5 subparagraphs (ii) and (iii) automatically terminate, except as  
6 provided in subsection (13).

7 (v) The department of technology, management, and budget may  
8 require the unit of local government to reimburse this state at  
9 closing for costs demonstrably incurred by this state that were  
10 necessary to prepare the property for conveyance.

16 the terms of the conveyance have been approved by the state  
17 administrative board.

18 (7) If real property is to be sold for fair market value under  
19 this section, the fair market value must be determined by an  
20 independent fee appraisal prepared for the department of  
21 technology, management, and budget, or by an appraiser who is an  
22 employee or contractor of this state.

23 (8) The state agency with jurisdiction over real property

9 authorized under this act must provide that, if the grantee or any  
10 successor develops any oil, gas, or minerals found on, within, or  
11 under the conveyed property, the grantee or any successor must pay  
12 this state 1/2 of the gross revenue generated from the development  
13 of the oil, gas, or minerals. A payment under this subsection must  
14 be deposited in the general fund.

15 (12) A conveyance under this section must reserve to this  
16 state all aboriginal antiquities, including mounds, earthworks,  
17 forts, burial and village sites, mines, or other relics lying on,  
18 within, or under the property, with power to this state and all  
19 others acting under its authority to enter the property for any  
20 purpose related to exploring, excavating, and taking away the  
21 aboriginal antiquities.

23 state as a historical monument, memorial, burial ground, park, or  
24 protected wildlife habitat area, the grantee or any successor shall  
25 maintain and protect the property for that purpose in perpetuity in  
26 accordance with applicable law.

27 (14) The department of technology, management, and budget

1 shall deposit the net revenue received from the sale of property  
2 under this section in the state treasury. The state treasurer shall

7 take the property, terminating the grantee's or any successor's  
8 estate in the property. An action to regain possession of the  
9 property under this section may be brought and maintained by the  
10 attorney general on behalf of this state.

11 (16) If this state reenters and repossesses property under  
12 subsection (15), this state is not liable to reimburse any person  
13 for any improvements made on the property or to compensate any  
14 person for any part of an unfulfilled contract or license issued to  
15 provide goods or services on or for the property.

16 (17) The department of technology, management, and budget may  
17 require a grantee of property conveyed under this section to record  
18 the instrument of conveyance or jurisdictional transfer with the  
19 appropriate register of deeds and provide the department of  
20 technology, management, and budget with a recorded copy of the  
21 recorded instrument.
