Reverend Erick Johnson of Immanuel Lutheran Church of Jackson offered the following invocation:

Almighty and gracious God, our Creator and Ruler of all, we ask that You be with us today. Give us a sense of Your presence. Help us to see and to know the sacredness of the work that happens here in this place, as we seek to serve all of Your people of this state.

We give thanks for these Senators and all who work here and the spirit of public service that is here in these chambers. Be with them and their families and staffs. Give them energy to do their job with integrity and with faithfulness.

O God, You have taught us what is good and what You require of us: to do justice, to love mercy, and to walk humbly with You. Be with the Senators here today, and grant them wisdom. Open their ears that they may listen to each other. Give them a sense of trust. Give them a vision for the welfare of all in this state, especially those who are disenfranchised—who have no voice. Lord, give discernment in the budget process. Lord, give also an accommodating spirit to one another's point of view, to accomplish the people's business for the welfare of all in this state of Michigan.

All this we pray in Your name. Amen.

The President, Lieutenant Governor Cherry, led the members of the Senate in recital of the *Pledge of Allegiance*.

(2) A life sciences steering committee, appointed by the governor, shall consist of 14 members including the chief executive officer of the Michigan economic development corporation, a member from Michigan State University, the University of Michigan, Wayne State University, the Van Andel institute, and 2 members from the private sector. The remaining members shall be appointed at large and may include members from the private sector, public sector, or other Michigan universities. Committee members are authorized to designate alternate members. The purpose of the steering committee is to provide advice and oversight of the initiative, including the development of criteria for the award of contracts or grants to qualifying universities, institutions, or individuals. The steering committee will make decisions regarding distribution of these grant funds and has the authority to make adjustments to the category funding percentage from basic research and collaborative research grants to the commercialization fund based upon the demands within categories and the quality of the applications received.

(3) Of the funds appropriated, up to \$1,500,000.00 may be used for administering the initiative and not less than \$3,000,000.00 shall be used to support a commercial development fund to support commercialization opportunities for life science research in Michigan. These funds are authorized for expenditure upon receipt and shall not lapse to the general fund.

(5) The records of the life sciences steering committee involving a proposal submitted by an eligible entity that are of a scientific, technical, or proprietary nature, the release of which could cause competitive harm to the eligible entity as determined by the life sciences steering committee, are exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(6) The process for determining eligible applicants shall be consistent with the process used in fiscal year 2001-2002 grant cycle. Funds are allotted for expenditure when they are received by the department of treasury.

(2) The service assessment imposed by the department of state for credit and debit card services may be based either on a percentage of each individual credit or debit card transaction, or on flat rate per transaction, or both, scaled to the amount of the transaction. However, the department shall not charge any amount for a service assessment which exceeds the costs billable to the department for service assessments.

(3) If there is a balance of service assessments received from credit and debit card services remaining on September 30, the balance shall not revert to the general fund but shall remain available to support further customer service improvements in the department of state.

(4) As used in this section, "service assessment" means and includes costs associated with service fees imposed by credit and debit card companies and processing fees imposed by banks and other financial institutions.

Sec. 752. The unexpended funds appropriated in part 1 for the help America vote act of 2002, Public Law 107-252, 116 Stat. 1666, are considered work project appropriations and any unencumbered or unallotted funds are carried over into the succeeding fiscal year. The question being on concurring in the committee recommendation to give the bill immediate effect,
The recommendation was not concurred in, 2/3 of the members serving not voting therefor.
The Senate agreed to the title of the bill.

Senators Hardiman, Goschka, Sikkema, Cherry and Switalski asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Hardiman's statement is as follows:

I rise to oppose the Cherry amendment. I believe that the bill as proposed makes a very strong, positive statement for higher education in this state. It establishes a minimum floor of funding of \$4,000. It means that each and every

student who goes to a public university is important to us. We're backing our words with our dollars. These dollars did not come from the other universities. Everyone received a 6.7 percent cut. These were additional dollars that were added to raise the minimum floor of funding. So I certainly support the bill, and I urge defeat of the Cherry amendment.

Senator Goschka's first statement is as follows:

While I very much appreciate the perspective of the previous speaker, I do rise in opposition to the amendment. Frankly, what we did as a committee, and I believe ultimately what we will have done as a chamber, is to not pick winners and losers, but rather to establish a policy that regardless of where you go to school in this state, there will be a minimum floor of \$4,000 per student. That is at least, in my humble opinion, the minimum that we should do for any school regardless of where any student goes to school in this state.

This bill establishes a policy whereby, in years past, previous legislatures would arbitrarily choose certain amounts that they would give to one school or another. This does not do that. A policy is established, and frankly, the chips fall where they do.

We also fully fund the Merit Scholarship award, which is a very important priority, I believe, not only to this chamber, but to the hardworking people in this state who have students and loved ones who plan on going to school. We are going to stand behind those students and say that they will receive the full funding of their merit scholarship. We're standing very strong behind that perspective as well.

I would urge rejection of this amendment because this bill fully stands behind higher education as a major priority in this state. I'm proud of the work that the committee has done. I would urge rejection.

Senator Goschka's second statement is as follows:

While I certainly appreciate, again, the maker of the amendment and his perspective, I do rise in opposition. There is quite a history, really, to quickly address why the language that we put in the bill is good language that ought to remain.

First, it ought to be noted that this really wasn't last minute. It had been a work in progress. Senator George, Senators Brown and Jelinek and others had looked at this issue. A number of people had looked at it on both sides of the aisle really, and ultimately, we were doing what we thought was in the best interest of rescuing a community, to be sure.

It is a unique situation in Kalamazoo; it really is. You've got a brain trust there of folks who, even as we speak, are still being lured and hired out of that area. We want to keep these people in the state. Last term, a previous legislature voted to give Pfizer a tax credit. Really, it was always thought of as more of a Kalamazoo issue, and that tax credit would apply only if they were to maintain a certain employment level, which they clearly are not going to do. So, frankly, we were very creative, kept within the spirit of the previous legislature, and directed that money directly toward keeping that brain trust in Kalamazoo.

I want to be on the side of rescuing a city. This is a good way to do it. This is one-time funding. That's a known thing. But we need to reject this amendment because to do otherwise is to turn our backs on individuals who are unemployed. It's also to turn our backs on Michigan citizens and on a city. I don't think we want to do that.

This is one-time funding, and again, it is the reapplication of a tax credit in a way that keeps in the spirit of what we originally had done last term. I would strongly urge that we oppose this amendment.

Senator Goschka's third statement is as follows:

Again, I think it needs to be emphasized that this is a one-time funding. I think we all understand that every budget is good for only one year. That's why I think it's so important from the outset that we establish how we fund and when we fund. This is one year in this one budget.

I must say, from a perspective of having been laid off, I'll never forget on September 24, 1982, when I personally was laid off and went for almost a year and a half—until February 10, 1984—without a job. It's very frustrating when you get up every day, and you really, on your best day, you just cannot find work.

This is a unique situation in Kalamazoo because these folks are so thoroughly equipped and highly skilled. They are highly sought. I think it would be inappropriate for us, really, to sit back and watch Rome burn when we know that we can step in and keep this brain trust for the betterment of our state. That's exactly what we're doing with this language.

I would urge the membership, again, to reject this amendment, to stand tall for the city of Kalamazoo, and to stand behind Senator George, Senator Brown, and Senator Jelinek, and really, as an entire chamber, stand behind this great city and that brain trust, and do the right thing.

Senator Goschka's fourth statement is as follows:

Before we actually have this vote, I do want to say that I think this is a very proud moment in the state of Michigan and in this chamber because we are going to stand up to the plate and establish a policy from this side saying very clearly that we believe that regardless of where you go to school in this state to a university that there will be a minimum base floor funding to back that student up. This is something that's been needed.

With the tier language that currently exists in the law, with all of the base floors that have been addressed, they have meant nothing. It has been empty rhetoric. With the elimination of tier language and the creation of a true base, I hope everyone in this chamber will recognize what we're doing—that we're standing up for higher education.

I want to thank Senate Majority Leader Ken Sikkema because when he was presented with this idea, he immediately supported it. As you know, subcommittee chairs and committee chairs don't get very far without the support of their leader. He has stood to the plate in a very big way.

Senator Johnson was first elected in 1980 to the Legislature. You wonder can there be any new ideas, and let me tell you that Senator Johnson stood shoulder-to-shoulder. I have her to thank as well for this because without her, this language would not be in this bill today. I appreciate Senator Johnson and her strong stand for higher education.

Then Senator Hardiman, the lion that he has been on the issue of floor funding in finding equity in higher education. I appreciate his friendship, his encouragement, and the fact that he was there for higher education when we needed him.

As we vote for this, I am very grateful that we will go into conference, presumably, with floor funding as a major priority from this side.

Senator Sikkema's statement is as follows:

Mr. President and members, I have been listening to the debate about this amendment, and I think we're missing the point by arguing about base funding and appropriations. Let me just point out something. There's no such thing as an ongoing appropriation. You appropriate money every year. But we're missing the point by arguing about base funding, annual appropriations, and sort of between the lines—talking about university politics in this state.

There has been a deliberate attempt in this state to downplay what is happening in Kalamazoo, an important community of this state, with a tremendous number of layoffs of high-paying, high-tech life sciences research jobs. The people of Kalamazoo, and some of them are connected with Western Michigan University, bless their heart, have come to this chamber, through their Senators and Representatives, and said: "We need help, and we have an idea. We have an innovative, creative idea designed to take advantage of the fact that much of the life sciences research today is contractual research." In other words, the large companies in this country dealing with life sciences, drugs, prescription drugs, and medicine are now tending to contract-out a lot of their research. So they have come to this chamber and the other chamber, and said: "We have an idea if you can help us with this idea."

I don't see this as university funding at all. This is about an attempt to save a community in this state. I'm not wedded, and I don't think anybody on this side of the aisle is wedded, to the idea that it has to be in the higher education budget. In fact, frankly, I don't think it should be. I think it ought to be in the MEDC budget. Now that raises an interesting question. Where the heck is MEDC on this issue of the loss of jobs in Kalamazoo? Well, they're nowhere, absolutely nowhere.

MEDC has more than 100 employees and several dozens of millions of dollars devoted to their operation. They've got a lot of people. If they don't like this idea that we've come up with, then they should come up with their own idea to help this community of Kalamazoo because I'll tell you one thing, benign neglect is not an answer. It's not acceptable to this side of the chamber.

Last fall, this Legislature passed a bill saying we're willing to give \$10 million annually. Now that's an ongoing appropriation—\$10 million annually in tax credits into perpetuity—if they would save research jobs in this state. Well, the Senate Fiscal Agency sent me a memo over the weekend. Not only has that tax credit not been used, they don't think it will ever be used because Pfizer can't meet the criteria of jobs saved that we put in that legislation. All we're saying is that \$10 million, like I said, that was an annual tax credit to go on forever; that wasn't for Pfizer. That was for the people of Kalamazoo to save those jobs.

You got a better idea, we're willing to work with you. Come up with it, but we're not going to just sit around and let the hemorrhage of jobs occur in that community like what occurred throughout the 1980s in this state.

Senator Cherry's statement is as follows:

First of all, I would like to thank the chair of the Higher Education Appropriations Subcommittee for keeping us informed throughout the process and for his willingness to make sure we were all a part of it. Unfortunately, I rise to oppose the higher education bill and to ask my colleagues to also vote "no." As I said earlier, this budget is \$100 million over the Governor's recommendation. It increases, as you know, funds for four universities, and also there's an additional \$10 million for Western Michigan University. In addition to that, the amendment we had for the Merit Scholarship increasing it from a two-year to a four-year program, but only two-years for community colleges, was also defeated.

The budget takes money through a convoluted process and uses it—federal money again—for the higher education budget. We can argue about how it gets there and what funding source is what, but ultimately, we are over \$100 million in the higher education budget.

I, like the chair of the Appropriations Committee, like the removal of the tier language, and I understand, as I said earlier, the desire to go to per-pupil funding. I believe that needs to be looked at more seriously, and we also need to

look at other variables in that process of allocating funds. But I don't think that we should be doing that at a time when we don't have the funds to make sure that everybody gets their fair share. What has happened now is we've created winners and losers at a time when everyone is suffering because of our budget situation.

I hope that members oppose this budget, and I hope we can come up with a budget that's more fair for all the universities and that supports higher education.

Senator Switalski's statement is as follows:

It's another surreal moment in the State Capitol when the normal ideological split is kind of turned on its head. The Dems are urging fiscal restraint and responsibility, and the Republicans are advocating public intervention in the marketplace to soften the harsh dictates of the free market. Beyond that ideological split, I think because of the additional \$100 million at spending at a time when we can't afford it, I feel I must vote "no."

By unanimous consent the Senate returned to the order of

General Orders

Senator Hammerstrom moved that the Senate resolve itself into the Committee of the Whole for consideration of the General Orders calendar.

The motion prevailed, and the Assistant President pro tempore, Senator Sanborn, designated Senator Jacobs as Chairperson.

Resolutions

The question was placed on the adoption of the following resolution consent calendar:

Senate Resolution No. 110**Senate Resolution No. 111****Senate Resolution No. 112**

The resolution consent calendar was adopted.

Senators Brown, George, Birkholz, Garcia, Van Woerkom, Barcia and Hardiman offered the following resolution:

Senate Resolution No. 110.

A resolution of tribute commemorating the Terquasquicentennial of the city of Constantine.

Whereas, It was 175 years ago that William Meek, an immigrant from the British Isles, was attracted to the spot where the Fawn and St. Joseph Rivers meet. One hundred and seventy-five years later, Mr. Meek's whim is a cause for celebration by the resulting community of Constantine; and

Whereas, The Constantine Terquasquicentennial will be marked by a three-day festival July 4-7, 2003. In addition to the regular Fourth of July events, the celebration will include many special activities focusing on the historical aspect of the occasion; and

Whereas, From its roots as a rapidly growing mill city, Constantine has emerged as a pleasant modern-day community worthy of its lofty name. The community has been a temporary home to several distinguished Michigan citizens, including John S. Barry and John J. Bagley, who served their terms as Governor during the second half of the nineteenth century; and

Whereas, The Constantine Terquasquicentennial celebration will involve the efforts of a wide spectrum of residents and, therefore, promises to be an event truly reflective of the entire community; now, therefore, be it

Resolved by the Senate, That congratulations be hereby extended to all residents of the city of Constantine as they gear up for the city's Terquasquicentennial; and be it further

Resolved, That a copy of this resolution be transmitted to the Mayor and the City Council of Constantine, Michigan, as a symbol of our congratulations.

Senators Allen, Bishop, Cassis, Clarke, Goschka, Jacobs, Prusi, Schauer and Switalski were named co-sponsors of the resolution.

Senators Cherry, Jacobs, Kuipers, Garcia, Barcia and Hardiman offered the following resolution:

Senate Resolution No. 111.

A resolution honoring the P-51 Mustang Pilots Association and recognizing the North American P-51 Mustang fighter and the accomplishments they made during World War II and the Korean War.

Whereas, It is a great pleasure to join with the membership of the P-51 Mustang Pilots Association as they gather at the Kalamazoo Air Zoo from August 20-25, 2003, to celebrate and remember the great accomplishments of the association and the P-51 Mustang fighter in helping to win World War II and the Korean War; and

Whereas, The North American P-51 Mustang and the men who flew them found their niche in the European air war of World War II as the first successful long-range strategic fighter capable of escorting B-17 and B-24 bombers from bases in Great Britain and Italy to targets in Germany. Mustang pilots also escorted Allied bombers from bases in the Pacific Theater of Operations to targets in Japan. The effectiveness of the Mustang and the men who flew them was shown on January 11, 1944, when a force of newly introduced P-51 Mustangs protected 220 American bombers, striking at critical targets in Germany without loss, while shooting down 15 enemy aircrafts. Their first big air battle in Europe was a success; and

Whereas, After World War II, the Mustang served in no less than 55 air forces worldwide, and although it was the supersonic jet age by then, small numbers were even produced in 1967 for various military purposes—further proof of what an excellent aircraft it was; and

Whereas, The P-51 Mustang Pilots Association has over 800 members, most of whom flew the P-51 during World War II or the Korean War. Notably, the P-51 Mustang was the aircraft flown by the Tuskegee Airmen, several of whom are members of the association. Other notables who flew the P-51 Mustang were retired U.S. Air Force General Robert L. Scott and pilot and ace Chuck Yeager; now, therefore, be it

Resolved by the Senate, That we hereby honor and recognize the many accomplishments of the P-51 Mustang Pilots Association and the North American P-51 Mustang fighter; and be it further

Resolved, That a copy of this resolution be transmitted to the P-51 Mustang Pilots Association as a token of our esteem.

Senators Allen, Birkholz, Bishop, Cassis, Clark-Coleman, Clarke, George, Goschka, Prusi, Schauer, Scott, Switalski and Van Woerkom were named co-sponsors of the resolution.

Senator Jacobs offered the following resolution:

Senate Resolution No. 112.

A resolution memorializing the life of David A. Lennon.

Whereas, It is with deep sorrow that we offer this tribute as a memorial for the life of Ferndale City Councilman David A. Lennon. With his tragic passing on June 4, 2003, the community of Ferndale has lost a gentleman with great dedication to the success and vitality of his hometown. To his surviving family—his fiancé Kimberly Mercier; his grandmother Donna Calnen; his mother Nancy; his brothers, Michael, Bernard, Timothy, and Edward; and his sisters,

Sheryl and Lori—we offer this expression of our respect and admiration for the gifts he shared with the people of Ferndale and the state of Michigan; and

Whereas, David A. Lennon was born on April 12, 1968, in Southfield, Michigan. He was a lifetime resident of Ferndale, attending Ferndale's Roosevelt and Taft Elementary Schools, Best Junior High, and Ferndale High School until his graduation in 1986. Mr. Lennon went on to obtain a degree in accounting from Notre Dame in 1990. After working for General Motors Acceptance Corporation for eight years, he earned a General Motors Fellowship which he utilized to obtain his master's degree in business administration from Cornell University in 2000. Following graduation, Mr. Lennon returned to work at General Motors Acceptance Corporation, eventually serving as the head of the international accounting team; and

Whereas, David represented a rising star, carrying on the proud tradition of his family's public service, rooted in Democratic ideals, and serving the interests of working families. The Lennon family is part of the foundation upon which the Ferndale community is built. His father, Bernie, who passed away in 1999, served as Ferndale mayor and also as chief deputy director of the Department of Labor under Governor James Blanchard. His siblings have served as police officers and on numerous commissions and committees. His mother Nancy worked as court administrator in the 43rd District Court; and

Whereas, In 2001, David A. Lennon was elected to the Ferndale City Council and also served on the Planning Commission, the Downtown Development Authority, the Economic Restructuring Committee, the Employee Pension Board, the Highway Committee, and more; and

Whereas, He celebrated his Irish heritage through his membership in the Ancient Order of Hibernians, further served his community through his involvement in the Elks Club and the American Legion, and served God through his membership at St. James Catholic Church. Mr. Lennon was serious yet selfless about the many causes he undertook; and

Whereas, David A. Lennon was devoted to family and due to be married in July. He was a loving, committed, and playful uncle to his many nieces and nephews. He was not only a caring brother, but a best friend to his siblings. Mr. Lennon was described as gregarious and was friendly and kind to all those who met him from all walks of life; now, therefore, be it

Resolved by the Senate, That we hereby offer words of praise as a memorial for the distinguished life of David A. Lennon; and be it further

Resolved, That copies of this resolution be transmitted to the family of David A. Lennon and to the Ferndale City Council as evidence of the lasting esteem that will be held for his memory by the people of the state of Michigan.

By unanimous consent the Senate proceeded to the order of
Statements

Senators George and Brown asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator George's statement is as follows:

I also wanted to compliment the chairs of some of the Appropriations subcommittees on their fine work, particularly the higher education and the community health subcommittees.

I wanted to comment on one of the items that were in the Community Health budget that was not particularly contentious, but I think it was very important. It was added to boilerplate language. It has to do with getting Medicaid patients who are pregnant into managed care programs as quickly as possible.

I would just like to relate a personal experience I had in my medical practice recently. I was involved in the delivery of two premature babies. This was about a month ago. I had provided anesthesia to their mothers. Both of these babies were at about 26 weeks gestational age. One died and one survived. In fact, that is about the average survivability of a baby born at that time—about 50 percent. If those babies are kept in the womb a few weeks longer, their survivability goes up to 90 percent—if they can be kept in utero from 25 weeks to 30 weeks. The way to do that is by enrolling those pregnant mothers in Medicaid programs earlier, particularly managed care programs that have an incentive to cut their cost by helping to ensure that a baby is delivered closer to term.

There was boilerplate language put in the DCH budget to encourage that. I think that's a very significant element of the Community Health budget, so I wanted to commend the chair on that action.

Senator Brown's statement is as follows:

I want to thank the members for their support of Senate Bill No. 520. I want to thank those who were involved in the workgroup that met repeatedly. I want to thank Jeanne Laimon from my staff especially, but all the groups who participated, whether it's the township, the Michigan Municipal League, the assessors, the Treasury Department for their wonderful cooperation, the other side of the aisle, and our own members, not the least of which was the good chair of the Finance Committee. I'm very grateful and just want to acknowledge appreciation.

Senator Scott stated that had she been present when the votes were taken on the passage of the following bills, she would have voted "yea":
