The People of the State of Michigan enact:

125.1401 Legislative determinations and findings.

Sec. 1. (1) The legislature hereby determines that there exists in the state a seriously inadequate supply of, and a pressing need for, safe and sanitary dwelling accommodations within the financial means of low income or moderate income families or persons, including those families and persons displaced by the clearing of slums and blighted areas or by other public programs; that there exists in this state a high incidence of residential real property occupied by persons of low and moderate income which is not safe, sanitary, or adequate and that there is a pressing need for rehabilitation of that property; that large areas in municipalities have become blighted or, through programs to remove blight, have become vacant, resulting in the impairment or loss of taxable values upon which municipal revenue largely depends; that large numbers of middle and upper income persons and families have left municipalities which have high concentrations of low income persons and families resulting in a high demand for municipal services notwithstanding a low potential for generating revenues necessary to pay for those services; that the existence of blight, the inability to redevelop cleared areas, and the lack of economic integration is detrimental to the general welfare of the citizens of this state and the economic welfare of municipalities in this state; that the financing of housing for persons and families without regard to income will assist in preserving existing values of property within or adjacent to blighted or cleared areas; that economic integration will promote the financial and social stability of housing for families and persons of low and moderate income; that in order to improve and maintain the general character of municipalities having the aforesaid characteristics, it is necessary to promote the development of housing for persons and families without regard to income; that to increase the availability of safe and sanitary housing generally it is necessary to facilitate the purchase of existing housing by making financing for the purchase of existing housing available at affordable interest rates; that there are inadequate social, recreational, commercial, and communal facilities in residential areas inhabited by low income or moderate income families or persons and in areas blighted or vacant because of slum clearance, and that housing financed pursuant to this act will not be viable without adequate social, recreational, commercial, and communal facilities in the surrounding area; and that it is a valid public purpose to finance the acquisition and rehabilitation of existing housing or the construction of additional housing for those low or moderate income families and persons who would otherwise be unable to obtain adequate and affordable dwellings, to finance the rehabilitation of residential real property occupied or to be occupied by persons and families of low and moderate income who would otherwise be unable to afford the purchase or rehabilitation of residential real property which is safe, sanitary, or adequate, to finance housing for persons and families without regard to income in areas in municipalities which are experiencing blight or inability to redevelop land cleared of blight which are predominately populated by low and moderate income persons and families, to finance social, recreational, commercial, and communal facilities to serve those families or persons, to enhance authority-financed housing, to establish and provide acceleration and foreclosure procedures for authority-financed housing, and to acquire land for present or future development including that housing and social, recreational, commercial, and communal facilities; that it is a valid public purpose to finance safe, sanitary, and adequate mobile homes, mobile home parks, and mobile home condominium projects for persons and families of low and moderate income in order to facilitate the provision of affordable housing for such persons, to finance mobile homes, mobile home parks, and mobile home condominium projects without

regard to income in areas in municipalities which are experiencing blight or inability to redevelop land cleared of blight which are predominately populated by low and moderate income persons and families, and to finance social, recreational, commercial, and communal facilities in mobile home parks and mobile home condominium projects, the financing of mobile homes, mobile home parks, and mobile home condominium projects being necessary to fill a gap in the housing market.

(2) It is further determined that the supply of low and moderate cost housing available for occupancy by certain persons with disabilities and certain elderly persons is being eroded through greatly increasing rental rates, and the conversion of low and moderate cost rental units into condominium units which are then sold at prices and under financing terms which are not affordable to those persons with disabilities and elderly persons. It is further determined that it is a proper public purpose to prevent the erosion of the supply of existing low and moderate cost housing available for occupancy by certain persons with disabilities and elderly persons by taking appropriate action to prevent the displacement of those persons with disabilities and elderly persons from existing low and moderate cost housing, including the making of loans enabling those persons with disabilities and elderly persons to continue to rent the units in which they reside.

(3) It is further determined that to assure an adequate supply of safe and sanitary housing for families of low and moderate income within the financial means of those families, it is necessary to facilitate the purchase of safe and sanitary existing housing by those families; that, in addition, new single-family housing construction is inhibited by the inability of prospective purchasers to sell existing single-family residences, and that those conditions result in the reduction of the number of safe and sanitary dwellings which would otherwise be made available to persons of low and moderate income; and that the depressed economy and decreased employment in this state are detrimental to the general welfare of the citizens of this state. It is further determined that it is necessary in order to alleviate those conditions and is a valid public purpose to provide for the financing or refinancing, with the assistance of the authority, of the purchase of existing single-family residences for occupancy by low and moderate income families and families without regard to income in areas in municipalities which are experiencing blight or inability to redevelop land cleared of blight and which are predominately populated by low and moderate income persons and families.

(4) It is further determined that there exists in this state a high incidence of residential rental property which is not safe, sanitary, adequate, or energy efficient, and that there is a pressing need for the rehabilitation of residential rental property in order to preserve and improve the state's existing housing stock. It is further determined that it is necessary in order to alleviate those conditions and is a valid public purpose to provide for the financing, with the assistance of the authority, of the rehabilitation of existing residential rental property without regard to the income of the persons or entities owning the property or of the tenants of the property.

(5) It is further determined that there is a statewide pressing need for programs to alleviate and prevent conditions of unemployment in the housing industry, to preserve existing jobs and create new jobs to meet the employment demands of population growth, to promote the development of construction related business enterprises, to revitalize and diversify the Michigan economy in general, and to achieve the goals of economic growth and full employment.

(6) It is further determined that the construction and rehabilitation of safe and sanitary dwellings are necessary to the creation and retention of jobs in the state.

(7) It is further determined that the retention, promotion, and development of the housing industry require additional means of financing to help existing business enterprises expand more rapidly, to promote the location of additional business enterprises in this state, and to alleviate and prevent conditions of unemployment.

(8) It is further determined that economic conditions and single-family home mortgage market standards, activities, and practices, including forms of predatory and abusive mortgage loan financing, have resulted in an increase in the incidence of mortgage loan default and mortgage foreclosure in the state, and that there is a pressing need for the creation of programs to assist low and moderate income individuals and families with the refinancing of single-family mortgages in this state, which programs will prevent families from losing their homes and help to stabilize the housing market in this state.

(9) The legislature finds that the conditions described in subsections (1) to (8) cannot be remedied by the ordinary operation of private enterprise without supplementary public participation and that the authority and powers conferred by this act constitute a necessary program and serve a valid public purpose.

125.1412 Liberal construction.

Sec. 12. This act, being necessary for and to secure the public health, safety, convenience, and welfare of the citizens of the state, shall be liberally construed to effect its public purposes.

History: Add. 1987, Act 180, Imd. Eff. Nov. 25, 1987.

125.1415 Repealed. 1968, Act 334, Imd. Eff. July 14, 1968.

Compiler's note: The repealed section pertained to nonprofit housing corporation tax exemption and payments in lieu of taxes.

125.1415a Exemption of housing project from taxes; filing certified notification of exemption with local assessing authority; annual service charge; amount; duration of exemption; distribution of payments for public services; exceptions; payment of service charge equal to full amount of taxes; reduced housing charges; "low income persons and families" defined; rules; reimbursement prohibited.

Sec. 15a. (1) If a housing project owned by a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association is financed with a federally-aided or authority-aided mortgage or advance or grant from the authority, then, except as provided in this section, the housing project is exempt from all ad valorem property taxes imposed by this state or by any political subdivision, public body, or taxing district in which the project is located. The owner of a housing project eligible for the exemption shall file with the local assessing officer a notification of the exemption, which shall be in an affidavit form as provided by the authority. The completed affidavit form first shall be submitted to the authority for certification by the authority that the project is eligible for the exemption. The owner then shall file the certified notification of the exemption with the local assessing officer before November 1 of the year preceding the tax year in which the exemption is to begin.

(2) The owner of a housing project exempt from taxation under this section shall pay to the municipality in which the project is located an annual service charge for public services in lieu of all taxes. Subject to subsection (6), the amount to be paid as a service charge in lieu of taxes shall be for new construction projects the greater of, and for rehabilitation projects the lesser of, the tax on the property on which the project is located for the tax year before the date when construction or rehabilitation of the project was commenced or 10% of the annual shelter rents obtained from the project. A municipality, by ordinance, may establish or change, by any amount it chooses, the service charge to be paid in lieu of taxes by all or any class of housing projects exempt from taxation under this act. However, the service charge shall not exceed the taxes that would be paid but for this act.

(3) The exemption from taxation granted by this section shall remain in effect for as long as the federally-aided or authority-aided mortgage or advance or grant from the authority is outstanding, but not more than 50 years. The municipality may establish by ordinance a different period of time for the exemption to remain in effect.

(4) Except as otherwise provided in this subsection, any payments for public services received by a municipality in lieu of taxes under this section shall be distributed by the municipality to the several units levying the general property tax in the same proportion as prevailed with the general property tax in the previous calendar year. For payments in lieu of taxes collected after June 30, 1994, the distribution to the several units shall be made as if the number of mills levied for local school district operating purposes were equal to the number of mills levied for those purposes in 1993 minus the number of mills levied under the state education tax act, Act No. 331 of the Public Acts of 1993, being sections 211.901 to 211.906 of the Michigan Compiled Laws, for the year for which the distribution is calculated. For tax years after 1993, the amount of payments in lieu of taxes to be distributed to a local school district for operating purposes under this subsection shall not be distributed to the local school district but instead shall be paid to the state treasury and credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(5) Notwithstanding subsection (1), a municipality may provide by ordinance that the tax exemption established in subsection (1) shall not apply to all or any class of housing projects within its boundaries to which subsection (1) applies. If the municipality makes that provision, the tax exemption established in subsection (1) shall not apply to the class of housing projects designated in the ordinance. If the ordinance so provides, the ordinance shall be effective with respect to housing projects for which an exemption has already

been granted on December 31 of the year in which the ordinance is adopted, but not before. A municipality that has adopted an ordinance described in this subsection may repeal that ordinance, and the repeal shall become effective on the date designated in the repealing ordinance.

(6) Notwithstanding subsection (2), the service charge to be paid each year in lieu of taxes for that part of a housing project that is tax exempt under subsection (1) and that is occupied by other than low income persons or families shall be equal to the full amount of the taxes that would be paid on that portion of the project if the project were not tax exempt. The benefits of any tax exemption granted under this section shall be allocated by the owner of the housing project exclusively to low income persons or families in the form of reduced housing charges.

(7) For purposes of this section only, "low income persons and families" means, with respect to any housing project that is tax exempt, persons and families eligible to move into that project. For purposes of this subsection, the authority may promulgate rules to redefine low income persons or families for each municipality on the basis of conditions existing in that municipality.

(8) This state shall not reimburse any unit of government for a tax exemption granted to any housing project under this section.

History: Add. 1968, Act 334, Imd. Eff. July 14, 1968;—Am. 1969, Act 109, Imd. Eff. July 24, 1969;—Am. 1979, Act 49, Imd. Eff. July 7, 1979;—Am. 1982, Act 534, Imd. Eff. Dec. 31, 1982;—Am. 1983, Act 217, Imd. Eff. Nov. 16, 1983;—Am. 1994, Act 363, Imd. Eff. Dec. 27, 1994.

Compiler's note: Section 2 of Act No. 363 of the Public Acts of 1994 provides:

"The provisions of this amendatory act, providing that the exemption from taxes provided in section 15a of this act be limited to ad valorem property taxes, are curative expressing the original intent of the legislature that the exemption extends only to ad valorem property taxes and does not apply to the other taxes levied under Michigan law."

Administrative rules: R 125.101 et seq. of the Michigan Administrative Code.

125.1417 Advisory and other services.

Sec. 17. The authority may provide to any organization or person participating or intending to participate in the development, design, or management of authority-assisted housing or in the contracting or subcontracting of the construction or rehabilitation of authority-assisted housing, such advisory, consultative, technical, training, and educational services as will assist them to more effectively provide authority-assisted housing. Advisory and educational services may include but are not necessarily limited to technical and professional planning assistance, the preparation and promulgation of organizational planning and development outlines and guides, consultation services, training courses, seminars and lectures, the preparation and dissemination of newsletters and other printed materials, and the services of field representatives.

CHAPTER 2

125.1421 Michigan state housing development authority; creation; composition; appointment, qualifications, and terms of members; vacancy; expenses; certificate of appointment or reappointment; designated resident members; powers vested in members; quorum; actions of authority; findings of fact; meetings; chairperson and vice-chairperson; officers, agents, and employees; delegation of powers and duties; relationship to department of consumer and industry services; "section 8" defined.

Sec. 21. (1) There is created a public body corporate and politic to be known as the "Michigan state housing development authority". The authority shall consist of 3 heads of principal departments of the executive branch of the state government and 4 persons appointed by the governor with the advice and consent of the senate. Excluding the 3 heads of principal departments of the executive branch of state government and the designated resident member described in subsection (2), not more than 2 of the persons appointed shall be members of the same political party. Upon completion of each term, a person shall be appointed for a term of 4 years, except that a vacancy shall be filled for the unexpired term. A member of the authority shall not receive compensation for services but is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of the member's duties. Each member shall hold office until a successor has been appointed and has qualified. A certificate of appointment or reappointment of a member shall be filed with the authority and this certificate shall be conclusive evidence of the proper appointment of that member.

(2) If federal law requires designation of a resident member on the authority, the number of gubernatorially

appointed members, in addition to the 3 heads of principal departments, increases from 4 to 5. One of the 5 gubernatorially appointed members shall be the designated resident member. The resident member shall meet both of the following requirements:

(a) The person is an individual directly assisted by a federal housing program administered through the authority. As used in this subdivision, "directly assisted" means residing in federally-supported public housing or receiving section 8 tenant-based assistance. Directly assisted does not include a state-financed housing assistance program, section 8 project-based assistance, or section 8 new construction assistance.

(b) The person is an eligible resident. As used in this subdivision, "eligible resident" means a person whose name appears on the lease of the assisted housing who is 18 years of age or older.

(3) A person who no longer meets either requirement of subsection (2)(a) or (b) is removed from the authority for cause upon the appointment of another person as the resident member position.

(4) The powers of the authority shall be vested in the members in office. A majority of the members of the authority constitutes a quorum for the purpose of conducting the authority's business, for exercising the authority's powers, and for other purposes, notwithstanding the existence of any vacancies. Action may be taken by the authority upon a vote of a majority of the members present, unless the bylaws of the authority require a larger number, except that to the extent required by federal law, the resident member shall only take part in, vote on, and exercise the powers of the authority concerning decisions related to the administration, operation, and management of federal public housing programs and section 8 tenant-based assistance programs. The resident member shall not take part in, vote on, or exercise the powers of the authority in a matter that uniquely applies to the resident member and is not generally applicable to all residents. In the absence of fraud, a determination of the authority with respect to findings of fact made by the authority acting within the scope of its powers is conclusive, except with respect to the approval of the municipal finance commission or its successor agency as required by law.

(5) Meetings of the members of the authority may be held anywhere in this state. The business that the authority may perform shall be conducted at a public meeting of the authority held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(6) The authority shall elect a chairperson and vice-chairperson. The authority shall employ an executive director, legal and technical experts, and other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation. The authority may delegate to 1 or more agents or employees those powers or duties as the authority considers proper.

(7) The authority shall be within the department of consumer and industry services and shall exercise the authority's prescribed statutory powers, duties, and functions independently of the head of that department. However, the budgeting, procurement, and related functions of the authority shall be performed under the direction and supervision of the director of consumer and industry services.

(8) As used in this section, "section 8" means section 8 of the United States housing act of 1937, chapter 896, 88 Stat. 662, 42 U.S.C. 1437f.

125.1422 Powers of authority.

Sec. 22. The authority possesses all powers necessary or convenient to carry out this act, including the following powers in addition to other powers granted by other provisions of this act:

(a) To sue and to be sued; to have a seal and to alter the seal at pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the authority; and to make, amend, and repeal bylaws and rules.

(b) To undertake and carry out studies and analyses of housing needs within this state and ways of meeting those needs, including data with respect to population and family groups, the distribution of population and

family groups according to income, and the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, and other factors affecting housing needs and the meeting of housing needs; to make the results of those studies and analyses available to the public and the housing and supply industries; and to engage in research and disseminate information on housing.

(c) To agree and comply with conditions attached to federal financial assistance.

(d) To survey and investigate housing conditions and needs, both urban and rural, throughout this state and make recommendations to the governor and the legislature regarding legislation and other measures necessary or advisable to alleviate any existing housing shortage in this state.

(e) To establish and collect fees and charges in connection with the sale of the authority's publications and the authority's loans, commitments, and servicing, including, but not limited to, the reimbursement of costs of financing by the authority, service charges, and insurance premiums as the authority determines to be reasonable and as approved by the authority. Fees and charges shall be determined by the authority and shall not be considered to be interest. The authority may use any accumulated fees and charges and interest income for achieving any of the corporate purposes of the authority, to the extent that the fees, charges, and interest income are not pledged to the repayment of bonds and notes of the authority or the interest on those bonds and notes.

(f) To encourage community organizations to assist in initiating housing projects as provided in this act.

(g) To encourage the salvage of all possible usable housing scheduled for demolition because of highway, school, urban renewal, or other programs by seeking authority for the sponsors of the programs to use funds provided for the demolition of the buildings, to be allocated to those sponsors approved by the authority to defray moving and rehabilitation costs of the buildings.

(h) To engage and encourage research in, and to formulate demonstration projects to develop, new and better techniques and methods for increasing the supply of housing for persons eligible for assistance as provided in this act; and to provide technical assistance in the development of housing projects and in the development of programs to improve the quality of life for all the people of this state.

(i) To make or purchase loans, including loans for condominium units as defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, and including loans to mortgage lenders, which are unsecured or the repayments of which are secured by mortgages, security interests, or other forms of security; to purchase and enter into commitments for the purchase of securities, certificates of deposits, time deposits, or mortgage loans from mortgage lenders; to participate in the making or purchasing of unsecured or secured loans and undertake commitments to make or purchase unsecured or secured loans; to sell mortgages, security interests, notes, and other instruments or obligations evidencing or securing loans, including certificates evidencing interests in 1 or more loans, at public or private sale; in connection with the sale of an instrument or obligation evidencing or securing 1 or more loans, to service, guarantee payment on, or repurchase the instrument or obligation, whether or not it is in default; to modify or alter mortgages and security interests; to foreclose on any mortgage, security interest, or other form of security; to finance housing units; to commence an action to protect or enforce a right conferred upon the authority by law, mortgage, security agreement, contract, or other agreement; to bid for and purchase property that was the subject of the mortgage, security interest, or other form of security, at a foreclosure or at any other sale, and to acquire or take possession of the property. Upon acquiring or taking possession of the property, the authority may complete, administer, and pay the principal and interest of obligations incurred in connection with the property, and may dispose of and otherwise deal with the property in any manner necessary or desirable to protect the interests of the authority in the property. If the authority or an entity that provides mortgage insurance to the authority acquires property upon the default of a borrower, the authority may make a mortgage loan to a subsequent purchaser of that property even if the purchaser does not meet otherwise applicable income limitations and purchase price limits.

(j) To set standards for housing projects that receive loans under this act and to provide for inspections to determine compliance with those standards. The standards for construction and rehabilitation of mobile homes, mobile home parks, and mobile home condominium projects shall be established jointly by the authority and the mobile home commission, created in section 3 of the mobile home commission act, 1987 PA 96, MCL 125.2303. However, financing standards shall be established solely by the authority.

(k) To accept gifts, grants, loans, appropriations, or other aid from the federal, state, or local government, from a subdivision, agency, or instrumentality of a federal, state, or local government, or from a person, corporation, firm, or other organization.

(l) To acquire or contract to acquire from a person, firm, corporation, municipality, or federal or state agency, by grant, purchase, or otherwise, leaseholds or real or personal property, or any interest in a leasehold or real or personal property; to own, hold, clear, improve, and rehabilitate and to sell, assign, exchange, transfer, convey, lease, mortgage, or otherwise dispose of or encumber any interest in a leasehold or real or personal property.

personal property. This act shall not impede the operation and effect of local zoning, building, and housing ordinances, ordinances relating to subdivision control, land development, or fire prevention, or other ordinances having to do with housing or the development of housing.

(m) To procure insurance against any loss in connection with the property and other assets of the authority.

(n) To invest, at the discretion of the authority, funds held in reserve or sinking funds, or money not required for immediate use or disbursement, in obligations of this state or of the United States, in obligations the principal and interest of which are guaranteed by this state or the United States, or in other obligations as may be approved by the state treasurer.

(o) To promulgate rules necessary to carry out the purposes of this act and to exercise the powers expressly granted in this act pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(p) To enter into agreements with nonprofit housing corporations, consumer housing cooperatives, limited dividend housing corporations, mobile home park corporations, and mobile home park associations that provide for regulation by the authority of the planning, development, and management of any housing project undertaken by nonprofit housing corporations, consumer housing cooperatives, limited dividend housing corporations, mobile home park corporations, and mobile home park associations and that provide for the disposition of the property and franchises of those corporations, cooperatives, and associations.

(q) To appoint to the board of directors of a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association, a number of new directors sufficient to constitute a majority of the board notwithstanding other provisions of the articles of incorporation or other provisions of law. Directors appointed under this subsection need not be stockholders or members or meet other qualifications that may be described by the certificate of incorporation or bylaws. In the absence of fraud or bad faith, directors appointed under this subsection shall not be personally liable for debts, obligations, or liabilities of the corporation or association. The authority may appoint directors under this subsection only if 1 or more of the following occur:

(i) The nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association has received a loan or advance, as provided for in this act, and the authority determines that the loan or advance is in jeopardy of not being repaid.

(ii) The nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association received a loan or advance as provided for in this act and the authority determines that the proposed housing project for which the loan or advance was made is in jeopardy of not being constructed.

(iii) The authority determines that some part of the net income or net earnings of the nonprofit housing corporation is inuring to the benefit of a private individual, firm, corporation, partnership, or association; the authority determines that an unreasonable part of the net income or net earnings of the consumer housing cooperative is inuring to the benefit of a private individual, firm, corporation, partnership, or association; or the authority determines that some part of the net income or net earnings of the limited dividend housing corporation, in excess of that permitted by other provisions of this act, is inuring to the benefit of a private individual, firm, corporation, partnership, or association.

(iv) The authority determines that the nonprofit corporation or consumer housing cooperative is in some manner controlled by, under the direction of, or acting in the substantial interest of a private individual, firm, corporation, partnership, or association seeking to derive benefit or gain from, or seeking to eliminate or minimize losses in any dealings or transactions with, the nonprofit corporation or consumer housing cooperative. However, this subparagraph shall apply to individual cooperators in consumer housing cooperatives only in circumstances defined by the authority in its rules.

(v) The authority determines that the nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association is in violation of the rules promulgated under this section.

(vi) The authority determines that the nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association is in violation of 1 or more agreements entered into with the authority that provide for regulation by the authority of the planning, development, and management of a housing project undertaken by the nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, mobile home park corporation, or mobile home park association or that provide for the disposition of the property and franchises of the corporation, cooperative, or association.

(r) To give approval or consent to the articles of incorporation submitted to the authority by a corporation seeking approval as a nonprofit housing corporation, consumer housing cooperative, limited dividend housing

corporation, or mobile home park corporation under chapter 4, 5, 6, or 8; to give approval or consent to the partnership agreement, joint venture agreement, trust agreement, or other document of basic organization of a limited dividend housing association under chapter 7 or mobile home park association under chapter 9.

(s) To engage the services of private consultants on a contract basis for rendering professional and technical assistance and advice.

(t) To lease real or personal property and to accept federal funds for, and participate in, federal programs of housing assistance.

(u) To review and approve rental charges for authority-financed housing projects and require whatever changes the authority determines to be necessary. The changes shall become effective after not less than 30 days' written notice is given to the residents of the affected authority-financed housing projects.

(v) To set forth in the various loan documents of the authority those restrictions on the sale, conveyance by land contract, or transfer of residential real property, housing projects, or housing units for which a note is held by the authority and restrictions on the assumption by subsequent purchasers of loans originated by and held by, or originated for purchase by and held by, the authority as the authority determines to be necessary in order to comply with requirements of federal statutes, federal rules or regulations promulgated under 5 USC 551 to 559, state statutes, or state rules promulgated under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, or to obtain and maintain the tax exempt status of authority bonds and notes. However, the authority shall not use a due on sale or acceleration clause solely for the purpose of renegotiating the interest rate on a loan made with respect to an owner-occupied single-family housing unit. Without limiting the authority's power to establish other restrictions, as provided in this section, on the sale, conveyance by land contract, or transfer of residential real property, housing projects, or housing units for which a note is held by the authority and the assumption by subsequent purchasers of loans made or purchased by the authority, the authority shall provide in its loan documents relating to a single family loan that the single family loan may be assumed by a new purchaser only when the new purchaser qualifies under the authority income limitations rules, unless such a restriction diminishes or precludes the insurance or a guarantee by an agency of the federal government with respect to the single family loan. A loan made for a mobile home that the borrower does not intend to permanently affix to real property shall become immediately due and payable if the mobile home is moved out of the state. Any restrictions on conveyance by sale, conveyance by land contract, or transfer that are authorized in this section shall apply only to loans originated by and held by, or originated for purchase by and held by, the authority and may, at the option of the authority, be enforced by accelerating and declaring immediately due and payable all sums evidenced by the note held by the authority. An acceleration and declaration of all sums to be due and payable on conveyance by sale, land contract, or transfer is not an unreasonable restraint on alienation. An acceleration and declaration, unless otherwise prohibited in this subdivision, of all sums to be due and payable under this subdivision is enforceable in any court of competent jurisdiction. This subdivision is applicable to secured and unsecured loans. This subdivision is also applicable to loan documents utilized in conjunction with an authority-operated program of residential rehabilitation by an entity cooperating or participating with the authority under section 22a(4), if the loans are originated with the intent to sell those loans to the authority.

(w) To set forth in the various loan documents of the authority remedies for the making of a false statement, representation, or pretense or a material misstatement by a borrower during the loan application process. Without limiting the authority's power to pursue other remedies, the authority shall provide in its loan documents that, if a borrower makes a false statement, representation, or pretense or a material misstatement during the loan application process, the authority, at its option, may accelerate and declare immediately due and payable all sums evidenced by the note held by the authority. An acceleration and declaration of all sums to be due and payable as provided in this subdivision is enforceable in any court of competent jurisdiction. This subdivision is applicable to secured and unsecured loans.

(x) To collect interest on a real estate loan, the primary security for which is not a first lien on real estate, at the rate of 15% or less per annum on the unpaid balance. This subdivision does not impair the validity of a transaction or rate of interest that is lawful without regard to this subdivision.

(y) To encourage and engage or participate in programs to accomplish the preservation of housing in this state available for occupancy by persons and families of low or moderate income.

(z) To verify for the state treasurer statements submitted by a city, village, township, or county as to exempt properties under section 7d of the general property tax act, 1893 PA 206, MCL 211.7d.

(aa) For the purpose of more effectively managing its debt service, to enter into an interest rate exchange or swap, hedge, or similar agreement with respect to its bonds or notes on the terms and payable from the sources and with the security, if any, as determined by a resolution of the authority.

(bb) To make working capital loans to contractors or subcontractors on housing projects financed by the authority. The authority shall submit an annual report to the legislature containing the amount, recipient,

duration, circumstance, and other related statistics for each capital loan made to a contractor or subcontractor under this subdivision. The authority shall include in the report statistics related to the cost of improvements made to adapt property for use by disabled individuals as provided in section 32b or 44.

(cc) Subject to rules of the civil service commission, to adopt a code of ethics with respect to its employees that requires disclosure of financial interests, defines and precludes conflicts of interest, and establishes reasonable post-employment restrictions for a period of up to 1 year after an employee terminates employment with the authority.

(dd) To impose covenants running with the land in order to satisfy requirements of applicable federal law with respect to housing assisted or to be assisted through federal programs such as the low income housing tax credit program or the home investment partnerships program. These covenants shall be imposed by executing and recording regulatory agreements between the authority, or a municipality or other entity designated by the authority, and the person or entity to be bound. The covenants shall run with the land and be effective with respect to the parties making the covenants and other intended beneficiaries of the covenants, even though there is no privity of estate or privity of contract between the authority and the persons or entities to be bound.

(ee) To impose covenants running with the land in order to satisfy requirements of applicable state or federal law with respect to housing financed by the authority. These covenants shall be imposed by executing and recording regulatory agreements between the authority and the person or entity to be bound. The covenants shall run with the land and be effective with respect to the parties making the covenants and other intended beneficiaries of the covenants, even though there is no privity of estate or privity of contract between the authority and the persons or entities to be bound. With respect to any applicable environmental laws, this subdivision does not grant to the authority any additional rights, privileges, or immunities not otherwise afforded to a private lender that is not in the chain of title for the land.

(ff) To participate in programs designed to assist persons and families whose incomes do not exceed 115% of the greater of statewide median gross income or the area median gross income become homeowners where loans are made by private lenders for purchase by the government national mortgage association, federal national mortgage association, federal home loan mortgage corporation, or other federally chartered organizations. Participation may include providing or funding homeownership counseling and providing some or all of a reserve fund to be used to pay for losses in excess of insurance coverage.

(gg) To invest, under the conditions prescribed in this subdivision and without the consent of the escrow depositors, up to 20% of funds held, by or for the authority, in escrow accounts for the benefit of the authority or mortgagors of authority-financed housing. The investments under this subdivision shall be made in loans originated or purchased by the authority for construction or rehabilitation of multifamily housing developments for occupancy by persons or families without regard to income. In connection with loans described in this subdivision, the authority may charge and retain fees in amounts similar to those charged with respect to similar loans for which the source of funding does not come from escrow accounts. For purposes of this subdivision, "escrow account" means any account or reserve held by the authority and established in a mortgage or a regulatory agreement to which the authority is a party or which has been assigned to the authority. However, for purposes of this subdivision, escrow account does not include any account labeled in the associated regulatory agreement as "development cost escrow principal" or "operating assurance reserve". For purposes of this subdivision, "multifamily housing development" means a development in which not less than 50% of the floor space is used primarily for residential purposes. The investment authorized by this subdivision shall not be made unless both of the following requirements are met:

(i) The return on the loan is approximately equivalent to that which could be obtained from investments of substantially similar credit quality and maturity, as determined by the authority.

(ii) The authority agrees to pay with its own funds the principal balance of any loan, made with the escrow funds, that becomes delinquent in excess of 30 days. This subdivision does not obligate the authority to purchase a delinquent loan so long as with respect to that loan the authority pays to the escrow funds from its own funds the amount of the delinquent payments. The authority's election to pay the delinquent payments to the escrow funds does not in any manner abate or cure the delinquency of the loan and the authority may resort to any remedies that would exist in the absence of that payment.

(hh) To acquire, develop, rehabilitate, own, operate, and enter into contracts with respect to the management and operation of real and personal property to use as office facilities by the authority and to enter into leases with respect to facilities not immediately necessary for the activities of the authority.

(ii) To make loans to certain qualified buyers and resident organizations and to make grants to resident organizations as provided in the following:

(i) The urban homestead act, 1999 PA 127, MCL 125.2701 to 125.2709.

(ii) The urban homesteading on vacant land act, 1999 PA 129, MCL 125.2741 to 125.2748.

(iii) The urban homesteading in single-family public housing act, 1999 PA 128, MCL 125.2761 to 125.2770.

(iv) The urban homesteading in multifamily public housing act, 1999 PA 84, MCL 125.2721 to 125.2734.

(jj) To implement and administer a housing and community development program as described in this act.

(kk) To implement, administer, or execute administrative, substantive, or supervisory powers pursuant to the individual or family development account program act, 2006 PA 513, MCL 206.901 to 206.911.

125.1422a Rehabilitation of residential real or rental property; loans, grants, or deferred payment loans to persons and families of low and moderate income; loans to persons in areas of chronic economic stress and to persons located elsewhere in state; powers of authority; participation or cooperation with governing bodies, private organizations, or public organizations; plan; selection of neighborhoods.

Sec. 22a. (1) In addition to the powers described in section 22, the authority may purchase, make, or otherwise participate in the making and may enter into commitments for the purchase, making, or participation in the making of loans, grants, or deferred payment loans to persons and families of low and moderate income for the rehabilitation of residential real property owned or to be owned by them or the authority may, without regard to the income of the owners or occupants of residential rental property, purchase, make, or otherwise participate in the making and may enter into commitments for the purchase, making, or participation in the making of loans for the rehabilitation of residential rental property to persons or entities owning residential rental property located in areas of chronic economic distress or to persons or entities owning moderate cost residential rental property located elsewhere in this state.

(2) In connection with the loans, grants, and deferred payment loans the authority may do any of the following:

(a) Sell mortgages and security interests at public or private sale.

(b) Modify or alter mortgages and security interests.

(c) Foreclose on a mortgage, security interest, or other form of security.

(d) Commence an action to protect or enforce a right conferred upon it by law, mortgage, security agreement, contract, or other agreement.

(e) Bid for and purchase property which was the subject of the mortgage, security interest, or other form of security at a foreclosure or at any other sale.

(f) Acquire or take possession of the property.

(3) If the authority takes any action under subsection (2), the authority may complete, administer, pay the principal and interest or obligations incurred in connection with the property, dispose of, and otherwise deal with, the property, in a manner necessary or desirable to protect the interests of the authority in the property.

(4) The authority may participate or cooperate with a governing body, or a subdivision or agency or instrumentality of a governing body, or any other private or public organization in planning or implementing programs of residential rehabilitation involving the purchase, making, or participation in loans, grants, or deferred payment loans to persons and families of low and moderate income. The participation or cooperation may involve a concentration of loan, grant, and deferred payment loan activity in particular neighborhoods. Before engaging in that participation or cooperation with a governing body or a subdivision or agency or instrumentality of a governing body, the authority shall receive from the governing body to be involved in the program a plan embracing the entire geographical area of the governing body. The plan shall do the following:

(a) Address by neighborhood the need for housing conservation, rehabilitation, and redevelopment.

section and other governmental and private programs then in operation which may assist in conserving, rehabilitating, or redeveloping neighborhoods.

(c) Indicate to the extent possible the nature and source of revenues which are or are projected to be available to implement the plan.

(d) Indicate priorities in implementing the plan.

(5) Neighborhoods selected for housing conservation and rehabilitation under this section shall be determined upon mutual agreement of the authority and the governing body involved.

125.1422b Designation of authority as housing credit agency; purpose; amount of housing credit ceiling; qualification of applicant; allocation plan; distribution; setting aside allocable amounts; reapportionment of unallocated credit amounts; applications for low income housing tax credit; fees; “rural housing projects” defined.

Sec. 22b. (1) The authority is designated as the housing credit agency for the state for the purpose of allocating and administering the low income housing credit established under section 42 of the internal revenue code of 1986.

(2) The state's housing credit ceiling applicable for a calendar year shall be an amount equal to the sum of all of the following:

(a) One dollar and twenty-five cents multiplied by the state's population, unless a different amount is authorized by section 42 of the internal revenue code of 1986. The state's population shall be determined by the most recent census estimates of the state's population published by the United States bureau of census before the beginning of the calendar year or by another method as authorized by the internal revenue code of 1986.

(b) The unused state housing credit ceiling, if any, of the state for the preceding calendar year, for years subsequent to 1989.

(c) The amount of state housing credit ceiling returned in the calendar year, for years subsequent to 1989.

(d) The amount, if any, allocated to the state under section 42(h)(3)(D) of the internal revenue code of 1986.

(3) An applicant for an allocation of low income housing tax credit shall be qualified to receive the credit pursuant to the requirements of the internal revenue code of 1986 and the regulations, guidelines, rulings, and interpretations issued by the United States treasury department or the internal revenue service, that controls in the event of conflict with a requirement of this section.

(4) The state's low income housing tax credit is allocable pursuant to a qualified allocation plan prepared by the authority, submitted to the legislature, and approved by the governor after notice to the public and public hearing. The plan shall set forth criteria to be used to determine housing priorities of the state, and shall give the highest priority to those projects in which the highest percentage of the housing credit dollar amount is to be used for project costs other than the cost of intermediaries, unless granting such priority would impede the development of projects in hard-to-develop areas. In allocating low income housing tax credit dollar amounts among selected projects, the allocation plan shall give preference to projects serving the lowest income tenants and projects obligated to serve qualified tenants for the longest periods, and shall provide a procedure that the authority will follow in notifying the internal revenue service of noncompliance with the provisions of section 42 of the internal revenue code of 1986 of which the authority becomes aware. The plan shall set forth the process for selecting eligible projects and may be amended from time to time in accordance with its terms and the requirements of section 42 of the internal revenue code of 1986. The selection criteria in the qualified allocation plan shall include those set forth in section 42 of the internal revenue code of 1986.

(5) The state's low income housing tax credit authority shall be distributed in accordance with the qualified allocation plan. Amounts allocable under subsection (2) shall be set aside as follows:

(a) Qualified nonprofit organizations as required by section 42 of the internal revenue code of 1986 - not less than 10%.

(b) Rural housing projects - not less than 5%.

(c) Housing projects in eligible distressed areas - not less than 30%.

(d) Housing projects for the elderly - not less than 10%. Projects counted in 1 category shall not count in another category towards meeting the minimum set-aside requirements.

(6) Except for the amount for qualified nonprofit organizations, if the low income housing tax credit set aside under subsection (5) is not allocated before October 1 of the year in which that credit amount is authorized under subsection (2)(a), the authority may reapportion the unallocated credit amounts in a reasonable manner pursuant to the state's qualified allocation plan.

(7) All applications for low income housing tax credit shall be on the authority's prescribed forms and shall include information necessary pursuant to the qualified allocation plan and section 42 of the internal revenue code of 1986.

(8) The authority may charge applicants reasonable fees under the low income housing tax credit program.

(9) For the purposes of this section, "rural housing projects" means proposed or existing housing projects that fall into 1 or more of the following categories:

(a) Located in an area other than a metropolitan county.

(b) Funded by a federal program for the development of rural housing.

(c) Financed by a loan guaranteed by rural housing services or a successor agency.

(a) Owning, holding, maintaining, improving, completing, receiving subsidy payments for, or transferring ownership of a housing project or housing unit either acquired through foreclosure or deed in lieu of foreclosure or over which the authority has, following a declaration of default, otherwise obtained control.

(b) Acquiring housing projects or an interest in the ownership of 1 or more housing projects and owning, holding, maintaining, or improving the housing projects, if regulatory or contractual restrictions assuring occupancy of some or all of the units in 1 or more of the housing projects by families and persons of low or moderate income are subject to termination within a 2-year period following the acquisition of the housing project. A nonprofit housing corporation incorporated under this subsection may acquire a housing project only if all of the following requirements are met:

(i) At least 6 months have passed since the eighteenth anniversary of the commencement of amortization of the project's permanent mortgage loan on the housing project.

(ii) The authority by resolution determines all of the following:

(C) No local or statewide nonprofit housing corporation that the authority determines to have the legal, financial, and managerial capabilities to acquire the project has submitted to the housing project owners an acquisition proposal with respect to which negotiations are ongoing.

(iii) The nonprofit housing corporation incorporated pursuant to this section contracts with a private firm for the management of the housing project.

(c) Carrying out programs and oversight responsibilities on behalf of or in conjunction with the United States department of housing and urban development with respect to federal housing programs.

(2) A subsidiary nonprofit housing corporation may sue and be sued in its own name, and the circuit court of Ingham county has exclusive jurisdiction over all actions brought against a subsidiary nonprofit housing corporation, except if jurisdiction over the action is in the supreme court, the court of appeals, or the court of claims.

(3) A subsidiary nonprofit housing corporation is a separate legal entity. The authority is not liable for the debts or obligations or for any actions or inactions of the subsidiary nonprofit housing corporation unless it expressly agrees otherwise. A member, officer, or employee of a subsidiary nonprofit housing corporation is not individually liable for actions undertaken or failure to act on behalf of the subsidiary nonprofit housing corporation so long as the individual is acting or reasonably believes he or she is acting within the scope of his or her authority as a member, officer, or employee of the subsidiary nonprofit housing corporation.

(4) The authority may make loans or grants to a subsidiary nonprofit housing corporation to enable the subsidiary nonprofit housing corporation to carry out any of its purposes.

invest money held in reserve or sinking funds, or money not required for immediate use or disbursement, in entities, including limited partnerships and limited liability companies, whose primary purpose is, directly or indirectly, to acquire ownership interests in multifamily housing projects in this state or to make or purchase loans with respect to such projects, or both. The authority shall not make an investment authorized by this subsection unless the authority determines that the return on the investment is reasonably expected to be equal to or greater than the return the authority is then receiving on investments authorized under section 22(n). The authority shall use earnings returned to the authority on investments authorized by this subsection solely for purposes authorized by this act. The authority shall allocate not less than 10% of the earnings returned to the authority on investments authorized by this subsection to the housing development fund created in section 23.

(2) The authority shall possess all powers necessary or incidental to make the investments authorized in subsection (1), including, but not limited to, the power to establish any of the following:

(a) Limited partnerships, limited liability companies, nonprofit corporations, and other entities.

125.1424 Housing development fund; advances; grants; transfer of moneys.

Sec. 24. (1) The authority may use the moneys held in the fund to make interest-bearing or noninterest-bearing advances, in compliance with this act, to nonprofit housing corporations and consumer housing cooperatives for development costs of proposed housing projects. Advances may not be made unless the authority reasonably anticipates that a federally-aided or authority-aided mortgage may be obtained by the nonprofit housing corporation or consumer housing cooperative for the permanent financing of a housing project pursuant to section 44.

(2) The proceeds of the advance may be used only to defray the development costs of the housing project. Each advance shall be repaid in full to the authority by the nonprofit housing corporation or consumer housing cooperative concurrent with receipt of the portion of the mortgage loan paid under the initial indorsement of the federally-aided or authority-aided mortgage or construction loan, unless the authority extends the period for the repayment of the advances. The time of repayment shall not be extended later than the date of receipt of the portion of the mortgage loan paid on final indorsement of the federally-aided or authority-aided mortgage or construction loan.

(3) The authority may use the moneys held in the fund to make grants to local communities, as defined by the authority in rules promulgated under this act, the office of services to the aging established in section 5 of the older Michiganians act, Act No. 180 of the Public Acts of 1981, being section 400.585 of the Michigan Compiled Laws, or public or private nonprofit organizations or local governmental agencies organized to provide assistance to persons and families of low or moderate income. Examples of permissible community or housing development include land and building acquisition; housing rehabilitation; capital improvements or modifications, including streets, open space, utilities, recreation or community centers, and parking facilities; and the provision of necessary supportive services.

The authority may acquire real property in its own name or through and in the name of an agent by means of land contract, option, or other form of deferred payment agreement, or subject to mortgages or other encumbrances, if the authority reserves money in this fund or authorization to issue notes and bonds, the aggregate amount of which equals the unpaid principal balance on the land contracts, options, mortgages, or other encumbrances or deferred payment agreements plus any anticipated carrying charges, including insurance premiums, interest, maintenance expenses, and property taxes. The authority may exchange real property purchased with money from this fund for other real property, if the authority determines that the real property will be acquired for a purpose for which real property can be purchased with money from this fund. Money received by the authority in connection with the exchange and any money received from the sale or rental of the real property shall be deposited in the land acquisition and development fund.

(2) The authority may contract for and use money held in the land acquisition and development fund for the following types of improvements to real property purchased or otherwise acquired for the purposes of this fund:

The authority may contract for and use money held in the land acquisition and development fund for services needed in connection with the acquisition, disposition, planning, development, and maintenance of real property.

(3) The authority may use the money held in the land acquisition and development fund to pay the following costs on real property purchased or being purchased with money from this fund or acquired by gift, grant, or exchange for the purposes of this fund:

(a) The costs of property taxes, insurance premiums, interest, maintenance expenses, and other carrying charges on real property notwithstanding the provisions of section 42, during the period when real property is owned or is being purchased by the authority or its agent, the authority shall pay all property taxes levied against the real property unless a taxing jurisdiction exempts the real property from property taxes. The assessed valuation of the real property while it is owned or being purchased by the authority or its agent shall not be increased by any taxing jurisdiction, except to reflect the state equalization valuation process.

(b) The costs of planning the development of the real property, including, but not limited to, the costs of economic feasibility studies, land use studies, site development planning, architectural and engineering design, market analysis and all related analyses, studies and planning services.

(c) The costs incurred in the transfer of real property, including brokerage and appraisal fees, recording

(d) The costs of the improvements to real property permitted by subsection (2).

(4) Real property may be conveyed by the authority to a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, limited dividend housing association, mobile home park corporation, mobile home park association, or municipality for the purpose of constructing housing projects at such price and on such terms and conditions as shall be determined by the authority. In conjunction with a sale or conveyance of real property, the authority may enter into agreements which regulate all aspects of the development of the real property, including, but not limited to, land use planning, site development, construction, architectural and engineering design, marketing, management, occupancy, operation, and all factors related to the foregoing.

125.1431 Notes and bonds; liability of state.

Sec. 31. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state. The notes and bonds shall contain on the face thereof a statement to such effect.

125.1432 Capital reserve fund; definitions; federal housing subsidy programs; recommendations; priority; program of loans for mobile homes; program of loans for consumer housing cooperatives; notice of public hearing or proposed rule change; rules; identification of housing production goals; report to governor and committees; review of loans, financial instruments, and lines of credit; confidentiality.

Sec. 32. (1) The authority may create and establish 1 or more special funds called capital reserve funds to secure notes and bonds of the authority. The authority shall pay into a capital reserve fund money appropriated and made available by this state for the purposes of the fund, the proceeds of the sale of notes or bonds to the extent provided in the resolution of the authority authorizing the issuance of the notes or bonds, and other money that is made available to the authority for the purpose of a fund from any other source. In addition to, or in lieu of, depositing money in a capital reserve fund, the authority may obtain and pledge letters of credit and, effective retroactively as of June 1, 1993, insurance policies, surety bonds, guarantees, or other security arrangements if those other security arrangements are approved by the state treasurer, for the purposes of the capital reserve fund. The amount available under letters of credit, insurance policies, surety bonds, guarantees, or other security arrangements pledged to a capital reserve fund shall be credited toward the satisfaction of a capital reserve fund requirement. All money and proceeds under letters of credit, insurance policies, surety bonds, guarantees, or other security arrangements held in a capital reserve fund, except as specifically provided, shall be used as required solely for the payment of the principal of notes or bonds of the authority secured in whole or in part by the capital reserve fund, for the purchase or redemption of notes or bonds, for the payment of interest on the notes or bonds, or for the payment of a redemption premium required to be paid when the notes or bonds are redeemed prior to maturity. However, the authority shall not use the capital reserve fund for an optional purchase or optional redemption of notes or bonds if the use would reduce the total of the money on deposit in the capital reserve fund and amounts available under a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement pledged to a capital reserve fund to less than the capital reserve fund requirement established for the fund. Income or interest earned by, or increment to, a capital reserve fund from the investment of the money in the capital reserve fund may be transferred by the authority to other funds or accounts of the authority to the extent that the transfer does not reduce the total of the amount of money in a capital reserve fund and amounts available under a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement pledged to the capital reserve fund below the capital reserve fund requirement for the fund.

(2) The authority shall not issue notes or bonds secured in whole or in part by a capital reserve fund if, upon the issuance of the notes or bonds, the amount in the capital reserve fund, including the amounts available under a letter of credit, insurance policy, surety bond, guarantee, or other security arrangement pledged to the capital reserve fund, would be less than the capital reserve fund requirement for the fund, unless the authority, at the time of issuance of the notes or bonds, deposits in the fund from the proceeds of the notes or bonds to be issued, or from other sources, an amount that, together with the amount then in the fund, is not less than the capital reserve fund requirement for the fund, or obtains a letter of credit, insurance

policy, surety bond, guarantee, or other security arrangement in an amount that, together with the amount then in the fund, is not less than the capital reserve fund requirement for the fund. For the purposes of this section, "capital reserve fund requirement" means the amount required in the resolution of the authority authorizing the notes or bonds with respect to which the fund is established, which amount shall not exceed the maximum amount of principal and interest maturing and becoming due in a succeeding calendar year on the notes or bonds of the authority secured in whole or part by the fund.

(3) The authority has, before January 9, 1977, in connection with its housing development bonds issued pursuant to a bond resolution dated June 10, 1971, established within the capital reserve fund relating to housing development bonds, a capital reserve account and a capital reserve capital account. This capital reserve account constitutes a capital reserve fund under this act. Money in this capital reserve account shall secure only housing development bonds issued pursuant to the June 10, 1971 bond resolution. Unless otherwise provided by the authority, money in the capital reserve capital account shall secure all bonds and notes of the authority. In determining whether the capital reserve fund requirement established for a capital reserve fund has been met, the authority shall not include or take into account money in the capital reserve capital account.

(4) The authority has, before January 9, 1977, in connection with its insured mortgage revenue bonds issued pursuant to a bond resolution dated May 11, 1976, established a bond reserve fund. This bond reserve fund constitutes a capital reserve fund under this act.

(5) The authority shall not have outstanding at any time bonds and notes for any of its corporate purposes in an aggregate principal amount exceeding \$5,000,000,000.00, excluding all of the following:

(a) The principal amount of bonds and notes issued to refund outstanding bonds and notes.

(b) The principal amount of bonds and notes that appreciate in principal amount, except to the extent of the principal amount of these bonds and notes payable at such time.

(c) The principal amount of notes and bonds representing original issue discount, if any.

(6) Subject to the limitation in subsection (5), that portion of the state ceiling to be used for qualified mortgage bonds, mortgage credit certificates, or bonds to finance qualified residential rental projects shall be allocated to the authority unless the authority elects by resolution to allow another issuer to issue qualified mortgage bonds, mortgage credit certificates, or bonds to finance qualified residential rental projects. As used in this subsection:

(a) "Mortgage credit certificate" means that term as defined in section 25 of the internal revenue code of 1986, 26 USC 25.

(b) "Qualified mortgage bond" means that term as defined in section 143 of the internal revenue code of 1986, 26 USC 143.

(c) "Qualified residential rental project" means that term as defined in section 142 of the internal revenue code of 1986, 26 USC 142.

(d) "State ceiling" means the aggregate amount of certain private activity bonds, including qualified mortgage bonds, that may be issued in any calendar year in this state pursuant to section 146 of the internal revenue code of 1986, 26 USC 146.

(7) To ensure the continued operation and solvency of the authority for the carrying out of the public purposes of this act, the authority shall accumulate in each capital reserve fund an amount equal to the capital reserve fund requirement for that fund. If at any time the capital reserve fund requirement for a capital reserve fund exceeds the amount of the capital reserve fund, the authority shall transfer to this fund from the capital reserve capital account established by the authority's June 10, 1971 bond resolution the amount necessary to restore the capital reserve fund to an amount equal to the capital reserve fund requirement. If a deficiency exists in more than 1 capital reserve fund and the amount in the capital reserve capital account is not sufficient to fully restore the capital reserve funds, the money in the capital reserve capital account shall be allocated between the deficient capital reserve funds pro rata according to the amounts of the deficiencies. If at any time the capital reserve capital account has been exhausted and the capital reserve fund requirement for a capital reserve fund exceeds the amount of the capital reserve fund, the chairperson of the authority on or before September 1 shall certify to the governor and budget director the amount, if any, necessary to restore a capital reserve fund to an amount equal to the capital reserve fund requirement. The governor and the budget director shall include in the annual budget the amount certified by the chairperson of the authority.

(8) In computing the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of the fund is invested shall be valued at par. If the securities are purchased at other than par, the securities may be valued at their cost to the authority, as adjusted by amortization of the discount or premium paid upon purchase of the securities on a pro rata basis to the maturity date of the securities.

(9) To the extent possible and consistent with sound fiscal management and good housing development planning, the authority shall make full use of available federal housing subsidy programs. The authority shall

recommend programs and legislation to better maintain and improve existing housing stock.

(10) The authority shall require that not less than 15% of the multifamily dwelling units financed by mortgage loans from the authority in a calendar year under federal government subsidy programs, subject to applicable federal regulations, be offered on a priority basis to low income families and persons receiving their primary incomes from social security programs or state and federal public assistance programs.

(11) The authority shall implement a program of loans for mobile homes as soon as is reasonably feasible. The authority shall develop a program for financing the construction or rehabilitation of mobile home parks and mobile home condominium projects within 24 months after December 31, 1982, subject to a determination of feasibility by the authority and the authority's ability to sell bonds.

(12) The authority shall implement a program of loans for consumer housing cooperatives as soon as is reasonably feasible. The authority shall develop a program for financing the construction or rehabilitation of consumer housing cooperative projects within 12 months after July 10, 1984, subject to a determination of feasibility by the authority and the authority's ability to sell bonds.

(13) When processing rules under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, the authority shall furnish to each member of the legislature a copy of a notice of a public hearing or proposed rule change at least 10 days before the public hearing and at least 20 days before the adoption of the rule.

(14) Before October 1 of each year, the authority shall identify housing production goals for housing projects financed with bonds and notes issued under the limitations provided in section 32a. The authority shall identify a goal for the authority as a whole and a specific goal for each program. The authority shall submit those goals in an annual report to the governor and to the house committee on urban affairs and the senate committee on finance, or their successor committees.

(15) Within 6 months after the legislature enacts or the authority adopts a new program, the authority shall submit an interim report to the same persons to whom an annual report is submitted. If both the legislature and the authority establish a program, the authority shall submit the interim report within 6 months after the effective date of the act establishing the program. The authority shall include in an interim report all of the information required in an annual report that is specific to that program.

(16) After the initial or an interim report, the authority shall include in an annual report all of the following for each program:

(a) Whether the production goals for the previous 12-month period have been met. If those production goals have not been met, the authority shall explain in the report the reasons why those production goals have not been met.

(b) Any significant obstacles to the development of housing for low and moderate income persons that have been encountered by the authority.

(c) The estimated economic and social benefits of these housing projects to the immediate neighborhoods in which the housing projects have been constructed.

(d) The estimated economic and social benefits of these housing projects to the municipalities in which the housing projects have been constructed.

(e) The extent of displacement, direct and indirect, of lower income persons caused by these housing projects, and steps taken by the authority and other governmental and private parties to ameliorate the displacement, and the results of those efforts.

(f) The estimated extent of additional reinvestment activities by private lenders attributable to the authority's financing of these housing projects.

(g) The age, race, family size, median income, and average income of the tenants of these housing projects.

(h) The estimated economic impact of these housing projects, including the number of construction jobs created, wages paid, and taxes and payments in lieu of taxes paid.

(i) The progress in developing mobile home parks and mobile home condominium projects, in financing the construction or rehabilitation of consumer housing cooperative projects, and in financing the construction or rehabilitation of nonprofit housing corporation projects.

(j) A report on the neighborhood preservation program under section 44f. The report shall include information about the progress in developing the program, the neighborhoods identified as eligible for the program, the neighborhoods or municipalities that have applied for the program, the neighborhoods that have received funds from the program, and the reasons that neighborhoods or municipalities have been denied funds from the program.

(k) A report on the status of federal programs that provide assistance to low income tenants displaced as the result of prepayments of federally and authority assisted loans.

(l) A report on the low income housing tax credit program under section 22b. The report shall include information regarding the amount of tax credits allocated to the state under each of the subdivisions of section

22b(2); the projects that have received tax credits; and the reasons why projects have been denied tax credits under the program; a geographical description of the distribution of those tax credits; and a description of amendments to the allocation plan made during that year.

(m) A report on education and training opportunities provided by the authority under section 17. The report shall indicate the types of education and training opportunities made available and the amount of funding committed to these activities.

(n) For any programs or projects involving refinancings, the number of refinancings undertaken by the authority and the total dollar amount of all refinancings undertaken by the authority.

(17) The authority shall conduct an annual review of all loans, financial instruments that require repayment, or lines of credit with the Michigan broadband development authority created in section 4 of the Michigan broadband development authority act, 2002 PA 49, MCL 484.3204. The review shall contain an analysis of the Michigan broadband development authority's ability to repay all loans, financial instruments that require repayment, and lines of credit with the authority and the amount and payment schedule of all current loans, financial instruments that require payment, and lines of credit with the authority. The review shall also contain an analysis of the number of authority-assisted or -financed developments and homes purchasing high-speed internet connections at substantially reduced rates as a direct result of loans from the Michigan broadband development authority, as specified in the memorandum of understanding between the authority and the Michigan broadband development authority.

(18) The authority shall ensure that the income characteristics of individuals served by an authority program are provided in a manner that ensures each individual's confidentiality. The authority shall also ensure that proprietary information in its reports under this section concerning an individual, corporation, cooperative, or association is not released without the permission of that individual, corporation, cooperative, or association.

125.1432a Issuance of bonds to finance single family homes; previous ownership interest; publicizing program; report to legislature; section inapplicable to refinancing single family homes.

Sec. 32a. With respect to bonds, other than refunding bonds, issued to finance single family homes after November 1, 1989, for the first 60 days following the announcement of a program funded by the proceeds of those bonds, 50% of the proceeds of those bonds available to make loans, as determined by the preliminary information obtained by originating lenders at the time a reservation is submitted, shall be reserved for applicants with gross annual incomes at or below 60% of the statewide median gross income. The authority may, by resolution, waive this requirement. The authority shall advise the house of representatives and senate standing committees with jurisdiction over housing issues 5 days prior to adopting a resolution waiving this requirement. With respect to bonds, other than refunding bonds, issued to finance single family homes after November 1, 1989, not more than 50% of the proceeds of those bonds may be used to finance single family homes for homebuyers who previously have had an ownership interest in a residence. For purposes of this section, a previous ownership interest in a mobile home shall not be considered to be an ownership interest in a residence. The authority may rely on the applicant's affidavit to determine whether or not the applicant has had a prior ownership interest in a residence. The authority shall publicize the programs funded under this section by using all reasonable means available, including, but not limited to, public interest announcements in the media, and announcements to lending institutions, community groups, and real estate organizations. The authority shall submit a report annually to the legislature containing all statistics necessary to indicate its compliance with this section. This section does not apply to bonds issued to refinance single family homes.

Sec. 32b. (1) The authority is designated as the administrator of the mortgage credit certificate program for this state permitted under section 25 of the internal revenue code, 26 USC 25.

(2) The authority shall prepare guidelines that would allow for the implementation of a mortgage credit certificate program through mortgage lenders.

(3) For a borrower to qualify for receipt of a mortgage credit certificate with respect to the acquisition of a new or existing housing unit, including a residential condominium or mobile home, both of the following requirements shall be met:

(a) The purchase price with respect to the new or existing unit shall not exceed the limits established in section 44 for newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, for which the authority may make loans to individual purchasers for acquisition and long-term financing or refinancing.

(b) The borrower's family income does not exceed the following, as applicable:

(i) The limits established in section 44 for individual purchasers to whom the authority may make loans for the acquisition and long-term financing or refinancing of newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units.

(ii) For eligible distressed areas, \$69,800.00 until June 1, 2006, \$72,250.00 until November 1, 2007, and \$74,750.00 on and after November 1, 2007 but before the effective date of the 2012 amendatory act that amended this section.

(iii) For any other area, \$60,700.00 until June 1, 2006, \$62,800.00 until November 1, 2007, and \$65,000.00 on and after November 1, 2007 but before the effective date of the 2012 amendatory act that amended this section.

(5) To qualify for receipt of a mortgage credit certificate with respect to the improvement or rehabilitation of an existing housing unit, including a residential condominium or mobile home, the borrower's family income shall not exceed the limits established in section 44a for persons and families of low and moderate income.

(6) If an income or purchase price limit prescribed by subsection (3), (4), or (5) exceeds an applicable limit prescribed by the internal revenue code, 26 USC 1 to 9834, the internal revenue code limit applies. Except with respect to newly constructed housing units, the authority may at any time by resolution establish, for a length of time it considers appropriate, maximum borrower income or purchase price limits more restrictive than those maximum limitations set forth in this section. The authority shall advise the appropriate house and senate standing committees 5 days prior to the adoption of a resolution establishing more restrictive income or purchase price limits.

(7) The changes made by 1995 PA 186 to purchase price limits in the subsections that at the time were designated subsections (3) and (4) were retroactive, effective as of October 29, 1993.

125.1432d Legislative intent.

Sec. 32d. The legislature intends that the authority explore the possibility of reducing the cost of financing multifamily housing projects through the issuance of variable rate obligations that could be converted to long-term fixed-rate obligations. The authority is authorized to make fixed-rate mortgages with the proceeds of these obligations. The legislature also intends that the authority explore the possibility of providing subsidies to projects to assist owners in meeting the 20-50 test established in section 142 of the internal revenue code.

Sec. 44. (1)(a) The authority may make loans to a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, limited dividend housing association, mobile home park corporation, or mobile home park association or to a public body or agency for the construction or rehabilitation, and for the long-term financing, of the following:

(i) Housing for low income or moderate income persons.

(ii) For the period beginning May 1, 1984, and ending November 1, 1987, housing projects in which not less than 20% of the dwelling units are allotted to individuals of low or moderate income within the meaning of former section 103(b)(4)(A) of the internal revenue code of 1954; not less than 60% of the dwelling units are available to persons and families whose gross household income does not exceed 125% of the higher of either the median income for a family in this state or the median income for a family within the nonmetropolitan county or metropolitan statistical area in which the housing project is located, as determined by the authority; and not more than 20% of the dwelling units are available for occupancy without regard to income. The enactment of this subparagraph or the expiration of the authority granted by it does not affect rules in effect before July 10, 1984, or promulgated after July 9, 1984, to define low or moderate income persons.

(iii) For the period of time beginning May 1, 1984, and ending November 1, 1987, housing projects in eligible distressed areas in which housing projects not less than 20% of the dwelling units are allotted to individuals of low or moderate income within the meaning of former section 103(b)(4)(A) of the internal revenue code of 1954, not less than 60% of the dwelling units are available to persons and families whose gross household income does not exceed 150% of the higher of either the median income for a family in this state or the median income for a family within the nonmetropolitan county or metropolitan statistical area in which the housing project is located, as determined by the authority, and not more than 20% of the dwelling units are available for occupancy without regard to income.

(iv) Beginning November 1, 1987, multifamily housing projects that meet the 20-50 or 40-60 test established in section 142 of the internal revenue code, 26 USC 142, and in which the remaining dwelling units are available for occupancy without regard to income.

(v) Social, recreational, commercial, or communal facilities necessary to serve and improve the residential area in which an authority-financed housing project is located or is planned to be located thereby enhancing the viability of the housing.

(b) Notwithstanding the other provisions of this subsection, the authority may establish by resolution higher income limits that it considers necessary to achieve sustained occupancy of a housing project financed under subdivision (a) if the authority determines both of the following:

(i) The owner of the housing project exercised reasonable efforts to rent the dwelling units to persons and families whose incomes did not exceed the income limitations originally applicable.

(ii) For an annual period after the first tenant has occupied the housing project, the owner of the housing project has been unable to attain and sustain at least a 95% occupancy level at the housing project.

(c) A loan under this subsection shall not exceed 90% of the project cost as approved by the authority. For

purposes of this section, the term "project cost" includes all items included in the definition of a project cost in section 11 and also includes a builder's fee equal to an amount up to 5% of the amount of the construction contract, a developer overhead allowance and fee of 5% of the amount of the project cost, the cost of furnishings, and a sponsor's risk allowance equal to 10% of the project cost. A loan shall not be made under this section unless a market analysis has been conducted that demonstrates a sufficient market exists for the housing project.

(d) After November 1, 1987, the authority may continue to finance multifamily housing projects for families or persons whose incomes do not exceed the limits provided in subsection (1)(a)(ii) or (iii) or (1)(b), until funds derived from the proceeds of bonds or notes issued before November 2, 1987, for that purpose, including the proceeds of prepayments or recovery payments with respect to these multifamily housing projects, have been expended. Multifamily housing projects or single family housing units in an eligible distressed area that are financed by proceeds of notes or bonds issued before June 30, 1984, and that the authority has designated for occupancy by persons and families without regard to income pursuant to this act shall remain eligible for occupancy by families and persons without regard to income until the authority's mortgage loan issued with respect to these multifamily housing projects is fully repaid.

(e) Notwithstanding the expiration of lending authority under subsection (1)(a)(ii), (iii), (iv), or (v), multifamily housing projects financed under those subparagraphs may continue to remain eligible for occupancy by persons and families whose incomes do not exceed the limits provided in those subparagraphs or subsection (1)(b).

(f) For purposes of this subsection:

(i) "Gross household income" means gross income of a household as those terms are defined in rules of the authority.

(ii) "Median income for a family in this state" and "median income for a family within the nonmetropolitan county or metropolitan statistical area" mean those income levels as determined by the authority.

(2)(a) The authority may make loans to a nonprofit housing corporation, limited dividend housing corporation, mobile home park corporation, or mobile home park association for the construction or rehabilitation of housing units, including residential condominium units as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, for sale to individual purchasers of low or moderate income or to individual purchasers without regard to income when the housing units are located in an eligible distressed area. A loan under this subsection shall not exceed 100% of the project cost as approved by the authority in the case of a nonprofit housing corporation or individual purchaser, and shall not exceed 90% of the project cost as approved by the authority in the case of a limited dividend housing corporation, mobile home park corporation, or mobile home park association.

(b) While a loan under this subsection is outstanding, a sale by a nonprofit housing corporation or limited dividend housing corporation or a subsequent resale is subject to approval by the authority. The authority may provide in its rules concerning these sales and resales that the price of the housing unit sold, the method of making payments after the sale, the security afforded, and the interest rate, fees, and charges to be paid shall at all times be sufficient to permit the authority to make the payments on its bonds and notes and to meet administrative or other costs of the authority in connection with the transactions. Housing units shall be sold under terms that provide for monthly payments including principal, interest, taxes, and insurance.

(c) While a loan under this subsection is outstanding, the authority, before the approval of sale by a nonprofit housing corporation, limited dividend housing corporation, mobile home park corporation, or mobile home park association, shall determine that the sale is to persons of low or moderate income if the housing unit is not located in an eligible distressed area, or to persons without regard to income if the housing unit is located in an eligible distressed area.

(3) The authority may make, purchase, or participate in loans made to individual purchasers for acquisition and long-term financing or refinancing of newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104. All of the following apply to making, purchasing, or participating in a loan under this subsection:

(a) The borrower's family income shall not exceed the income requirements established in section 143 of the internal revenue code, 26 USC 143. If those income requirements are repealed, the borrower's family income shall not exceed the income requirements that were in effect immediately before the repeal.

(b) The purchase price or, in the case of a refinancing, the appraised value shall not exceed the following:

(i) With respect to a 1- or 2-family unit, \$224,500.00.

(ii) With respect to a 3-family unit, \$261,625.00.

(iii) With respect to a 4-family unit, \$299,000.00.

(c) For unexpected cost increases during construction or improvements to adapt new or existing property

for use by disabled individuals, the authority may increase the purchase price limit by an amount sufficient to cover these cost increases, but not to exceed \$3,500.00.

(d) If a purchase price limit prescribed by this subsection exceeds an applicable limit prescribed by the internal revenue code, the internal revenue code limit applies if the loan will be financed with the proceeds of a tax-exempt bond.

(e) Except with respect to newly constructed housing units, the authority may by resolution establish, for a length of time the authority considers appropriate, maximum borrower income or purchase price limits more restrictive than those maximum limitations set forth in this subsection. The authority shall advise the appropriate house and senate standing committees 5 days prior to adopting a resolution establishing more restrictive maximum borrower income or purchase price limits.

(f) Before the authority makes a loan under this section, authority staff shall determine that the borrower has the ability to repay the loan.

(g) A loan made or purchased to finance the acquisition of an existing housing unit may include funds for rehabilitation.

(h) If the loan is for refinancing a 1- to 4-unit housing unit, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, the authority shall determine that 1 of the units is occupied by the borrower.

(4) A loan under this section shall be secured in a manner and be repaid in a period, not exceeding 50 years, as may be determined by the authority. A loan shall bear interest at a rate determined by the authority.

(5) A person who, for purposes of securing a loan under this act, misrepresents his or her income, including taking a leave of absence from his or her employment for purposes of diminishing his or her income, is not eligible for a loan under this act.

(6)(a) The authority may make, purchase, or participate in a loan for acquisition and long-term financing or refinancing of newly rehabilitated, newly constructed, or existing 1- to 4-unit housing units, including a residential condominium unit as condominium unit is defined in section 4 of the condominium act, 1978 PA 59, MCL 559.104, if all of the following requirements are met:

(i) The loan is made to an individual purchaser or purchasers, whose income does not exceed the income requirements established in section 143 of the internal revenue code, 26 USC 143. If those income requirements are repealed, the borrower's family income shall not exceed the income requirements that were in effect immediately before the repeal.

(ii) The purchase price of the housing unit does not exceed the greatest of purchase price limits established for similar housing units by Fannie Mae, Freddie Mac, and Ginnie Mae.

(iii) At least 1 of the dwelling units is owned and occupied by the individual purchaser or purchasers to whom the loan is made.

(iv) Authority staff determine that the individual purchaser or purchasers receiving the loan have the ability to repay the loan.

(11) The authority shall submit a report to the governor and the legislature on its progress in implementing loans to mortgage lenders pursuant to section 44b at 6-month intervals from the effective date of this subsection.

History: Add. 1984, Act 215, Imd. Eff. July 10, 1984.

125.1444c Use of proceeds of notes or bonds; qualification as rehabilitation; establishment of higher income limits; eligibility for occupancy; application; issuance of 6-month commitment to loan funds; limitation on outstanding loan commitments; fees; direct or indirect loan; sale, refinancing, or resyndication; allowable distributions; report to authority; authority-aided mortgage; monitoring compliance; remedies; regulation; liability; priority consideration; unified volume cap not as impairment; student housing project.

Sec. 44c. (1) If the resolution authorizing the issuance of notes or bonds provides that the notes or bonds are limited and not general obligations of the authority, are not secured by the capital reserve capital account, and are secured solely by revenues and property derived from or obtained in connection with the housing project, the authority shall use the proceeds of those notes or bonds to make loans directly, or indirectly by a loan through a mortgage lender, to a nonprofit housing corporation, consumer housing cooperative, limited dividend housing corporation, limited dividend housing association, mobile home park corporation, mobile home park association, or public body or agency for the construction, rehabilitation, long-term financing or any combination of construction, rehabilitation, or long-term financing of any of the following:

(a) Multifamily housing projects for students or low income or moderate income persons.

(b) Beginning May 1, 1984, multifamily housing projects in which not less than 20% of the dwelling units are allotted to individuals of low or moderate income within the meaning of former section 103(b)(4)(A) of

the internal revenue code of 1954 and in which not more than 80% of the dwelling units are available for occupancy without regard to income.

(c) Social, recreational, commercial, or communal facilities to serve and improve the residential area in which an authority-financed multifamily housing project is located or is planned to be located, thereby enhancing the viability of such housing.

(2) To qualify as rehabilitation under this section, the rehabilitation expenditures with respect to the project must equal or exceed 30% of the portion of the cost of acquiring the building and equipment financed with the proceeds of the notes or bonds issued to acquire and rehabilitate the project. For a project located in an eligible distressed area, the amount of rehabilitation may be less than the 30% requirement if the authority determines by resolution that the likely benefit to the community or the proposed residents of the project merits the use of this financing source. This subsection does not apply to a project for which the authority has authorized a loan commitment under this section before December 18, 1985. The authority shall not provide long-term financing for a project under this section unless the project is constructed or rehabilitated in anticipation of authority financing, the construction or rehabilitation is undertaken with authority financing, long-term financing is being provided with respect to a housing project for which regulatory or contractual restrictions assuring occupancy of some or all of the units by families or persons of low or moderate income are subject to termination within a 2-year period following the acquisition of the housing project, or a housing project which is to be owned and operated by a nonprofit housing corporation which is qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3).

(3) Notwithstanding the provisions of this section, the authority shall establish by resolution higher income limits for a housing project financed under either subsection (1)(a) or (b) if the authority determines all of the following:

(a) The owner of the housing project exercised reasonable efforts to rent the dwelling units to persons and families whose incomes did not exceed the originally applicable income limitations.

(b) For any annual period after the first tenant has occupied the housing project, the owner of the housing project has been unable to attain and sustain at least a 95% occupancy level at the housing project.

(4) Notwithstanding the expiration of lending authority under this section, multifamily housing projects financed under this section may continue to remain eligible for occupancy by persons and families whose incomes do not exceed the limits provided in subsection (1) or (3).

(5) A borrower seeking to qualify for a loan under this section shall file an application with the authority which includes the following:

(a) A description of the proposed credit enhancement. The proposed credit enhancement may be in the form of a letter of credit, bonding, guarantee, mortgage insurance, or other appropriate security in an amount sufficient to assure the authority that repayment of notes or bonds issued by the authority is reasonably secure.

(b) An undertaking to pay all costs of issuing the notes or bonds and to provide compensation for, as considered appropriate by the borrower and at no cost to the authority, any underwriters, trustees, counsel, and other professionals as are necessary to complete the financing.

(c) An application fee equal to the greater of \$4,000.00 or 0.0005 multiplied by the principal amount of notes or bonds for which issuance is requested. For a project located in an eligible distressed area, the fee required by this subdivision is refundable if the notes or bonds are not delivered or may be waived by the authority if the owner of the housing project is or will be a nonprofit housing corporation qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3), or a limited dividend housing association wholly owned and controlled by 1 or more nonprofit corporations qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3). In all other cases, the fee is nonrefundable.

(6) So long as there is uncommitted bonding capability under the limitations of section 32, the authority shall issue a 6-month commitment to loan funds, subject to sale by the authority of its notes and bonds in compliance with applicable law and pursuant to terms and conditions which permit the funding of such loan, either directly or indirectly by a loan through a mortgage lender, to the borrower in the amount of the total development cost of the proposed multifamily housing project or \$25,000,000.00, whichever is less, or if the proposed multifamily housing project is located in an eligible distressed area, in the amount of the total development cost of the proposed project or \$50,000,000.00, whichever is less, upon the determination by the authority of all of the following:

(a) The housing project is eligible for financing under this section.

(b) The borrower is an eligible borrower under this act.

(c) The requirements of subsection (5) have been met.

(d) The borrower has provided evidence of a commitment to issue a credit enhancement in the form of a letter of credit, bonding, guarantee, mortgage insurance, or other appropriate security in a form and amount sufficient to assure the authority that the repayment of notes or bonds issued by the authority for purposes of

making a loan to the borrower is reasonably secure. If the authority determines that repayment of the notes or bonds will be reasonably secure, the authority's review of the credit enhancement shall take the place of the authority's normal underwriting and feasibility review.

(e) If the loan is made indirectly by a loan through a mortgage lender, the requirements of section 44b have been met.

(7) Unless a borrower is either a nonprofit housing corporation qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3), or a limited dividend housing association that is wholly owned and controlled by 1 or more nonprofit corporations qualified under section 501(c)(3) of the internal revenue code, 26 USC 501(c)(3), and may borrow money from the authority without an allocation of the state volume limitation, a borrower and any person who is a related person to the borrower as defined in section 144(a)(3) of the internal revenue code, 26 USC 144(a)(3), shall not have outstanding loan commitments under this section which total more than the greater of \$25,000,000.00 or the amount of financing approved for a single project under subsection (6). Once a loan has been made under this section, the commitment made with respect to the loan shall no longer be considered to be outstanding.

(8) Simultaneously with the issuance of the loan commitment by the authority, the borrower shall pay a commitment fee established by the authority in the amount of not more than 0.1% of the principal amount of notes or bonds to be issued. The authority shall credit the amount paid by the borrower as an application fee under subsection (5) against this commitment fee. The authority shall extend a 6-month loan commitment issued under subsection (6) for an additional 6 months upon payment by the borrower of a nonrefundable extension fee of \$5,000.00, which fee shall not be credited against any other fee or payment to the authority.

(9) Within the period during which the commitment is effective, the authority, upon a determination that the terms and conditions of the commitment have been satisfied, shall make its loan directly, or indirectly through a loan to a mortgage lender, to the borrower.

(10) Except as otherwise provided in this subsection, upon issuance of any notes or bonds to finance a housing project under this section, the borrower shall pay when the notes or bonds are issued, in addition to any commitment or extension fee paid under subsection (8), a fee established by the authority of either not more than 0.9% of the principal amount of the notes or bonds for a loan made for a project located in an eligible distressed area or not more than 1.9% of the principal amount of the notes or bonds for a loan made for a project located in other than an eligible distressed area. If notes or bonds have been issued under this section for a project owned by the borrower located in an eligible distressed area within 180 days before the issuance of notes or bonds for the next project financed by that borrower, which next project is located in other than an eligible distressed area, the fee under this subsection shall be not more than 0.9% of the principal amount of the notes or bonds. If notes or bonds have been issued under this section for a project located in other than an eligible distressed area and the borrower has paid the 1.9% fee, the authority shall not charge a fee under this subsection for the next project financed by that borrower if that next project is located in an eligible distressed area and if the notes or bonds are issued within 180 days after the notes or bonds were issued for the project located in other than an eligible distressed area. In addition to the fee to be paid to the authority when notes or bonds are issued under this section, the authority may, at its sole discretion, establish an annual fee, or other administrative fees, to be paid by the borrower during the term of the loan. All or any portion of the fees due to the authority under this subsection shall be paid by the borrower to the authority in annual or semiannual installments, as the authority shall determine, after the date on which notes or bonds are issued to finance the related housing project.

(11) Subject to any rights of the holders of any notes or bonds issued to finance a multifamily housing project under this section, if the owner of a multifamily housing project financed under this section provides evidence satisfactory to the authority that a prospective new owner of the multifamily housing project is an eligible borrower under this act and the exemption from federal income taxation of interest on the notes or bonds issued to finance the multifamily housing project will not be impaired as a result of a sale, refinancing, or resyndication, the borrower may sell, refinance from a source other than the authority, or resyndicate that housing project at any time. A prepayment penalty or fee shall not be required for the sale, refinancing, or resyndication other than any prepayment penalty or fee owing to the holders of notes or bonds issued to finance a housing project under this section, except that the owner shall pay all fees of the authority described in subsection (10) before or concurrent with the sale, refinancing, or resyndication. For student housing, a transfer of ownership shall be approved by a resolution of the college or university board of trustees for the college or university that approved the initial financing under this section.

(12) A borrower is allowed distributions equal to a 12% return on the borrower's investment in a multifamily housing project financed under this section for the first 12 months of operation of the housing project following substantial completion. The allowable return shall be increased by 1% for each 12-month period after the first 12 months. The maximum allowable return for a housing project located in other than an

eligible distressed area is 25%. Any return less than the allowable rate in any preceding period may be received in any subsequent period on a cumulative basis.

(13) Before September 1 of each year, the owner of a housing project financed under this section shall report to the authority all of the following, which the authority shall include in the report required by section 32(14):

(a) The incomes of the tenants residing in that housing project in a manner that preserves the anonymity of those tenants.

(b) The estimated economic and social benefits of that housing project to the immediate neighborhoods in which it has been constructed.

(c) The estimated economic and social benefits of that housing project to the city in which it has been constructed.

(d) Information requested by the authority about that housing project that is needed so that the authority can report the extent of displacement, direct and indirect, of lower income persons caused by housing projects financed under this section, the steps taken by governmental and private parties to ameliorate the displacement, and the results of those efforts.

(e) Information requested by the authority about that housing project that is needed so that the authority can report the estimated extent of additional reinvestment activities by private lenders attributable to the authority's financing of housing projects financed under this section.

(f) Except for housing for students, the age, race, family size, and average income of the tenants of these housing projects.

(g) The estimated economic impact of these housing projects, including the number of construction jobs created, wages paid, and taxes and payments in lieu of taxes paid.

(14) Mortgages securing loans made under this section are authority-aided mortgages.

(15) The authority may inspect and audit projects and records of projects financed under this section in order to monitor compliance with the requirements of this section. If there is noncompliance, the authority, pursuant to the provisions of the financing and organizational documents applicable to the transaction, may pursue the remedies that the authority considers appropriate. Except as is required to ensure compliance with this section or section 46 or otherwise required by purchasers of, or a third party credit enhancement provider with respect to, notes or bonds issued to finance a multifamily housing project under this section, the authority shall not regulate, in any manner, a multifamily housing project financed under this section. This section does not preclude the authority from regulating a multifamily housing project in consideration for other types of program benefits, incentives, or concessions provided by the authority in addition to the financing made available under this section.

(16) Notwithstanding any other provision of this section, there shall not be any liability on the part of the authority or its members, officers, employees, or agents, and the assets of the authority shall not be subject to any liability, as a result of any act or failure to act under this section on the part of the authority or its members, officers, employees, or agents.

(17) If notes or bonds have been issued under this section for a project located in an eligible distressed area within 180 days before the submission, by the same borrower or a borrower having the same general partners, of a commitment for credit enhancement, that borrower's application shall be given priority over the other applications submitted under this section to finance projects located in other than eligible distressed areas, except for projects for which the authority has authorized loan commitments. The principal amount of notes or bonds issued to finance a project given priority under this subsection shall not exceed 10 times the principal amount of the notes or bonds issued to finance the distressed area project that qualifies the borrower for priority consideration.

(18) Except for housing projects for which the authority has adopted an inducement resolution on or before April 1, 1991, loans shall not be made under this section unless the authority determines that use of the state's unified volume cap for a project will not impair the ability of the authority to carry out programs or finance housing developments or housing units which are targeted to lower income persons.

(19) Beginning January 3, 2005, a person or entity who proposes a student housing project shall cooperate with the college or university from which the majority of tenants are proposed to be drawn by using its best efforts to communicate with the college or university regarding the location of and the need for the project. If, in the judgment of the authority, the person or entity proposing the project does not communicate with the college or university and the unit of local government where the project is located regarding the location of and need for the project, the authority may deny financing for the project. The authority shall not make a financing commitment for a housing project unless the board of trustees of the college or university from which a majority of students are anticipated to be residents of the housing project adopts a resolution in support of the proposed development.

(1) The authority may make a loan to any person or entity, whether for profit or not for profit, for predevelopment costs, or for the construction or rehabilitation, and for the long-term financing, of a 2 to 49 unit housing project located in an effectively treatable area, which project meets the 20-50 or 40-60 test established in section 142 of the internal revenue code, 26 USC 142. For rehabilitation of a housing project in an effectively treatable area by more than 1 owner, the 20-50 or 40-60 test may be met on an aggregate basis.

The plan shall establish as a goal that at least 75% of the property in the area will be brought to a safe and sanitary condition and shall enable the authority to determine that available private, public, and authority resources will be combined in such a manner as to assure that a majority of the housing in the area will be brought to a safe and sanitary condition. To qualify as an effectively treatable area, the area shall be in a qualified local governmental unit as defined in section 2 of the obsolete properties rehabilitation act, 2000 PA 146, MCL 125.2782, or a county seat and either be within a census tract having a serious housing need or in an area that meets all of the following criteria:

(b) The poverty rate in the area is greater than the statewide average as determined by the most recent federal decennial census.

(c) The average income of the area is less than 80% of the statewide or area median, whichever is greater, as determined using the most recent federal decennial census.

(d) The percentage of overcrowded or underutilized housing units in the area is greater than the municipality-wide average.

(3) The authority shall provide technical assistance to help develop neighborhood partnership plans. The municipality or neighborhood organization that submits the plan shall demonstrate that community support exists and that the provision of a loan under this section will contribute to the larger effort to revitalize the area.

(4) The return on investment to the owner of a project financed under this section is not restricted as long as the housing remains in compliance with all applicable state and local codes and ordinances.

Sec. 48j. The court may make provision in any judgment of foreclosure for the adding to the amount determined in the judgment to be due, any sum or sums paid at any time after the foreclosure and prior to the expiration of the period of redemption, as taxes assessed against the property or the portion of the premium of any insurance policy covering any buildings located on the premises as is required to keep the policy in force until the expiration of the period of redemption or both the taxes assessed the property and the portion of the premium of any insurance policy covering any buildings located on the premises as is required to keep the policy in force until the expiration of the period of redemption, if under the terms of the mortgage it would have been the duty of the defendants determined to be personally liable to have paid the taxes or insurance premium had the mortgage not been foreclosed. In case of any such payment which is made prior to the entry of the order confirming the report of sale by the person making the sale, determination of the additional liability shall be made in the order. In case of any such payment made after the entry of the order, proof of the payment may be made by filing with the register of deeds with whom the deed of sale is deposited, an affidavit of payment by the purchaser or someone in his or her behalf having knowledge of the facts together with a receipt evidencing the payment of the taxes, or, in case of insurance premiums, an affidavit of an agent of the insurance company stating the making of the payment and also what portion of the payment covers the premium for the period prior to the expiration of the period of redemption. In case the property is not redeemed, the taxes or premiums paid after the confirmation of sale shall not be added to or included in the deficiency judgment.

125.1448n Sale of premises; default subsequent to judgment.

Sec. 48n. (1) If the defendant does not bring into the court the amount due, with costs, or if for any other cause a judgment is entered for the authority, and if it appears that the premises can be sold, in parcels, without injury to the interests of the parties, the judgment shall direct as much of the premises subject to the mortgage or land contract held by the authority to be sold as is sufficient to pay the amount then due on the mortgage or land contract, with costs, and the judgment shall remain as security for any subsequent default.

(2) If there is any default subsequent to the judgment, in the payment of any portion or installment of the principal or of any interest due upon the mortgage or land contract held by the authority, the court may, upon the petition of the authority, by a further order founded upon the first judgment, direct a sale to be made of as much of the premises subject to the mortgage or land contract as is sufficient to satisfy the amount due, with costs of the petition and subsequent proceedings on it, and the same proceedings may be had as often as a default happens.

(3) If it appears to the court that the premises subject to the mortgage or land contract held by the authority are so situated that a sale of the whole premises will be most beneficial to the parties, the judgment shall be entered for the sale of the whole premises in the first instance. In this case the proceeds of the sale shall be applied to the interest and each portion or installment of the principal due as well as towards the whole or residue of the sum secured by the mortgage or land contract and not due and payable at the time of the sale. If the residue does not bear interest, the court may direct that the residue be paid with a rebate of the legal interest for the time during which the residue will not be due and payable; or the court may direct that the balance of the proceeds of the sale, after paying the sum due with costs, be put out at interest for the benefit of the authority, to be paid to the authority as the installments or portions of the principal, or the interest become due, and the surplus for the benefit of the defendant or his or her representatives or assigns, to be paid to the defendant or his or her representatives on the order of the court.

(2) If it appears to the court at the trial, either by the production in evidence of the original mortgage, land contract, or note to secure the payment of which the mortgage was given, or by any other competent evidence,

Sec. 49u. If, in the foreclosure of a mortgage by advertisement under this section and sections 49 to 49v, a sale of real property has been made or is made by the authority, at which the authority has become or becomes the purchaser, or takes or has taken title to the real property at the sale either directly or indirectly, and the authority sues for and undertakes to recover a deficiency judgment against the mortgagor or other maker of the obligation or any other person liable on the obligation, the defendant against whom such deficiency judgment is sought may allege and show, as a matter of defense and set-off to the extent only of the amount of the authority's claim, that the property sold was fairly worth the amount of the debt secured by it at the time and place of sale or that the amount bid was substantially less than its true value. (b) The mortgagee has posted a notice at the time of making the personal inspection and has mailed by certified mail, return receipt requested, a notice to the mortgagor at the mortgagor's last known address, which notices state that the mortgagee considers the premises abandoned and that the mortgagor will lose all rights of ownership 30 days after the foreclosure sale unless the mortgagor; the mortgagor's heirs, executor, or administrator; or a person lawfully claiming from or under 1 of them provides the notice described in subdivision (c).

(c) Within 15 days after receipt of a notice required by subdivision (b), the mortgagor; the mortgagor's heirs, executor, or administrator; or a person lawfully claiming from or under 1 of them does not give written notice by first-class mail to the mortgagee at an address provided by the mortgagee in the notices required by subdivision (b) stating that the premises are not abandoned.

History: Add. 2008, Act 456, Eff. Oct. 29, 2009;—Am. 2010, Act 144, Imd. Eff. Aug. 4, 2010.

Compiler's note: Enacting section 1 of Act 456 of 2008 contained tie bars to House Bills 5437 and 5438. House Bill 5437 was filed with the Secretary of State January 9, 2009, and became 2008 PA 454, Imd. Eff. Jan. 9, 2009. House Bill 5438 was not enacted by the legislature of the 2008 regular session; it was not presented to the governor and did not become a public act.

Enacting section 1 of Act 127 of 2009 repealed enacting section 1 of Act 456 of 2008, thereby removing the tie bars. Act 456 of 2008 became effective October 29, 2009.

For transfer of Michigan state housing development authority from Michigan strategic fund to department of talent and economic development, see E.R.O. No. 2014-6, compiled at MCL 125.1995.

125.1459a Supportive housing property; filing in affidavit form; certification by authority; filing of certified notification of exemption with local assessing officer; certification on first-come, first-served basis; limitation.

Sec. 59a. The owner of supportive housing property shall file with the local assessing officer a notification of that status, which shall be in an affidavit form as provided by the authority. The completed affidavit form first shall be submitted to the authority before November 1 of the year preceding the tax year in which the exemption is to begin for certification by the authority that the project is supportive housing property. The owner then shall file the certified notification of the exemption with the local assessing officer before December 1 of the year preceding the tax year in which the exemption is to begin. The authority shall not accept any affidavits filed with it for certification on or after November 1 of any year. The authority shall certify property as supportive housing property on a first-come, first-served basis. The authority shall not certify more than 250 individual living units in each year, and not more than 62 units certified as supportive housing property for a year can be in a single county. If by November 1 of any year the total number of living units that the authority has certified for that year is fewer than 250 living units, the authority may, subject to the annual state-wide limit of 250 living units, certify additional living units in any county that had previously reached the 62-unit limit. This certification shall be on a first-come, first-served basis, based on affidavits filed with the authority before November 1 of that year, but after the county involved reached the 62-unit limit. If not all of the affidavits can be certified without reaching the 250-unit limit, and the date and time of the filing of those affidavits does not establish which were filed earliest, the authority shall select and certify affidavits within that group randomly, keeping a balance of certified units among counties that have more than 62 certified units.

History: Add. 2008, Act 456, Eff. Oct. 29, 2009;—Am. 2010, Act 144, Imd. Eff. Aug. 4, 2010.

Compiler's note: Enacting section 1 of Act 456 of 2008 contained tie bars to House Bills 5437 and 5438. House Bill 5437 was filed with the Secretary of State January 9, 2009, and became 2008 PA 454, Imd. Eff. Jan. 9, 2009. House Bill 5438 was not enacted by the

legislature of the 2008 regular session; it was not presented to the governor and did not become a public act.

Enacting section 1 of Act 127 of 2009 repealed enacting section 1 of Act 456 of 2008, thereby removing the tie bars. Act 456 of 2008 became effective October 29, 2009.
