Senate Bill 357 (as reported without amendment)
Sponsor: Senator Rebekah Warren
Committee: Regulatory Reform

CONTENT

The bill would amend the Michigan Liquor Control Code to allow a wholesaler or manufacturer to refund to a retailer the amount the retailer paid for beer or wine, as applicable, or allow a wholesaler or manufacturer to replace that beer or wine for any of the following reasons:

- The beer or wine was outdated.
- Seasonal closing of the retailer.
- The retailer went out of business or the Michigan Liquor Control Commission placed the retailer's license in escrow.
- Driver or salesperson delivery error.
- The retailer made an order error.
- The supplier discontinued the brand.
- The Commission suspended or revoked the retailer's license.
- A short fill.
- The beer or wine was off taste or off color; had sediment in it; or was adulterated, contaminated, or spoiled.
- Breakers or leakers at the time of delivery.
- Internal Revenue Service or Michigan Department of Treasury seizure.
- Salable product not used by a special licensee.

If the beer were within 30 days of its out-of-date code, a wholesaler could make an adjustment in the form of a refund on beer that was within 30 days of its out-of-date code.

(These provisions generally would codify the Michigan Liquor Control Commission's Administrative Order No. 2016-05.)
