

**SUBSTITUTE FOR  
HOUSE BILL NO. 6378**

A bill to amend 1980 PA 300, entitled  
"The public school employees retirement act of 1979,"  
by amending sections 41, 42, and 42a (MCL 38.1341, 38.1342, and  
38.1342a), section 41 as amended by 2018 PA 181, section 42 as  
amended by 2017 PA 92, and section 42a as added by 2018 PA 328, and  
by adding sections 43h, 43i, and 43j.

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

1           Sec. 41. (1) The annual level percentage of payroll  
2 contribution rates to finance benefits being provided and to be  
3 provided by the retirement system must be determined by actuarial  
4 valuation under subsection (2) on the basis of the risk assumptions  
5 that the retirement board and the department adopt after  
6 consultation with the state treasurer and an actuary. An annual  
7 actuarial valuation must be made of the retirement system to

1 determine the actuarial condition of the retirement system and the  
2 required contribution to the retirement system. An annual actuarial  
3 gain-loss experience study of the retirement system must be made to  
4 determine the financial effect of variations of actual retirement  
5 system experience from projected experience.

6 (2) Except as otherwise provided in sections 41a and 41b, the  
7 annual contribution rates for benefits are subject to all of the  
8 following:

9 (a) Except as otherwise provided in this subdivision, the  
10 contribution rate for benefits must be computed using an individual  
11 projected benefit entry age normal cost method of valuation. If the  
12 contributions described in section 43e are determined by a final  
13 order of a court of competent jurisdiction for which all rights of  
14 appeal have been exhausted to be unconstitutional and the  
15 contributions are not deposited into the appropriate funding  
16 account referenced in section 43e, the contribution rate for health  
17 benefits provided under section 91 must be computed using a cash  
18 disbursement method.

19 (b) Subject to subdivision (c), the contribution rate for  
20 service likely to be rendered in the current year, the normal cost  
21 contribution rate, for reporting units must be determined as  
22 follows:

23 (i) Calculate the aggregate amount of individual projected  
24 benefit entry age normal costs.

25 (ii) Divide the result of the calculation under subparagraph  
26 (i) by 1% of the aggregate amount of active members' valuation  
27 compensation.

1 (c) Except for the employee portion of the normal cost  
2 contribution rates for members under section 41b(2), beginning with  
3 the state fiscal year ending September 30, 2018 and for each  
4 subsequent fiscal year, the normal cost contribution rate must not  
5 be less than the normal cost contribution rate in the immediately  
6 preceding state fiscal year.

7 (d) Subject to subdivision (e), the contribution rate for  
8 unfunded service rendered before the valuation date, the unfunded  
9 actuarial accrued liability contribution rate, must be determined  
10 as follows:

11 (i) Calculate the aggregate amount of unfunded actuarial  
12 accrued liabilities of reporting units as follows:

13 (A) Calculate the actuarial present value of benefits for  
14 members attributable to reporting units.

15 (B) Calculate the actuarial present value of future normal  
16 cost contributions of reporting units.

17 (C) Calculate the actuarial present value of assets on the  
18 valuation date.

19 (D) Add the results of sub-subparagraphs (B) and (C).

20 (E) Subtract from the result of the calculation under sub-  
21 subparagraph (A) the result from the calculation under sub-  
22 subparagraph (D).

23 (ii) Subject to subsection (18), divide the result of the  
24 calculation under subparagraph (i) by 1% of the actuarial present  
25 value over a period not to exceed 50 years of projected valuation  
26 compensation.

27 (e) Except for the employee portion of the unfunded actuarial

1 accrued liability contribution rates for members under section  
2 41b(2), beginning with the state fiscal year ending September 30,  
3 2018 and for each subsequent fiscal year until the state fiscal  
4 year ending September 30, 2021, the unfunded actuarial accrued  
5 liability contribution rate must not be less than the unfunded  
6 actuarial accrued liability contribution rate in the immediately  
7 preceding state fiscal year. Beginning with the state fiscal year  
8 ending September 30, 2022, and for each subsequent fiscal year  
9 until the unfunded actuarial accrued liability is paid off, the  
10 unfunded actuarial accrued liability contribution sum due and  
11 payable must not be less than the unfunded actuarial accrued  
12 liability contribution sum due and payable in the immediately  
13 preceding state fiscal year.

14 (f) Beginning with the state fiscal year ending September 30,  
15 2013 and for each subsequent fiscal year, the unfunded actuarial  
16 accrued liability contribution rate applied to payroll must not  
17 exceed 20.96% for a reporting unit that is not a university  
18 reporting unit. Any additional unfunded actuarial accrued liability  
19 contributions as determined under this section for each fiscal year  
20 are to be paid by appropriation from the state school aid fund  
21 established by section 11 of article IX of the state constitution  
22 of 1963. Except as otherwise provided in this section ~~section~~ **AND**  
23 **SECTIONS** 41a ~~and section~~ 41b, the unfunded actuarial accrued  
24 liability contribution rate must be based on and applied to the  
25 combined payrolls of the employees who are members or qualified  
26 participants, or both.

27 ~~(g) Beginning with the state fiscal year ending September 30,~~

1 ~~2020 and for each subsequent fiscal year, for a reporting unit that~~  
2 ~~is not a university reporting unit, tax supported community or~~  
3 ~~junior college, public school academy, or district library as that~~  
4 ~~term is defined in section 69g, the unfunded actuarial accrued~~  
5 ~~liability contribution rate determined under subdivision (d) must~~  
6 ~~be applied to the reporting unit's payroll, as adjusted under~~  
7 ~~subdivision (h).~~

8 ~~—— (h) Beginning with the state fiscal year ending September 30,~~  
9 ~~2020, the payroll for which the unfunded actuarial accrued~~  
10 ~~liability contribution rate is applied for a reporting unit~~  
11 ~~described in subdivision (g) must be adjusted by the growth rate of~~  
12 ~~the reporting unit's payroll plus purchased services in the~~  
13 ~~previous fiscal years based on methods as determined by the~~  
14 ~~retirement system and in consultation with the system's actuary.~~  
15 ~~The adjusted payroll under this subdivision must become the basis~~  
16 ~~on which the contribution rate provided under subdivision (d) for~~  
17 ~~each subsequent state fiscal year is determined for a reporting~~  
18 ~~unit described in subdivision (g).~~

19 **(G)** ~~(i)~~ Beginning with the state fiscal year ending September  
20 30, 2016 and for each subsequent state fiscal year, the unfunded  
21 actuarial accrued liability contribution rate applied to the  
22 combined payroll, as provided in section 41a, must not exceed  
23 25.73% for a university reporting unit. Any additional unfunded  
24 actuarial accrued liability contributions as determined under this  
25 section for each fiscal year for university reporting units are to  
26 be paid by appropriation under article III of the state school aid  
27 act of 1979, 1979 PA 94, MCL 388.1836 to 388.1891.

1           (3) Before November 1 of each year, the executive secretary of  
2 the retirement board shall certify to the director of the  
3 department the aggregate compensation estimated to be paid public  
4 school employees for the current state fiscal year.

5           (4) On the basis of the estimate under subsection (3), the  
6 annual actuarial valuation, and any adjustment required under  
7 subsection (6), the director of the department shall compute the  
8 sum due and payable to the retirement system and shall certify this  
9 amount to the reporting units.

10           (5) Except as provided in section 41b, the reporting units  
11 shall pay the amount certified under subsection (4) to the director  
12 of the department in equal payroll cycle installments for unfunded  
13 actuarial accrued liability contributions and payroll cycle  
14 installments for normal cost contributions.

15           (6) Not later than 90 days after termination of each state  
16 fiscal year, the executive secretary of the retirement board shall  
17 certify to the director of the department and each reporting unit  
18 the actual aggregate compensation paid to public school employees  
19 during the preceding state fiscal year. On receipt of that  
20 certification, the director of the department may compute any  
21 adjustment required to the amount because of a difference between  
22 the estimated and the actual aggregate compensation and the  
23 estimated and the actual actuarial employer contribution rate. The  
24 difference, if any, must be paid as provided in subsection (9).  
25 This subsection does not apply in a fiscal year in which a deposit  
26 occurs under subsection (14).

27           (7) The director of the department may require evidence of

1 correctness and may conduct an audit of the aggregate compensation  
2 that the director of the department considers necessary to  
3 establish its correctness.

4 (8) A reporting unit shall forward employee and employer  
5 Social Security contributions and reports as required by the  
6 federal old-age, survivors, disability, and hospital insurance  
7 provisions of title II of the social security act, 42 USC 401 to  
8 434.

9 (9) For an employer of an employee of a local public school  
10 district or an intermediate school district, for differences  
11 occurring in fiscal years beginning on or after October 1, 1993, a  
12 minimum of 20% of the difference between the estimated and the  
13 actual aggregate compensation and the estimated and the actual  
14 actuarial employer contribution rate described in subsection (6),  
15 if any, must be paid by that employer in the next succeeding state  
16 fiscal year and a minimum of 25% of the remaining difference must  
17 be paid by that employer in each of the following 4 state fiscal  
18 years, or until 100% of the remaining difference is submitted,  
19 whichever first occurs. For an employer of other public school  
20 employees, for differences occurring in fiscal years beginning on  
21 or after October 1, 1991, a minimum of 20% of the difference  
22 between the estimated and the actual aggregate compensation and the  
23 estimated and the actual actuarial employer contribution rate  
24 described in subsection (6), if any, must be paid by that employer  
25 in the next succeeding state fiscal year and a minimum of 25% of  
26 the remaining difference must be paid by that employer in each of  
27 the following 4 state fiscal years, or until 100% of the remaining

1 difference is submitted, whichever first occurs. In addition,  
2 interest must be included for each year that a portion of the  
3 remaining difference is carried forward. The interest rate must  
4 equal the actuarially assumed rate of investment return for the  
5 state fiscal year in which payment is made. This subsection does  
6 not apply in a fiscal year in which a deposit occurs under  
7 subsection (14).

8 (10) Beginning on September 30, 2006, all assets held by the  
9 retirement system must be reassigned their fair market value, as  
10 determined by the state treasurer, as of September 30, 2006, and in  
11 calculating any unfunded actuarial accrued liabilities, any market  
12 gains or losses incurred before September 30, 2006 may not be  
13 considered by the retirement system's actuaries.

14 (11) Except as otherwise provided in this subsection,  
15 beginning on September 30, 2006, the actuary used by the retirement  
16 board shall assume a rate of return on investments of 8% per annum,  
17 as of September 30, 2006, which rate may only be changed with the  
18 approval of the retirement board and the director of the  
19 department. Beginning on July 1, 2010, the actuary used by the  
20 retirement board shall assume a rate of return on investments of 7%  
21 per annum for investments associated with members who first became  
22 members after June 30, 2010, and before February 1, 2018, which  
23 rate may only be changed with the approval of the retirement board  
24 and the director of the department. Beginning on February 1, 2018,  
25 the actuary used by the retirement board shall assume a rate of  
26 return on investments of 6% per annum for investments associated  
27 with members who first became a member on or after February 1,

1 2018, which rate may only be changed with the approval of the  
2 retirement board and the director of the department.

3 (12) Beginning on September 30, 2006, the value of assets used  
4 must be based on a method that spreads over a 5-year period the  
5 difference between actual and expected return occurring in each  
6 year after September 30, 2006, and the methodology may only be  
7 changed with the approval of the retirement board and the director  
8 of the department.

9 (13) Beginning on September 30, 2006, the actuary used by the  
10 retirement board shall use a salary increase assumption that  
11 projects annual salary increases of 4%. In addition to the 4%, the  
12 retirement board shall use an additional percentage based on an  
13 age-related scale to reflect merit, longevity, and promotional  
14 salary increase. The actuary shall use this assumption until a  
15 change in the assumption is approved in writing by the retirement  
16 board and the director of the department.

17 (14) For fiscal years that begin on or after October 1, 2001,  
18 if the actuarial valuation prepared under this section demonstrates  
19 that as of the beginning of a fiscal year, and after all credits  
20 and transfers required by this act for the previous fiscal year  
21 have been made, the sum of the actuarial value of assets and the  
22 actuarial present value of future normal cost contributions exceeds  
23 the actuarial present value of benefits, the amount based on the  
24 annual level percent of payroll contribution rate under subsections  
25 (1) and (2) may be deposited into the health advance funding  
26 subaccount created by section 34.

27 (15) Notwithstanding any other provision of this act, if the

1 retirement board establishes an arrangement and fund as described  
2 in section 6 of the public employee retirement benefit protection  
3 act, 2002 PA 100, MCL 38.1686, the benefits that are required to be  
4 paid from that fund must be paid from a portion of the employer  
5 contributions described in this section or other eligible funds.  
6 The retirement board shall determine the amount of the employer  
7 contributions or other eligible funds that must be allocated to  
8 that fund and deposit that amount in that fund before it deposits  
9 any remaining employer contributions or other eligible funds in the  
10 pension fund.

11 (16) The retirement board and the department shall conduct and  
12 review an experience investigation study and adopt risk assumptions  
13 on which actuarial valuations are to be based after consultation  
14 with the actuary and the state treasurer. The experience  
15 investigation study must be completed and risk assumptions must be  
16 periodically reviewed at least once every 5 years.

17 (17) Every April 1 following the periodic review of risk  
18 assumptions under subsection (16), the office of retirement  
19 services on behalf of the department and the state treasurer shall  
20 collaborate to submit a report to the senate majority leader, the  
21 speaker of the house of representatives, the senate and house of  
22 representatives appropriations committees, and the senate and house  
23 fiscal agencies. A report required under this subsection must be  
24 published on the office of retirement services's website and  
25 include at least all of the following:

26 (a) Forecasted rate of return on investments at all of the  
27 following probability levels:

1 (i) 5%.

2 (ii) 25%.

3 (iii) 50%.

4 (iv) 75%.

5 (v) 95%.

6 (b) The actual rate of return on investments for 10-, 15-, and  
7 20-year intervals.

8 (c) Mortality assumptions.

9 (d) Retirement age assumptions.

10 (e) Payroll growth assumptions.

11 (f) Any other assumptions that have a material impact on the  
12 financial status of the retirement system.

13 (18) Except as otherwise provided in this subsection, for  
14 members who first became members before February 1, 2018, beginning  
15 with the state fiscal year ending September 30, 2022 and for each  
16 subsequent state fiscal year until the pension and retiree health  
17 care payroll growth assumption rate for a reporting unit that is  
18 not a university reporting unit is zero, the payroll growth  
19 assumption rate for a reporting unit that is not a university  
20 reporting unit must be reduced by 50 basis points. Beginning with  
21 the state fiscal year ending September 30, 2025 and for each  
22 subsequent state fiscal year until the rate described in this  
23 subsection is zero, if the pension and retiree health care unfunded  
24 actuarial accrued liability contribution sum directly attributable  
25 to the 50 basis points reduction under this subsection for the  
26 current fiscal year is 7% or more of the pension and retiree health  
27 care unfunded actuarial accrued liability contribution sum in the

1 immediately preceding state fiscal year, the office of retirement  
 2 services may reduce the rate described in this subsection by 25  
 3 basis points in that current fiscal year instead of the 50 basis  
 4 point reduction described in this subsection. **BEGINNING WITH THE**  
 5 **FISCAL YEAR ENDING SEPTEMBER 30, 2022 AND FOR EACH SUBSEQUENT STATE**  
 6 **FISCAL YEAR UNTIL THE RATE DESCRIBED IN THIS SUBSECTION IS ZERO,**  
 7 **THE OFFICE OF RETIREMENT SERVICES AND THE RETIREMENT BOARD MAY**  
 8 **AGREE TO REDUCE THE RATE DESCRIBED IN THIS SUBSECTION BY ANY NUMBER**  
 9 **OF ADDITIONAL BASIS POINTS.**

10 (19) As used in this section, ÷

11 ~~—— (a) "Payroll plus purchased services" includes functions 1xx,~~  
 12 ~~2xx, and 45x, and object codes 1xxx, 31xx, 33xx, and 41xx, as~~  
 13 ~~defined in the most recent "Michigan Public School Accounting~~  
 14 ~~Manual Bulletin 1022" as of July 13, 2017, and is equal to the~~  
 15 ~~total of salaries, professional and technical services,~~  
 16 ~~elient/pupil transportation, and repairs and maintenance services~~  
 17 ~~expenditures, including the charges incurred in the general,~~  
 18 ~~special education, and vocational education funds for the benefit~~  
 19 ~~of the current fiscal year, whether paid or unpaid.~~

20 ~~—— (b) "University "UNIVERSITY reporting unit" means a reporting~~  
 21 ~~unit that is a university listed in the definition of public school~~  
 22 ~~employee under section 6.~~

23 Sec. 42. (1) Beginning with the state fiscal year ending  
 24 September 30, 1995 and subject to section 41b, a reporting unit  
 25 shall contribute the entire amount determined under section 41 to  
 26 the reserve for employer contributions and to the reserve for  
 27 health benefits. The reporting unit contribution under this

1 subsection is the exclusive obligation of the reporting unit  
2 payable out of general budget resources of the reporting unit,  
3 including funds available under local millage and other local  
4 resources and from the state school aid allocation to the reporting  
5 unit, and is not a separate obligation by specific reimbursement or  
6 otherwise of this state.

7 (2) As authorized by resolution or other enabling act of its  
8 governing body, the employer shall pick up all contributions of a  
9 member made under section 43a for all compensation paid after  
10 December 31, 1986 and reported to the retirement system. Although  
11 considered contributions of a member for certain purposes under  
12 this act, all contributions picked up must be treated as paid by  
13 the employer in lieu of contributions by the employee.  
14 Contributions picked up as provided in this subsection must be paid  
15 from the same source of funds that is used for paying compensation  
16 to the member. The employer may pick up these contributions by  
17 either a reduction to the member's cash salary, an offset against a  
18 future salary increase, or a combination of a reduction in salary  
19 and offset against a future salary increase. This subsection does  
20 not apply, and the employer shall not deduct, offset, or remit  
21 contributions, until the department receives notification from the  
22 United States Internal Revenue Service that contributions picked up  
23 will not be included as gross income of the member until they are  
24 distributed or made available to the member, retirant, retirement  
25 allowance beneficiary, or refund beneficiary.

26 (3) The employer shall deduct from a member's compensation the  
27 contributions for ~~social security~~ **SOCIAL SECURITY** provided in 1951

1 PA 205, MCL 38.851 to 38.871. Contributions must be made while the  
2 member remains a public school employee. Each reporting unit  
3 official shall deduct the ~~social security~~**SOCIAL SECURITY**  
4 contributions from the compensation of each member for each payroll  
5 period after the date the employee becomes a member. Social  
6 ~~security~~**SECURITY** contributions must be made notwithstanding that  
7 the minimum compensation provided by law is changed. Each member is  
8 considered to have agreed to the contributions prescribed in this  
9 subsection.

10 (4) Each reporting unit official shall forward member  
11 contributions to the retirement system on a schedule and in a  
12 manner determined by the retirement system.

13 (5) Each reporting unit official shall forward the entire  
14 employer contribution required by this act to the retirement system  
15 on a schedule and in a manner determined by the retirement system.

16 (6) Each reporting unit official shall submit to the  
17 retirement system a report that includes the information for  
18 retirement purposes, including, but not limited to, persons  
19 employed, retirants performing services at a reporting unit who are  
20 employed by an entity other than the reporting unit or who are  
21 independent contractors, wages or amounts paid, hours, and  
22 contributions required under this act. The report must include the  
23 information on a pay period basis and must be submitted to the  
24 retirement system on a schedule and in a manner determined by the  
25 retirement system. The superintendent for a reporting unit or the  
26 chief administrator for a reporting unit that does not have a  
27 superintendent shall complete an annual certification that gives

1 authorization for the employees of the reporting unit to report the  
2 information to the retirement system.

3 (7) If a reporting unit fails to submit a report or  
4 contributions, or both, according to the schedule established by  
5 the retirement board, the reporting unit shall pay a late fee. If  
6 the remittance of contributions is late, the late fee must include  
7 interest for each day that the remittance of contributions is late.  
8 The retirement board periodically may establish the late fee, which  
9 must not be less than \$25.00, and interest charges, which must not  
10 be less than 6% per annum. ~~If a reporting unit fails to correct~~  
11 ~~errors on a report before the errors are discovered by the~~  
12 ~~retirement system or if the errors are intentional, the reporting~~  
13 unit shall pay the late fee and interest charges as described in  
14 this subsection for each day that the report is in error, unless  
15 reasonable cause is shown to the satisfaction of the retirement  
16 system. **A VIOLATION OF THIS SUBSECTION MAY BE INVESTIGATED BY THE**  
17 **PROSECUTOR OF THE COUNTY IN WHICH THE VIOLATION OCCURRED, THE**  
18 **AUDITOR GENERAL, OR THE ATTORNEY GENERAL. FOR PURPOSES OF THIS**  
19 **SUBSECTION, AN INTENTIONAL ERROR INCLUDES, BUT IS NOT LIMITED TO,**  
20 **ANY OF THE FOLLOWING:**

21 (A) A KNOWING AND WILLFUL REPRESENTATION THAT SERVICE WAS  
22 PERFORMED WHEN SERVICE WAS NOT PERFORMED.

23 (B) A KNOWING AND WILLFUL SUBMISSION OF A REPORT THAT CONTAINS  
24 MATERIAL MISREPRESENTATIONS OR FALSIFICATIONS, OR THE KNOWING AND  
25 WILLFUL FAILURE TO SUBMIT A REQUIRED REPORT.

26 (C) ANY OTHER KNOWING AND WILLFUL ACT OR OMISSION OF A FALSE,  
27 FRAUDULENT, OR MISLEADING NATURE UNDERTAKEN TO GAIN COMPLIANCE OR

1 **THE APPEARANCE OF COMPLIANCE WITH THIS ACT.**

2 (8) On written notice from the retirement board, the  
3 superintendent of public instruction and the state treasurer shall  
4 withhold payment of state funds, in part or in whole, payable from  
5 the state school aid appropriation or higher education  
6 appropriations to a reporting unit that fails to comply with this  
7 section.

8 Sec. 42a. (1) ~~Not later than 60 days after the effective date~~  
9 ~~of the amendatory act that added this section,~~ **BY AUGUST 31, 2018,**  
10 each reporting unit that is a tax supported community or junior  
11 college shall submit a report to the office of retirement services  
12 with the information necessary for the retirement system to  
13 complete the report under subsection (2), as determined by the  
14 retirement system.

15 (2) ~~Not later than 90 days after the effective date of the~~  
16 ~~amendatory act that added this section,~~ **BY SEPTEMBER 30, 2018,** the  
17 office of retirement services shall submit a report to the senate  
18 and house of representatives committees on education. The report  
19 required under this subsection must include all of the following  
20 information, based on information included in the reports submitted  
21 to the retirement system under subsection (1), for each reporting  
22 unit that is a tax supported community or junior college:

23 (a) For each of the 4 school fiscal years preceding the state  
24 fiscal year ending September 30, 2018, the number of individuals  
25 employed by the tax supported community or junior college while  
26 enrolled as a part-time student in that same tax supported  
27 community or junior college.

1 (b) For each of the 4 school fiscal years preceding the state  
2 fiscal year ending September 30, 2018, the amount of reporting unit  
3 contributions the tax supported community or junior college  
4 contributed under section 42 associated with an individual employed  
5 by the tax supported community or junior college while enrolled as  
6 a part-time student in that same tax supported community or junior  
7 college.

8 (c) For each of the 4 school fiscal years preceding the state  
9 fiscal year ending September 30, 2018, the amount of reporting unit  
10 contributions the tax supported community or junior college failed  
11 to contribute under section 42, if any, associated with an  
12 individual employed by the tax supported community or junior  
13 college while enrolled as a part-time student in that same tax  
14 supported community or junior college.
