

Act No. 74
Public Acts of 1993
Approved by the Governor
June 30, 1993
Filed with the Secretary of State
June 30, 1993

STATE OF MICHIGAN
87TH LEGISLATURE
REGULAR SESSION OF 1993

Introduced by Senators Ehlers and Dunaskiss

ENROLLED SENATE BILL No. 18

AN ACT to make appropriations for the department of natural resources and for capital outlay purposes for the fiscal year ending September 30, 1993; to provide for certain work projects; to prescribe the powers and duties of certain state agencies and officials; and to provide for the expenditure of the appropriations.

The People of the State of Michigan enact:

Sec. 101. There is appropriated for the department of natural resources and for capital outlay purposes to supplement former appropriations for the fiscal year ending September 30, 1993, from the following funds:

APPROPRIATIONS SUMMARY

GROSS APPROPRIATION.....	\$	202,685,500
ADJUSTED GROSS APPROPRIATION.....	\$	202,685,500
EPA title VI.....	\$	92,500,000
DOI-FWS.....		165,000
Total federal revenues.....		92,665,000
Environmental protection bond fund.....		90,452,900
Recreation bond fund.....		10,007,600
Clean water bond of 1968.....		2,600,000
Environmental protection bond interest.....		6,800,000
Game and fish protection fund.....		160,000
Total other state restricted revenues.....		110,020,500
State general fund/general purpose.....	\$	0

DEPARTMENT OF NATURAL RESOURCES SUMMARY - ENVIRONMENTAL

GROSS APPROPRIATION.....	\$	192,352,900
ADJUSTED GROSS APPROPRIATION.....	\$	192,352,900

GENERAL SECTIONS

Sec. 201. In accordance with the provisions of section 30 of article IX of the state constitution of 1963, total state spending in this appropriation act is \$110,020,500.00 and state appropriations to be paid to local units of government are \$24,345,400.00 as follows:

LOCAL SPENDING

Water pollution control revolving fund	\$	13,180,000
Solid waste management grants		530,800
Alternative municipal water supplies		1,087,000
Local recreational grants		9,547,600
TOTAL	\$	24,345,400

TOTAL STATE SPENDING

Fiscal year 1993	\$	110,020,500
TOTAL	\$	110,020,500

Sec. 202. The appropriations made and expenditures authorized under this act and the departments, agencies, commissions, boards, offices, and programs for which an appropriation is made under this act are subject to the management and budget act, Act No. 431 of the Public Acts of 1984, being sections 18.1101 to 18.1594 of the Michigan Compiled Laws.

Sec. 203. For all projects and grant programs funded under this act, the commission of natural resources or the department of natural resources shall notify each legislator whose district is to receive a grant 7 days before the grants are announced.

Sec. 204. It is the intent of the legislature that the state shall make bonds issued pursuant to the environmental protection bond implementation act, Act No. 328 of the Public Acts of 1988, being sections 299.671 to 299.685 of the Michigan Compiled Laws, available to the citizens of the state by making a portion of the bonds available in denominations of \$500.00 or less, and shall otherwise encourage the participation of the citizens of the state in the investment in environmental protection bonds.

SURFACE WATER QUALITY

Sec. 301. The appropriations in section 101 for environmental protection bond water pollution control revolving fund shall not be encumbered or expended until the department has reported to the senate and house appropriations subcommittees on natural resources those projects that have been approved for expenditure under this program.

Sec. 302. Loans provided by the water pollution control revolving fund pursuant to the appropriation in section 101 are to be repaid on schedule and penalties assigned for delinquent repayment as provided in the state clean water assistance act, Act No. 317 of the Public Acts of 1988, being sections 323.451 to 323.470 of the Michigan Compiled Laws.

ENVIRONMENTAL RESPONSE

Sec. 401. (1) The commission of natural resources shall annually report to the governor, the house and senate appropriations committees, the house and senate appropriations subcommittees on natural resources, the joint capital outlay subcommittee, the house and senate standing committees on natural resources, and the house and senate fiscal agencies on the progress of the environmental protection bond cleanups for which appropriations have been made under this act. This report shall include the criteria used for site selection; a list of sites funded, including the name, address, county, and telephone number of the recipient or participant; bond funded actions taken at each site; other sources of funds used at each site in addition to bond proceeds, including private actions or responsible party actions; the amount of funds committed for each site and actually expended at each site; further cleanup actions that may be anticipated at each site; and other information considered pertinent by the commission of natural resources.

(2) The annual report required under subsection (1) shall include a summary of all of the sites funded, organized by the type of remedial action undertaken at the site as follows: surface cleanup, alternative water supply, municipal water supply, site investigation, final cleanup design, final cleanup, operation and maintenance and superfund cleanup project match. The report shall also include the sources of funding for each site, the amount of funds committed for each site and actually expended at each site, the estimated amount of funds saved because of private actions and responsible parties, and staff costs associated with each site.

Sec. 402. The expenditure of money under this act for environmental protection bond cleanup projects, alternative water supply projects, site investigations, and superfund cleanup projects does not preclude the use of private, federal, local, or other state funds on these projects.

Sec. 403. The unexpended portion of the appropriation in section 101 for environmental protection bond alternative water supply projects, cleanup projects, site investigations, contingency fund, and superfund cleanup projects match shall be considered work projects and shall not lapse to the environmental protection bond fund but continue to be available for the purposes appropriated.

Sec. 404. The following projects are authorized for expenditures from appropriations contained in Act No. 180 of the Public Acts of 1989, Act No. 55 of the Public Acts of 1990, Act No. 194 of the Public Acts of 1990, Act No. 31 of the Public Acts of 1991, and Act No. 160 of the Public Acts of 1991 for the environmental response program with funding support from the environmental protection bond fund. The department shall provide to the senate and house appropriations subcommittees on natural resources by October 30, 1993, a list documenting funds saved per site from previous appropriations and the reallocation of those funds for fiscal year 1992-93 to the following projects:

Alternate water supplies.....		\$	0
Barry	Woodland residential wells		
Delta	Bark River Township/Old US-2		
	Rock residential wells

Sec. 409. The funds appropriated in section 101 for superfund cleanup project match are for the following projects:

Cass	U.S. Aviox
Genesee	Forest waste products

Ingham	Motor wheel disposal site
Kent	Chem central
	Organic chemicals, inc.
	Spartan chemical co.
Monroe	Novaco
Muskegon	Bofors Lakeway chemical
	Story chemical company
Oakland	Avon Township J & L landfill

WASTE MANAGEMENT

Sec. 501. The commission of natural resources shall annually report to the governor, the house and senate appropriations committees, the house and senate subcommittees on natural resources, the house and senate standing committees on natural resources, and the house and senate fiscal agencies the progress of resource recovery projects for which appropriations have been made under this act. This report shall include a listing of applicants for grant money; the criteria used for project selection; a list of projects funded including the name, address, county, and telephone number of the recipient or participant; bond funded actions taken on each project; other sources of funds used on each project in addition to bond proceeds, including private actions; the amount of funds expended for each project; progress toward accomplishing the project's performance goals; further actions anticipated on each project; and other information considered pertinent by the commission of natural resources.

Sec. 502. A grant or loan recipient shall submit project performance reports to the department in a format specified by the department annually for not less than 10 years, with the exception of resource recovery education, waste reduction research and demonstration and market development research and demonstration, which shall report annually for not less than 3 years.

Sec. 503. The unexpended portion of the appropriation in section 101 for composting projects, resource recovery education, household hazardous waste centers, market development, market development research and demonstration, recycling projects, transfer station construction, and waste to energy projects shall be considered work projects and shall not lapse to the environmental protection bond fund but shall continue to be available for the purpose for which it was appropriated.

Sec. 504. The department shall include consideration of the overall financial solvency of a private business entity, and the percentage of state investment in project funding, when, as part of solid waste alternatives program requirement, an applicant demonstrates his or her capability to carry out a proposed project. The department shall make provisions in each grant or loan project contract to protect the state's investment in the project.

Sec. 505. The funds appropriated in section 101 for composting projects are for projects in the following counties:

Ottawa	Eagle Ottawa leather company	\$249,600
St. Clair	City of Algonac	\$22,000

Sec. 506. The funds appropriated in section 101 for resource recovery education are for projects in the following counties:

Houghton	Michigan Technological University	\$37,600
Ionia	Ionia County	\$15,000
Oakland	City of Oak Park.....	\$49,500
Roscommon	Roscommon Township	\$15,000
Washtenaw	The mamas and the puppets.....	\$36,500

Sec. 507. The funds appropriated in section 101 for household hazardous waste centers are for projects in the following counties:

Clinton	Clinton County	\$100,000
Ionia	Ionia County	\$68,000

Sec. 508. The funds appropriated in section 101 for market development are for projects in the following counties:

Allegan	Amcorn hybrids, inc.	\$982,100
Dickinson	Caithness King of Michigan	\$5,000,000
Houghton	Great Lakes plastics corp.	\$46,700
Ingham	Applegate insulation mfg., inc.	\$1,463,500

Iron	Northern Michigan conference line, inc.	\$384,600
Isabella	Olson firestone service, inc.	\$168,500
Kent	Able sanitation, inc.	\$266,900
St. Clair	E.B. Eddy paper, inc.	\$5,000,000

Sec. 509. The funds appropriated in section 101 for market development research and demonstration are for projects in the following counties:

Eaton	E-T-M enterprises	\$101,800
Ingham	Michigan State University.....	\$94,600

Sec. 510. The funds appropriated in section 101 for recycling projects are for projects in the following counties:

Kent	Alloy exchange, inc.	\$500,000
Wayne	Huron Township	\$61,300

Sec. 511. The funds appropriated in section 101 for transfer station construction are for the following project:

Alger	Limestone Township	\$200,000
-------	--------------------------	-----------

Sec. 512. The funds appropriated in section 101 for waste to energy projects are for the following project:

Wayne	Central Wayne air quality and energy recovery project	\$5,000,000
-------	---	-------------

CAPITAL OUTLAY

Sec. 601. The commission of natural resources shall annually report to the governor, the house and senate appropriations committees, the house and senate appropriations subcommittees on natural resources, the joint capital outlay subcommittee, the house and senate standing committees on natural resources, and the house and senate fiscal agencies the progress of state park recreation bond projects for which appropriations have been made under this act. This report shall include a list of bond funded actions taken on each project; other sources of funds used in addition to bond proceeds, including private actions; the amount of funds expended for each project; further actions anticipated on each project; and other information considered pertinent by the commission of natural resources.

Sec. 602. The unexpended portion of the appropriation in this act for state park recreation bond projects shall be considered a work project and shall not lapse to the recreation bond fund but shall continue to be available for the purpose for which it was appropriated.

This act is ordered to take immediate effect.

Secretary of the Senate.

Co-Clerk of the House of Representatives.

Approved -----

Governor.
