141.107 Bonds; issuance; form; term; interest; exclusion from net bonded indebtedness; registration; pledge of funds; statutory first lien.

Sec. 7. (1) For the purpose of defraying the whole or a part of project costs, a public corporation may borrow money and issue its negotiable bonds. The bonds shall not be issued unless and until authorized by an ordinance, which shall set forth a brief description of the contemplated project, the estimated cost of the project, and the amount, maximum rate of interest, and time of payment of the bonds. The bonds shall be serial bonds or term bonds, or a combination of serial and term bonds, and shall be payable semiannually or annually by maturity of serial bonds or maturity or required redemption of term bonds. The last annual principal installment shall be not longer than the estimated period of usefulness of the public improvement for which the bond is issued, but the last installment shall not be more than 40 years from the date of the bond. The bonds shall bear interest, payable as provided in the authorizing ordinance, except that the first interest installment shall be payable not later than 10 months following the delivery date of the bonds. The bonds and coupons shall be substantially in the form provided in the authorizing ordinance and shall be executed in the manner prescribed in the bond, which may be by facsimile signature or signatures. The bonds and the interest on the bonds shall be made payable in lawful money of the United States, and shall be exempt from taxation by this state or by any taxing authority within this state. The public corporation may provide that the redemption of term bonds may be satisfied in whole or in part by the purchase and cancellation of term bonds otherwise required to be redeemed. As used in this subsection, “annual principal installment” means a maturity of serial bonds, an amount of term bonds required to be redeemed in that year, or a maturity of term bonds less amounts previously required to be redeemed.

(2) The principal of and interest on the bonds shall be payable, except as provided in this act, solely from the net revenues derived from the operation of the public improvement purchased, acquired, constructed, improved, enlarged, extended, or repaired from the proceeds of the bonds, as shall be pledged to the bonds in the authorizing ordinance, which may include if the ordinance so provides, net revenues derived by reason of future improvements, enlargements, extensions, or repairs to the improvement, and payments made to the public corporation issuing the bonds by any other governmental entity pursuant to another law of this state or the United States for payment of principal and interest on the bonds, even though the payments are made from or include grants or other funds provided by this state or the United States or the proceeds of taxes levied on taxable property as provided by other law.

(3) As additional security for the payment of bonds that are used to finance the local share of projects that receive more than 25% of financing from federal or state grants or that are being initially purchased, in whole or in part, by the Michigan municipal bond authority created under the shared credit rating act, 1985 PA 227, MCL 141.1051 to 141.1076, or if specifically authorized by another law pertaining to the public improvements for which bonds are to be issued under this act, a public corporation, by majority vote of the elected members of its governing body, may include as a part of the ordinance authorizing the issuance of the bonds a pledge of its full faith and credit for payment of the principal of an interest on the bonds. For bonds issued for airports or airport improvements under the aeronautics code of the state of Michigan, 1945 PA 327, MCL 259.1 to 259.208, a public corporation, by majority vote of the elected members of its governing body, may agree that if funds pledged for payment of bonds are not sufficient to pay principal and interest on the bonds as the bonds become due, the public corporation shall advance sufficient funds out of its general funds for the payment if the proceeds of the bonds are used exclusively within the territorial limits of the county in which the political corporation is located. If a pledge is made, and the net revenues primarily pledged to the payment are insufficient to make a payment, the public corporation shall be obligated to pay the bonds and interest on the bonds in the same manner and to the same extent as other general obligation bonds of the public corporation, including the levy, when necessary, of a tax on all taxable property in the public corporation without limitation as to rate or amount, in addition to all other taxes that the public corporation is authorized to levy, but not exceeding the rate or amount necessary to make the payment. If a public corporation makes payment from taxes or general funds pursuant to a full faith and credit pledge or agreement to advance, it shall be reimbursed from net revenues subsequently received by the public improvement for which the bonds are issued that are not otherwise pledged or encumbered. A bond or coupon issued under this act shall not be general obligation or constitute an indebtedness of the borrower unless its full faith and credit

are pledged. Unless a public corporation pledges its full faith and credit for the payment of bonds issued pursuant to this act, or unless otherwise exempt, the amount of the bonds shall not be included in computing the net bonded indebtedness of the public corporation for the purposes of debt limitations imposed by any statutory or charter provisions. Bonds may be made registerable as to principal, or principal and interest, under terms and conditions determined by the governing body of the borrower.

(4) The governing body in the ordinance authorizing the bonds or in an agreement entered into under section 7a(1)(a) may pledge any funds established by the ordinance or agreement for the payment of the bonds or other obligations of the public corporation under the agreement and create a statutory first lien in favor of the holders of the bonds or a party subject to the agreement.

Sec. 7a. (1) A public corporation in determining to issue bonds, including refunding bonds, may do the following:

(a) As additional security to assure timely payment of the bonds, authorize and enter into an insurance contract, agreement for lines of credit, letter of credit, commitment to purchase obligations, remarketing agreement, reimbursement agreement, tender agreement, and any other transaction to provide security to assure timely payment of any bond, and may pledge and create a statutory lien on 1 or more of the following for timely payment of the bonds or payment of any obligations of the public corporation under any of the foregoing:

- (i) Proceeds of additional security provided to assure timely payment of the bonds.
- (ii) Proceeds of bonds.
- (iii) Earnings on proceeds of bonds or other funds held for payment of bonds.
- (iv) Revenues.

(b) If the bonds are additionally secured as provided in subsection (1)(a), authorize, from the proceeds of the bonds or other available funds, payment of the cost of issuing the bonds, which may include, but is not limited to, fees for placement, fees or charges for insurance, letters of credit, lines of credit, remarketing agreements, reimbursement agreements, tender agreements, or purchase or sales agreements or commitments, or other agreements to provide security to assure timely payment of bonds.

(c) Authorize or provide for an officer of the public corporation, but only within limitations which shall be contained in the ordinance of the governing body authorizing the bonds, to do 1 or more of the following:

- (i) Sell and deliver and receive payment for bonds.
- (ii) Refund bonds by the delivery of new bonds, whether or not the bonds to be refunded have matured or are subject to redemption prior to maturity on the date of delivery of the refunding bonds.
- (iii) Buy and hold without cancellation or sell bonds so issued.
- (iv) Deliver bonds partly to refund bonds and partly for any other authorized purpose.
- (v) Approve interest rates or methods for fixing interest rates, prices, discounts, maturities, principal amounts, denominations, dates of issuance, interest payment dates, optional or mandatory redemption or tender rights, obligations to be exercised by the public corporation or the holder of the bond, the place of delivery and payment, and other matters and procedures necessary to complete the transactions authorized.

(2) If the bonds are additionally secured as provided in subsection (1)(a) and notwithstanding other provisions of this act, the bonds, including an obligation of the public corporation to a provider of additional security under subsection (1)(a) relating to that additional security, may be made payable on demand or prior to maturity at the option of the public corporation or the holder, or made subject to a tender, right, or obligation, at the time and in the manner determined by the governing body in the ordinance authorizing the bonds. If payable on demand or prior to maturity at the option of the public corporation or the holder, or if subject to a tender, right, or obligation, the bonds, including an obligation of the public corporation to a provider of additional security under subsection (1)(a) relating to that additional security, may bear no rate of interest or bear interest at a rate or rates which may be variable and which shall not be subject to the limitations provided in section 12, may be in a form with or without interest coupons, and may be sold at discount which shall not be subject to the limitation on discount provided in section 12 all as provided by the

governing body in the ordinance authorizing the bonds.

(3) Bonds which are additionally secured under subsection (1)(a), and which are tendered by the holder or considered tendered as provided in this subsection to the public corporation, to the trustee appointed pursuant to section 38, or to any other entity appointed pursuant to an agreement authorized by subsection (1)(a), shall not be redeemed by an optional or mandatory tender, but may be sold or remarketed by the public corporation, by the trustee appointed pursuant to section 38, or by any other entity appointed pursuant to an agreement authorized by subsection (1)(a) without the sale or remarketing being a reissuance or refunding. If so provided by the governing body in the ordinance authorizing the bonds, bonds which are additionally secured under the provisions of subsection (1)(a) may contain provisions under which the holders of the bonds may be considered to have tendered the bonds pursuant to the ordinance and the bonds. For purposes of determining the aggregate authorized amount of bonds outstanding, bonds which are considered tendered are no longer outstanding and may be replaced without redemption by bonds which may be sold or remarketed as provided in this subsection without the sale or remarketing being a reissuance or refunding.

(4) The remarketing or resale of tendered bonds or the incurrence of an obligation of the public corporation pursuant to an agreement providing additional security under subsection (1)(a) is not subject to referendum by the qualified electors of the public corporation pursuant to section 33 and may be sold or remarketed in the case of tendered bonds, or incurred in the case of an obligation pursuant to an agreement providing additional security under section 7a(1)(a), at public or private sale as determined by the governing body in the ordinance authorizing the bonds. The remarketing or resale of tendered bonds is not subject to the prior approval of the department of treasury as provided in this act if the original issue of bonds to which the tendered bonds or agreement relates was approved or excepted from approval by the department of treasury.

(5) The provisions of this section specify general authority under this act, may be exercised notwithstanding a charter provision to the contrary, and may be included in bonds issued before the effective date of this section which bonds are ratified and validated by this section.

(6) The amendatory act which added this section shall not be construed to expand or diminish the authority of a public corporation to pledge its full faith and credit without a referendum of the qualified electors.

(c) Be in those denominations, and mature on the date not exceeding 6 years after their date of issue, as the county treasurer by order determines.

(d) May be issued at an original issue discount not to exceed 2% of the face value of the note issued.

(e) The order authorizing issuance of the notes may provide that all or part of the notes shall be subject to prepayment and, if subject to prepayment, shall provide the amount of call premium payable, if any, the number of days' notice of prepayment that shall be given, and whether the notice shall be written or published, or both. Otherwise, the notes shall not be subject to prepayment.

(f) The sale and award of notes shall be conducted and made by the county treasurer at a public or private sale. If a public sale is held, the notes shall be advertised for sale once not less than 5 days before sale in a publication printed in the English language and circulated in this state that carries as a part of its regular service notices of the sales of municipal bonds and that has been designated in the resolution as a publication complying with these qualifications. The notice of sale shall be in the form designated by the county treasurer. The notes may be sold subject to the option of the county treasurer, and the county treasurer may withhold a part of the issue from delivery if, in his or her opinion, sufficient funds are available before delivery of the notes to make full delivery unnecessary to the purposes of the borrowing.

(5) If the county board of commissioners provides by resolution, the notes may also be limited tax full-faith and credit obligations of the county subject to the state constitution of 1963 as to the levying of any taxes not authorized by the voters or by law unless the county has held an election pursuant to section 87d of the general property tax act, 1893 PA 206, MCL 211.87d, if the county's voters have approved the proposition found in section 87d(1) of the general property tax act, 1893 PA 206, MCL 211.87d, permitting the county to pledge the county's unlimited taxing power for the purpose of providing money for the delinquent tax revolving fund. If the proceeds of the taxes pledged are not sufficient to pay the principal and interest of the notes when due, the county shall impose a general ad valorem tax without limitation as to rate or amount on all taxable property in the county to pay the principal and interest and may reimburse itself from delinquent taxes collected.

(6) If the county board of commissioners provides by resolution, the notes may be secured additionally by a pledge of the county's general fund and are subject to all the following:

(a) The notes shall be designated general obligation limited tax notes.

(b) The notes shall be the full faith and credit obligations of the county issuing them. If the proceeds of the taxes and interest and, when pledged, county property tax administration fees, or note reserve fund are not sufficient to pay the principal and interest, when due, the county shall pay the principal and interest from its general funds or any additional tax which may be levied within its constitutional and statutory debt limits, and the county may subsequently reimburse itself from delinquent taxes collected. The county's obligation to pay from its general funds shall be its first budget obligation and shall be provided for in the borrowing resolution in the following language:

"This note issue, in addition, shall be a general obligation of the county of _____, secured by its full faith and credit, which shall include this county's limited tax obligation, within applicable constitutional and statutory limits, and its general funds. The county budget shall provide that if the pledged delinquent taxes and any other pledged amounts are not collected in sufficient amounts to meet the payments of principal and interest due on these notes, the county, before paying any other budgeted amounts, will promptly advance from its general funds sufficient money to pay that principal and interest."

(7) Notwithstanding any other provisions of this section, all the following apply:

(a) Interest on the notes may be payable at any time provided in the order, and may be set, reset, or calculated as provided in the order.

(b) Notes issued under this section may have 1 or more of the following attributes:

(i) Made the subject of a put or agreement to repurchase by the county treasurer.

(ii) Secured by a letter of credit issued by a bank under an agreement entered into by the county treasurer or by any other collateral that the county treasurer's order may authorize.

(iii) Callable as set forth in the order.

(iv) Reissued by the county treasurer once reacquired by the county treasurer under any put or repurchase agreement.

(c) The county treasurer may by order do 1 or more of the following:

(i) Authorize the issuance of renewal notes.

(ii) Refund or refund in advance notes by the issuance of new notes, whether the notes to be refunded have or have not matured.

(iii) Issue notes partly to refund notes and partly for any other purposes authorized by this act.

(iv) Buy and sell any notes issued under this section.

(d) Renewal, refunding, or advance refunding notes shall comply with all of the following:

(i) Shall be sold and the proceeds applied to the purchase redemption or payment of the notes to be renewed or refunded.

(ii) Shall not be subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(iii) May be sold or resold at a public or private sale.

(iv) May pledge the delinquent taxes pledged in the issue to be refunded in advance after the original issue is defeased by the advance refunding issue.

(e) Notes may be issued and secured by a second lien on delinquent tax revenues, interest, and property tax administration fees already the subject of a first lien because of the issuance of a prior note issue.

(f) Any notes issued may be secured in whole or in part under a trust or escrow agreement, which agreement may also govern the issuance of renewal notes, refunding notes, and advance refunding notes. The agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.

(8) The notes issued under this section and interest on the notes shall be payable in lawful money of the United States of America and shall be exempt from all taxation by this state or a taxing authority in this state.

(9) The notes issued under this section may be made payable at a bank or trust company, or may be made registrable as to principal or as to principal and interest under the terms and conditions specified in the authorizing resolution or by the county treasurer when awarding the notes.

(10) To the extent authorized under section 87f of the general property tax act, 1893 PA 206, MCL 211.87f, a county treasurer shall have all the powers granted by this act to a public corporation and shall exercise those powers by order. A copy of that order shall be maintained in the records of the county treasurer, and a second copy shall be filed with the county clerk on December 31 each year for all such orders issued that year.

(11) Notwithstanding 1966 PA 293, MCL 45.501 to 45.521, a county operating under a home rule charter shall not be restricted by the provisions of the home rule charter in connection with the powers granted to the county treasurer to issue notes by this section. The treasurer of a county described in this subsection, notwithstanding any charter provisions to the contrary, shall have all of the powers granted to county treasurers by this section.

(12) If the treasurer so authorizes in the order authorizing the notes, any notes issued may be secured in whole or in part under a trust or escrow agreement. That agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.

(13) Notes issued under this act are exempt from the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

141.120 Revenue refunding bonds.

Sec. 20. (1) If a borrower has outstanding any bonds issued under this act, it may issue and negotiate new bonds under this act for the purpose of providing for the retirement of those outstanding bonds, in whole or in part. The new bonds shall be designated "revenue refunding bonds". Except as otherwise provided in the refunding ordinance, revenue refunding bonds shall be secured to the same extent and shall have the same source of payment as the bonds to be refunded, or may be payable from earnings on investments held in trust to pay refunded bonds for the period of time specified in the ordinance authorizing the bonds or from any other source provided in the ordinance authorizing the refunding bonds. The revenue refunding bonds may be issued to include the amount of any premium to be paid upon the calling of the bonds to be refunded, interest to the maturity or the earliest or any subsequent redemption date of the bonds to be refunded, and the cost of issuing the refunding bonds, or if the bonds are not callable, any premium necessary to be paid in order to secure the surrender of the bonds to be refunded. This section shall not be construed as providing for the redemption of noncallable unmatured bonds without the consent of the holder or holders of the bonds.

(2) The borrower may issue bonds partly to refund outstanding bonds, which portion shall be considered a revenue refunding bond for purposes of this section, and partly for any other purpose contemplated by this act but which would not include loans for private mortgage purposes.

(3) Bonds issued to refund outstanding bonds and bonds issued partly to refund outstanding bonds and partly for any other purposes may be issued in a principal amount and may bear an interest rate that is greater than, the same as, or lower than the principal amount and interest rate of the bonds to be refunded. The refunding bonds and the bonds issued pursuant to subsection (2) may be sold as provided in section 12 or, to the extent the bond is issued to refund an outstanding bond, may be exchanged for the obligations to be refunded by the obligations, and if sold, the proceeds attributable to the purpose of refunding an outstanding

obligation shall be deposited in a bank, trust company, savings and loan association, or credit union in a special trust account or escrow account to be used only for the payment at maturity or redemption or purchase of the outstanding bonds. If refunding bonds or bonds issued pursuant to subsection (2) are to be issued and sold for the sole or partial purpose of refunding unmatured noncallable bonds, the latter shall be surrendered and canceled at the time of the delivery to the purchaser of the refunding bonds, or the proceeds of the bonds attributable to the purpose of refunding an outstanding obligation and sufficient other funds shall be deposited in trust to pay principal and interest to maturity or principal, interest, and redemption premium to the earliest or any subsequent redemption date together with irrevocable instructions to the paying agent to call the bonds for redemption on that date. The borrower may deposit in trust direct obligations of, or obligations of the principal and interest of which are unconditionally guaranteed by, the United States that do not permit redemption at the option of the issuer and the principal and interest on which when due, without reinvestment, provide funds sufficient to pay principal, interest, and call premium, when due, on the bonds being refunded.

141.120a Combined public improvements; bonds; revenues pledged; retirement.

Sec. 20a. Any public corporation may determine to operate 2 or more public improvements as a combined public improvement and in such case it may pledge the revenues of such combined public improvement to the payment of revenue bonds issued to defray the cost of purchasing, acquiring, constructing, improving, enlarging, extending and/or repairing the whole or any part of such combined public improvement. Whenever any public corporation shall determine to issue any bonds under this act and pledge thereto the revenues of a public improvement or a combined public improvement, if there shall be outstanding bonds pledging the revenues of such public improvement or any unit or units of such combined public improvement, then such new bonds may be issued subject to such prior pledge, or may include an amount sufficient to retire such outstanding bonds, and to the extent that they are issued for such retirement, they shall be subject to the provisions of section 20 of this act, except that in lieu of being designated as refunding bonds, such new bonds shall recite the extent to which they refund outstanding obligations.

History: Add. 1943, Act 219, Imd. Eff. Apr. 20, 1943;—Am. 1946, 1st Ex. Sess., Act 23, Eff. June 7, 1946;—CL 1948, 141.120a.

141.120b Issuance of revenue bonds to retire outstanding bonds for public improvements; revenue refunding bonds; noncallable unmatured bonds.

Sec. 20b. If a township, city, or village has outstanding bonds issued for acquiring or constructing public improvements, whether the bonds are payable from revenues, special assessments, or taxes, it may issue revenue bonds under this act for the purpose of retiring the outstanding bonds. If a city or village has issued refunding bonds, including in a single series, or bonds for 1 or more of the public improvements together with bonds for other purposes, the governing body may designate by number and amount the refunding bonds of the series that represent the original bonds issued for the public improvements and may refund the bonds designated by the issuance of revenue refunding bonds under this act. The revenue refunding bonds shall be valid notwithstanding a defect in the proceedings for the issuance of the bonds refunded or for the acquisition of the public improvement if, at the time of refunding, the public improvement can be acquired and revenue bonds can be issued for the improvement under this act. If this act applies to the issuance, the new bonds shall be authorized in the same manner, shall be subject to the same conditions, shall be secured to the same extent, and shall have the same source of payment as other bonds issued under this act for like improvements. The bonds may include the costs of issuing the bonds and the amount of the premium to be paid on the calling of the outstanding bonds, or if the bonds are not callable, the premium necessary to be paid to secure the surrender of the bonds. If revenue refunding bonds are to be issued, the amount due upon a bond to be refunded may be reduced by consent of the holder of the bond, and refunding bonds may be issued for the reduced amount. This section shall not be construed as providing for the redemption of noncallable unmatured bonds without the consent of the holder of the bond. The bonds may be exchanged for the outstanding bonds or may be sold as provided in section 12. If sold, the proceeds shall be deposited in a bank, trust company, savings and loan association, or credit union in a special trust account or escrow account to be used only for the redemption or purchase of the outstanding bonds. If refunding bonds are to be issued and sold for the purpose of refunding noncallable unmatured bonds, the noncallable unmatured bonds shall be surrendered and canceled at the time of the delivery to the purchaser of the refunding bonds, or sufficient funds deposited in trust to pay principal and interest to maturity on noncallable bonds and principal, interest, and redemption premium to the earliest redemption date on callable bonds together with irrevocable instructions to the paying agent to call the bonds for redemption on that date. If the ordinance authorizing the bonds to be refunded

permits, the borrower may deposit in trust direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States that do not permit redemption at the option of the issuer and the principal and interest on which when due, without reinvestment, provide funds sufficient to pay principal, interest, and call premium, when due, on the bonds being refunded.

The special assessment bonds may be issued to include the amount of any premium to be paid upon the calling of the parking revenue bonds to be refunded or if such bonds are not callable, any premium necessary to be paid in order to secure the surrender of the bonds to be refunded; but the amount of the premium so included shall not exceed 5% of the principal amount of the bonds to be refunded. The procedures for levying the special assessments and for issuing the special assessment bonds shall be the same as that provided by charter or other applicable law. Nothing in this section shall be construed as providing for the refunding of noncallable unmaturing bonds without the consent of the holders thereof.

This account shall be designated “bond and interest redemption account”. In the event that the revenues of any operating year over and above those necessary for the operation and maintenance expenses shall be insufficient to pay the principal of and interest on the bonds maturing in any operating year, then an additional amount sufficient to pay the principal and interest shall be set aside out of the revenues of the next succeeding operating year, after provision for the expenses of operation and maintenance. In respect to the allocation and use of money in the bond and interest redemption account, due recognition shall be given as to priority rights, if any, between different issues or series of outstanding bonds.
