11 administrative board.

12 (7) If real property is to be sold for fair market value under
13 this section, the fair market value must be determined by an
14 independent fee appraisal prepared for the department of
15 technology, management, and budget, or by an appraiser who is an
16 employee or contractor of this state.

17 (8) The state agency with jurisdiction over real property
18 conveyed or transferred under this section is responsible for all
19 expenses of maintaining the property until the time of conveyance
20 or transfer.

7 of the oil, gas, or minerals. A payment under this subsection must
8 be deposited in the general fund.

9 (12) A conveyance under this section must reserve to this
10 state all aboriginal antiquities, including mounds, earthworks,

12 within, or under the property, with power to this state and all
13 others acting under its authority to enter the property for any
14 purpose related to exploring, excavating, and taking away the
15 aboriginal antiquities.

16 (13) If property conveyed under this section was used by this
17 state as a historical monument, memorial, burial ground, park, or
18 protected wildlife habitat area, the grantee or any successor shall
19 maintain and protect the property for that purpose in perpetuity in
20 accordance with applicable law.

26 manner that violates any of the restrictions imposed under
27 subsection (5)(d), (11), (12), or (13), this state may reenter and

1 take the property, terminating the grantee's or any successor's
2 estate in the property. An action to regain possession of the
3 property under this section may be brought and maintained by the
4 attorney general on behalf of this state.

5 (16) If this state reenters and repossesses property under

13 appropriate register of deeds and provide the department of
14 technology, management, and budget with a recorded copy of the
15 recorded instrument.
