the obligations of the legislative body under the lease-purchase agreement. During the term of the lease-purchase agreement, the legislative body shall be the vested owner of the energy conservation improvements and may grant a security interest in the energy conservation improvements to the provider of the lease-purchase agreement. Upon the termination of the lease-purchase agreement and the satisfaction of the obligations of the legislative body, the provider of the lease-purchase agreement shall release its security interest in the energy conservation improvements.

Sec. 25. Each village may adopt as its charter or any part of the same, any chapter, act or section of the statutes of this state in force at the time of such adoption and not inconsistent with the provisions of this act, which relates to the powers or government of villages generally, either by reciting the same in such charter or by appropriate reference thereto; and except in so far as any of the same may be so adopted, no village shall be subject to any of the limitations or restrictions thereof.

History: 1909, Act 278, Eff. Sept. 1, 1909;—Am. 1913, Act 95, Imd. Eff. Apr. 21, 1913;—CL 1915, 2867;—Am. 1921, Act 349, Eff. Aug. 18, 1921;—CL 1929, 1787;—CL 1948, 78.25.

78.25a Ordinance; designation of violation as civil infraction; civil fine; act or omission constituting crime.

Sec. 25a. (1) Consistent with any of the following statutes and whether or not authorized by the village charter, the village council may adopt an ordinance that designates a violation of the ordinance as a civil infraction and provides a civil fine for that violation:

(a) The Michigan vehicle code, Act No. 300 of the Public Acts of 1949, being sections 257.1 to 257.923 of the Michigan Compiled Laws.

(b) Act No. 235 of the Public Acts of 1969, being sections 257.941 to 257.943 of the Michigan Compiled Laws.

(c) Act No. 62 of the Public Acts of 1956, being sections 257.951 to 257.954 of the Michigan Compiled Laws.

(2) Whether or not authorized by the village charter, the village council may adopt an ordinance that designates a violation of the ordinance as a municipal civil infraction and provides a civil fine for that violation. An ordinance may not designate a violation as a municipal civil infraction if that violation may be designated as a civil infraction under subsection (1). A statute may provide that a violation of a specific type of ordinance is a municipal civil infraction whether or not the ordinance designates the violation as a municipal civil infraction.

(3) An ordinance shall not make an act or omission a municipal civil infraction if that act or omission constitutes a crime under any of the following:

(a) Article 7 or section 17766a of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.7101 to 333.7545 and 333.17766a of the Michigan Compiled Laws.

(b) The Michigan penal code, Act No. 328 of the Public Acts of 1931, being sections 750.1 to 750.568 of the Michigan Compiled Laws.

78.25b Recreational trailway; posting of ordinance; prohibited violation of ordinance as municipal civil infraction; penalty.

Sec. 25b. (1) An ordinance regulating a recreational trailway is not effective unless it is posted and

maintained near each gate or principal entrance to the trailway.

(2) The operation of a vehicle on a recreational trailway at a time, in a place, or in a manner prohibited by an ordinance is a municipal civil infraction, whether or not so designated by the ordinance. A civil fine ordered for a municipal civil infraction described in this subsection shall not exceed the maximum amount of a fine provided by the ordinance or \$500.00, whichever is less. An act or omission described in this subsection is not a municipal civil infraction if that act or omission constitutes a violation or crime that section 25a prohibits an ordinance from designating as a municipal civil infraction.

History: Add. 1994, Act 86, Eff. Oct. 1, 1994.

78.26 Prohibited powers; computation of indebtedness.

Sec. 26. (1) A village shall not do any of the following:

(a) Submit to the electors a charter or a revision of a charter more often than once in every 2 years or file it with the village clerk less than 90 days before the election. This subdivision does not apply to the submission and resubmission of charters to villages that may be incorporated under this act until they have first adopted a charter.

(b) Call more than 2 special elections within 1 year. This prohibition does not apply to elections that may be held in the submission and resubmission of charters to villages that may be incorporated under this act until they have first adopted a charter.

(c) Change the salary or emoluments of a public official after his or her election or appointment, or during his or her term of office, if the office is held for a fixed term, or shorten or extend the term of a public official from the period for which he or she was elected or appointed, unless he or she is removed for cause.

(d) Adopt a charter or amendment to a charter, unless approved by a majority of the electors voting on the charter or amendment at a general or special election.

(e) Authorize an issue of bonds unless approved at an election by a majority of the electors of the village voting on the issuance of the bonds. This subdivision does not apply to special assessment bonds, bonds for the village portion of local improvements, not to exceed 40% of the cost of the improvement, refunding bonds, bonds for relief from fire, flood, or calamity, or for payment of judgments, or bonds that the legislative body is authorized by specific statute to issue without vote of the electors.

(f) Adopt a scheme for exemption from municipal taxation.

(g) Repudiate a debt by a change in its charter or by consolidation with any other municipality.

(h) Incur indebtedness by the issue of bonds, or otherwise, in a sum that, including existing indebtedness, exceeds 10% of the assessed valuation of the real and personal property within the village subject to taxation, as shown by the last assessment roll of the village. Bonds issued in anticipation of the collection of special assessments, even though they are a general obligation of the village, motor vehicle highway fund bonds, revenue bonds, and bonds issued, or contract or assessment obligations incurred, to comply with an order of the department of environmental quality or a court of competent jurisdiction, even though they are a general obligation of the village, bonds issued, or contract or assessment obligations incurred, for water supply, sewerage, drainage, or refuse disposal projects necessary to protect the public health by abating pollution, even though they are a general obligation of the village, and bonds issued or assessments or contract obligations incurred for the construction, improvement, or replacement of a combined sewer overflow abatement facility are not included in this limitation. Money on hand in a sinking fund limited to the payment of indebtedness may be treated as a reduction of the indebtedness to that extent. If, because of fire, flood, or other calamity, an emergency fund is required for the relief of the inhabitants of the village or for the repairing or rebuilding of any of its municipal buildings, works, bridges, or streets, the legislative body of the village may borrow money due in not more than 3 years and in an amount not exceeding 1/4 of 1% of the assessed valuation of the village, notwithstanding that the loan may increase the indebtedness of the village beyond the limitations fixed by its charter or in this subdivision. If a village is authorized to acquire or operate a public utility, it may issue mortgage bonds for that purpose beyond the general limit of bonded indebtedness prescribed by law. The mortgage bonds issued beyond the limit of general indebtedness prescribed by law must not impose a liability upon the village, but must be secured only upon the property and revenues of the public utility, including a franchise, stating the terms upon which, in case of foreclosure, the purchaser may operate the public utility. The franchise must not extend for a period longer than 20 years from the date of the sale of the public utility and franchise on foreclosure. Bonds issued, or contract or assessment obligations incurred, before July 31, 1973 are validated. As used in this subdivision:

(i) "Combined sewer overflow" means a discharge from a combined sewer system that occurs when the flow capacity of the combined sewer system is exceeded.

(ii) "Combined sewer overflow abatement facility" means works, instrumentalities, or equipment necessary or appropriate to abate combined sewer overflows.

(iii) "Combined sewer system" means a sewer designed and used to convey both storm water runoff and sanitary sewage, and that contains lawfully installed regulators and control devices that allow for delivery of sanitary flow to treatment during dry weather periods and divert storm water and sanitary sewage to surface waters during storm flow periods.

(iv) "Construction" means any action taken in the designing or building of a combined sewer overflow abatement facility. Construction includes, but is not limited to, all of the following:

(A) Engineering services.

(B) Legal services.

(C) Financial services.

(D) Design of plans and specifications.

(E) Acquisition of land or structural components.

(F) Building, erection, alteration, remodeling, or extension of a combined sewer overflow abatement facility.

(G) Village supervision of the project activities described in sub-subparagraphs (A) to (F).

(v) "Improvement" means any action undertaken to expand, rehabilitate, or restore a combined sewer overflow abatement facility.

(vi) "Replacement" means action taken to obtain and install equipment, accessories, or appurtenances during the useful life of a combined sewer overflow abatement facility necessary to maintain the capacity and performance for which the equipment, accessories, or appurtenances are designed and constructed.

(i) Lay or collect taxes for municipal purposes except as otherwise provided by law, at a rate in excess of 2% of the assessed value of all real and personal property in the village.

(j) Issue bonds without creating a sinking fund for the payment of the bonds, except special assessment bonds that are a charge upon a special district created for the payment of the bonds, and serial bonds payable annually.

(2) In computing the net indebtedness for the purposes of subsection (1)(h), there may be added to the assessed value of real and personal property in a village for a fiscal year an amount equal to the assessed value equivalent of certain village revenues as determined under this subsection. The assessed value equivalent must be calculated by dividing the sum of the following amounts by the village's millage rate for the fiscal year:

(a) The amount paid or the estimated amount required to be paid by the state to the village during the village's fiscal year for the village's use under the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.901 to 141.921, and the amount of any eligible reimbursement to the village under the local community stabilization authority act, 2014 PA 86, MCL 123.1341 to 123.1362, except any amount distributed under section 17(4)(c) of the local community stabilization authority act, 2014 PA 86, MCL 123.1357, in excess of the village's qualified loss. The department of treasury shall certify these amounts upon request. As used in this subdivision, "qualified loss" means that term as defined in section 5 of the local community stabilization authority act, 2014 PA 86, MCL 123.1345.

(b) The amount levied by the village for its own use during the village's fiscal year from the specific tax levied under 1974 PA 198, MCL 207.551 to 207.572.

(c) The amount levied by the village for its own use during the village's fiscal year from the specific tax levied under the commercial redevelopment act, 1978 PA 255, MCL 207.651 to 207.668.

(3) Beginning on September 13, 2011, a village shall not adopt a village charter or ordinance that includes any minimum staffing requirement for village employees. Any provision in a village charter or ordinance adopted on or after September 13, 2011 that contains a minimum staffing requirement for village employees is void and unenforceable.
