## SUMMARY

The bill would amend the composition of the 11-member Manufactured Housing Commission by requiring that one additional elected local government official be appointed to the commission. Currently, one appointee must be an elected local government official. This position would replace a membership position that in current law is reserved for a representative of organized labor. To maintain a presence by organized labor, the bill also provides that one of the two commission members representing park residents also be a representative of organized labor. Since the bill changes only the composition of the commission and not the total number of members, it is expected to have no direct fiscal impact on the State or on local units of government.
