We also ask Your blessings on everyone in our state who has been exposed to health dangers, due to lead in their water. Help us to deal with this crisis in a thorough and timely manner. Help us to work together honestly and cooperatively, to set aside negative political realities and to serve well the residents of Michigan.

Thank You for Your abounding grace and for hearing our prayers today. Amen.”

House Resolution No. 224.

A resolution to declare February 23-March 1, 2016, as National Eating Disorders Awareness Week in the state of Michigan.

Whereas, Eating disorders are serious conditions that are potentially life-threatening and have a great impact on both a person’s physical and emotional health; and

Whereas, The National Eating Disorders Association works to give support to those dealing with eating disorders and to provide awareness to all citizens to prevent more instances of eating disorders from occurring; and

Whereas, Approximately 30 million Americans will suffer from a serious eating disorder at some point in their life. This includes 20 million women and 10 million men and comprises anorexia nervosa, binge eating disorder, or eating disorder not otherwise specified; and

Whereas, Many more cases go unreported because individuals do not recognize signs and symptoms due to the lack of awareness; and

Whereas, Studies show that in American high schools, at least 30 percent of girls and 16 percent of boys suffer from some type of eating disorder. Anorexia is the third most common chronic illness among adolescents; and

Whereas, The House of Representatives commends the National Eating Disorders Association for bringing awareness about eating disorders to all citizens and the health and mental health care providers who treat individuals battling these disorders; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare February 23-March 1, 2016, as National Eating Disorders Awareness Week in the state of Michigan. We honor the National Eating Disorders Association.

Whereas, Eating disorders can affect anyone. For example, high-performing, dedicated students may struggle with disordered eating and poor body image, impairing otherwise excellent performance; and

Whereas, Cancers that can be prevented or detected early by these screenings can account for at least half of all new cancer cases; and

Whereas, Daily lifestyle choices can also have an impact on the likelihood of getting cancer; and

Whereas, The American Institute for Cancer Research recommends a basic three-tier approach consisting of physical activity for at least 30 minutes a day, maintenance of a healthy weight throughout your life, and a healthy diet of limited red meat and no processed meat; now, therefore, be it
