CONTENT

The bill would provide supplemental appropriations for fiscal year (FY) 2016-17. The bill proposes \$101.0 million of Adjusted Gross appropriations and \$1.0 million of General Fund/General Purpose (GF/GP) appropriations. The largest piece of the total, \$100.0 million, is Federal funding for water infrastructure improvements in the City of Flint. The \$20.0 million State match requirement for this Federal grant was previously appropriated to the Department of Environmental Quality for FY 2015-16 in Public Act 268 of 2016. In addition, the bill would appropriate \$1.0 million GF/GP for the State Capitol historic site. Table 1 summarizes the appropriations in the bill.
