Pastor David J. Kilde of Calvary Lutheran Church of Delta Township offered the following invocation:

Gracious God, we come before You today, first, to say thanks. We say thanks for the men and women of this chamber, for the gifts, the dedication, and abilities they bring to this important work. We say thanks too for all of the gifts and resources of this great state, its people, its tradition, its vibrant diversity, and its astonishing productivity.

At the same time, dear God, we know that life in our state is very complex. We know that some of our constituents, often those who have no money and may not vote, are affected most profoundly by the decisions that are made in this chamber.

We pray, therefore, both for wisdom and compassion, as the members of this body weigh tensions between a myriad of competing interests, along with the balance between available resources and needs—all in pursuit of what is best for the common good.

Finally, dear God, We ask that You would be with each member of this house today. Grant that they may look back on this day's accomplishments with pride. Not least, we pray that You would keep them all safe, along with their families, staff members, and constituents. Grant that this may be a great day for the Senate and the state of Michigan. Amen.

Senators Young and Hart entered the Senate Chamber.

The question being on concurring in the committee recommendation to give the bill immediate effect, The recommendation was concurred in, 2/3 of the members serving voting therefor. The Senate agreed to the title of the bill.

Senator DeBeaussaert asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator DeBeaussaert’s statement is as follows:

I rise to support this package as well. I think it’s long overdue, and I am very happy to see that this day has finally arrived—when we are going to see some strong bipartisan support for starting to tackle one of the most important issues facing this state.

I think it’s important to put in some historical context that this is not a new issue. As early as 1995, we started on this side of the aisle talking about adding additional funds for the combined sewer overflow problem for the revolving funds to help communities across this state address some of the problems. We suggested using unclaimed bottle deposit funds; that wasn’t successful. We later in 1998 tried to add additional funds to the Clean Michigan Initiative, and again, we were unsuccessful in getting the bipartisan support we needed. We talked later about using funds from the Budget Stabilization Fund— again, unsuccessfully.

But finally, we have reached this date—an important one—on an important package that I think will go a long way towards solving one of the most important issues in this state. It is just unfortunate that it has taken us so long. By the time this bond bill is passed and starts to be implemented, we may well be to the point of nearly one-half trillion gallons of raw and partially treated sewage being dumped into the waters of this state.

I expect to support this proposal and to try to get the people of my part of the state to support this as a valid proposal. I don’t expect to have a lot of tough questions about it, except one, “What took us so long?”

The following bill was read a third time:

House Bill No. 5892, entitled

A bill to amend 1994 PA 451, entitled “Natural resources and environmental protection act,” by amending sections 5301 and 5304 (MCL 324.5301 and 324.5304) and by adding parts 52 and 197.

The Senate agreed to the title of the bill.

Senator Schwarz asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Schwarz’s statement is as follows:

With the passage of these two bills, Senate Bill Nos. 1241 and 1242, the Senate will have done a very good thing. That is, allow physicians, especially oncologist and immunotherapist, cardiologists, and endocrinologist, to use drugs for conditions that are not stipulated on the label of that medication.

This is something that is done all the time simply because the science is moving more rapidly than the ability of the pharmaceutical company to label. It makes it a lot easier when you are using a four- or five-drug combination for chemotherapy to get that fourth or fifth drug into that combination that needs to be there without going through a huge amount of paperwork.

I would like to thank the Michigan Manufacturers Association; I’d like to thank the Economic Alliance; I’d like to thank Blue Cross Blue Shield; and I’d like to thank the House of Representatives where I hope they receive equally quick treatment.

Resolutions

Senators Scott, Hart, Murphy, Young, Leland, Peters, Miller, DeBeaussaert, Dingell, Cherry, Emerson and Smith offered the following resolution:

Senate Resolution No. 227.

A resolution to express support for the tobacco settlement ballot initiative.

Whereas, In 1998, following long years of litigation, an agreement was reached between major tobacco companies and the states. Over a 25-year period, the tobacco settlement provides that over \$205 billion will be distributed to the states. Michigan’s portion of the settlement will add up to a total of approximately \$8.5 billion by the year 2025; and

Whereas, Unlike most of the other states, Michigan chose to direct a considerable portion of its settlement money to initiatives that are not related to public health matters. Our state established a scholarship program with a major share of the money; and

Whereas, The state chose to direct much of its settlement to address matters that are not related to health even though our state has a great deal of need for funding in many areas of health care. Michigan’s citizens are faced with increasing problems in our health care system, including low Medicaid funding, financial pressures that threaten many facilities, and the strains of high cost prescription drugs, especially for senior citizens; and

Whereas, Concerned citizens are presently working on a ballot initiative to propose an amendment to the Michigan Constitution that would ensure that 90 percent of the tobacco settlement money would go to health programs, including nonprofit hospitals, licensed nursing homes, and prescription drugs for senior citizens. This effort is based upon the logic that the settlement money should address health programs to counteract the health damage that the public has suffered from smoking; now, therefore, be it

Resolved by the Senate, That we express support for the tobacco settlement ballot initiative.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations, Senator Emmons moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

Senator Emmons moved that the resolution be referred to the Committee on Appropriations.

The motion prevailed.
