UMBILICAL CORD DRUG DELIVERY

**House Bill 4124
Sponsor: Rep. Tracey Yokich
Committee: Public Health**

Complete to 2-4-93

A SUMMARY OF HOUSE BILL 4124 AS INTRODUCED 2-2-93

Currently, under the Public Health Code, "delivery" of controlled substances is defined to mean the transfer from one person to another of a controlled substance.

The bill would amend this definition in the health code to specify that "delivery" would not include the transfer, after birth and through the umbilical cord, of a controlled substance by a mother to her baby.
