**House Resolution No. 58.**

A resolution designating April 24 of each year as "Michigan Day of Remembrance of the Armenian Genocide of 1915-1923".

Whereas, One and one-half million men, women, and children of Armenian descent were victims of the brutal genocide perpetrated by the Turkish Ottoman Empire from 1915-1923; and

Whereas, The Armenian genocide and massacres of the Armenian people represented a deliberate attempt to eliminate all traces of a thriving and noble civilization over 3,000 years old. To this day, the Armenian people have not received reparations for their losses; and

Whereas, Revisionists still inexplicably deny the existence of these horrific events. Modern Turkey continues to deny and distort the facts of the Armenian genocide and honors the perpetrators of that crime against humanity as national heroes; and

Whereas, Prior to the invasion of Poland in 1939, Adolf Hitler, the German Nazi dictator, seeking to dispel fears among his military command regarding the world's response to his genocidal plans, asked "Who, after all, today speaks of the Armenians?"; and

Whereas, Residents of Michigan are highly sensitive to the need for consistently remembering and openly condemning the crimes committed against any culture of people to prevent similar atrocities in the future. Recognition of the 86th anniversary of this genocide is crucial to ensure against the repetition of future genocides and educating people about the atrocities connected to this horrific event; and

Whereas, Armenia is now a free and independent republic, having embraced democracy following nearly 70 years of oppressive Soviet domination; and

Whereas, Armenian-Americans living in Michigan have greatly enriched our state through their leadership in business, agriculture, academia, government, and the arts; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body designate April 24 each year as "Michigan Day of Remembrance of the Armenian Genocide of 1915-1923"; and be it further

Resolved, That this legislative body encourages our Michigan public schools to develop programs similar to those already established in California, Connecticut, Massachusetts, New Jersey, and New York that focus on human rights, with specific attention given to the Armenian genocide; and be it further

Resolved, That a copy of the resolution be transmitted to the Armenian Assembly of America in Washington, DC.

The resolution was referred to the Committee on House Oversight and Operations.

Reps. Tabor, Ruth Johnson, Vander Roest, Dennis, Howell, Raczkowski, Cassis, Richardville, Faunce, Meyer, Gosselin, Voorhees, Toy, Hale, Hansen, Ehardt, Julian, Vear, Van Woerkom, Kooiman, Sanborn, DeVuyst, Rocca, Bovin, Basham, Woodward, Scranton, Richner, Anderson, Neumann, Garcia, Sheltroun, McConico, Lipsey, Phillips, Koetje, Jacobs, Schermesser, Lemmons, Newell, DeRossett, Woronchak, Callahan, Birkholz, Jamnick, Waters, Jelinek, Spade, Vander Veen, Wojno and DeWeese offered the following resolution:

**House Resolution No. 59.**

A resolution commemorating May 2001 as Motorcycle Safety Awareness Month.

Whereas, It is most appropriate to join with the members of the Gold Wing Touring Association in commemorating May 2001 as Motorcycle Safety Awareness Month. This worthwhile observance provides all Michigan motorists with an opportunity to rededicate themselves to the highest standards of highway safety; and

Whereas, The coming of spring marks the return of motorcycle enthusiasts to our state's highways. An international association of motorcycle operators with nearly 300 members in Michigan, the Gold Wing Touring Association has been at the forefront of efforts to promote the wise and sensible use of this most enjoyable mode of travel. Indeed, the disproportionate number of motorcycle fatalities makes it vitally important to encourage motorcyclists to understand and practice the highest degree of safety as well as to remind other drivers that highway safety is a two-way street; and

Whereas, Motorcycle Safety Awareness Month encourages motorcycle operators to be properly outfitted with crash helmets and other protective gear, keep their motorcycles in good operating condition, adhere to the laws of the road, and adopt the driving techniques which provide an extra measure of safety. In addition, car and truck drivers are made aware of the seasonal return of motorcyclists and are urged to be particularly alert and careful when approaching or overtaking a motorcycle on the highway. It is truly a pleasure to take this opportunity to once again remind all of those who share our highways that safety is every drivers responsibility; now, therefore, be it

Resolved by the House of Representatives, That we commemorate May 2001 as Motorcycle Safety Awareness Month; and be it further

Resolved, That a copy of the resolution be transmitted to the Gold Wing Touring Association as a token of our esteem.

Pending the reference of the resolution to a committee,

Rep. Patterson moved that Rule 77 be suspended and the resolution be considered at this time.

The motion prevailed, 3/5 of the members present voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Bob Brown, Cassis, Raczkowski and Bradstreet offered the following resolution:

**House Resolution No. 60.**

A resolution to urge the Department of Consumer and Industry Services to increase public awareness of its energy programs.

Whereas, With the recent publicity from the energy problems in California, last summer's spike in gasoline prices, and projections of significant rises in the cost of natural gas, there is renewed public concern about energy in our state. These factors remind us all of the central role that energy availability and cost play in each of our lives and in every business; and

Whereas, Michigan has in place numerous programs to help individual families and businesses of all sizes better manage energy resources. In addition to some community-based initiatives, the Michigan Department of Consumer and Industry Services offers a wide range of grants, incentives, and educational opportunities to help us use energy better. These programs, many of which are federal-state and state-local partnerships, include conservation measures, biomass fuels, projects using alternative sources of power, reducing waste and inefficiencies, and building techniques and standards; and

Whereas, The Consumer and Industry Services energy programs range from demonstration grants to analyses of the energy efficiency of commercial buildings and from initiatives involving industries of the future to efforts with public schools and other public agencies. Several of the services offered encourage innovation in energy development and use; and

Whereas, The citizens and businesses of Michigan need to be made fully aware of the resources at their disposal. Programs in place represent important tools to help our state face all contingencies in the area of energy; now, therefore, be it

Resolved by the House of Representatives, That we urge the Department of Consumer and Industry Services to increase public awareness of its energy programs; and be it further

Resolved, That copies of this resolution be transmitted to the Department of Consumer and Industry Services.

The resolution was referred to the Committee on Energy and Technology.

Reps. Basham, Dennis, Cassis, Meyer, Hale, Hansen, Ehardt, Julian, Bovin, Woodward, Scranton, Gielegem, Anderson, Neumann, Garcia, Sheltroun, McConico, Lipsey, Phillips, Jacobs, Schermesser, Thomas, Lemmons, DeRossett, Callahan, Jamnick, Waters, Clark, Minore, Wojno and Kolb offered the following concurrent resolution:

**House Concurrent Resolution No. 18.**

A concurrent resolution to memorialize the Congress of the United States to increase the percentage of transportation funding for nonhighway and intermodal transportation systems.

Whereas, No state is more appreciative than Michigan of the role that highway transportation has played in shaping our nation. The effectiveness of our limited transportation dollars is maximized, however, when a comprehensive approach is taken to how we move people and goods throughout our country. Our nation's transportation infrastructure includes many resources, including rail systems; and

Whereas, In 1991, the Intermodal Surface Transportation Efficiency Act was enacted into law. This was a landmark piece of legislation in the approach it represented for transportation funding and preparing for the future. ISTEA encouraged local decision making and recognized that transportation is more than moving cars and trucks alone; and

Whereas, Over the past year, there have been many reminders of the appropriateness of strategies to encourage better use of other transportation options in addition to cars and trucks and incorporating ideas for better use of them as well. Our nation still relies too heavily on foreign oil. We continue to seek solutions to a wide variety of environmental problems related to cars and trucks. We see congestion on our highways becoming a threat to safety in many metropolitan communities. At the same time, we have a railroad network that is underutilized for passenger service; and

Whereas, In consideration of transportation funding levels and options, our country would do well to foster better use of all of our transportation resources. Public transit, trains, cars and trucks, and other means of transportation could be coordinated far better. Our country will reap many benefits from public funding that recognizes that transportation includes many modes; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we memorialize the Congress of the United States to increase the percentage of transportation funding for nonhighway and intermodal transportation systems; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the United States Secretary of Transportation.

The concurrent resolution was referred to the Committee on Transportation.

Reps. Thomas, Cassis, Raczkowski and Bradstreet offered the following concurrent resolution:
