2 school academy shall administer state assessments to high school
3 pupils in the subject areas of communications skills,
4 mathematics, science, and ~~—, beginning with pupils scheduled to~~
5 ~~graduate in 2000,—~~ social studies. The board shall include on
6 the pupil's high school transcript all of the following:

7 (a) For each high school graduate who has completed a subject
8 area assessment under this section, the pupil's scaled score on
9 the assessment.

3 category established under subsection (2), an indication that the
4 pupil has achieved state endorsement for that subject area.

5 (c) The number of school days the pupil was in attendance at
6 school each school year during high school and the total number
7 of school days in session for each of those school years.

8 (2) The department shall develop scaled scores for reporting
9 subject area assessment results for each of the subject areas
10 under this section. Subject to approval by the state board, the
11 ~~superintendent of public instruction~~ **department** shall establish
12 3 categories for each subject area indicating basic competency,
13 above average, and outstanding, and shall establish the scaled
14 score range required for each category. The department shall
15 design and distribute to school districts, intermediate school
16 districts, public school academies, and nonpublic schools a
17 simple and concise document that describes these categories in
18 each subject area and indicates the scaled score ranges for each
19 category in each subject area. A school district or public
20 school academy may award a high school diploma to a pupil who
21 successfully completes local school district or public school
22 academy requirements established in accordance with state law for
23 high school graduation, regardless of whether the pupil is
24 eligible for any state endorsement.

25 (3) The assessments administered for the purposes of this
26 section shall be administered to pupils during the last ~~30~~ **90**
27 school days of grade 11. The department shall ensure that the

1 assessments are scored and the scores are returned to pupils,
2 their parents or legal guardians, and school districts or public
3 school academies not later than the beginning of the pupil's
4 first semester of grade 12. ~~Not later than fall 1999, the~~ **The**
5 department shall arrange for those portions of a pupil's
6 assessment that cannot be scored mechanically to be scored in
7 Michigan by persons who are Michigan teachers, retired Michigan
8 teachers, or Michigan school administrators and who have been
9 trained in scoring the assessments. The returned scores shall
10 indicate the pupil's scaled score for each subject area
11 assessment, the range of scaled scores for each subject area, and
12 the range of scaled scores required for each category established
13 under subsection (2). In reporting the scores to pupils,
14 parents, and schools, the department shall provide specific,
15 meaningful, and timely feedback on the pupil's performance on the
16 assessment.

17 (4) For each pupil who does not achieve state endorsement in
18 1 or more subject areas, the board of the school district or
19 public school academy in which the pupil is enrolled shall
20 provide that there be at least 1 meeting attended by at least the
21 pupil and a member of the school district's or public school
22 academy's staff or a local or intermediate school district
23 consultant who is proficient in the measurement and evaluation of
24 pupils. The school district or public school academy may provide
25 the meeting as a group meeting for pupils in similar
26 circumstances. If the pupil is a minor, the school district or
27 public school academy shall invite and encourage the pupil's

1 parent, legal guardian, or person in loco parentis to attend the
2 meeting and shall mail a notice of the meeting to the pupil's
3 parent, legal guardian, or person in loco parentis. The purpose
4 of this meeting and any subsequent meeting under this subsection
5 shall be to determine an educational program for the pupil
6 designed to have the pupil achieve state endorsement in each
7 subject area in which he or she did not achieve state
8 endorsement. In addition, a school district or public school
9 academy may provide for subsequent meetings with the pupil
10 conducted by a high school counselor or teacher designated by the
11 pupil's high school principal, and shall invite and encourage the
12 pupil's parent, legal guardian, or person in loco parentis to
13 attend the subsequent meetings. The school district or public
14 school academy shall provide special programs for the pupil or
15 develop a program using the educational programs regularly
16 provided by the district unless the board of the school district
17 or public school academy decides otherwise and publishes and
18 explains its decision in a public justification report.

19 (5) A pupil who wants to repeat an assessment administered
20 under this section may repeat the assessment, without charge to
21 the pupil, in the next school year or after graduation. An
22 individual may repeat an assessment at any time the school
23 district or public school academy administers an applicable
24 assessment instrument or during a retesting period under
25 subsection (7).

26 (6) The department shall ensure that the length of the
27 assessments used for the purposes of this section and the

1 combined total time necessary to administer all of the
2 assessments, including social studies, are the shortest possible
3 that will still maintain the degree of reliability and validity
4 of the assessment results determined necessary by the
5 department. The department shall ensure that the maximum total
6 combined length of time that schools are required to set aside
7 for administration of all of the assessments used for the
8 purposes of this section, including social studies, does not
9 exceed 8 hours. However, this subsection does not limit the
10 amount of time that individuals may have to complete the
11 assessments.

12 (7) The department shall establish, schedule, and arrange
13 periodic retesting periods throughout the year for individuals
14 who desire to repeat an assessment under this section. The
15 department shall coordinate the arrangements for administering
16 the repeat assessments and shall ensure that the retesting is
17 made available at least within each intermediate school district
18 and, to the extent possible, within each school district.

19 (8) A school district or public school academy shall provide
20 accommodations to a pupil with disabilities for the assessments
21 required under this section, as provided under section 504 of

1 **department** shall develop or select and approve assessment
2 instruments to measure pupil performance in communications
3 skills, mathematics, social studies, and science. The assessment
4 instruments shall be based on the ~~state board~~ model core

6 (10) All assessment instruments developed or selected and
7 approved by the state under any statute or rule for a purpose
8 related to K to 12 education shall be objective-oriented and
9 consistent with the state board model core academic content
10 standards objectives.

11 (11) A person who has graduated from high school after 1996
12 and who has not previously taken an assessment under this section
13 may take an assessment used for the purposes of this section,
14 without charge to the person, at the school district from which
15 he or she graduated from high school at any time that school
16 district administers the assessment or during a retesting period
17 scheduled under subsection (7) and have his or her scaled score
18 on the assessment included on his or her high school transcript.
19 If the person's scaled score on a subject area assessment falls
20 within the range required under subsection (2) for a category
21 established under subsection (2), the school district shall also
22 indicate on the person's high school transcript that the person
23 has achieved state endorsement for that subject area.

17 ~~pupils in each school district that operates a high school during~~
18 ~~the 1997-98 school year in time for these pupils to repeat the~~

7 competency. The assessment under this section provides a common
8 measure of data that will contribute to the improvement of
9 Michigan schools' curriculum and instruction by encouraging
10 alignment with Michigan's curriculum framework standards. These
11 standards are based upon the expectations of what pupils should
12 know and be able to do by the end of grade 11.
