The bill amends the Consumer Protection Act by adding violations of 1971 PA 227 in connection with a home solicitation sale or telephone solicitation to the definition of "unfair, unconscionable, or deceptive methods, acts, or practices" within the act. It also requires the Attorney General to e-mail a list of consumer complaints regarding unfair practices under the bill's provisions to various Better Business Bureaus in the region. The bill could increase costs to the Attorney General slightly. However, this increase would likely be met out of existing resources.
