9 or agencies, pursuant to the anadromous fish conservation act, 16  
10 USC 757a to 757f, and may use this money in accordance with the  
11 terms and provisions of that act. However, the acceptance and use  
12 of federal funds does not commit state funds and does not place an  
13 obligation upon the legislature to continue the purposes for which  
14 the funds are made available.

15 (15) ~~(14)~~—The department may appoint persons to serve as  
16 volunteers ~~for the purpose of facilitating the responsibilities of~~  
17 **TO ASSIST** the department **IN MEETING ITS RESPONSIBILITIES** as

2 competitive bidding. However, if the department determines that a  
3 concession requires a capital investment in which reasonable  
4 financing or amortization necessitates a longer term, the  
5 department may grant a concession for up to a 15-year term. A  
6 concession granted under this subsection shall require, unless the  
7 department authorizes otherwise, that all buildings and equipment  
8 ~~shall~~ be removed at the end of the concession's term. Any lease  
9 entered into under this subsection shall limit the purposes for  
10 which the leased land is to be used and shall authorize the  
11 department to terminate the lease upon a finding that the land is  
12 being used for purposes other than those permitted in the lease.  
13 Unless otherwise provided by law, money received from a lease or a

15 providing financial support for the management of the leased land.  
16 Money received from a lease of ~~all~~ **ANY** other land shall be credited  
17 to the fund from which the land was purchased. However, money

19 credited to the fund providing financial support for the management  
20 of the leased lands. For land managed by the forest management  
21 division of the department, that fund is either the forest  
22 development fund established pursuant to section 50507 or the  
23 forest recreation account of the Michigan conservation and  
24 recreation legacy fund provided for in section 2005. For land  
25 managed by the wildlife or fisheries division of the department,  
26 that fund is the game and fish protection account of the Michigan

2 (17) ~~(16)~~ When the department sells land, the deed ~~by which~~

6 determines that the land has unusual or sensitive environmental  
7 features or that it is in the best interest of this state to  
8 reserve those rights as determined by commission policy. However,  
9 the department shall not reserve the rights to sand, gravel, clay,  
10 or other nonmetallic minerals. When the department sells land that  
11 contains subsurface rights, the department shall include a deed  
12 restriction that restricts the subsurface rights from being severed  
13 from the surface rights in the future. If the landowner severs the  
14 subsurface rights from the surface rights, the subsurface rights  
15 revert to this state. The deed may reserve to this state the right  
16 of ingress and egress over and across land along watercourses and  
17 streams. Whenever an exchange of land is made with the United  
18 States government, a corporation, or an individual for the purpose  
19 of consolidating the state forest reserves, the department may  
20 issue deeds without reserving to this state the mineral, coal, oil,  
21 and gas rights and the rights of ingress and egress. The department  
22 may sell the limestone, sand, gravel, or other nonmetallic  
23 minerals. However, the department shall not sell a mineral or  
24 nonmetallic mineral right if the sale would violate part 353, part  
25 637, or any other provision of law. The department may sell all  
26 reserved mineral, coal, oil, and gas rights to such lands upon  
27 terms and conditions as the department considers proper and may

1 sell oil and gas rights as provided in part 610. The owner of those  
2 lands as shown by the records shall be given priority in case the  
3 department authorizes any sale of those lands, and, unless the  
4 landowner waives that priority, the department shall not sell such  
5 rights to any other person. For the purpose of this section,  
6 mineral rights do not include rights to sand, gravel, clay, or  
7 other nonmetallic minerals.

8 (18) ~~(17)~~—The department may enter into contracts for the sale  
9 of the economic share of royalty interests it holds in hydrocarbons  
10 produced from devonian or antrim shale qualifying for the  
11 nonconventional source production credit determined under section  
12 45k of the internal revenue code of 1986, 26 USC 45k. However, in  
13 entering into these contracts, the department shall ~~assure~~ **ENSURE**  
14 that revenues to the natural resources trust fund under these  
15 contracts are not less than the revenues the natural resources  
16 trust fund would have received if the contracts were not entered  
17 into. The sale of the economic share of royalty interests under  
18 this subsection may occur under contractual terms and conditions  
19 considered appropriate by the department and as approved by the  
20 state administrative board. Funds received from the sale of the  
21 economic share of royalty interests under this subsection shall be  
22 transmitted to the state treasurer for deposit in the state  
23 treasury as follows:

24 (a) Net proceeds allocable to the nonconventional source  
25 production credit determined under section 45k of the internal  
26 revenue code of 1986, 26 USC 45k, under this subsection shall be  
27 credited to the environmental protection fund created in section

1 503a.

2 (b) Proceeds related to the production of oil or gas from  
3 devonian or antrim shale shall be credited to the natural resources  
4 trust fund or other applicable fund as provided by law.

5 (19) ~~(18)~~—As used in this section:

6 (a) "Concession" means an agreement between the department and  
7 a person under terms and conditions as specified by the department
