TAXPAYER'S GUIDE

for the
2022
tax year

Dear Taxpayer:

This booklet contains information for your 2023 Michigan property taxes and 2022 individual income taxes, homestead property tax credits, farmland and open space tax relief, and the home heating credit program.

For the 2022 income tax returns, the individual income tax rate for Michigan taxpayers is 4.25 percent, and the personal exemption is \$5,000 for each taxpayer and dependent. An additional personal exemption is available if you are the parent of a stillborn child in 2022. The state also provides a \$2,900 special exemption for each tax filer or dependent in the household who is deaf, paraplegic, quadriplegic, hemiplegic, totally and permanently disabled or blind. An additional \$400 exemption is available for each disabled veteran in the household.

This year, federal and state income tax returns are due April 18, 2023. Most taxpayers may request that their income tax refund be directly deposited into a U.S. financial account of their choice. To request direct deposit, fill out the direct deposit portion of the MI-1040, MI-1040CR, or MI-1040CR-2 or file Form 3174 and attach it to the state income tax form.

The information contained in this booklet may ease the burden of filling out state tax forms and may even save some taxpayers money. However, this booklet is not designed to provide line-by-line instructions for filling out state income tax forms. Please refer to the Michigan Department of Treasury's income tax instruction booklets for line-by-line guidance. You may also want to consult with a tax professional for further assistance.

Please Note:

The tax forms have been included as an example for taxpayers. Anyone using these forms to file their state income tax and property tax credits should consult the department's instruction booklets. Any references on these forms to page numbers refer to pages in the department's instruction booklets and not to pages in this Taxpayer's Guide.

MICHIGAN PROPERTY TAX

The general property tax has traditionally been an important part of our state's tax structure. Money raised through property taxes goes toward financing local services, such as police and fire protection; public education; the operation of city, village, township, and county governments; and special projects such as sewers, streets, and parks. All property taxes collected by local units of government, other than the state education tax which is sent to the state School Aid Fund for distribution, are kept locally, and no other part of that revenue is sent to or used by the state.

PROPERTY TAX ASSESSMENT

Property subject to taxation by local units of government is classified as either real or personal property. Real property consists of land and any improvements to the land, such as buildings or water and sewer facilities. Personal property includes tangible items such as furniture, machines, and equipment belonging to a business, and those items not permanently attached to land or buildings. Generally, residential personal property is exempt from taxation.

The process for determining a property owner's tax bill begins with calculating the property's assessed value. The "assessed value" of real property is the value placed upon the property by the local assessment officer. Each parcel of real property in Michigan has three valuations: assessed value, state equalized value, and taxable value. The Michigan Constitution requires that property be assessed uniformly at a rate not to exceed 50 percent of true cash value. True cash value is the usual selling price that the property would bring on the local market.

Property assessment is an annual, three-step process.

- First, the local assessor determines the *assessed value* of property based on the condition of the property on December 31 of the previous year. This is 50 percent of what the assessor determines to be the market price. If the property is covered by a conservation easement, the local assessor may take the easement into account in determining the assessed value. Conservation easements are voluntary restrictions on future development on the property.
- Second, the board of commissioners in each county equalizes, or applies an adjustment factor, to ensure that property owners in all cities, townships, villages, or school districts in the county pay their fair share of that unit's taxes. Equalization serves to bring the total valuation across assessing units as close to the 50 percent level as possible.
- Third, the State Tax Commission applies an adjustment factor to the county assessments to bring the total valuation across counties as close to the 50 percent level as possible. This process produces the property's *state equalized value*, or SEV.

While equalization results in the determination of the property's state equalized value, the *taxable value* is what is used to calculate property taxes. For property acquired in the previous year, the SEV is the property's taxable value. For each continued year of ownership, taxable value is the lesser of (1) that year's SEV versus the previous year's taxable value minus losses, adjusted for inflation, plus new property improvements or (2) the previous year's taxable value plus 5 percent. In other words, any increase in taxable value from one year to the next is capped at the rate of inflation or 5 percent, whichever is less, except for new construction. The inflation rate for 2022 was 7.9 percent so the inflation rate used to calculate 2023 taxable values is 5.0 percent.

When a property is transferred, the cycle starts anew, and the following year's SEV becomes the property's taxable value, eliminating the cap of the rate of inflation or 5 percent. This often triggers a "pop-up" in taxes due. A transfer of ownership occurs when a title or present interest in the property is transferred through conveyance by deed, land contract, trust, distribution under a will, certain leases, or other mechanisms. Transfers of property from one spouse to the other or from a decedent to a surviving spouse, among other exceptions, are not considered a transfer of ownership. In addition, transfers of residential property to an immediate family member are exempted from the pop-up if the property is not used for any commercial purpose following conveyance.

A TAXPAYER'S GUIDE

The pop-up from taxable value to SEV does not apply when eligible farmland is transferred to new owners. When someone purchases eligible farmland and files an affidavit testifying that the property will remain in agricultural use for at least seven years, the transfer will not trigger the pop-up. Transfers of land subject to a conservation easement are also exempted from the pop-up.

PRINCIPAL RESIDENCE EXEMPTION

A principal residence is exempt from taxes levied by a local school district for operating purposes of up to 18 mills. A homeowner's principal residence is defined as "the one place where an owner of the property has his or her true, fixed, and permanent home to which, whenever absent, he or she intends to return and that shall continue as a principal residence until another principal residence is established." Property owners may claim only one exemption. A married couple, filing income tax returns jointly, are generally entitled to no more than one principal residence exemption. However, there are exceptions to these rules. The law allows a temporary, additional exemption for up to three years on an unoccupied homestead listed for sale. Homeowners with a principal residence exemption currently residing in a nursing home, assisted living facility, or other location while convalescing and members of the armed services absent on active duty may maintain the exemption so long as they continue to own and maintain the property, they do not establish a new primary residence, and the property is not used for most commercial and business purposes. A homeowner who vacates their home because of damage or destruction may maintain the exemption for up to three years as long as they demonstrate an intent to move back in.

To be eligible for the homeowner's principal residence property exemption, a taxpayer must file an affidavit with the local tax collecting unit on or before June 1 for an exemption from the immediately succeeding summer tax levy and November 1 for an exemption from the immediately succeeding winter tax levy. Once filed, exemptions are valid in future years until rescinded. A denial of this exemption may be appealed to the Michigan Tax Tribunal. The appeal must be filed within 35 days from date of notice.

FARMLAND (QUALIFIED AGRICULTURAL) PROPERTY EXEMPTION

Farmland may be exempt from taxes levied by a local school district for operating purposes of up to 18 mills. Farmland must be determined to be qualified agricultural property. The state has defined qualified agricultural property as "unoccupied property and related buildings classified as agricultural, or other unoccupied property and related buildings located on that property devoted primarily to agricultural use." If a property is classified as agricultural for assessment purposes, a property owner does not need to take any action to receive the exemption, unless requested by the local assessor. Otherwise, a property owner must claim an exemption by filing an affidavit with the local tax collecting unit on or before May 1. In some cases, a partial exemption may be approved if part of the property is used for non-agricultural purposes. An exemption remains in place unless withdrawn or until rescinded. A denial of an exemption may be appealed to the local board of review. A board of review decision may be appealed to the Michigan Tax Tribunal within 35 days from the decision.

POVERTY EXEMPTION

A person may be eligible to request a poverty exemption from property taxes if they, at a minimum, own and occupy the property as their homestead, demonstrate evidence of ownership and identification, and meet poverty income standards. The local board of review makes the determination if the exemption should be granted or denied based on the guidelines for both income and asset levels adopted by the local unit of government. To be eligible for an exemption, a homeowner must apply to the local assessing unit after January 1 but before the day prior to the last day of the board of review. In certain jurisdictions, where permitted by resolution of the local governmental unit, a person who received the exemption in 2019, 2020, or both, or was approved for the first time in 2021, and receives a fixed income from public assistance may receive the exemption for up to 3 additional years without reapplication. March board of review denials may be appealed to the Michigan Tax Tribunal by the end of July. July and December board of review denials must be appealed to the Michigan Tax Tribunal within 35 days of notice.

DISABLED VETERANS EXEMPTION

Property owned and used as a homestead by a disabled and honorably discharged veteran is exempt from Michigan property taxes. To be eligible for this exemption, a disabled veteran must be determined by the U.S. Department of Veterans Affairs to be permanently or totally disabled as a result of military service and entitled to veterans' benefits at the 100 percent rate, have a certificate from the U.S. Veterans Administration certifying that they are receiving or have received pecuniary assistance due to disability for special adaptive housing, or be rated by the U.S. Department of Veterans Affairs as individually unemployable. This exemption is also available to an unremarried surviving spouse of a disabled veteran. An affidavit to qualify for this exemption must be filed annually with the local tax unit. A claim for the exemption is reviewed by the local board of review. A board of review decision may be appealed to the Michigan Tax Tribunal.

FARMLAND DEVELOPMENT RIGHTS AGREEMENT OR EASEMENT EXEMPTION

Property owners who own farmland covered by a development rights agreement or easement with the state are exempt from special assessments for sanitary sewers, water, lights, and nonfarm drainage on land covered by the agreement or easement. The exemption does not apply to assessments in place prior to entering into an agreement or easement. In addition, the property owner cannot take advantage of the services financed through the assessment on the exempted land and may be required to pay the assessment if the agreement or easement is ended.

APPEALING A TAX ASSESSMENT

THE LOCAL BOARD OF REVIEW

If, for any reason, a taxpayer disagrees with the assessed value, taxable value, or taxable status of property, he or she may appeal to the local board of review. Each city or township may have its own board of review or appoint a joint board of review with neighboring communities. Township boards of review are comprised of three, six, or nine voters who are appointed by the township board. The size, composition, and appointment of city boards of review vary according to requirements of their respective city charters. Boards of review meet in the week containing the second Monday in March to hear protests. Boards of review also meet in July and December to correct qualified errors in the roll, including adjustments for property incorrectly listed as having had a transfer of ownership or certain other errors regarding the taxable status of the property. These meeting dates are also used for disputes over claims for the homeowner's poverty exemption, disabled veterans status, and initial farmland property exemptions. Boards of review may retroactively award a principal residence exemption to a homeowner for property not exempted on the tax roll; however, denied principal residence exemptions are appealed directly to the Michigan Tax Tribunal, which must be filed within 35 days of denial. Corrections may be made for the year in which the appeal was filed and, in some cases, for the three immediately preceding years. Places and times of board of review meetings should be posted in the local newspaper.

THE MICHIGAN TAX TRIBUNAL

To make an appeal at the state level, a taxpayer must have first locally appealed an assessment of residential or agricultural property. If not satisfied with the judgment of the board of review, a taxpayer may appeal the decision to the Michigan Tax Tribunal, an independent body which has the power to hear appeals of judgments of the local boards of review. (Assessment classifications are appealed to the State Tax Commission.) The tribunal has seven members appointed by the Governor and confirmed by the Michigan Senate. To appeal a 2023 assessment to the Michigan Tax Tribunal, an appeal must be filed before July 31, 2023 for residential or agricultural property and before June 1, 2023 for other property.

The Residential and Small Claims Division of the Michigan Tax Tribunal hears appeals of valuation of residential and agricultural property and appeals of agricultural and homeowner's principal residence exemptions. An appeal must be filed within 35 days after the assessor, county treasurer, or county equalization director denies a claim for an exemption. An appeal of a claim for a poverty exemption must be filed by July 31, if the claim was denied at the March board of review. A claim must be filed within 35 days if the July or December board of review (meetings held to correct errors in the roll) denies a claim of exemption.

A TAXPAYER'S GUIDE

A filing fee may be required for an appeal. There is no fee for the filing of an appeal of a poverty exemption denial or contesting a property's SEV or taxable value if the property is covered by a principal residence exemption of at least 50 percent. The fees for filing other property tax appeals vary depending on the type of appeal and the amount of SEV or taxable value in contention, whichever is greater, with a minimum of \$25.00.

To initiate an appeal to the Michigan Tax Tribunal, the property owner must file a petition with the Tribunal's Small Claims Division. Petition forms can be found on the Michigan Tax Tribunal's Small Claims Division website, michigan.gov/taxtrib/small-claims. As of March 1, 2013, the Tribunal no longer accepts letters to initiate appeals.

PROPERTY TAX RATES

The tax rate, or millage, is the number of tax dollars the taxpayer must pay for each \$1,000 of taxable value. This rate varies by local unit, but certain statewide constitutional and statutory restrictions exist. The rate may not exceed 15 mills (\$15 per \$1,000), split between a taxpayer's county, township, and school districts, except in counties in which voters have approved rates of up to 18 mills. Excluded from these limitations are:

- Debt service taxes for all debts of local units approved by the electorate;
- For general law counties, townships, and school districts, extra-voted millage rates up to 50 mills not to exceed 20 years; and
- Taxes imposed by those units having tax limitations provided by charter or general law (cities, villages, charter townships, charter counties, community colleges, intermediate school districts (for special education and vocational education mills only), and other charter authorities).

Property taxes can be determined by multiplying the total local millage rate by the taxable value of property. A mill equals one one-thousandth of a dollar (\$1 of tax for each \$1,000 of taxable value). For example, if the local millage rate is 32 mills (\$32 per \$1,000 of taxable value) and the taxable value is \$100,000, the formula would be 32×100 , for a property tax of \$3,200. The Michigan Department of Treasury has a property tax estimator on its website, treas-secure.state.mi.us/ptestimator/ptestimator.asp.

COLLECTION

Property taxes may be collected in the summer or the winter, or in some combination. Townships traditionally collect property taxes in the winter, but most cities collect property taxes in the summer. The six-mill state education tax is collected in the summer. School boards or intermediate school districts can request that a city or township collect half or all of their school taxes in the summer. County-allocated millages are collected in the summer and county extra-voted millages are collected in the winter.

TAX DEFERMENTS

There are several instances in which a taxpayer may have their payments for special assessments or summer or winter property taxes deferred.

SPECIAL ASSESSMENTS

A homeowner who is 65 years of age or older or who is totally and permanently disabled, and who is a citizen of the United States, a resident of this state for five or more years, the sole owner of a homestead for five or more years, and who meets household income standards, is eligible to defer special assessments on that homestead that, per 2020 PA 331, were assessed before October 1, 2020. The total amount of the special assessment to be deferred, exclusive of interest, cannot be less than \$300.

For those who qualify for a special assessment deferment, the payment of the deferred special assessment by the owner, or the owner's estate, will include an interest charge of 1 percent per month or fraction of a month. Special assessments will be deferred until one year after the owner's death or until the homestead is sold, conveyed, or transferred to someone else. Death of a spouse, however, will not terminate the deferment for the surviving spouse, unless the surviving spouse remarries.

SUMMER PROPERTY TAX

A taxpayer who is 62 years of age or older (including the unremarried surviving spouse of a person who was 62 years of age or older at the time of death), a paraplegic, a quadriplegic, a hemiplegic, an eligible serviceperson, an eligible veteran, an eligible widow or widower, or who is totally and permanently disabled, or blind, may be able to delay paying summer taxes on his or her homestead if total household income in the prior taxable year did not exceed \$40,000. Summer taxes on farms may also be deferred in certain situations where gross receipts in previous years are not less than household income in the preceding calendar year. If deferred, summer taxes may be paid on or before February 14 without any penalty or interest. Applications for deferment of summer taxes must be filed with the city, village, or township treasurer by September 14, or before the date summer taxes are due, whichever is later.

WINTER PROPERTY TAX

A taxpayer who is 65 years of age or older (including the unremarried surviving spouse of a person who was 65 years of age or older at the time of death), a paraplegic, a quadriplegic, a hemiplegic, an eligible serviceperson, an eligible veteran, an eligible widow, or who is totally and permanently disabled, or blind, may be able to delay paying the winter taxes on his or her homestead, without penalty, until May 1 of the first year of delinquency. Winter tax deferral is only available if approved by the county board of commissioners and is subject to certain conditions. Taxpayers can contact the county treasurer to determine if the winter tax deferment is available and to check qualifications.

SIGNIFICANT 2023 PROPERTY TAX DATES

A TAXPAYER'S GUIDE

SIGNIFICANT 2023 PROPERTY TAX DATES (CONTINUED)

- March 13** The local board of review meets. This meeting must start not earlier than 9 a.m. and not later than 3 p.m. The board of review must meet one additional day during this week and shall hold at least three hours of its required sessions during this week after 6 p.m.
- Note:** The governing body of a city or township may authorize March 14 or 15 as an alternative starting date for the initial meeting of the March board of review.
- March 31** Last day to pay all forfeited 2020 delinquent property taxes, interest, penalties and fees, unless an extension has been granted by the circuit court. If unpaid, title to properties foreclosed for 2020 real property taxes vests solely in the foreclosing governmental unit.
- April 3** The March board of review must complete their review of protests of assessed value, taxable value, property classification, or denial by assessor of continuation of Qualified Agricultural Property Exemption.
- April 28** Last day of deferral period for winter (December 1) property tax levies, if the deferral for qualified taxpayers was authorized by the county board of commissioners.
- May 1** Deadline for filing a Principal Residence Exemption Active Duty Military affidavit (Form 4660) to allow military personnel to retain an exemption for up to three years if they rent or lease their principal residence while away on active duty.
- Deadline for filing the Farmland (Qualified Agricultural) Property Exemption affidavit (Form 2599) with the local assessor if the property is NOT classified agricultural or if the assessor asks an owner to file it to determine whether the property includes structures that are not exempt.
- May 31** Appeals of property classified as commercial real, industrial real, developmental real, commercial personal, industrial personal, or utility personal must be made by filing a written petition with the Michigan Tax Tribunal.
- June 1** Last day to send first notice to all properties that are delinquent on 2022 taxes.
- Deadline for filing Homeowner's Principal Residence Exemption affidavit (Form 2368) for exemption from the summer tax levy of 18-mill school operating tax.
- Deadline for filing the initial request (first year) of a Conditional Rescission of Principal Residence Exemption (Form 4640) for the summer tax levy.
- Note:** Denial of a Homeowner's Principal Residence Exemption may be appealed by the owner to the Small Claims Division of the Michigan Tax Tribunal within 35 days after the date of the notice of denial.
- June 5** Deadline for notifying protesting taxpayer in writing of board of review action.
- June 30** Deadline for classification appeals to the State Tax Commission. A classification appeal must be filed with the state tax commission in writing on or before June 30 (Form 2167).
- July 1** Taxes due and payable in those jurisdictions authorized to levy a summer tax. (Charter units may have a different due date.)
- July 18** The July board of review may be convened to correct a qualified error.
- Note:** The governing body of a city or township may authorize, by adoption of an ordinance or resolution, an alternative date during this week.
- For taxes levied after December 31, 2012, an owner who owned and occupied a principal residence on June 1 or November 1 for which the exemption was not on the tax roll may file an appeal with the July board of review in the year for which the exemption was claimed or in the immediate succeeding three years if the exemption was not on the tax roll.
- An owner of property that is Qualified Agricultural Property on May 1 may appeal to the July board of review for the current year and the immediately preceding year if the exemption was not on the tax roll. July board of review may hear appeals for current year only for poverty exemptions, but not poverty exemptions denied by the March board of review.

SIGNIFICANT 2023 PROPERTY TAX DATES (CONTINUED)

July 31	Appeals of property classified as agricultural real or residential real must be made by filing petition with the Michigan Tax Tribunal.
August 21	Deadline for taxpayer to file appeal directly with the Michigan Tax Tribunal if final equalization multiplier exceeds tentative multiplier and a taxpayer's assessment, as equalized, is in excess of 50 percent of true cash value.
September 1	Last day to send second notice by first class mail to all properties that are delinquent on 2021 taxes.
September 14	Summer taxes due, unless property is located in a city with a separate charter due date. Interest of 1 percent per month will accrue if the payment is late for the state education tax and county taxes that are part of the summer tax collection. Note: Date may be different depending on the city charter. Last day of deferral period for summer property tax levies.
October 2	County treasurer adds \$15 for each parcel of property for which the 2021 real property taxes remain unpaid.
November 1	Deadline for filing Homeowner's Principal Residence Exemption affidavit (Form 2368) for exemption from the winter tax levy of 18-mill school operating tax. Deadline for filing the initial request (first year) of a Conditional Rescission of Principal Residence Exemption (Form 4640) for the winter tax levy.
December 1	2023 taxes due and payable to local unit treasurer are a lien on real property. Charter cities or villages may provide for a different day. Note: Appeal to the Michigan Tax Tribunal of a contested tax bill must be filed within 60 days after the mailing of the tax bill that the taxpayer seeks to contest. (Limited to arithmetic errors.)
December 12	Special board of review meeting may be convened by assessing officer to correct qualified errors. Note: The governing body of a city or township may authorize, by adoption of an ordinance or resolution, an alternative meeting date during this week. For taxes levied after December 31, 2012, an owner who owned and occupied a principal residence on June 1 or November 1 for which the exemption was not on the tax roll may file an appeal with the December board of review in the year for which the exemption was claimed or the immediately succeeding three years. An owner of property that is Qualified Agricultural Property on May 1 may appeal to the December board of review for the current year and the immediately preceding year if the exemption was not on the tax roll. December board of review to hear appeals for current year poverty exemptions only, but not poverty exemptions denied by the March or July board of review.
December 31	Tax day for 2023 property taxes. Deadline for an owner that had claimed a Conditional Rescission of Principal Residence Exemption to verify to the assessor that the property still meets the requirements for the conditional rescission through a second and third year annual verification of a Conditional Rescission of Principal Residence Exemption (Form 4640).

MICHIGAN INDIVIDUAL INCOME TAX

The Michigan individual income tax was first adopted in 1967. It is a direct flat-rate tax, which means that everyone is assessed the same tax rate (4.25 percent for 2022), regardless of their level of income.

The basis, or starting point, of calculating the Michigan income tax is an individual's adjusted gross income (AGI) as determined on federal income tax forms, such as the 1040, 1040-SR, or 1040NR. Various amounts are subtracted from, or added to, the federal AGI before Michigan income taxes are determined. After all appropriate exemptions, subtractions, and additions are applied, an individual's tax liability is determined by multiplying their remaining income by 4.25 percent. After the tax is calculated, an individual's tax liability may be reduced—sometimes even beyond zero—by various tax credits. Tax credits are subtracted after taxes are calculated, while tax deductions are subtracted from income before taxes are determined.

TAX INFORMATION FOR TAX YEAR 2022

The following sections of the Taxpayer's Guide provide general information on Michigan individual income tax exemptions, deductions, and credits for the 2022 tax year (i.e., for tax returns filed by the April 2023 deadline). The information provided here is meant only to supplement information provided by the Michigan Department of Treasury. Taxpayers should still consult with the official tax instruction booklets when calculating their state individual income tax liability.

STATE INCOME TAX EXEMPTIONS

Michigan taxpayers are allowed to take a number of exemptions, depending on the number of people in the taxpayer's household, their ages, and other factors. These exemptions include:

- \$5,000 personal exemption.
- \$5,000 for each dependent.

Special Exemptions

- \$5,000 if you were the parent of a stillborn child delivered in 2022 and have a certificate of stillbirth from the Michigan Department of Health and Human Services.
- \$2,900 for each person or dependent in the household who is deaf, paraplegic, quadriplegic, hemiplegic, totally and permanently disabled, or blind.
- \$400 for each disabled veteran in the household.

ADDITIONS AND SUBTRACTIONS

Michigan law provides that some things that are not counted as income at the federal level must be counted as income in Michigan. Similarly, some things counted as income at the federal level are not counted as income under Michigan law. To determine income subject to state income taxes, adjustments must be made to the federal AGI. These additions and subtractions from income are listed on the form entitled, "Michigan Schedule 1," and a detailed description may be found in the instructions for Schedule 1.

Potential additions to Michigan income include:

- Gross interest and dividends from obligations issued by other states or their political subdivisions.
- Federal deductions taken for taxes on, or measured by, income including self-employment tax.
- Gains from Michigan related to certain capital gains and sales of certain business properties.
- Losses from a business or property located in another state or the sale or exchange of obligations of the United States government.
- Federal deductions taken for net operating losses, such as related to a business.
- Gross expenses from the production of oil and gas or the extraction of nonferrous metallic minerals subject to the Michigan severance tax deducted at the federal level.
- Nonqualified withdrawals from a Michigan Education Savings Program (MESP) or Achieving a Better Life Experience (ABLE) Program account.
- Refunds from terminated Michigan Education Trust (MET) accounts.

Potential subtractions from Michigan income include:

- Social Security benefits included in federal AGI.
- Retirement or pension benefits received for service in the U.S. Armed Forces or Michigan National Guard.
- Retirement or pension benefits received under the federal Railroad Retirement Act.
- Retirement or pension benefits received from a Michigan or U.S. government public retirement system or a public retirement system in another state if you or your spouse were born before 1946.*
- Retirement or pension benefits received from a private pension if you or your spouse were born before 1946.*
- Dividends, interest, and capital gains if you or your spouse were born before 1946.*
- Michigan standard deduction if you or your spouse were born between 1946 and 1955.*
- Retirement or pension benefits received from employment with a governmental agency exempt from Social Security if you or your spouse were born on or after January 1, 1946, but before January 2, 1958, or you or your spouse were born after December 31, 1952, and retired as of January 1, 2013.*
- Income from U.S. government obligations (e.g., Series EE bonds, Treasury notes).
- Federal gains related to certain capital gains and sales of certain business properties.
- Income attributable from another state.
- Compensation received for active duty in the U.S. Armed Forces.
- Income earned while a resident of a Renaissance Zone.
- Refunds from state and city income taxes and homestead property tax credits included in federal AGI.
- Contributions to a Michigan Education Savings Program (MESP) account or Achieving a Better Life Experience (ABLE) account.
- Payments for a Michigan Education Trust (MET) prepaid tuition contract or a contribution to the MET Charitable Tuition Program.
- Gross income subject to the Michigan severance tax from the Michigan production of oil and gas or the extraction of nonferrous metallic minerals included in federal AGI.
- Certain income earned as a member of a federally recognized tribe who lives in an area covered by an active tax agreement between the tribe and the state.
- Michigan net operating losses, such as related to a business.
- Benefits from a discriminatory self-insured medical expense reimbursement plan.
- Settlement payments received as a Holocaust victim.
- Wagering losses that were claimed on the federal return as an itemized deduction.

***The amount of and eligibility for these subtractions depend on your age.**

Please see the appropriate official tax instruction booklet for a list of all the available additions and deductions that may be added or subtracted from a taxpayer's adjusted gross income.

TAX CALCULATION

After all applicable exemptions, additions, and subtractions are applied, the Michigan individual income tax is calculated. The Michigan income tax rate is 4.25 percent for the 2022 tax year.

STATE INCOME TAX CREDITS

Michigan offers a number of tax credits that allow taxpayers to reduce their tax bill. Tax credits are subtracted after calculating the amount of taxes due. Depending on whether or not the credit is considered refundable, tax credits may even result in the state making a payment to the individual. Non-refundable credits can only reduce a taxpayer's tax bill to zero but cannot go beyond this point. Refundable credits, however, can go beyond zero. For example, a taxpayer calculates that they owe \$500 in income taxes. However, they qualify for a non-refundable tax credit worth \$700. Since the credit is non-refundable, the credit will reduce their tax liability to zero, and the state will not owe them any money. If, on the other hand, the tax credit is refundable, the state will pay, or refund, the difference between the tax bill (i.e., \$500), and the amount of the credit, (i.e., \$700). This will result in the state issuing the taxpayer a check for \$200.

The primary nonrefundable tax credit available to Michigan income tax filers is the credit for income taxes imposed and remitted to governments outside Michigan. There are also several refundable tax credits available to filers. Three of Michigan's major refundable tax credits—the homestead property tax credit, home heating credit, and earned income tax credit—and the farmland preservation tax credit are discussed on the following pages. Information on all refundable and nonrefundable tax credits can be found in the Michigan Department of Treasury's official tax booklets.

HOMESTEAD PROPERTY TAX CREDIT

Michigan's homestead property tax credit program is a way the state of Michigan helps offset a portion of the property taxes paid by Michigan homeowners and renters. Homeowners pay property taxes directly and renters pay them indirectly with their rent. For most people, the credit is based on a comparison between total household resources and the property taxes, rent, or other fees paid on a Michigan homestead.

What is a homestead?

The term "homestead" is defined as the place where an individual lives, whether it is owned or rented, and includes a mobile home or lot in a mobile home park. An individual may have only one homestead at any given time, and they must occupy the property for it to be considered their homestead. Permanent occupants of a nursing home, foster care home, or home for the aged that is subject to property taxes may consider the facility as their homestead.

What are total household resources?

Total household resources are the combined total income (taxable and nontaxable) of both spouses or of a single person maintaining a household. It is federal AGI, excluding net business and farm losses, net rent and royalty losses, and any carryover of a net operating loss, plus all income exempt or excluded from the federal AGI. Gains realized on the sale of a residence should be included, whether or not these gains are exempt from federal income tax.

Total household resources include the following:

- Capital gains on sales of your residence regardless of them being exempt from federal income tax.
- Compensation for damages to character or for personal injury or sickness.
- An inheritance (except an inheritance from your spouse).
- Proceeds of a life insurance policy paid on the death of the insured (except benefits from a policy on your spouse).
- Death benefits paid by or on behalf of an employer.
- Minister's housing allowance.
- Forgiveness of debt, even if excluded from AGI (e.g., mortgage foreclosure).
- Reimbursement from dependent care and/or medical care spending accounts.
- Scholarships, stipends, grants, and payments made on your behalf, except government payments made directly to third parties such as an educational institution or subsidized housing project.

Total household resources do NOT include:

- Net operating loss deductions taken on your federal return.
- Payments received by participants in the foster grandparent or senior companion program.
- Energy assistance grants.
- Government payments to a third party (e.g., a doctor, GI bill benefits, and payments from a PELL grant). **Note:** If payment is made from money withheld from your benefit, the payment is part of total household resources. (For example, the Michigan Department of Health and Human Services may pay your rent directly to the landlord.)
- Economic Impact Payments (Federal Stimulus Payments).

- Money received from a government unit to repair or improve your homestead.
- Surplus food or food assistance program benefits.
- State and city income tax refunds and homestead property tax credits.
- Chore service payments. (These payments are income to the provider of the service.)
- The first \$300 from gambling, bingo, lottery, awards, or prizes.
- The first \$300 in gifts of cash or merchandise received, or expenses paid on your behalf (rent, taxes, utilities, food, medical care, etc.) by parents, relatives, or friends.
- Amounts deducted from Social Security or Railroad Retirement benefits for Medicare premiums.
- Life, health, and accident insurance premiums paid by your employer.
- Loan proceeds.
- Inheritance from a spouse.
- Life insurance benefits from a spouse.
- Payments from a long-term care policy made to a nursing home or other care facility.
- Most payments from The Step Forward Michigan program.
- Compensation for wrongful imprisonment.

Taxpayers may reduce total household resources by subtracting:

- Payments to IRAs, SEP, SIMPLE, or qualified plans.
- Moving expenses incurred by members of the Armed Forces on active duty who move into or within Michigan due to a military order and permanent change of station. Moving expenses when moving out of Michigan cannot be included in “Other Adjustments” to reduce total household resources.
- Student loan interest deduction.
- Deduction for self-employment tax.
- Self-employed health insurance deduction.
- Penalty on early withdrawal of savings.
- Alimony paid, if deductible on your U.S. Form 1040.
- Jury duty pay you gave to your employer.
- Archer Medical Savings Account (MSA) deduction.
- Health Savings Account (HSA) deductions.
- Medical insurance or HMO premiums you paid for yourself or your family (not Medicare), including medical insurance premiums paid through payroll deduction.
- Any other adjustments to gross income included on 2022 U.S. Form 1040, Schedule 1.

What property taxes, rental payments, and other fees are used to calculate the credit?

For Michigan homeowners, property taxes used to calculate the credit are those for which the taxpayer received a bill in 2022, regardless of when the taxes were paid. Administration fees of 1 percent or less may be included, but not penalties or interest. Special assessments may be included only if they are levied at a uniform millage rate, are based on taxable value, and either applied to the entire taxing jurisdiction, or are levied for police, fire, or advanced life support in an entire township, except for the village portion of a township.

For other tax filers, the following information may be used to calculate the credit:

- Renters may count 23 percent of the rent paid, except renters of tax-exempt housing who pay service fees instead of property taxes. In this case, renters may only count 10 percent of their rent. Renters of tax-exempt housing that do not pay service fees are not eligible for the credit.
- Persons living in a mobile home park may count the \$3 per month specific tax and 23 percent of the amount they pay for lot rental less the specific tax.

A TAXPAYER'S GUIDE

- Permanent occupants of a nursing home, foster care home, or home for the aged that is subject to property taxes may use the allocated share of the property taxes levied on the facility as taxes eligible for credit. Nursing home managers should have this information.

Single occupants of a nursing home or adult care facility who maintain an unrented homestead may claim either their homestead tax or their share of the facility's property tax. Both may not be claimed. Filers who maintain a homestead and their spouse lives in an adult care facility may file a joint credit claim by combining their spouse's share of the facility's property tax and their homestead tax.

Property taxes on a homestead that is bought or sold during the year must be prorated according to the number of days occupied, regardless of any agreement entered into by the parties involved as to who shall pay the taxes.

Who is not eligible for the credit?

- Taxpayers whose property taxes, rent, or other fees as described above do not exceed 3.2 percent of their total household resources.
- Taxpayers with total household resources of more than \$63,000.
- Taxpayers whose homestead has a taxable value greater than \$143,000 (excluding the portion of a parcel of real property that is unoccupied and classified as agricultural).
- Persons whose total household resources consisted totally of Family Independence Program (FIP) assistance or Michigan Department of Health and Human Services (MDHHS) benefits are not eligible for the credit. For persons who received a part of their income from these programs, their credit will be reduced by the percentage which their total household income was composed of FIP or MDHHS benefits.

How is the homestead property tax credit calculated?

The value of the homestead property tax credit is calculated by comparing total household resources against property taxes, rent, or other fees as described above. The credit is available to taxpayers with total household resources of \$63,000 or less, whose home is in Michigan, who resided in Michigan for at least six months in 2022, and whose homestead taxable value is not greater than \$143,000.

The basis for the credit is the difference between property taxes, eligible rent, or other fees and a percentage (3.2 percent for most filers) of total household resources, up to a maximum of \$1,600. Most filers do not receive the full amount of this difference as a credit, however, because the credit is adjusted based on household resources and whether the filer qualifies as a senior citizen or is disabled. The impacts of these adjustments are described in the next few paragraphs.

For most filers, the credit equals 60 percent of the difference between property taxes, eligible rent, or other fees and 3.2 percent of total household resources.

Senior citizens (65 years of age or older) whose total household resources are \$21,000 or less may receive 100 percent of the difference as a credit. Senior citizens whose total household resources are more than \$21,000, but no more than \$30,000, are eligible for a reduced percentage of the difference. The credit percentage is reduced by 4 percent for each \$1,000 (or part of \$1,000) that total household resources exceed \$21,000 (see MI 1040CR Table A). For senior citizens whose total household resources are between \$30,001 and \$63,000 the credit is 60 percent of the difference.

For filers who are permanently disabled, paraplegic, hemiplegic, quadriplegic, or deaf, and whose total household resources are \$63,000 or less, the credit is equal to 100 percent of the difference, i.e., 100 percent of the difference between property taxes, eligible rent, or other fees and the appropriate percentage of total household resources (again, generally 3.2 percent) up to a maximum of \$1,600.

The credit is reduced for all filers, including senior citizens and the disabled, if the filer's total household resources exceed \$54,000. The reduction is equal to 10 percent for each \$1,000 (or part of \$1,000) above \$54,000 until total household resources reach \$63,000 (see MI 1040CR Table B). Persons with total household resources above \$63,000 are not eligible for the homestead property tax credit.

The following examples provide a better illustration of how the homestead property tax credit is calculated. The official tax booklets provided by the Michigan Department of Treasury should be consulted when applying for this credit.

EXAMPLES OF COMPUTING THE CREDIT

Example 1: The following is an example of how the credit would be figured for a senior citizen whose total household resources in 2022 were \$21,000 or less. Mr. and Mrs. Smith's total household resources were \$20,000, qualifying them for 100% of the credit. Their property tax bill for 2022 was \$1,500.

The credit is computed by multiplying total household resources (\$20,000) by 3.2% (.032). The credit is worth the amount of property taxes that exceed this amount as follows:

$$\mathbf{\$20,000 \times 3.2\% = \$640}$$

*Are property taxes greater than this amount? **Yes***

*What is the difference between property taxes (\$1,500) and \$640? **\$860***

The tax credit is \$860.

Example 2: Another example is provided for a senior citizen with total household resources of \$25,000 and property taxes of \$2,100, qualifying for less than 100% of the credit but more than 60%.

$$\mathbf{\$25,000 \times 3.2\% = \$800}$$

*Are property taxes greater than this amount? **Yes***

*What is the difference between property taxes (\$2,100) and \$800? **\$1,300***

*Amount Total Household Resources exceed \$21,000? **\$4,000***

Reduce credit by 16% (4% for each \$1,000 of total household resources over \$21,000) to 84%

Amount of Credit: $\$1,300 - (16\% \times \$1,300) = \$1,092$

Example 3: Mr. and Mrs. Jones are senior citizens whose total household resources were \$35,000. They paid \$600 per month in rent for 12 months. If 23% of the total rent they paid in 2022 is more than 3.2% of their household income, the excess is multiplied by 60% to determine the credit as follows:

$$\mathbf{\$35,000 \times 3.2\% = \$1,120}$$

*What is 23% of their 2022 rent? **\$1,656***

*Is 23% of rent paid greater than 3.2% of Total Household Resources? **Yes***

*What is the difference between 23% of rent and \$1,120? **\$536***

Multiply \$536 by 60%

The tax credit is \$322.

FILING THE HOMESTEAD PROPERTY TAX CREDIT

There are two forms that may be used to file the homestead property tax credit. Most taxpayers should use form MI-1040CR to calculate the credit. However, taxpayers who are active military, veterans, a surviving spouse of a veteran, or totally blind and own their homestead, may file form MI-1040CR-2, which uses an alternative method to calculate the credit. These taxpayers should use the form that provides the larger credit.

All individuals claiming a refund should file their claim with their Michigan income tax return. The 2022 Michigan income tax return is due April 18, 2023.

The period for amending a claim for a homestead property tax credit is four years from the date set for filing the original claim. Those individuals who do not have to file a Michigan income tax return, but who are eligible for property tax relief, should file the homestead property tax claim as soon as the amounts of 2022 homestead property taxes and household income are known.

HOME HEATING CREDITS

The home heating tax credit is available to households that are at or near the poverty level as defined by the federal government. This credit is different from other credits in that its value must be applied to heating costs, and it is federally funded. The credit is available to renters or homeowners, including mobile home renters or owners, whose total household resources are at or below certain limits based on the number of exemptions the taxpayer is allowed. Household resources are calculated the same as for the homestead property tax credit. The number of exemptions that should be used to compute the credit includes a personal exemption for the claimant, their spouse, their children, and other dependent adults in the household. Additional exemptions are available for each person in the household who is disabled or is a qualified disabled veteran.

There are two methods available for computing a home heating credit: the standard method, and for individuals with very low household resources and high heating costs, an alternative formula.

STANDARD METHOD

In calculating the credit using the standard method, the amount of the home heating tax credit is determined by first figuring the amount of total household resources and the number of exemptions. Then, the following table is used to find the standard allowance (the maximum credit permitted) for the total exemptions claimed.

Number of Exemptions	Standard Allowance	Household Resources Ceiling
0 or 1	\$524	\$14,957
2	\$706	\$20,157
3	\$888	\$25,357
4	\$1,069	\$30,528
5	\$1,251	\$35,729
6	\$1,433	\$40,929

For each additional exemption, \$5,200 is added to household resources and \$182 is added to the standard allowance.

Across from the number of exemptions is the standard allowance. The credit is the standard allowance minus 3.5 percent of total household resources. The home heating credit is funded by a block grant from the federal government. In order to limit credits to the available amount of federal funding, 2022 credits will be multiplied by a proration factor of 90 percent. Claimants with heat included in rent are eligible for only 50 percent of the standard credit amount, which is then reduced by the proration factor, i.e., 90 percent. Credits are not available for those whose household income exceeds the amount in the household resources ceiling column at the right of the table.

EXAMPLE CALCULATION OF STANDARD CREDIT

John and Mary Smith are both senior citizens who are homeowners. They had total household resources of \$12,000. They were entitled to two exemptions.

Standard Allowance	\$706.00
Less: 3.5% of household income (.035 x \$12,000)	<u>-\$420.00</u>
Home Heating Credit Subtotal	\$286.00
Proration Factor	<u>x .90</u>
Credit Available (rounded to the nearest dollar)	\$ 257.00

ALTERNATIVE METHOD

As stated above, the alternative method is for individuals with very low incomes and high heating costs. Only those whose household income does not exceed the maximums specified in the table below (based on the number of exemptions for which they are eligible) can qualify for the alternative credit formula.

Number of Exemptions	Maximum Household Resources
0 or 1	\$16,387
2	\$22,051
3	\$27,720
4 or more	\$30,364

To compute the alternative credit, total heating costs for the 12 consecutive monthly billing periods from November 2021 to October 2022 must be determined. (Maximum heating costs allowed in 2022 is \$3,430.) Then the total heating costs are reduced by 11 percent of household income. The home heating credit will be 70 percent of this amount. For the 2022 tax year, credits will be multiplied by a proration factor of 90 percent. The alternative credit is not available to those whose heat is included in rent or for claims of less than 12 months.

EXAMPLE CALCULATION OF ALTERNATIVE CREDIT

Bill and Helen Jones had a household income of \$7,500 and were entitled to three exemptions. Their total heating cost was \$1,500.

Fuel cost	\$1,500.00
Less 11% of household income (.11 x \$7,500)	– \$ 825.00
Balance	\$ 675.00
Multiply by 70%	x .70
Home Heating Credit Subtotal	\$ 472.50
Proration Factor	x .90
Home Heating Credit (rounded to the nearest dollar)	\$ 425.25

Even if you qualify for the alternative credit, you should also calculate your credit using the standard method and claim the larger credit.

RECEIVING THE HOME HEATING CREDIT

Instead of receiving a credit against taxes owed, or a refund of money from the state, most people receiving the home heating credit receive an energy draft to use as payment toward current and future heating bills. Energy drafts can be used only to pay heating bills in the taxpayer’s name and may not be cashed. For some people, the Michigan Department of Treasury will send their credit directly to their heating provider. Those whose heating costs are included in rent or whose heating services are in someone else’s name will receive checks. Michigan residents can apply for the home heating credit by filling out form MI-1040CR-7. The home heating credit is available even for those who do not have to file a Michigan tax return. The home heating credit is available January 1, 2023 through September 30, 2023.

EARNED INCOME TAX CREDITS

Michigan's Earned Income Tax Credit (EITC) helps working families keep more of their paycheck. The Michigan EITC is based on the federal Earned Income Tax Credit program. Michigan taxpayers who are eligible for the federal EITC are automatically eligible for the Michigan EITC. For tax year 2022, the Michigan EITC equals 6 percent of the federal EITC.

FARMLAND PRESERVATION TAX CREDIT

The Farmland Preservation Tax Credit returns a share of the property tax paid on farmland back to farmland owners. Property owners who own farmland covered by a development rights agreement with the state or who have sold development rights or an agricultural conservation easement held by the state can receive this credit on their state income tax. The amount of the credit depends on how much property taxes paid exceed a portion (3.5 percent) of total household income. Michigan residents can apply for the Farmland Preservation Tax Credit by filling out form MI-1040CR-5.

VOLUNTARY CONTRIBUTIONS SCHEDULE

Michigan's Voluntary Contributions Schedule, found on Form 4642, allows taxpayers to make direct contributions to a number of charities. The contribution will increase the taxpayer's tax liability or reduce their refund. For tax year 2022, contributions can be made to following charitable entities:

American Red Cross Michigan Fund – to support emergency-related relief efforts and help military families and veterans cope and respond to service-related challenges.

Animal Welfare Fund – to help finance the costs for protecting and caring for animals that have been subjected to cruelty or neglect.

Children's Trust Fund – Prevent Child Abuse Michigan – to provide education to parents, adults, and children that helps eliminate preventable injuries, improve nutrition, and prevent sexual abuse and trauma.

Military Family Relief Fund – to provide assistance to needy families of Michigan military personnel serving on active duty.

United Way Fund – to improve the lives of Michigan residents by mobilizing the caring power of communities to provide for basic needs, including, but not limited to, food, clothing, and shelter.

FILING INCOME TAX RETURNS

The individual income tax filing deadline in Michigan is April 18, 2023. Forms may be filed by mail or electronically. The Michigan Department of Treasury encourages electronic filing, called e-file, because it costs 83 percent less to process than paper forms. Taxpayers who use e-file and are due refunds can get their refunds faster than with a paper return. Taxpayers who have a balance due can file their returns electronically before the filing deadline. However, they do not have to send their payments until April 18, 2023.

Home heating credit forms can be filed up until September 30, 2023, and it does not require the tax filer to have paid income taxes or submit the Michigan individual income tax form.

Most taxpayers have the option of having their income tax refund deposited directly into their bank accounts.

Taxpayers may request a 180-day extension of the deadline to file taxes. An extension of time to file the federal return automatically extends the time to file the Michigan return. An extension of time to file is not an extension of time to pay, however. Interest and penalties will accrue during the extension. Taxpayers who are unable to submit the entire payment by July 15 can make late or partial payments.

Instructions for Form 4642, *Voluntary Contributions Schedule*

Michigan taxpayers can contribute \$5, \$10, or more to any of the following funds on the *Voluntary Contributions Schedule* (Form 4642). **Contributions to these funds will increase your tax liability or reduce your refund.**

American Red Cross Michigan Fund

The American Red Cross is always there for you and your community, helping to alleviate suffering caused by disasters big and small. The Red Cross shelters, and provides emotional support to Michigan residents and beyond; supplies about 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. By mobilizing the power of volunteers and the generosity of donors, the Red Cross responds to more than 60,000 disasters annually. In Michigan, last year more than 6,000 volunteers logged more than 200,000 hours assisting others. On average 91 cents of every dollar the Red Cross spends is invested in humanitarian services.

Animal Welfare Fund

The outside world can be a harsh, scary place for homeless pets. And throughout Michigan, small towns and big cities alike struggle to find the resources they need to provide medical care to the animals they rescue. Through the Animal Welfare Fund, the Michigan Department of Agriculture and Rural Development provides grants to Michigan's registered animal shelters for spay/neuter and care programs for shelter dogs and cats up for adoption. Grants also help support many local anti-cruelty and animal care programs around the state. Shelters also use grant monies from your generous donations to help care for animals seized as part of animal cruelty and hoarding cases.

Children's Trust Fund - Prevent Child Abuse Michigan

The Children's Trust Fund (CTF) supports services throughout Michigan to prevent child abuse and neglect. CTF funds home visitation services; respite care; services for families with incarcerated family members; and parenting education and support. CTF supports a statewide network of local Child Abuse and Neglect Prevention Councils. Examples of local Council work are teaching professionals about mandated reporting; teaching parents and caregivers about infant head trauma prevention and infant safe sleep practices; and establishing baby pantries to provide diapers, formula, and clothing. In the coming year, CTF and its local Councils will lead statewide efforts to build local responses to the opioid crisis.

Military Family Relief Fund

The Military Family Relief Fund provides grants to qualifying families of military members in either the Michigan National Guard or Reserves who are called to active duty as a result of the national response to the September 11, 2001 terrorist attacks.

United Way Fund

United Way fights for the health, education, and financial stability of every person in every community. By contributing to the United Way Fund, you're insuring that your dollars stay local and work to improve the lives of individuals and families in your community by providing for basic needs, including, but not limited to, food, clothing, and shelter. United Way's greatest strength is understanding the needs of local communities – but we're more than just a fundraiser. We mobilize thousands of volunteers, donors, and advocates across your community and the state of Michigan to help change lives through service, collaboration, and impact. Come join us and help Michigan Live United.
