Rep. Hank Vaupel, from the 47th District, offered the following invocation:

“Dear Heavenly Father, as we gather here today approaching the last days of the 100th Legislature we pray for Your continued guidance. We pray that as we deliberate the last few orders of business that will come before this Legislature that You will continue to guide our minds and our hearts to make decisions that serve the best interests of our constituents but will also serve You.

During these trying and uncertain times of this Pandemic You have been the Pillar on which we could rely. We pray that Your guidance will monitor all that we do and bring us through this time of trial. Our Faith is in You and our prayers are to You. Please bring us together to face this Pandemic in a bi-partisan thoughtful way.

We pray Lord that as we close this 100th Legislative session that You will be with those that will not be returning to Lansing and guide their lives of service to their communities and to their families. Keep them safe.

We pray that You will be with all those returning to Lansing and guide them through the trials they will face in the 101st Legislature. Help them to guide us through the challenges of this pandemic.

We thank You Lord for the opportunity to serve You and through You to serves our constituents, our State and our Country.

We pray all of these things in Your Name. AMEN.”

The Speaker called Associate Speaker Pro Tempore Hornberger to the Chair.

Comments and Recommendations

Rep. Cole moved that the following remarks be printed in the Journal.
The motion prevailed.

Rep. Leutheuser:

“Thank you, Mr. Speaker.

Thank you, constituents of Branch and Hillsdale Counties. It has been a high honor to have been given this opportunity to serve by you, my neighbors. Thank you, customers and employees of Hillsdale Buick GMC.

Thank you, colleagues, especially seatmates Dan Lauwers, Bronna Kahle and Ann Bollin. It has been a true pleasure to serve with all of you, have you as mentors, and come to know you as friends.

I join others who have extended well-deserved thanks to the journal clerks, policy and professional staff who make it possible for us to do our jobs, and I’ve literally had a front-row seat to know how important they are. I do want to mention two people in the Anderson Building. Sherri and Christina, you brightened my days.

Thank you to my past and present staff, Gary, Scott, Maria, Ben, Jack and Chelsea, who have been so helpful to me personally and so conscientious in serving the residents of the 58th District.

Thank you Clerk Brown and Clerk Randall. Clerk Randall, as you may know, is a beekeeper. His bees move from Michigan to Georgia to the almond groves in California before returning to Michigan to start over again for another year. Sometimes I see Clerk Randall looking out over this body and can’t help but wonder if he’s thinking, ‘What lazy bees.’ Then I remember he is in favor of limited government and probably thinks the less we do, the better.

And finally a special thank you to my wife Laura. For thirty seven years, you have been, to quote David McCulloch, ‘the star I steer by’.

It is quite fitting that we make our farewells at this time of year, when we recall our loved ones, we think about our fellow man in a different way, and we reflect on the challenges of the new year.

The first year I heard these farewells I was struck by how many members made special mention of how their fathers or mothers provided them with a good example. We’re the lucky ones. How many bills, programs and line items do we pass simply because a father or mother isn’t home, or is completely over their head?

Paul and Martha Forster left Germany between the wars and came to this country for a better life. They were admitted because they had a sister working as a cook on Long Island. She sponsored them and vouched that they were employable. My mother’s parents arrived with the possessions they could carry in a suitcase. They spoke little English. They expected exactly nothing from the United States government except that it live under its own rule of law. Like so many others they found work and were soon sending packages of food and clothing back over the ocean, while knowing that those gifts from the land of opportunity may never reach their families who needed them.

Life was fragile. But they were resilient and determined, and growing up in ease and plenty I am humbled by those generations, and their faith.

They learned, they earned, and they served. Work was expected and valued as something that was owed by anyone who had the ability to be productive.

Whenever we can, we need to protect those things that protect the family.

There is a fever that has not yet broken in our state and in our world. We have been sickened not just by a virus but by technology and artificial intelligence that uses our human psychology against us. We have literally been made neurotic and been paying for the privilege. The next legislature here and in Washington needs to stop bowing down to big tech so we can start saving what’s left of our souls.

The experiment where freedom of religion is replaced by freedom from religion isn't going terribly well. As children made in the image of God, we are made to use all our faculties -- To know faith informed by reason and reason informed by faith. To do less is to squander the inheritance left not just by our founders but by our Creator Himself.

I pray these days may be the beginning of a spiritual reawakening for a world desperate for one.

Finally, one of the things that surprised me most about this job was finding out about the incredible number of good things happening in the districts we serve. We've honored veterans and volunteers and seen non-profits and charities changing lives. I'll never forget the day during Reading Month when I was escorted to the classroom by a fourth grader who shook my hand and offered to take my coat. The teacher in that classroom is implementing a character-building program and I have no doubt those students are going places. It's literally happening every day, and we all get to see it. In every community, there are people doing good things and for all the best reasons.

The state can't compel that. Only love can achieve that. Our communities are where free associations flourish and our traditions are passed from generation to generation.

Let us approach our history and the aspirations of our ancestors with humility, and with the affection that can only be nurtured in those places we call home.

May God bless each of you; may God bless our families, bless the entire body of the faithful, bless our homes and several communities, and in so doing, truly bless our great state and our beloved land."

Rep. Hernandez:

"Thank you mister/madam speaker.

The last 4 years has been perhaps the most unique experience in my life and as well as one of the most rewarding. At the same time, it has been one of the most challenging and difficult times.

I want to start out by going through my list of thank yous to people who I have gotten to know along the way in this incredible time. There are so many to list and some that I am sure I will forget. But there are also those that I will remember the rest of my life because of the things we've accomplished together and the long days we've spent together.

First, I want to talk about my staff. Jeff and Noah...you two have been the point of contact for the office and were both great advocates for the people of the 83rd District. I know how challenging it can be to be the one to answer the phones, emails and letters, but you both did a great job and I thank you for caring so much about the people of the district.

Phil, who would have thought, that after two years of sparring while I was the chair of the transportation subcommittee and you were at MDOT trying to claim every idea I ever had was not possible, that we would not only work together, but actually work together very well. My one regret was that we never got a hearing on the transportation innovation bill package this term. I was going to make sure I was no where to be found that day so you could testify in favor of the same bill package you once testified against. And the best part...this time you would have been able to tell the truth about the bill. Thank you so much for your work and dedication. The state is surely in a better place due to your work...well...maybe not your work at MDOT.

Randy, you are the one that made it start to finish with me. We've been through some ups and downs personally for both of us and I thank you for always standing by my side. Your impact goes so far beyond Lansing. I regularly have people in the district ask how you are doing and my kids, wife, brother and parents all ask about you regularly. I asked you to never be afraid to challenge me on a decision, to make sure I stay grounded, and to even make sure I didn't forget my duties as a husband and dad when things get busy and you have fulfilled all of those roles. You have been far more than a legislative director. You have become a true friend.

I'm going to speed it up for the next few, but not because they are any less talented. Josiah, Hassan, Becky, Brian, Chris and Jimmy...you are some of the most talented people I have ever worked with and I appreciate the time you put in and the sacrifices you make to keep this place moving.

MaryAnn, Kevin and your team at House Fiscal. There aren't two people I respect more in this town for your depth of knowledge and understanding of the issues in this State. You have been incredible to work with.

The Senate Fiscal team, approps team, and Chair Stamas' staff...you guys have been amazing as well...but not quite as good as the House team!

And to Director Kolb and his team at SBO...I'm not always stubborn and unreasonable...or maybe I am. But thank you for always coming back to the table to solve the issues that are important to our state. It has been a pleasure working with you.

And to all the staff that has ever has to work with me....thank you for putting up with a guy that has a very short attention span and would rather solve an issue by drawing a graph, chart, or maybe just doodle on my white board for a bit while I try to focus. You put up with me quite well.

Chair Stamas, we've definitely had some fun times and some challenging times. I'm sorry for the past couple days... I think....or maybe I should just wait to see how the rest of the day goes before I offer an apology. Anyway, it took us a while to understand each other, but you have become a great partner in the legislature and a great friend.

To my colleagues on the other side of the aisle. I wish I had taken the time to get to know more of you, but I always appreciate your passion and the willingness to find issues we can work together on.

Yousef....who would have thought that you and I could be partners on anything, but whenever there is a corporate handout lurking, I know who to look to.

And to my two brothers in Christ, Sheldon Neely and Ronnie Peterson, it was an absolute pleasure getting to know you. I know Rep Neely isn't here, and I'm not sure if he remembers getting off on the wrong foot, but I am so happy we moved past it and became good friends. And Ronnie, you can put a smile on anyone's face, no matter the circumstances. Let's make sure we get the fishing trip in this spring.

John Hoadley, who would have thought that we could work so well together despite our dramatic differences in positions. You have always been truthful, reasonable, and knowledgeable and I can truly enjoy working together.

My former seat mate...Jim Runstead....what do I say about Jim. I thought the plan was to place Freshmen members with a mentor. Jim, it was a challenge, but I think I did a pretty good job mentoring you...helping you find your phone, vote on time, figure out what bill we were on....and sometimes talking you into voting the opposite of how I was going to vote to see how you would react when the board opened and you realized what I was doing.

Joe Graves, Mike Webber and Clint Kesto...I miss our crew in the back of the chamber. We could all get together sometime, but I'm pretty sure Joe was on his way to Florida before the speaker gavelled out last term and he will probably only come back to MI to register his car so he can still get his unlimited auto insurance coverage....which is still available by the way.

Tom Barrett, Lana Theis, Dan Lauwers....I miss you all in the House. It was great working with you.

Speaker Leonard, I didn't know you well when we started, but you were an honorable speaker and have become a friend for life. I asked you to put me on any committee other than approps....and you put me on approps. I guess you were right...just that one time.

Joe Bellino, thank you for your friendship and humor. Despite the fact that I think you like my dad more than me, I can't completely cut you out of this speech. And by the way, my dad returns that love...you might be his favorite legislator, even with me in the mix.

Jason Sheppard....you said it yesterday, we may kind of be the odd couple within the caucus...I like boating at anytime of the day and think the RTA bill was....well...I'm probably better off to just not comment on that one, but you and Melissa have not only become my friends, but are friends of my entire family.

There are so many of you and I know I don't have time to talk about you all, but I do need to talk about two more....John Reilly and Steve Johnson. I can't tell you how much I appreciate you both. We hit it off early on and have stayed friends despite me beating you both out for the title of most conservative in our first year. John...my favorite memory of you was last term as we walked over here from the HOB. I don't know what was going on that day, but it wasn't a good day for me. And you stopped walking right in front of me, turned and looked at me and said, 'Shane, you know worrying is a sin, right? Just trust God' John, that says everything about you. You are an amazing man of faith and I have the utmost respect for you.

And Steve...you are a stubborn pain in the butt, which might be why I like you. I joke about your votes and am sometimes not sure if your green button works, but I truly wish there were more like you. You are a true statesman that reads every word of every bill, sub, and amendment. I just wish you could forgo that on the budget. Some people in this town probably don't agree, but the state of MI is in a better place because of you.

Speaker Chatfield....I will never be able to thank you enough for putting your trust in me. You gave me the best job in this legislative body....even better than speaker in my opinion. Thank you for your leadership and your friendship.

And last but definitely not least, Speaker Elect Wentworth. I can remember asking you to meet in my office about 3 years ago and telling you that you needed to run for speaker pro tem and that we could chart our path to leadership together. You gave me an adamant no that day...but I stuck with it and could not be more sure that I made the right decision in continuing to push you in that direction. I love how you go about your business and am confident that you will be an incredible leader. It would have been an honor to serve as your

aprops chair, but I am just as excited to work in your office. The one question I do have is if you will be hiring Rep Hoadley since you have hired the rest of the congressional losers caucus.

I'm going to cut this last portion a bit short, but I do want to talk briefly about my journey to this place and some people that have been instrumental in my life along the way. For a kid from a low income, staunch Democrat home, who never believed I would ever have the chance to know my rep, let alone be the rep to be standing here today is something I am truly proud of.

To my mother who instilled in us the importance of Jesus Christ in our lives and who, despite being incredibly quiet, will defend my work here relentlessly with anyone who dares challenge me, thank you.

To my father, who didn't tell me what hard work can do, he showed me by sacrificing himself time and time again to better our families position and to make sure everything was possible for me if I worked half as hard as him. Thank you....because without you, I wouldn't be standing here, in this place, with a masters degree and a successful career.

To my brother, for not only challenging me, but our entire family to open our eyes and not simply believe we had to be Democrats because we were low income, Hispanic and a union family. Thank you for questioning us. Thank you for teaching us that it is Republican principles and policies that allowed us to continue to grow as individuals and a family.

To my uncle Jack, who is no longer with us, but I am sure my brother, father would join me in crediting with building both our personal relationships with God and solidifying our belief that free market capitalism, limited government, fiscal responsibility and our foundation in Judeo-Christian values are what makes this country great.

And to my wife Renee, who has been the rock in my life. I appreciate her steadiness, her faith, and her willingness to put up with me. We've been through a ton together, from losing an infant child to raising two beautiful girls. And you are more of a rock in my political life than you may know. For someone who is not very political...if you ever want to see someone quiet on political issues get fired up, come challenge her on the value of life in the womb...a mother who will tell you her first hand story about the value of each and every life, formed in the image of God.

And to my girls, Kelsey and Kara who can light up my day no matter how difficult it has been. I look forward to spending more time with you and watching you grow.

I want to leave you all with a few things I've learned and maybe a challenge or two for those of you staying here.

1) This job is not all about passing bills. Don't fall into that narrative. We have plenty of laws. Let's focus more on getting government out of so many aspects of our lives. I promise, you will not be judged by how many PA's you have.

2) There will be difficult votes that come up and you will be told that reps don't lose their seats for 1 vote, they lose because they don't work hard in their district. I'm not completely disagreeing with that. But if you won't lose your seat because of 1 vote, please know that you also won't win your seat because of the project you got in the budget. We must take steps toward treating these dollars as exactly what they are...the people's, not ours. A chair can work hard to not include pet projects in a budget, but it takes an entire legislature to do the right thing and to start returning these dollars to who they belong to by never taking them in the first place.

3) Come to Lansing, do your work, enjoy yourself while you are here, and go home if at all possible. The narrative in this town is not real. Stay in touch with the people in your district and do not start to believe what you hear in this bubble.

4) And two more specific items to finish my list. If state employees work is possible to do effectively from home, we should start unloading buildings and property immediately. If we are claiming that services continued at a high level through furloughs, then we have far too many state employees and must start trimming back. We should treat our employees the same way state government is treating workers in our district. You must do more with less, pay increases should never happen during this time and it is absolutely despicable that we have an administration that advocates for such while they close businesses. And no one should jump the unemployment line while the system is entirely broken for our constituents.

5) I came into this chamber wanting to work on occupational licensing. I made a few attempts and often ran into resistance. If there was ever a time when it is more obvious that we should not ask our government for their consent to work or run a business, that time is now. This consent has resulted, not in improved professional services, but instead in government control of our livelihoods.

I will close my speech, not with more thankyou's for the people we work with here in Lansing, but by doing something a bit different...and something I believe we should all think about more...thankning some of the great people in our district that make our state go and who have helped us do this job successfully.

Mark Heberling, better known as Mark the Barber, you are an honorable man and have become a great friend that has helped me navigate rough political waters with your conversation while getting my hair cut.

Patrick Patterson. You taught me what the recovery community really looks like and have helped me find new and better ways to address recovery than to rely on the government to fix the issues that they are probably more responsible for creating.

Bob Eick and Eric Tubbs. Not only are you both business owners who have done your part to keep this district going, you both helped encourage me to take the step to run for this office.

Chris Campbell, you represent whats great about our state and the 83rd district...a hard working driven young man with big goals.

Walt Badgerow. You are what we need in our local government....a true public servant who understands who you work for

Tim Keller, the person responsible for taking my interest in politics to a whole new level by getting me really engaged. I admire both you and your wife, dedicated teachers impacting the lives of the youth in our district.

Clint, Rick, Jeff, Dennis, Neal, Eric, and countless more farmers that work day and night to feed this state and nation.

Drew Mills Tom Seppo, John Grenfell, Don Derby, Bill Kinnan, Terry Kuhns, Arnie Koontz faith leaders who engage in their communities to make the blue water area a better place to live.

Dean and Kathy Berden, Tom and Carol Seaver, Helen Hermes, Rich and Diana Doman, Len and Nancy Corsetti, Dave and Dorothy Carr, Michaela and so many more political activists working to spread conservative values across the Thumb and all of MI.

I know I am missing a ton of you, but please know, this is about you, the people of the 83rd District. It has been an honor to represent you all.

I'll leave you with my favorite bible verse....which I think is fitting for 2020...

James 1 2-4 Consider it pure joy my brothers and sisters whenever you face trials of many kinds because you know that the testing of your faith produces perseverance. Let perseverance finish it's work so that you may be mature and complete, not lacking anything.

Friends, this has been an amazing opportunity and a challenge. I hope I can say I am leaving this place having learned from the challenges and trials and being more mature and complete because of it.

Thank you."

Comments and Recommendations

Rep Iden:

“Thank you, Mr. Speaker- Well as many of my colleagues have already mentioned this speech starts writing itself the day you walk into freshman orientation. However, for me, it appears to have started in 1994. Why do I say that, well earlier this month I was rearranging old boxes at my house and I came across this photo of an 11 year old boy on the steps of the Capitol, in what appears to be a Capitol tour, wearing a hyper-color t-shirt, coke bottle glasses and Reebok pumps. So, I guess I would say that is how it started, and this is where we are today. Sure, a little older and a lot less hair, but I am proud to say after 6 years of this place, I’ll be leaving with my boyish young handsome looks still intact.

It’s been the pleasure of a lifetime to serve in public office over the past decade, 6 of which having been blessed to be within this prestigious chamber. I still vividly recall my first day of orientation when Clerk Randall talked about this institution and how if there was ever a day when as a legislator you walked into this building, onto the floor and took a seat at your desk that you weren’t in awe of this awesome opportunity, then it’s probably the day you should consider a career change. Being in a district like mine I always operated as though I would be a one term legislator, then I was blessed to return a second time and even stacked against all odds returned again and each and every time I returned, I never forgot that speech and I’ve always tried to never take for granted, the amazing opportunity to serve within this institution.

There are certainly many things that make this institution great and I could spend the rest of my speech listing them, but for me the memories of this hallowed Chamber will always be with the people, from all of you, to my amazing staff, to the lobby core, to the wonderful people who make this place function on a daily basis. I’ll never forget the question I got asked the most often my freshman term, ‘what’s the most surprising thing about this job’ and I was always quick to respond, the staff whom make this place function; with term limits and the endless turnover of members, these folks make this place great. Doug Simon, Matt White, Clerk Randall and his team, Chief Sgt. Dickson and his team, all the fellas in the 9th floor facilities management office over in the HOB, and the list goes on, I thank you. Speaking of people and memories it has truly been my honor to serve side by side with my staff all these years. Over the course of these past 6 years, I’ve had 4 staff members who have kept my office from falling apart. I can pick on Rep Hall because he’s recently employed one of the finest people in Lansing, Vera Riley or as she was always known in my office Ms. Vera. Vera, thank you. For the past 6 years you’ve been like a loyal big sister. Either as my first line of defense on the phones, at the coffee hours or on the doors, you’ve been there for me. Always in the shadows, always supportive, always loyal, thank you. Samantha Zandee, I’ve said it on this floor before and I’ll say again you’re the best. At my side for 4 years and through 2 elections, negotiating with constituents, negotiating policy, negotiating Lansing life, you were always there, thank you. Frank Waters, you had big shoes to fill when these ladies left and you started at the worst time in the middle of a pandemic, but through it all you prevailed. Thank you for your support and friendship. And of course, to Reka Holly who started with me, and help me take on this task in the beginning. Thank you for always believing in me. A big thank

you to the Speakers staff over these past 2 years, but and I must call her out, especially to Lindsay Young. Allow me to put on record that you are one of the most honest and forthright people I know, you're a talented legal mind and have an amazing future in front of you.

To the two John's in comms and Mike Quillinan otherwise known as photo Mike. The 3 of you have always made me sound respectable and look great.

Finally, to my colleagues, my original crew Clint Kesto, Aric Nesbitt and Frank Foster, fellas it was a great run and I wish all of you the best.

To my fellow Kalamazoo County delegation, we accomplished so much together for our community, you're a fantastic team. My seat mates. Rep. McCready for 4 years who I've always referred to as my roomie. Mike, you've always been there for me and will always be a great friend. Rep. Lilly, my seatmate these past 2 years and office mate up in the sky boxes. We've traveled the world, celebrated our victories and commiserated over bourbon on our losses, you're a brother and will always be. Thank you.

To my fellow 3rd -termers, thank you for your friendship, guidance and wisdom all these years. Rep. Leutheuser, I've appreciated our conversations over cocktails and your mentorship. Rep. Vaupel, when one Google's the word 'gentleman' your picture pops up. My dear friend on the other side of the aisle and now Senator Jeremy Moss, it's been a real pleasure working with you all these years to achieve meaningful policy reforms for our state, you're the definition of a statesman.

Speaker Chatfield. Your friendship has been unwavering. Although the path we traveled to this House took us in very different directions we ended up here together for a reason. In a short time, we've fought on the front lines together, forging through treacherous political landscapes and standing resolute in the face of tumultuous political storms. And through all of this, your steadfast friendship and loyalty. You've provided me with so many of the opportunities I've had here in my 6 years and I can say without a doubt, that it's been the honor of lifetime to have 'served at the pleasure of the Speaker.' I thank you but more importantly I thank your wonderful wife Stephanie and your beautiful family for sharing you with us all these years.

For those of you that know me, you know I am a big fan of Sinatra, the Rat and an era of days gone by. So, I leave you with a quote from the late, great Dean Martin, which in my opinion sums up one's short time in Lansing. 'The whole world is drunk and we're just the cocktail of the moment. Someday soon, the world will wake up, down two aspirin with a glass of tomato juice and wonder what the heck all the fuss was about.'

Thank you, Mr. Speaker."
