FIELD OPERATIONS ADMINISTRATION

Sec. 602. It is the intent of the legislature that the department not extend any contracts for electronic monitoring devices. When the current contract ends, a complete review of all providers and technology must be conducted to determine the efficacy.

Sec. 603. (1) Included in the appropriation in part 1 is adequate funding to implement the curfew monitoring program to be administered by the department. The curfew monitoring program is intended to provide sentencing judges and county sheriffs in coordination with local community corrections advisory boards access to the state's curfew monitoring program to reduce prison admissions and improve local jail utilization. The department shall determine the appropriate distribution of the curfew monitor units throughout the state based upon locally developed comprehensive corrections plans under the community corrections act, 1988 PA 511, MCL 791.401 to 791.414.

(2) For a fee determined by the department, the department shall provide counties with the curfew monitor

1 equipment, replacement parts, administrative oversight of the
2 equipment's operation, notification of violators, and
3 periodic reports regarding county program participants.
4 Counties are responsible for curfew monitor equipment
5 installation and service. For an additional fee as determined
6 by the department, the department shall provide staff to
7 install and service the equipment. Counties are responsible
8 for the coordination and apprehension of program violators.

18 justice reinvestment, at least \$600,000.00 shall be allocated
19 to an organization that has received a United States

5 program success.

6 Sec. 605. From the funds appropriated in part 1 for
7 criminal justice reinvestment, the department shall allocate
8 \$250,000.00 to conduct a request for proposal for a vendor to

17 Sec. 612. (1) The department shall review and revise as
18 necessary policy proposals that provide alternatives to
19 prison for offenders being sentenced to prison as a result of
20 technical probation violations and technical parole
21 violations. To the extent the department has insufficient
22 policies or resources to affect the continued increase in
23 prison commitments among these offender populations, the
24 department shall explore other policy options to allow for
25 program alternatives, including department or OCC-funded
26 programs, local level programs, and programs available
27 through private agencies that may be used as prison
28 alternatives for these offenders.

29 (2) By April 1, the department shall provide a report to

1 the senate and house appropriations subcommittees on
2 corrections, the senate and house fiscal agencies, the

8 probationers, for parolees after their first parole, and for
9 parolees who have been paroled more than once:

10 (a) The numbers of parole and probation violators

27 (d) The number of offenders who participated in the
28 reentry program versus the number of those who did not.

29 (e) The unduplicated number of offenders who

1 participated in substance abuse treatment programs, mental
2 health treatment programs, or both, while in prison, itemized
3 by diagnosis.

4 Sec. 613. When the department is determining where to
5 place a parolee with chronic technical violations, the
6 department shall give priority to placing a parolee in an
7 intensive detention program that offers specific programming
8 to address the behavioral needs of the parolee, and that
9 works on a plan with the parolee to ensure that once the
10 parolee is released he or she can remain in the community and
11 successfully complete his or her parole.

12 Sec. 615. (1) The department shall submit a report
13 detailing the number of prisoners who have received life
14 imprisonment sentences with the possibility of parole and who
15 are currently eligible for parole to the senate and house

21 prisoner name, MDOC identification number, prefix, offense
22 for which life term is being served, county of conviction,
23 age at time offense was committed, current age, race, gender,
24 true security classification, dates of parole board file
25 reviews, dates of parole board interviews, parole guideline
26 scores, and reason for decision not to release.

27 Sec. 617. From the funds appropriated in part 1 for the
28 residential alternative to prison program, the department
29 shall provide vocational, educational, and cognitive

1 programming in a secure environment to enhance existing
2 alternative sentencing options, increase employment readiness
3 and successful placement rates, and reduce new criminal
4 behavior for the west Michigan probation violator population.
5 The department shall measure and set the following metric
6 goals:

7 (a) 85% of participants successfully complete the
8 program.

9 (b) Of the participants that complete the program, 75%

9 ombudsman, and the state budget office with a report on
10 pharmaceutical prescribing practices, including a detailed
11 accounting of expenditures on antipsychotic medications, and
12 any changes that have been made to the prescription drug
13 formularies.

14 Sec. 803. (1) The department shall assure that all
15 prisoners, upon any health care treatment, are given the
16 opportunity to sign a release of information form designating
17 a family member or other individual to whom the department
18 shall release records information regarding a prisoner. A
19 release of information form signed by a prisoner shall remain
20 in effect for 1 year, and the prisoner may elect to withdraw
21 or amend the release form at any time.

8 C treatment shall be used only to purchase specialty
9 medication for Hepatitis C treatment in the prison
10 population. In addition to the above appropriation, any
11 rebates received from the medications used shall be used only
12 to purchase specialty medication for Hepatitis C treatment.
13 On a quarterly basis, the department shall issue a report to
14 the senate and house appropriations subcommittees on
15 corrections, the senate and house fiscal agencies, the
16 legislative corrections ombudsman, and the state budget
17 office, showing for the previous 4 quarters the total amount
18 spent on specialty medication for the treatment of Hepatitis
19 C, the number of prisoners that were treated, the amount of

21 medication, and what outstanding rebates are expected to be
22 received.

23 Sec. 812. (1) The department shall provide the
24 department of health and human services with a monthly list
25 of prisoners newly committed to the department of
26 corrections. The department and the department of health and
27 human services shall enter into an interagency agreement

18 program shall complete 408 hours of on-the-job training in a
19 prison kitchen as a part of the program.

20 Sec. 902. (1) From the funds appropriated in part 1, the
21 department shall notify the senate and house appropriations
22 subcommittees on corrections, the senate and house fiscal
23 agencies, the legislative corrections ombudsman, and the
24 state budget office of the department's plans to eliminate
25 programming for prisoners. Notice shall be provided at least
26 1 month prior to program elimination.

27 (2) As used in this section, "programming for prisoners"

13 food service.

14 (b) Food service-related contracts, including goods or
15 services to be provided and the vendor.

16 (c) Major sanitation violations.

17 Sec. 904. The department shall calculate the cost per
18 prisoner/per day for each security custody level. This
19 calculation shall include all actual direct and indirect
20 costs for the previous fiscal year, including, but not
21 limited to, the value of services provided to the department
22 by other state agencies and the allocation of statewide
23 legacy costs. To calculate the cost per prisoner/per day, the
24 department shall divide these direct and indirect costs by
25 the average daily population for each custody level. For
26 multilevel facilities, the indirect costs that cannot be
27 accurately allocated to each custody level can be included in
28 the calculation on a per-prisoner basis for each facility. A
29 report summarizing these calculations and the direct and

1 indirect costs included in them shall be submitted to the
2 senate and house appropriations subcommittees on corrections,
3 the senate and house fiscal agencies, the legislative
4 corrections ombudsman, and the state budget office not later
5 than December 15.

24 the program, the number of prisoners transferred to another
25 facility while enrolled in a program and not subsequently
26 reenrolled, the number of prisoners enrolled who are
27 repeating the program, and the number of prisoners on waiting
28 lists for each program, all itemized by facility.

29 (c) The steps the department has undertaken to improve

1 programs, track records, accommodate transfers and prisoners
2 with health care needs, and reduce waiting lists.

3 (d) The number of prisoners paroled without a high
4 school diploma and the number of prisoners paroled without a
5 high school equivalency.

6 (e) An explanation of the value and purpose of each
7 program, for example, to improve employability, reduce
8 recidivism, reduce prisoner idleness, or some combination of
9 these and other factors.

10 (f) An identification of program outcomes for each
11 academic and vocational program.

12 (g) The number of prisoners not paroled at their
13 earliest release date due to lack of a high school
14 equivalency, and the reason those prisoners have not obtained
15 a high school equivalency.

16 Sec. 908. From the funds appropriated in part 1, the
17 department may establish a pilot online high school diploma
18 and career certificate program to serve up to 400 inmates
19 through a provider that offers career-based online high
20 school diplomas designed to prepare adult inmates for
21 transition into the workplace. If a bid is awarded, the
22 department shall provide an initial report no later than June
23 1 on the progress of the inmates in the online high school
24 diploma and career certificate program to the senate and
25 house subcommittees on corrections, the senate and house
26 fiscal agencies, the legislative corrections ombudsman, and
27 the state budget office.

28 Sec. 910. The department shall allow the Michigan
29 Braille transcribing fund program to operate at designated

1 locations. The donations by the Michigan Braille transcribing
2 fund at the G. Robert Cotton Correctional Facility in Jackson
3 and the Womens Huron Valley Correctional Facility in
4 Ypsilanti are acknowledged and appreciated. The department
5 shall continue to encourage the Michigan Braille transcribing
6 fund program to produce high-quality materials for use by the
7 visually impaired.

8 Sec. 911. By March 1, the department shall report to the
9 senate and house appropriations subcommittees on corrections,
10 the senate and house fiscal agencies, the legislative
11 corrections ombudsman, and the state budget office the number
12 of critical incidents occurring each month by type and the
13 number and severity of assaults, escape attempts, suicides,
14 and attempted suicides occurring each month at each facility
15 during the immediately preceding calendar year.

16 Sec. 912. The department shall report quarterly to the
17 senate and house appropriations subcommittees on corrections,
18 the senate and house fiscal agencies, the legislative
19 corrections ombudsman, and the state budget office on the
20 ratio of correctional officers to prisoners for each
21 correctional institution, the ratio of shift command staff to
22 line custody staff, and the ratio of noncustody institutional
23 staff to prisoners for each correctional institution.

24 Sec. 913. (1) From the funds appropriated in part 1, the
25 department shall focus on providing required programming to
26 prisoners who are past their earliest release date because of
27 not having received the required programming. Programming
28 includes, but is not limited to, violence prevention
29 programming, assaultive offender programming, sexual offender

1 programming, substance abuse treatment programming, thinking
2 for a change programming, and any other programming that is
3 required as a condition of parole.

4 (2) It is the intent of the legislature that any
5 prisoner required to complete a violence prevention program,
6 sexual offender program, or other program as a condition of
7 parole shall be placed on a waiting list for the appropriate
8 programming upon entrance to prison and transferred to a
9 facility where that program is available in order to
10 accomplish timely completion of that program prior to the
11 expiration of his or her minimum sentence and eligibility for
12 parole. Nothing in this section should be deemed to make
13 parole denial appealable in court.

14 (3) The department shall submit a quarterly report to
15 the senate and house appropriations subcommittees on
16 corrections, the senate and house fiscal agencies, the
17 legislative corrections ombudsman, and the state budget
18 office detailing enrollment in sex offender programming,
19 assaultive offender programming, violent offender
20 programming, and thinking for a change programming. At a
21 minimum, the report shall include the following:

22 (a) A full accounting, from the date of entrance to
23 prison, of the number of individuals who are required to
24 complete the programming, but have not yet done so.

25 (b) The number of individuals who have reached their
26 earliest release date, but who have not completed required
27 programming.

28 (c) A plan of action for addressing any waiting lists or
29 backlogs for programming that may exist.

1 Sec. 920. If a female prisoner consents to a visitor
2 being present, the department shall allow that 1 person to be
3 present during the prisoner's labor and delivery. The person
4 allowed to accompany the prisoner must be an immediate family
5 member, legal guardian, spouse, or domestic partner. The
6 department is authorized to deny access to a visitor if the
7 department has a safety concern with that visitor's access.
8 The department is authorized to conduct a criminal background
9 check on a visitor.

10 Sec. 924. The department shall evaluate all prisoners at
11 intake for substance abuse disorders, serious developmental
12 disorders, serious mental illness, and other mental health
13 disorders. Prisoners with serious mental illness or serious
14 developmental disorders shall not be removed from the general
15 population as a punitive response to behavior caused by their
16 serious mental illness or serious developmental disorder. Due
17 to persistent high violence risk or severe disruptive
18 behavior that is unresponsive to treatment, prisoners with
19 serious mental illness or serious developmental disorders may
20 be placed in secure residential housing programs that will
21 facilitate access to institutional programming and ongoing
22 mental health services. A prisoner with serious mental
23 illness or serious developmental disorder who is confined in
24 these specialized housing programs shall be evaluated or
25 monitored by a medical professional at a frequency of not
26 less than every 12 hours.

27 Sec. 925. By March 1, the department shall report to the
28 senate and house appropriations subcommittees on corrections,
29 the senate and house fiscal agencies, the legislative

1 corrections ombudsman, and the state budget office on the
2 annual number of prisoners in administrative segregation
3 between October 1, 2019 and September 30, 2020, and the
4 annual number of prisoners in administrative segregation
5 between October 1, 2019 and September 30, 2020 who at any
6 time during the current or prior prison term were diagnosed
7 with serious mental illness or have a developmental disorder
8 and the number of days each of the prisoners with serious
9 mental illness or a developmental disorder have been confined
10 to administrative segregation.

11 Sec. 929. From the funds appropriated in part 1, the
12 department shall do all of the following:

13 (a) Ensure that any inmate care and control staff in
14 contact with prisoners less than 18 years of age are
15 adequately trained with regard to the developmental and
16 mental health needs of prisoners less than 18 years of age.
17 By April 1, the department shall report to the senate and
18 house appropriations subcommittees on corrections, the senate
19 and house fiscal agencies, the legislative corrections
20 ombudsman, and the state budget office on the training
21 curriculum used and the number and types of staff receiving
22 annual training under that curriculum.

23 (b) Provide appropriate placement for prisoners less
24 than 18 years of age who have serious mental illness, serious
25 emotional disturbance, or a serious developmental disorder
26 and need to be housed separately from the general population.
27 Prisoners less than 18 years of age who have serious mental
28 illness, serious emotional disturbance, or a serious
29 developmental disorder shall not be removed from an existing

1 placement as a punitive response to behavior caused by their
2 serious mental illness, serious emotional disturbance, or a
3 serious developmental disorder. Due to persistent high
4 violence risk or severe disruptive behavior that is
5 unresponsive to treatment, prisoners less than 18 years of
6 age with serious emotional disturbance, serious mental
7 illness, or serious developmental disorders may be placed in
8 secure residential housing programs that will facilitate
9 access to institutional programming and ongoing mental health
10 services. A prisoner less than 18 years of age with serious
11 mental illness, serious emotional disturbance, or a serious
12 developmental disorder who is confined in these specialized
13 housing programs shall be evaluated or monitored by a medical
14 professional at a frequency of not less than every 12 hours.

15 (c) Implement a specialized offender success program
16 that recognizes the needs of prisoners less than 18 years old
17 for supervised offender success.

18 Sec. 930. The department shall submit a quarterly report
19 to the senate and house appropriations subcommittees on
20 corrections, the senate and house fiscal agencies, the
21 legislative corrections ombudsman, and the state budget
22 office on the number of youth in prison. The report shall
23 include, but not be limited to, the following information:

24 (a) The total number of inmates under age 18 who are not
25 on Holmes youthful trainee act status.

26 (b) The total number of inmates under age 18 who are on
27 Holmes youthful trainee act status.

28 (c) The total number of inmates aged 18 to 23 who are on
29 Holmes youthful trainee act status.

1 Sec. 940. (1) Any lease, rental, contract, or other
2 legal agreement that includes a provision allowing a private
3 person or entity to use state-owned facilities or other
4 property to conduct a for-profit business enterprise shall
5 require the lessee to pay fair market value for the use of
6 the state-owned property.

7 (2) The lease, rental, contract, or other legal
8 agreement shall also require the party using the property to
9 make a payment in lieu of taxes to the local jurisdictions
10 that would otherwise receive property tax revenue, as if the
11 property were not owned by the state.

12 Sec. 942. The department shall ensure that any contract
13 with a public or private party to operate a facility to house
14 state prisoners includes a provision to allow access by both
15 the office of the legislative auditor general and the office
16 of the legislative corrections ombudsman to the facility and
17 to appropriate records and documents related to the operation
18 of the facility. These access rights for both offices shall
19 be the same for the contracted facility as for a general
20 state-operated correctional facility.

21 Sec. 943. The department shall submit a report by May 1
22 to the senate and house appropriations subcommittees on
23 corrections, the senate and house fiscal agencies, the
24 legislative corrections ombudsman, and the state budget
25 office on the actual and projected savings achieved by
26 closing correctional facilities. Savings amounts shall be
27 itemized by facility. Information required by this section
28 shall start with the closure of the Pugsley Correctional
29 Facility, which closed in September of 2016.

1 Sec. 944. When the department is planning to close a
2 correctional facility, the department shall fully consider
3 the potential economic impact of the prison closure on the
4 community where the facility is located. The department, when
5 weighing all factors related to the closure of a facility,
6 shall also consider the impact on the local community where
7 the facility to be closed is located.

8 Sec. 945. From the funds appropriated in part 1, the
9 department shall notify the senate and house appropriations
10 subcommittees on corrections, the senate and house fiscal
11 agencies, the legislative corrections ombudsman, and the
12 state budget office of the department's plans to close,
13 consolidate, or relocate any correctional facility in the
14 state. Notice shall be provided at least 1 month prior to
15 effective date of closure, consolidation, or relocation.

16 Sec. 946. It is the intent of the legislature that the
17 department consult with the legislature and other appropriate
18 state agencies to develop a framework to provide investment
19 in communities that have formerly operational state
20 correctional facilities that have been closed. This framework
21 shall include plans to ensure that vacant state correctional
22 facilities do not become a nuisance or danger to the
23 community.

24
25 **MISCELLANEOUS**

26 Sec. 1009. The department shall make an information
27 packet for the families of incoming prisoners available on
28 the department's website. The information packet shall be
29 updated by February 1. The packet shall provide information

1 on topics including, but not limited to: how to put money
2 into prisoner accounts, how to make phone calls or create
3 Jpay electronic mail accounts, how to visit in person, proper
4 procedures for filing complaints or grievances, the rights of
5 prisoners to physical and mental health care, how to utilize
6 the offender tracking information system (OTIS), truth-in-
7 sentencing and how it applies to minimum sentences, the
8 parole process, and guidance on the importance of the role of
9 families in the reentry process. The department is encouraged
10 to partner with external advocacy groups and actual families
11 of prisoners in the packet-writing process to ensure that the
12 information is useful and complete.

13 Sec. 1011. The department may accept in-kind services
14 and equipment donations to facilitate the addition of a cable
15 network that provides programming that will address the
16 religious needs of incarcerated individuals. This network may
17 be a cable television network that presently reaches the
18 majority of households in the United States. A bilingual
19 channel affiliated with this network may also be added to
20 department programming to assist the religious needs of
21 Spanish-speaking inmates. The addition of these channels
22 shall be at no additional cost to this state.

23 Sec. 1013. From the funds appropriated in part 1,
24 priority may be given to funding reentry or rehabilitation
25 programs that have been demonstrated to reduce prison
26 violence and recidivism, including faith-based initiatives.

2 (2) The appropriations in part 1 are estimates of actual
3 charges based on payroll appropriations. With the approval of
4 the state budget director, the commission is authorized to
5 adjust financing sources for civil service charges based on
6 actual payroll expenditures, provided that such adjustments
7 do not increase the total appropriation for the civil service
8 commission.

9 (3) The financing from restricted sources shall be
10 credited to the civil service commission by the end of the
11 second fiscal quarter.

12 Sec. 851. Except where specifically appropriated for

17 authorization or revenues are insufficient to accept the
18 charge, the shortage shall be taken from carryforward
19 balances of that funding source. Restricted revenue sources
20 that do not have carryforward authority shall be utilized to
21 satisfy commission operating deducts first and civil service
22 obligations second. General fund dollars are appropriated for
23 any shortfall, pursuant to approval by the state budget
24 director.

25 Sec. 852. The appropriation in part 1 to the civil
26 service commission, for state-sponsored group insurance,
27 flexible spending accounts, and COBRA, represents amounts, in

29 state government for the current fiscal year to fund the

flexible spending account program included within the civil service commission. Deposits against state-sponsored group insurance, flexible spending accounts, and COBRA for the flexible spending account program shall be made from assessments levied during the current fiscal year in a manner prescribed by the civil service commission. Unspent employee contributions to the flexible spending accounts may be used to offset administrative costs for the flexible spending account program, with any remaining balance of unspent employee contributions to be lapsed to the general fund.

15 constitutional revenue sharing is appropriated for
16 distribution to cities, villages, and townships, on a
17 population basis as required under section 10 of article IX
18 of the state constitution of 1963.

21 cities, villages, and townships such that, subject to
22 fulfilling the requirements under subsection (3), each city,

25 to 100.0% of its total eligible payment under section 952(1)
26 of 2019 PA 56, rounded to the nearest dollar. For purposes of
27 this subsection, any city, village, or township that
28 completely merges with another city, village, or township
29 will be treated as a single entity, such that when

1 determining the eligible payment under section 952(1) of 2019
2 PA 56 for the combined single entity, the amount each of the
3 merging local units was eligible to receive under section
4 952(1) of 2019 PA 56 is summed.

5 (2) The funds appropriated in part 1 for the county
6 incentive program are to be used for grants to counties such
7 that each county is eligible to receive an amount equal to
8 20% of the amount determined pursuant to the Glenn Steil
9 state revenue sharing act of 1971, 1971 PA 140, MCL 141.901
10 to 141.921. The amount calculated under this subsection shall
11 be adjusted as necessary to reflect partial county fiscal
12 years and prorated based on the total amount appropriated for
13 distribution to all eligible counties. Except as otherwise
14 provided under this subsection, payments under this
15 subsection will be distributed to an eligible county subject
16 to the county's fulfilling the requirements under subsection
17 (3).

28 and a listing of the annual payment amounts until maturity;
29 and a projected budget report, including, at a minimum, the

6 general information to its citizens the internet website
7 address location for its citizen's guide, performance
8 dashboard, debt service report, and projected budget report
9 or the physical location where these documents are available
10 for public viewing in the city, village, township, or county
11 clerk's office. Each city, village, township, and county

1 to the department that it has met the required criteria for
2 subsection (3) and submitted the required citizen's guide,

25 After the specified due date for subsection (3), payments

29 submit the required certification, citizen's guide,

1 performance dashboard, debt service report, and projected
2 budget report by the first day of a payment month, the city,
3 village, township, or county shall forfeit the payment in
4 that payment month.

17 and 141.921.

18 (5) The unexpended funds appropriated in part 1 for
19 city, village, and township revenue sharing and the county
20 incentive program shall be available for expenditure under
21 the program for financially distressed cities, villages, or
22 townships after the approval of transfers by the legislature
23 pursuant to section 393(2) of the management and budget act,
24 1984 PA 431, MCL 18.1393.

25 (6) Any city, village, or township eligible to receive a
26 payment under subsection (1) and determined to have a
27 retirement pension benefit system in underfunded status under
28 section 5 of the protecting local government retirement and
29 benefits act, 2017 PA 202, MCL 38.2805, must allocate an

1 amount equal to its current year eligible payment under
2 subsection (1) less the sum of its eligible payment for city,
3 village, and township revenue sharing in 2019 PA 56 to its
4 pension unfunded liability. A city, village, or township that
5 has issued a municipal security under section 518 of the
6 revised municipal finance act, 2001 PA 34, MCL 141.2518, is
7 exempt from this requirement.

8 Sec. 955. (1) The funds appropriated in part 1 for
9 county revenue sharing shall be distributed by the department
10 of treasury so that each eligible county receives a payment
11 equal to 104.5619% of the amount determined pursuant to the
12 Glenn Steil state revenue sharing act of 1971, 1971 PA 140,
13 MCL 141.901 to 141.921, less the amount for which the county
14 is eligible under section 952(2) of this part. The amount
15 calculated under this subsection shall be adjusted as
16 necessary to reflect partial county fiscal years and prorated
17 based on the total amount appropriated for distribution to
18 all eligible counties.

19 (2) The department of treasury shall annually certify to
20 the state budget director the amount each county is
21 authorized to expend from its revenue sharing reserve fund.

22 (3) Any county eligible to receive a payment under
23 subsection (1) and determined to have a retirement pension
24 benefit system in underfunded status under section 5 of the
25 protecting local government retirement and benefits act, 2017
26 PA 202, MCL 38.2805, must allocate an amount equal to the sum
27 of its current year eligible payment for county revenue
28 sharing and the county incentive program less the sum of its
29 2019 PA 56 eligible payment for county revenue sharing and

1 the county incentive program to its pension unfunded
2 liability. A county that has issued a municipal security
3 under section 518 of the revised municipal finance act, 2001
4 PA 34, MCL 141.2518, is exempt from this requirement.

5 Sec. 956. (1) The funds appropriated in part 1 for
6 financially distressed cities, villages, or townships shall
7 be granted by the department of treasury to cities, villages,
8 and townships that have 1 or more conditions that indicate

11 conditions that indicate probable financial distress may
12 apply in a manner determined by the department of treasury
13 for a grant to pay for specific projects or services that
14 move the city, village, or township toward financial
15 stability. Grants are to be used for specific projects or

17 financial stability. The city, village, or township must use
18 the grants under this section to make payments to reduce
19 unfunded accrued liability; to repair or replace critical
20 infrastructure and equipment owned or maintained by the city,
21 village, or township; to reduce debt obligations; or for
22 costs associated with a transition to shared services with
23 another jurisdiction; or to administer other projects that
24 move the city, village, or township toward financial
25 stability. The department of treasury shall award no more
26 than \$2,000,000.00 to any city, village, or township under
27 this section.

28 (2) The department of treasury shall provide a report to
29 the senate and house of representatives appropriations

4 each grant was approved, the amount of the grant, and a
5 description of the project or projects that will be paid by
6 the grant.

7 (3) The unexpended funds appropriated in part 1 for
8 financially distressed cities, villages, or townships are
9 designated as a work project appropriation, and any

29 to provide financial assistance to local units of government

1 or to jointly provide public services.

2 (4) A local revenue sharing board described in
3 subsection (1) shall comply with all applicable provisions of

21 fee fund are less than the amounts appropriated from the
22 fund, available revenues shall be used to fully fund the
23 appropriation in part 1 for casino gaming regulation
24 activities before distributions are made to other state
25 departments and agencies. If the remaining revenue in the
26 fund is insufficient to fully fund appropriations to other

28 distributed proportionally among those departments and
29 agencies.

1 Sec. 976. The executive director of the Michigan gaming
2 control board may pay rewards of not more than \$5,000.00 to a
3 person who provides information that results in the arrest
4 and conviction on a felony or misdemeanor charge for a crime
5 that involves the horse racing industry. A reward paid

16 actual expenditure data in determining the actual regulatory
17 costs of conducting racing dates and shall provide that data
18 to the senate and house appropriations subcommittees on
19 agriculture and general government, the state budget office,
20 and the senate and house fiscal agencies. The Michigan gaming
21 control board shall not be reimbursed for more than the
22 actual regulatory cost of conducting race dates. If a
23 certified horsemen's organization funds more than the actual
24 regulatory cost, the balance shall remain in the agriculture
25 equine industry development fund to be used to fund
26 subsequent race dates conducted by race meeting licensees
27 with which the certified horsemen's organization has
28 contracts. If a certified horsemen's organization funds less
29 than the actual regulatory costs of the additional horse

1 racing dates, the Michigan gaming control board shall reduce
2 the number of future race dates conducted by race meeting
3 licensees with which the certified horsemen's organization
4 has contracts. Prior to the reduction in the number of
5 authorized race dates due to budget deficits, the executive
6 director of the Michigan gaming control board shall provide
7 notice to the certified horsemen's organizations with an
8 opportunity to respond with alternatives. In determining
9 actual costs, the Michigan gaming control board shall take
10 into account that each specific breed may require different
11 regulatory mechanisms.

12 Sec. 979. From the funds appropriated in part 1 for
13 millionaire party regulation, the Michigan gaming control
14 board may receive and expend state lottery fund revenue in an
15 amount not to exceed the amount appropriated in part 1 for
16 necessary expenses incurred in the licensing and regulation
17 of millionaire parties pursuant to Executive Order No. 2012-
18 4. In accordance with section 8 of the Traxler-McCauley-Law-
19 Bowman bingo act, 1972 PA 382, MCL 432.108, the amount of
20 necessary expenses shall not exceed the amount of revenue
21 received under that act. The Michigan gaming control board
22 shall provide a report to the senate and house of
23 representatives appropriations subcommittees on general
24 government, the senate and house fiscal agencies, and the
25 state budget office by March 1. The report shall include, but

432.101 to 432.120, and any enforcement actions taken.

27 are allotted for expenditure when they are received by the
28 department of treasury.

29 Sec. 1089. (1) The funds appropriated in part 1 for a

7 appropriated in part 1, a regional or subregional library's

9 at the same level in the current fiscal year as in the fiscal
10 agency's preceding fiscal year. If a reduction in
11 expenditures equally affects all agencies in a local unit of
12 government that is the regional or subregional library's
13 fiscal agency, that reduction shall not be interpreted as a
14 reduction in local support and shall not disqualify a
15 regional or subregional library from receiving state aid
16 under part 1. If a reduction in income affects a library
17 cooperative or district library that is a regional or
18 subregional library's fiscal agency or a reduction in
19 expenditures for the regional or subregional library's fiscal
20 agency, a reduction in expenditures for the regional or
21 subregional library shall not be interpreted as a reduction
22 in local support and shall not disqualify a regional or

8 **STATE BUILDING AUTHORITY**

9 Sec. 1100. (1) Subject to section 242 of the management
10 and budget act, 1984 PA 431, MCL 18.1242, and upon the
11 approval of the state building authority, the department of
12 treasury may expend from the general fund of the state during
13 the fiscal year an amount to meet the cash flow requirements
14 of those state building authority projects solely for lease
15 to a state agency identified in both part 1 and this section,
16 and for which state building authority bonds or notes have
17 not been issued, and for the sole acquisition by the state
18 building authority of equipment and furnishings for lease to
19 a state agency as permitted by 1964 PA 183, MCL 830.411 to
20 830.425, for which the issuance of bonds or notes is
21 authorized by a legislative appropriation act that is
22 effective for the immediately preceding fiscal year. Any
23 general fund advances for which state building authority
24 bonds have not been issued shall bear an interest cost to the
25 state building authority at a rate not to exceed that earned
26 by the state treasurer's common cash fund during the period
27 in which the advances are outstanding and are repaid to the
28 general fund of the state.

29 (2) Upon sale of bonds or notes for the projects

1 identified in part 1 or for equipment as authorized by a
2 legislative appropriation act and in this section, the state
3 building authority shall credit the general fund of the state
4 an amount equal to that expended from the general fund plus
5 interest, if any, as defined in this section.

6 (3) For state building authority projects for which
7 bonds or notes have been issued and upon the request of the
8 state building authority, the state treasurer shall make
9 advances without interest from the general fund as necessary
10 to meet cash flow requirements for the projects, which
11 advances shall be reimbursed by the state building authority
12 when the investments earmarked for the financing of the
13 projects mature.

14 (4) In the event that a project identified in part 1 is
15 terminated after final design is complete, advances made on
16 behalf of the state building authority for the costs of final
17 design shall be repaid to the general fund in a manner
18 recommended by the director.

19 Sec. 1102. (1) State building authority funding to
20 finance construction or renovation of a facility that
21 collects revenue in excess of money required for the
22 operation of that facility shall not be released to a
23 university or community college unless the institution agrees
24 to reimburse that excess revenue to the state building
25 authority. The excess revenue shall be credited to the
26 general fund to offset rent obligations associated with the
27 retirement of bonds issued for that facility. The auditor
28 general shall annually identify and present an audit of those
29 facilities that are subject to this section. Costs associated

1 with the administration of the audit shall be charged against
2 money recovered pursuant to this section.

3 (2) As used in this section, "revenue" includes state
4 appropriations, facility opening money, other state aid,
5 indirect cost reimbursement, and other revenue generated by
6 the activities of the facility.

7 Sec. 1103. The state building authority shall provide to
8 the JCOS, senate and house fiscal agencies, and state budget
9 director a report relative to the status of construction
10 projects associated with state building authority bonds as of
11 September 30 of each year, on or before October 15, or not
12 more than 30 days after a refinancing or restructuring bond
13 issue is sold. The report shall include, but is not limited
14 to, the following:

15 (a) A list of all completed construction projects for
16 which state building authority bonds have been sold, and
17 which bonds are currently active.

18 (b) A list of all projects under construction for which
19 sale of state building authority bonds is pending.

20 (c) A list of all projects authorized for construction
21 or identified in an appropriations act for which approval of
22 schematic/preliminary plans or total authorized cost is
23 pending that have state building authority bonds identified
24 as a source of financing.

7 Sec. 235. Any coronavirus relief funds appropriated in
8 part 1 for which expenditures have not been incurred as of
9 December 30, 2020 are unappropriated and immediately
10 reappropriated for deposit into the unemployment compensation
11 fund established under section 26 of the Michigan employment
12 security act, 1936 (Ex Sess) PA 1, MCL 421.26, to support
13 costs incurred from March 1, 2020 through December 30, 2020
14 due to the COVID-19 public health emergency.

15 Sec. 240. Appropriations in part 1 shall, to the extent
16 possible by the department, not be expended in cases where
17 existing work project authorization is available for the same
18 expenditures.

19 Sec. 251. On a monthly basis, the department shall
20 report to the senate and house appropriations subcommittees
21 on the department budget, the senate and house fiscal
22 agencies, and the state budget office on any line-item
23 appropriation for which the department estimates total annual
24 expenditures would exceed the funds appropriated for that
25 line-item appropriation by 5% or more. The department shall
26 provide a detailed explanation for any relevant line-item
27 appropriation exceedance and shall identify the corrective
28 actions undertaken to mitigate line-item appropriation
29 expenditures from exceeding the funds appropriated for that

1 line-item appropriation by a greater amount. This section
2 does not apply for line-item appropriations that are part of
3 the May revenue estimating conference caseload and
4 expenditure estimates.

5 Sec. 252. The appropriations in part 1 for Healthy
6 Michigan plan - behavioral health, Healthy Michigan plan
7 administration, and Healthy Michigan plan are contingent on
8 the provisions of the social welfare act, 1939 PA 280, MCL
9 400.1 to 400.119b, that were contained in 2013 PA 107 not
10 being amended, repealed, or otherwise altered to eliminate
11 the Healthy Michigan plan. If that occurs, then, upon the
12 effective date of the amendatory act that amends, repeals, or
13 otherwise alters those provisions, the remaining funds in the
14 Healthy Michigan plan - behavioral health, Healthy Michigan
15 plan administration, and Healthy Michigan plan line items
16 shall only be used to pay previously incurred costs and any
17 remaining appropriations shall not be allotted to support
18 those line items.

19 Sec. 253. (1) From the funds appropriated in part 1 for
20 any information technology system or project, the department
21 shall implement an agile software development plan that is
22 funded with a time and materials contract.

23 (2) The state shall be the owner of software described
24 in subsection (1) or it shall be committed to the public
25 domain.

26 (3) The department shall choose a product owner that
27 will implement a user-centered design that includes user
28 stories into the development of any information technology
29 system. The product owner must be an employee of the

1 department who has specific work experience relevant to the
2 information technology system or project.

3 (4) At the commencement of the project, the department
4 shall report to the house and senate appropriations
5 subcommittees on the department budget, the house and senate
6 fiscal agencies, and the state budget office on the
7 individual who has been chosen as the product owner.

8 (5) For any expenditures associated with the development
9 of systems or projects subject to subsections (1), (2), (3),
10 and (4), the department shall provide updates as requested by
11 the chairs of the house and senate appropriations committees
12 or the chairs of the house and senate appropriations
13 subcommittees on the department budget. Information updates
14 provided by the department, upon request, shall also be
15 accessible to the house and senate fiscal agencies, the house
16 and senate policy offices, and the state budget office on the
17 status of the work completed to date. The updates shall
18 include demonstrations of the completed work during the
19 sprint period. During these demonstrations, the department
20 shall provide a quality assessment surveillance plan as shown
21 in appendix B of "De-risking custom technology projects" from
22 the United States General Services Administration. At each
23 demonstration, the department shall validate which user
24 stories have been included into the software development and
25 the remaining user stories that will be included into the
26 product.

27 (6) As used in this section:

28 (a) "Agile software development" means the use of
29 development methodologies using iterative development with

1 work completed by cross-functional teams of software
2 development.

3 (b) "Product owner" means a department employee who
4 iteratively prioritizes and defines the work for the product
5 team, works with users, stakeholders, technologists, and the
6 software vendor to envision the direction for the product,
7 and ensures that value is being delivered to end users as
8 quickly as possible.

9 (c) "User centered design" means software development
10 that places the highest priority on the needs of the specific
11 people who are expected to use the software.

12 (d) "User stories" means a task that the agile software
13 development team will focus on over a given 2-week
14 development period and includes clearly labeled progress
15 towards meeting the needs of the end users.

16 Sec. 256. The department may, in consultation with the
17 Michigan department of education, the Michigan domestic and
18 sexual violence prevention and treatment board, and the
19 Michigan Coalition to End Domestic and Sexual Violence,
20 redraft the curriculum for the "Growing Up & Staying Healthy"
21 and "Healthy & Responsible Relationships" modules to include
22 age-appropriate information about the importance of consent,
23 setting and respecting personal boundaries, and the
24 prevention of child sexual abuse as outlined in MCL 380.1505
25 and consistent with the recommendations and guidelines set by
26 the task force on the prevention of sexual abuse of children
27 created under section 12b of the child protection law, 1975
28 PA 238, MCL 722.632b, and the prevention of sexual assault
29 and dating violence.

1 Sec. 258. In collaboration with the department of
2 education, the department shall promote and support
3 initiatives in schools and other educational organizations
4 that include, but are not limited to, training for educators,
5 teachers, and other personnel in school settings for all of
6 the following:

7 (a) The utilization of trauma-informed practices.

8 (b) Age-appropriate education and information on human
9 trafficking.

10 (c) Age-appropriate education and information on sexual
11 abuse prevention.

12 Sec. 263. (1) Except as otherwise provided in this
13 subsection, before submission of a waiver, a state plan
14 amendment, or a similar proposal to CMS or other federal
15 agency, the department shall provide written notification of
16 the planned submission to the house and senate appropriations
17 subcommittees on the department budget, the house and senate
18 fiscal agencies and policy offices, and the state budget
19 office. This subsection does not apply to the submission of a
20 waiver, a state plan amendment, or similar proposal that does
21 not propose a material change or is outside of the ordinary
22 course of waiver, state plan amendment, or similar proposed
23 submissions.

24 (2) The department shall provide written reports on a
25 semiannual basis to the senate and house appropriations
26 subcommittees on the department budget, the senate and house
27 fiscal agencies, and the state budget office summarizing the
28 status of any new or ongoing discussions with CMS or the
29 United States Department of Health and Human Services or

1 other federal agency regarding potential or future waiver
2 applications as well as the status of submitted waivers that
3 have not yet received federal approval. If, at the time a
4 semiannual report is due, there are no reportable items, then
5 no report is required to be provided.

6 Sec. 264. The department shall not take disciplinary
7 action against an employee of the department or departmental
8 agency in the state classified civil service because the
9 employee communicates with a member of the legislature or his
10 or her staff, unless the communication is prohibited by law
11 and the department or agency taking disciplinary action is
12 exercising its authority as provided by law.

13 Sec. 270. The department shall advise the legislature of
14 the receipt of a notification from the attorney general's
15 office of a legal action in which expenses had been recovered
16 according to section 106(6) of the social welfare act, 1939
17 PA 280, MCL 400.106. By February 1 of the current fiscal
18 year, the department shall submit a written report to the
19 house and senate appropriations subcommittees on the
20 department budget, the house and senate fiscal agencies, and
21 the state budget office that includes, at a minimum, all of
22 the following:

23 (a) The total amount recovered from the legal action.

24 (b) The program or service for which the money was
25 originally expended.

26 (c) Details on the disposition of the funds recovered
27 such as the appropriation or revenue account in which the
28 money was deposited.

29 (d) A description of the facts involved in the legal

1 action.

2 Sec. 274. (1) The department, in collaboration with the
3 state budget office, shall submit to the house and senate
4 appropriations subcommittees on the department budget, the
5 house and senate fiscal agencies, and the house and senate
6 policy offices 1 week after the day the governor submits to
7 the legislature the budget for the ensuing fiscal year a
8 report on spending and revenue projections for each of the
9 capped federal funds listed below. The report shall contain
10 actual spending and revenue in the previous fiscal year,
11 spending and revenue projections for the current fiscal year
12 as enacted, and spending and revenue projections within the
13 executive budget proposal for the fiscal year beginning
14 October 1, 2021 for each individual line item for the
15 department budget. The report shall also include federal
16 funds transferred to other departments. The capped federal
17 funds shall include, but not be limited to, all of the
18 following:

19 (a) TANF.

20 (b) Title XX social services block grant.

21 (c) Title IV-B part I child welfare services block
22 grant.

23 (d) Title IV-B part II promoting safe and stable
24 families funds.

25 (e) Low-income home energy assistance program.

26 (2) It is the intent of the legislature that the
27 department, in collaboration with the state budget office,
28 not utilize capped federal funding for economics adjustments
29 for FTEs or other economics costs that are included as part

1 of the budget submitted to the legislature by the governor
2 for the ensuing fiscal year, unless there is a reasonable
3 expectation for increased federal funding to be available to
4 the department from that capped revenue source in the ensuing
5 fiscal year.

6 (3) By February 15 of the current fiscal year, the
7 department shall prepare an annual report of its efforts to
8 identify TANF maintenance of effort sources and rationale for
9 any increases or decreases from all of the following, but not
10 limited to:

11 (a) Other departments.

12 (b) Local units of government.

13 (c) Private sources.

14 Sec. 275. (1) On a quarterly basis, the department, with
15 the approval of the state budget director, is authorized to
16 realign sources between other federal, TANF, and capped
17 federal financing authorizations in order to maximize federal
18 revenues. This realignment of financing shall not produce a
19 gross increase or decrease in the department's total
20 individual line item authorizations, nor will it produce a
21 net increase or decrease in total federal revenues, or a net
22 increase in TANF authorization.

23 (2) On a quarterly basis the department shall report to
24 the house and senate appropriations subcommittees on the
25 department budget, the house and senate fiscal agencies, and
26 the house and senate policy offices on the realignment of
27 federal fund sources transacted to date in the current fiscal
28 year under the authority of subsection (1), including the
29 dates, line items, and amounts of the transactions.

1 (3) Within 30 days after the date on which year-end book
2 closing is completed, the department shall submit to the
3 house and senate appropriations subcommittees on the
4 department budget, the house and senate fiscal agencies, and
5 the house and senate policy offices a report on the
6 realignment of federal fund sources that took place as part
7 of the year-end closing process for the previous fiscal year.

8 Sec. 280. By March 1 of the current fiscal year, the
9 department shall provide a report to the house and senate
10 appropriations subcommittees on the department budget, the
11 house and senate fiscal agencies, the house and senate policy
12 offices, and the state budget director that provides all of
13 the following for each line item in part 1 containing
14 personnel-related costs, including the specific individual
15 amounts for salaries and wages, payroll taxes, and fringe
16 benefits:

17 (a) FTE authorization.

18 (b) Spending authorization for personnel-related costs,
19 by fund source, under the spending plan.

20 (c) Actual year-to-date expenditures for personnel-
21 related costs, by fund source, through the end of the prior
22 month.

23 (d) The projected year-end balance or shortfall for
24 personnel-related costs, by fund source, based on actual
25 monthly spending levels through the end of the prior month.

26 (e) A specific plan for addressing any projected
27 shortfall for personnel-related costs at either the gross or
28 fund source level.

29 Sec. 281. (1) No later than November 1 of the current

1 fiscal year, the department shall do all of the following:

2 (a) Certify in writing to the senate and house
3 appropriations committees that the department has received
4 certification from Great Lakes Community Engagement that
5 Great Lakes Community Engagement has destroyed all copies of
6 data received or collected under the Data Use and Non-
7 Disclosure Agreement Concerning Protected Health Information
8 or Other Confidential Information between the department and
9 Great Lakes Community Engagement, dated on or about April 14,
10 2020.

11 (b) Provide a copy to the senate and house
12 appropriations committees of the affidavit of destruction
13 from Great Lakes Community Engagement pursuant to the
14 agreement described in subdivision (a), or, if the department
15 has not received an affidavit of destruction from Great Lakes
16 Community Engagement, certify in writing to the senate and
17 house appropriations committees that the department has not
18 received such affidavit of destruction from Great Lakes
19 Community Engagement.

20 (c) Certify in writing to the senate and house
21 appropriations committees that no patient identifiable data
22 or personally identifiable information for the purposes of
23 contact tracing was sent to Great Lakes Community Engagement,
24 Michigan Public Health Institute; or EveryAction VAN.

25 (2) The appropriations in section 102 in part 1 are
26 contingent on compliance with the requirements described in
27 subsection (1).

28 Sec. 288. (1) Beginning October 1 of the current fiscal
29 year, no less than 90% of a new department contract supported

1 solely from state restricted funds or general fund/general
2 purpose funds and designated in this part or part 1 for a
3 specific entity for the purpose of providing services to
4 individuals shall be expended for such services after the
5 first year of the contract.

6 (2) The department may allow a contract to exceed the
7 limitation on administrative and services costs if it can be
8 demonstrated that an exception should be made to the
9 provision in subsection (1).

10 (3) By September 30 of the current fiscal year, the
11 department shall report to the house and senate
12 appropriations subcommittees on the department budget, house
13 and senate fiscal agencies, and state budget office on the
14 rationale for all exceptions made to the provision in
15 subsection (1) and the number of contracts terminated due to
16 violations of subsection (1).

17 Sec. 289. By March 1 of the current fiscal year, the
18 department shall provide to the senate and house
19 appropriations subcommittees on the department budget, the
20 senate and house fiscal agencies, and the senate and house
21 policy offices an annual report on the supervisor-to-staff
22 ratio by department divisions and subdivisions.

23 Sec. 290. Any public advertisement for public assistance
24 shall also inform the public of the welfare fraud hotline
25 operated by the department.

26 Sec. 295. (1) From the funds appropriated in part 1 to
27 agencies providing physical and behavioral health services to
28 multicultural populations, the department shall award grants
29 in accordance with the requirements of subsection (2). The

1 state is not liable for any spending above the contract
2 amount. Funds shall not be released until reporting
3 requirements under section 295 of 2019 PA 67 are satisfied.

4 (2) The department shall require each contractor
5 described in subsection (1) that receives greater than
6 \$1,000,000.00 in state grant funding to comply with
7 performance-related metrics to maintain their eligibility for
8 funding. The organizational metrics shall include, but not be
9 limited to, all of the following:

10 (a) Each contractor or subcontractor shall have
11 accreditations that attest to their competency and
12 effectiveness as behavioral health and social service
13 agencies.

14 (b) Each contractor or subcontractor shall have a
15 mission that is consistent with the purpose of the
16 multicultural agency.

17 (c) Each contractor shall validate that any
18 subcontractors utilized within these appropriations share the
19 same mission as the lead agency receiving funding.

20 (d) Each contractor or subcontractor shall demonstrate
21 cost-effectiveness.

22 (e) Each contractor or subcontractor shall ensure their
23 ability to leverage private dollars to strengthen and
24 maximize service provision.

25 (f) Each contractor or subcontractor shall provide
26 timely and accurate reports regarding the number of clients
27 served, units of service provision, and ability to meet their
28 stated goals.

29 (3) The department shall require an annual report from

1 the contractors described in subsection (2). The annual
2 report, due 60 days following the end of the contract period,
3 shall include specific information on services and programs
4 provided, the client base to which the services and programs
5 were provided, information on any wraparound services
6 provided, and the expenditures for those services. The
7 department shall provide the annual reports to the senate and
8 house appropriations subcommittees on health and human
9 services, the senate and house fiscal agencies, and the state
10 budget office.

11 Sec. 296. From the funds appropriated in part 1, the
12 department to the extent permissible under MCL 691.1408 is
13 responsible for the necessary and reasonable attorney fees
14 and costs incurred by private and independent legal counsel
15 chosen by current and former classified and unclassified
16 department employees in the defense of the employees in any
17 state or federal lawsuit or investigation related to the
18 water system in a city or community in which a declaration of
19 emergency was issued because of drinking water contamination.

20 Sec. 297. (1) On a quarterly basis, the department shall
21 report to the senate and house appropriations committees, the
22 senate and house appropriations subcommittees on the
23 department budget, and the senate and house fiscal agencies
24 the following information:

25 (a) The number of FTEs in pay status by type of staff
26 and civil service classification.

27 (b) A comparison by line item of the number of FTEs
28 authorized from funds appropriated in part 1 to the actual
29 number of FTEs employed by the department at the end of the

1 reporting period.

2 (2) By April 1 of the current fiscal year and
3 semiannually thereafter, the department shall report to the
4 senate and house appropriations committees, the senate and
5 house appropriations subcommittees on the department budget,
6 and the senate and house fiscal agencies the following
7 information:

8 (a) Number of employees that were engaged in remote work
9 in 2020.

10 (b) Number of employees authorized to work remotely and
11 the actual number of those working remotely in the current
12 reporting period.

13 (c) Estimated net cost savings achieved by remote work.

14 (d) Reduced use of office space associated with remote
15 work.

16 Sec. 299. (1) No state department or agency shall issue
17 a request for proposal (RFP) for a contract in excess of
18 \$5,000,000.00, unless the department or agency has first
19 considered issuing a request for information (RFI) or a
20 request for qualification (RFQ) relative to that contract to
21 better enable the department or agency to learn more about
22 the market for the products or services that are the subject
23 of the RFP. The department or agency shall notify the
24 department of technology, management, and budget of the
25 evaluation process used to determine if an RFI or RFQ was not
26 necessary prior to issuing the RFP.

27 (2) From funds appropriated in part 1, for all RFPs
28 issued during the current fiscal year where an existing
29 service received proposals by multiple vendors, the

1 department shall notify all vendors within 30 days of the RFP
2 decision. The notification to vendors shall include details
3 on the RFP process, including the respective RFP scores and
4 the respective cost for each vendor. If the highest scored
5 RFP or lowest cost RFP does not receive the contract for an
6 existing service offered by the department, the notification
7 shall issue an explanation for the reasons that the highest
8 scored RFP or lowest cost RFP did not receive the contract
9 and detail the incremental cost target amount or service
10 level required that was required to migrate the service to a
11 new vendor. Additionally, the department shall include in the
12 notification details as to why a cost or service difference
13 is justifiable if the highest scored or lowest cost vendor
14 does not receive the contract.

15 (3) The department shall submit to the senate and house
16 appropriations subcommittees on the department budget, the
17 senate and house fiscal agencies, the senate and house policy
18 offices, and the state budget office by September 30 of the
19 current fiscal year, a report that includes the following:

20 (a) A summary of all RFPs issued for a contract in
21 excess of \$5,000,000.00 including whether an RFI or RFQ was
22 considered, and whether an RFI or RFQ was issued before
23 issuing the RFP or whether the issuance of an RFI or RFQ was
24 determined not to be necessary.

25 (b) A summary of all RFPs during the current fiscal year
26 if an existing service received proposals by multiple
27 vendors.

28 (c) A list of all finalized RFPs if there was a
29 divergence from awarding the contract to the lowest-cost or

1 highest-scoring vendor, and details as to why a divergence is
2 justifiable as provided in the notification to vendors under
3 subsection (2).

4 (d) The cost or service threshold required by department
5 policy that must be satisfied in order for an existing
6 contract to be received by a new vendor.

7
8 **DEPARTMENTAL ADMINISTRATION AND SUPPORT**

9 Sec. 307. (1) From the funds appropriated in part 1 for
10 demonstration projects, \$950,000.00 shall be distributed as
11 provided in subsection (2). The amount distributed under this
12 subsection shall not exceed 50% of the total operating
13 expenses of the program described in subsection (2), with the
14 remaining 50% paid by local United Way organizations and
15 other nonprofit organizations and foundations.

16 (2) Funds distributed under subsection (1) shall be
17 distributed to Michigan 2-1-1, a nonprofit corporation
18 organized under the laws of this state that is exempt from
19 federal income tax under section 501(c)(3) of the internal
20 revenue code of 1986, 26 USC 501, and whose mission is to
21 coordinate and support a statewide 2-1-1 system. Michigan 2-
22 1-1 shall use the funds only to fulfill the Michigan 2-1-1
23 business plan adopted by Michigan 2-1-1 in January 2005.

24 (3) Michigan 2-1-1 shall refer to the department any
25 calls received reporting fraud, waste, or abuse of state-
26 administered public assistance.

27 (4) Michigan 2-1-1 shall report annually to the
28 department and the house and senate standing committees with
29 primary jurisdiction over matters relating to human services

1 and telecommunications on 2-1-1 system performance, the
2 senate and house appropriations subcommittees on the
3 department budget, and the senate and house fiscal agencies,
4 including, but not limited to, call volume by health and
5 human service needs and unmet needs identified through caller
6 data and number and percentage of callers referred to public
7 or private provider types.

8 Sec. 309. By April 1 of the current fiscal year the
9 department, in consultation with stakeholders, shall design a
10 demonstration project to implement web-based intensive
11 information therapy within the Medicaid managed care program.
12 The purpose of this demonstration project shall be to connect
13 health care providers, beneficiaries, and Medicaid health
14 plans for the purpose of addressing deficiencies in health
15 literacy and its potential impact on a beneficiary's health
16 disparities, care compliance, health outcomes per capita
17 expenditures, and per capita utilization.

18 Sec. 316. From the funds appropriated in part 1 for
19 terminal leave payments, the department shall not spend in
20 excess of its annual gross appropriation unless it identifies
21 and requests a legislative transfer from another budgetary
22 line item supporting administrative costs, as provided by
23 section 393(2) of the management and budget act, 1984 PA 431,
24 MCL 18.1393.

25
26 **CHILD SUPPORT ENFORCEMENT**

27 Sec. 401. (1) The appropriations in part 1 assume a
28 total federal child support incentive payment of
29 \$26,000,000.00.

1 (2) From the federal money received for child support
2 incentive payments, \$11,500,000.00 shall be retained by the
3 state and expended for child support program expenses.

4 (3) From the federal money received for child support
5 incentive payments, \$14,500,000.00 shall be paid to the
6 counties based on each county's performance level for each of
7 the federal performance measures as established in 45 CFR
8 305.2.

9 (4) If the child support incentive payment to the state
10 from the federal government is greater than \$26,000,000.00,
11 then 100% of the excess shall be retained by the state and is
12 appropriated until the total retained by the state reaches
13 \$15,397,400.00.

14 (5) If the child support incentive payment to the state
15 from the federal government is greater than the amount needed
16 to satisfy the provisions identified in subsections (1), (2),
17 (3), and (4), the additional funds shall be subject to
18 appropriation by the legislature.

19 (6) If the child support incentive payment to the state
20 from the federal government is less than \$26,000,000.00, then
21 the state and county share shall each be reduced by 50% of
22 the shortfall.

23 Sec. 409. (1) If statewide retained child support
24 collections exceed \$38,300,000.00, 75% of the amount in
25 excess of \$38,300,000.00 is appropriated to legal support
26 contracts. This excess appropriation may be distributed to
27 eligible counties to supplement and not supplant county title
28 IV-D funding.

29 (2) Each county whose retained child support collections

1 in the current fiscal year exceed its fiscal year 2004-2005
2 retained child support collections, excluding tax offset and
3 financial institution data match collections in both the
4 current fiscal year and fiscal year 2004-2005, shall receive
5 its proportional share of the 75% excess.

6 Sec. 410. (1) If title IV-D-related child support
7 collections are escheated, the state budget director is
8 authorized to adjust the sources of financing for the funds
9 appropriated in part 1 for legal support contracts to reduce
10 federal authorization by 66% of the escheated amount and
11 increase general fund/general purpose authorization by the
12 same amount. This budget adjustment is required to offset the
13 loss of federal revenue due to the escheated amount being
14 counted as title IV-D program income in accordance with
15 federal regulations at 45 CFR 304.50.

16 (2) The department shall notify the chairs of the house
17 and senate appropriations subcommittees on the department
18 budget and the house and senate fiscal agencies within 15
19 days of the authorization adjustment in subsection (1).
20

21 **COMMUNITY SERVICES AND OUTREACH**

9 the current fiscal year, if in the best interest of the
10 child, will have been in foster care for 24 months or more.

11 (2) By March 1 of the current fiscal year, the
12 department shall provide to the senate and house
13 appropriations subcommittees on the department budget, the
14 senate and house fiscal agencies, the senate and house policy

19 care a total of 24 or more months.

20 Sec. 502. From the funds appropriated in part 1 for
21 foster care, the department shall provide 50% reimbursement
22 to Indian tribal governments for foster care expenditures for

29 the department shall continue to review, update, or develop

1 actuarially sound case rates for necessary child welfare
2 foster care case management services that achieve permanency

6 (2) From the funds appropriated in part 1, by March 1 of
7 the current fiscal year, the department shall allocate

12 actuarially sound rates for foster care child placing agency
13 administrative rates and child caring institution residential
14 rates. The report shall include, but not be limited to, all
15 rate factors necessary for consideration and shall give
16 estimates on the cost to implement actuarially sound rates
17 based on actual child welfare data.

18 (3) In accordance with the final report of the Michigan
19 child welfare performance-based funding task force issued in
20 response to section 503 of article X of 2013 PA 59, the
21 department shall continue an independent, third-party
22 evaluation of the performance-based funding model.

23 (4) The department shall only implement the performance-
24 based funding model into additional counties where the
25 department, private child welfare agencies, the county, and
26 the court operating within that county have signed a
27 memorandum of understanding that incorporates the intentions
28 of the concerned parties in order to implement the
29 performance-based funding model.

1 (5) The department, in conjunction with members from
2 both the house of representatives and senate, private child
3 placing agencies, the courts, and counties shall continue to
4 implement the recommendations that are described in the
5 workgroup report that was provided in section 503 of article
6 X of 2013 PA 59 to establish a performance-based funding for
7 public and private child welfare services providers. The
8 department shall provide quarterly reports on the status of
9 the performance-based contracting model to the senate and
10 house appropriations subcommittees on the department budget,
11 the senate and house standing committees on families and
12 human services, and the senate and house fiscal agencies and
13 policy offices.

14 (6) From the funds appropriated in part 1 for the

16 continue to work with the West Michigan Partnership for
17 Children Consortium on the implementation of the performance-
18 based funding model pilot. The consortium shall accept and

20 members of its continuum or leverage services from other
21 entities, and make appropriate case management decisions
22 during the duration of a case. The consortium shall operate
23 an integrated continuum of care structure, with services
24 provided by both private and public agencies, based on

5 based child welfare contracting pilot program. The consortium
6 shall consist of a network of affiliated child welfare
7 service providers that will accept and comprehensively assess
8 referred youth, assign cases to members of its continuum or

11 (2) As a condition for receiving the funding in part 1,
12 the West Michigan Partnership of Children Consortium shall
13 maintain a revised contract agreement with the department
14 that supports the transition to a global capitated payment
15 model. The capitated payment amount shall be based on
16 historical averages of the number of children served in Kent
17 County and for the costs per foster care case. The West
18 Michigan Partnership for Children Consortium is required to
19 manage the cost of the child population it serves. The
20 capitated payment amount shall be reviewed and adjusted no
21 less than twice during the current fiscal year or due to any
22 policy changes implemented by the department that result in a
23 volume of placements that differ in a statistically
24 significant manner from the amount allocated in the annual
25 contract between the department and the West Michigan
26 Partnership for Children as determined by an independent
27 actuary as well as to account for changes in case volumes and
28 any statewide rate increases that are implemented. The
29 contract agreement requires that the West Michigan

1 Partnership for Children Consortium shall maintain the
2 following stipulations and conditions:

3 (a) That the service component of the capitated payment
4 will be calculated assuming rates paid to providers under the
5 pilot program are generally consistent with the department's

7 state.

8 (b) To maintain a risk reserve of at least \$1,500,000.00
9 to ensure it can meet unanticipated expenses within a given
10 fiscal year.

11 (c) That until the risk reserve is established, the West
12 Michigan Partnership for Children Consortium shall submit to
13 the department a plan for how they will manage expenses to
14 fit within their capitated payment revenue. The department
15 shall review and approve any new investments in provider
16 payments above statewide rates and norms to ensure they are
17 supported by offsetting savings so that costs remain within
18 available revenue.

19 (d) To cooperate with the department on an independent
20 fiscal analysis of costs incurred and revenues received
21 during the course of the pilot program to date.

22 (3) By March 1 of the current fiscal year, the

16 department and board shall make available the children's
17 trust fund contract funds to grantees within 31 days of the
18 start date of the funded project.

19 Sec. 509. By October 1 of the current fiscal year, from
20 the funds appropriated in part 1 for adoption support
21 services, \$1,000,000.00 and any eligible federal matching
22 funds shall be allocated to increase contracted rates paid to
23 private child placing agencies for adoption placement rates.

24 Sec. 511. The department shall provide reports on a
25 semiannual basis to the senate and house appropriations
26 subcommittees on the department budget, the senate and house

19 appropriated in part 1 to pay for the direct placement by the
20 department of a child in an out-of-state facility unless all

14 participating in the food assistance program. Of the
15 \$350,000.00 allocated under this section, the department
16 shall use \$175,000.00, which are general fund/general purpose
17 funds, as state matching funds for not less than \$175,000.00
18 in United States Department of Agriculture funding to provide
19 outreach program activities, such as eligibility screening
20 and information services, as part of a statewide food
21 assistance hotline.

22 Sec. 808. By March 1 of the current fiscal year, the
23 department shall provide a report to the senate and house
24 appropriations subcommittees on the department budget, the
25 senate and house fiscal agencies, the senate and house policy
26 offices, and the state budget office on the nutrition
27 education program. The report shall include requirements made
28 by the agriculture improvement act of 2018, Public Law 115-
29 334, such as how the department shall use an electronic

1 reporting system to evaluate projects and an accounting of
2 allowable state agency administrative costs. The report shall
3 also include documentation of the steps the department shall
4 take to ensure that projects and subgrantee programs are
5 evidence-based, appropriated for, and meet the criteria for
6 eligible individuals as defined in section 2036a(a) of the
7 food and nutrition act, 7 USC 2036, and quantitative evidence
8 that the programs contribute to a reduction in obesity or an
9 increase in the consumption of healthy foods. Additionally,
10 the report shall include planned allocation and actual
11 expenditures for the supplemental nutrition assistance
12 program education funding, planned and actual grant amounts
13 for the supplemental nutrition assistance program education
14 funding, the total amount of expected carryforward balance at
15 the end of the current fiscal year for the supplemental
16 nutrition assistance program education funding and for each
17 subgrantee program, a list of all supplemental nutrition
18 assistance program education funding programs by implementing
19 agency, and the stated purpose of each of the programs and
20 each of the subgrantee programs.

21 Sec. 809. (1) The purpose of the pathways to potential
22 program is to reduce chronic absenteeism and decrease the
23 number of students who repeat grades for schools that are
24 current or future participants in the pathways to potential
25 program. Before any deployment of resources into a
26 participant school, the department and the participant school
27 shall establish performance objectives for each participant
28 school based on a 2-year baseline prior to pathways to
29 potential being established in the participant school and

1 shall evaluate the progress made in the above categories from
2 the established baseline. By March 1 of the current fiscal
3 year, the department shall provide to the senate and house
4 appropriations subcommittees on the department budget, the
5 senate and house fiscal agencies, and the senate and house
6 policy offices a report listing all participant schools, the
7 number of staff assigned to each school by participant
8 school, and the percentage of participating schools that
9 achieved improved performance in each of the 2 outcomes
10 listed above compared to the previous year, by each
11 individual outcome. It is the intent of the legislature that
12 after a 2-year period without attaining an increase in
13 success in meeting the 2 listed outcomes from the established
14 baseline, the department shall work with the participant
15 school to examine the cause of the lack of progress and shall
16 seek to implement a plan to increase success in meeting the
17 identified outcomes. It is the intent of the legislature that
18 progress or the lack of progress made in meeting the
19 performance objectives shall be used as a determinant in
20 future pathways to potential resource allocation decisions.

21 (2) As used in this section, "baseline" means the
22 initial set of data from the center for educational
23 performance and information in the department of technology,
24 management, and budget of the 2 measured outcomes as
25 described in subsection (1).

26 Sec. 825. (1) From the funds appropriated in part 1, the
27 department shall provide individuals not more than \$500.00

29 previous 12 months. However, the department may in its

1 discretion pay for repairs up to \$900.00. Payments under this
2 section shall include the combined total of payments made by
3 the department and work participation program.

4 (2) By November 30 of the current fiscal year, the
5 department shall provide to the senate and house
6 appropriations subcommittees on the department budget, the
7 senate and house fiscal agencies, and the senate and house
8 policy offices a report detailing the total number of
9 payments for repairs, the number of payments for repairs that
10 exceeded \$500.00, the number of payments for repairs that
11 cost exactly \$500.00, and the number of payments for repairs
12 that cost exactly \$900.00 in the previous fiscal year.

13 Sec. 850. (1) The department shall maintain out-
14 stationed eligibility specialists in community-based
15 organizations, community mental health agencies, nursing
16 homes, adult placement and independent living settings,
17 federally qualified health centers, and hospitals unless a
18 community-based organization, community mental health agency,
19 nursing home, adult placement and independent living setting,
20 federally qualified health centers, or hospital requests that
21 the program be discontinued at its facility.

22 (2) From the funds appropriated in part 1 for donated
23 funds positions, the department shall enter into contracts
24 with agencies that are able and eligible under federal law to
25 provide the required matching funds for federal funding, as
26 determined by federal statute and regulations.

27 (3) A contract for an assistance payments donated funds
28 position must include, but not be limited to, the following
29 performance metrics:

1 (a) Meeting a standard of promptness for processing
2 applications for Medicaid and other public assistance
3 programs under state law.

4 (b) Meeting required standards for error rates in
5 determining programmatic eligibility as determined by the
6 department.

7 (4) The department shall only fill additional donated
8 funds positions after a new contract has been signed. That
9 position shall also be abolished when the contract expires or
10 is terminated.

11 (5) The department shall classify as limited-term FTEs
12 any new employees who are hired to fulfill the donated funds
13 position contracts or are hired to fill any vacancies from
14 employees who transferred to a donated funds position.

15 (6) By March 1 of the current fiscal year, the
16 department shall submit a report to the senate and house
17 appropriations subcommittees on the department budget, the
18 senate and house fiscal agencies and policy offices, and the
19 state budget office detailing information on the donated
20 funds positions, including the total number of occupied
21 positions, the total private contribution of the positions,
22 and the total cost to the state for any nonsalary expenditure
23 for the donated funds position employees.

24 Sec. 851. (1) From the funds appropriated in part 1 for
25 adult services field staff, the department shall seek to
26 reduce the number of older adults who are victims of crime
27 and fraud by increasing the standard of promptness in every
28 county, as measured by commencing an investigation within 24
29 hours after a report is made to the department, establishing

1 face-to-face contact with the client within 72 hours after a
2 report is made to the department, and completing the
3 investigation within 30 days after a report is made to the
4 department.

5 (2) The department shall report no later than March 1 of
6 the current fiscal year to the house and senate
7 appropriations subcommittees on the department budget, the
8 house and senate fiscal agencies, and the house and senate
9 policy offices on the services provided to older adults who
10 were victims of crime or fraud in the previous fiscal year.
11 The report shall include, but is not limited to, the
12 following by county: the percentage of investigations
13 commenced within 24 hours after a report is made to the
14 department, the number of face-to-face contacts established
15 with the client within 72 hours after a report is made to the
16 department, the number of investigations completed within 30
17 days after a report is made to the department, and the total
18 number of older adults that were victims of crime or fraud in
19 the previous fiscal year and were provided services by the
20 department as a result of being victims of crime or fraud.

21
22 **DISABILITY DETERMINATION SERVICES**

23 Sec. 890. From the funds appropriated in part 1 for
24 disability determination services, the department shall
25 maintain the unit rates in effect on September 30, 2019 for

27 services, including physicians, psychologists, and speech-
28 language pathologists.

8 budget, the house and senate fiscal agencies, and the state
9 budget office.

10 Sec. 927. (1) The department shall, in consultation with
11 the Community Mental Health Association of Michigan,
12 establish, maintain, and review as necessary, a uniform
13 community mental health services auditing process for use by
14 CMHSPs and PIHPs.

15 (2) The uniform auditing process required under this

6 directly or through a contract, community mental health
7 services and supports must comply with the uniform auditing
8 process and utilize the audit tool maintained by the
9 department. All forms, processes, and contracts used by the
10 state that relate to the provision of community mental health

12 process.

13 (5) As used in this section, "national standards" means

18 approved by the department.

19 Sec. 928. (1) Each PIHP shall provide, from internal
20 resources, local funds to be used as a part of the state
21 match required under the Medicaid program in order to
22 increase capitation rates for PIHPs. These funds shall not
23 include either state funds received by a CMHSP for services
24 provided to non-Medicaid recipients or the state matching
25 portion of the Medicaid capitation payments made to a PIHP.

26 (2) It is the intent of the legislature that any funds
27 that lapse from the funds appropriated in part 1 for Medicaid
28 mental health services shall be redistributed to individual

1 basis to those CMHSPs whose local funds were used as state
2 Medicaid match. By April 1 of the current fiscal year, the
3 department shall report to the senate and house
4 appropriations subcommittees on the department budget, the
5 senate and house fiscal agencies, the senate and house policy
6 offices, and the state budget office on the lapse by PIHP

10 of local funds used in subsection (1) be phased out and
11 offset with state general fund/general purpose revenue in
12 equal amounts over a 5-year period.

13 (4) Until the local funds are phased out as described in
14 subsection (3), each PIHP shall not be required to provide
15 local funds, used as part of the state match required under
16 the Medicaid program in order to increase capitation rates
17 for PIHPs, at an amount greater than what each PIHP received
18 from local units of government, either directly or
19 indirectly, during the fiscal year ending September 30, 2018
20 for this purpose.

21 Sec. 935. A county required under the provisions of the
22 mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, to
23 provide matching funds to a CMHSP for mental health services
24 rendered to residents in its jurisdiction shall pay the
25 matching funds in equal installments on not less than a
26 quarterly basis throughout the fiscal year, with the first
27 payment being made by October 1 of the current fiscal year.

28 Sec. 940. (1) According to section 236 of the mental
29 health code, 1974 PA 258, MCL 330.1236, the department shall

1 do both of the following:

2 (a) Review expenditures for each CMHSP to identify
3 CMHSPs with projected allocation surpluses and to identify
4 CMHSPs with projected allocation shortfalls. The department
5 shall encourage the board of a CMHSP with a projected
6 allocation surplus to concur with the department's
7 recommendation to reallocate those funds to CMHSPs with
8 projected allocation shortfalls.

9 (b) Withdraw unspent funds that have been allocated to a
10 CMHSP if other reallocated funds were expended in a manner
11 not provided for in the approved contract, including
12 expending funds on services and programs provided to
13 individuals residing outside of the CMHSP's geographic
14 region.

15 (2) A CMHSP that has its funding allocation transferred
16 out or withdrawn during the current fiscal year as described
17 in subsection (1) is not eligible for any additional funding
18 reallocations during the remainder of the current fiscal
19 year, unless that CMHSP is responding to a public health
20 emergency as determined by the department.

21 (3) CMHSPs shall report to the department on any
22 proposed reallocations described in this section at least 30
23 days before any reallocations take effect.

24 (4) The department shall notify the chairs of the
25 appropriation subcommittees on the department budget when a
26 request is made and when the department grants approval for
27 reallocation or withdraw as described in subsection (1). By
28 September 30 of the current fiscal year, the department shall
29 provide a report on the amount of funding reallocated or

1 withdrawn to the senate and house appropriations
2 subcommittees on the department budget, the senate and house
3 fiscal agencies, the senate and house policy offices, and the
4 state budget office.

5 Sec. 942. A CMHSP shall provide at least 30 days' notice
6 before reducing, terminating, or suspending services provided

8 authorized by a physician that no longer meet established
9 criteria for medical necessity.

10 Sec. 959. (1) The department shall continue to convene a
11 workgroup in collaboration with the chairs of the house and
12 senate appropriations subcommittees on the department budget
13 or their designees, CMHSP members, autism services provider
14 clinical and administrative staff, community members,
15 Medicaid autism services clients, and family members of
16 Medicaid autism services clients to make recommendations to

18 not limited to, the following:

19 (a) Evaluation and reduction of the variability in
20 diagnostic rates across different regions of the state.

21 (b) Evaluation of the factors resulting in the voluntary
22 disenrollment from, or declination of, therapeutic services
23 by eligible families.

24 (2) By April 15 of the current fiscal year, the
25 department shall provide an update on the workgroup's
26 recommendations and findings to the senate and house
27 appropriations subcommittees on the department budget, the
28 senate and house fiscal agencies, and the state budget
29 office.

1 Sec. 960. (1) From the funds appropriated in part 1 for
2 autism services, the department shall continue to cover all
3 Medicaid autism services to Medicaid enrollees eligible for
4 the services that were covered on January 1, 2019.

5 (2) To restrain cost increases in the autism services
6 line item, the department shall do all of the following:

7 (a) By March 1 of the current fiscal year, develop and
8 implement specific written guidance for standardization of
9 Medicaid PIHPs and CMHSPs autism spectrum disorder
10 administrative services, including, but not limited to,
11 reporting requirements, coding, and reciprocity of

27 shall include a table showing the changes in funding
28 allocation by PIHP for Medicaid behavioral health services or
29 by CMHSP for non-Medicaid mental health services.

1 Sec. 1005. From the funds appropriated in part 1 for
2 health homes, the department shall maintain and expand the
3 number of behavioral health homes in PIHP regions 1, 2, and 8
4 and expand the number of opioid health homes in PIHP regions
5 1, 2, 4, and 9.

3 following:

4 (a) Work to reduce administration costs by ensuring that
5 PIHP and CMHSP responsible functions are efficient in
6 allowing optimal transition of dollars to those direct
7 services considered most effective in assisting individuals
8 served. Any consolidation of administrative functions must
9 demonstrate, by independent analysis, a reduction in dollars
10 spent on administration resulting in greater dollars spent on
11 direct services. Savings resulting from increased
12 efficiencies shall not be applied to PIHP and CMHSP net
13 assets, internal service fund increases, building costs,
14 increases in the number of PIHP and CMHSP personnel, or other
15 areas not directly related to the delivery of improved
16 services.

15 the senate and house fiscal agencies, the senate and house
16 policy offices, and the state budget office by March 1 of the
17 current fiscal year.

18 Sec. 1010. The funds appropriated in part 1 for
19 behavioral health community supports and services must be
20 used to expand assertive community treatment (ACT), forensic
21 assertive community treatment (FACT), and supportive housing
22 and residential programs for the purpose of reducing waiting
23 lists at state-operated hospitals and centers through cost-
24 effective community-based services.

25 Sec. 1011. To the extent permissible under MCL 330.1919,
26 the funds appropriated in part 1 for behavioral health
27 services may be used to reimburse out-of-state providers of
28 crisis resolution services and outpatient services if the
29 out-of-state provider is enrolled as a state Medicaid

1 provider and the out-of-state provider is located closer to
2 the client's home than an in-state provider.

3 Sec. 1012. It is the intent of the legislature that the
4 department pursue any and all federal Medicaid waivers to
5 maximize the use of federal Medicaid reimbursements for

7 involved individuals. As part of the executive budget
8 presentation for the fiscal year ending September 30, 2022 on
9 behavioral health services to the house and senate
10 appropriations subcommittees on the department budget, the
11 department shall provide an update on the types of substance
12 use disorder waivers submitted by the department, whether
13 those waivers have been approved by the federal Centers for
14 Medicare and Medicaid Services, and the steps the department
15 will take to request any and all federal Medicaid waivers to
16 maximize the use of federal Medicaid reimbursements for
17 substance use disorder services and treatments.

18 Sec. 1013. CMHSPs that operate preadmission screening
19 units, or that have designated a hospital as a preadmission
20 screening unit, may permit a sheriff's office to use a

25 **SERVICES**

26 Sec. 1051. The department shall continue a revenue
27 recapture project to generate additional revenues from third
28 parties related to cases that have been closed or are

7 private funds to provide specific enhancements for
8 individuals residing at state-operated facilities. Use of the
9 gifts and bequests shall be consistent with the stipulation
10 of the donor. The expected completion date for the use of
11 gifts and bequests donations is within 3 years unless
12 otherwise stipulated by the donor.

13 Sec. 1055. (1) The department shall not implement any
14 closures or consolidations of state hospitals, centers, or
15 agencies until CMHSPs or PIHPs have programs and services in
16 place for those individuals currently in those facilities and
17 a plan for service provision for those individuals who would
18 have been admitted to those facilities.

19 (2) All closures or consolidations are dependent upon
20 adequate department-approved CMHSP and PIHP plans that
21 include a discharge and aftercare plan for each individual
22 currently in the facility. A discharge and aftercare plan
23 shall address the individual's housing needs. A homeless
24 shelter or similar temporary shelter arrangements are
25 inadequate to meet the individual's housing needs.

7 individuals previously served by the operations.

8 Sec. 1056. The department may collect revenue for
9 patient reimbursement from first- and third-party payers,
10 including Medicaid and local county CMHSP payers, to cover
11 the cost of placement in state hospitals and centers. The
12 department is authorized to adjust financing sources for
13 patient reimbursement based on actual revenues earned. If the
14 revenue collected exceeds current year expenditures, the
15 revenue may be carried forward with approval of the state
16 budget director. The revenue carried forward shall be used as
17 a first source of funds in the subsequent year.

18 Sec. 1058. Effective October 1 of the current fiscal
19 year, the department, in consultation with the department of
20 technology, management, and budget, may maintain a bid
21 process to identify 1 or more private contractors to provide
22 food service and custodial services for the administrative
23 areas at any state hospital identified by the department as
24 capable of generating savings through the outsourcing of such
25 services.

26 Sec. 1059. (1) The department shall identify specific
27 outcomes and performance measures for state-operated
28 hospitals and centers, including, but not limited to, the
29 following:

1 (a) The average wait time for persons determined
2 incompetent to stand trial before admission to the center for
3 forensic psychiatry.

4 (b) The average wait time for persons determined
5 incompetent to stand trial before admission to other state-
6 operated psychiatric facilities.

10 other state-operated hospitals and centers.

11 (e) The number of persons determined not guilty by
12 reason of insanity or incompetent to stand trial by an order
13 of a probate court that have been determined to be ready for
14 discharge to the community, and the average wait time between
15 being determined to be ready for discharge to the community
16 and actual community placement.

22 department shall report to the house and senate
23 appropriations subcommittees on the department budget, the
24 house and senate fiscal agencies, the house and senate policy
25 offices, and the state budget office on the outcomes and
26 performance measures in subsection (1).

27 Sec. 1060. By March 1 of the current fiscal year, the
28 department shall provide a status update on the department's
29 implementation of the previous fiscal year's workgroup's

1 recommendations to address mandatory overtime, staff
2 turnover, and staff retention at the state psychiatric
3 hospitals and centers to the senate and house appropriations
4 subcommittees on the department budget, the senate and house
5 fiscal agencies, and the state budget office. The report
6 shall include, but is not limited to, the following:

7 (a) Descriptions of all of the measures being
8 implemented.

9 (b) Descriptions of all of the measures not being

21 previous fiscal year.

22 Sec. 1061. The funds appropriated in part 1 for Caro
23 Regional Mental Health Center shall only be utilized to
24 support a psychiatric hospital located at its current
25 location. It is the intent of the legislature that the Caro
26 Regional Mental Health Center shall remain open and
27 operational at its current location on an ongoing basis.
28 Capital outlay funding shall be utilized for planning and
29 construction of a new or updated facility at the current

1 location instead of at a new location.

2 Sec. 1062. It is the intent of the legislature that the
3 department shall provide a 5-year plan to address the need
4 for adult and children's inpatient psychiatric beds to the
5 house and senate appropriations subcommittees on the
6 department budget, the house and senate fiscal agencies, the
7 house and senate policy offices, and the state budget office.
8 The report shall include recommendations for utilizing both
9 public and public private partnership beds.

19 Sec. 1142. The department shall continue to seek means
20 to increase retention of Michigan medical school students for
21 completion of their primary care residency requirements
22 within this state and ultimately, for some period of time, to
23 remain in this state and serve as primary care physicians.
24 The department is encouraged to work with Michigan
25 institutions of higher education.

26 Sec. 1143. From the funds appropriated in part 1 for

16 inpatient hospital stay.

17 (d) Four dollars for an outpatient hospital visit or any
18 other medical provider visit to the extent allowed by federal
19 or state law or regulation.

20 Sec. 1641. An institutional provider that is required to
21 submit a cost report under the medical services program shall
22 submit cost reports completed in full within 5 months after
23 the end of its fiscal year.

24 Sec. 1645. (1) It is the intent of the legislature that
25 the department establish the class I nursing facility current
26 asset value bed limit based on the rolling 15-year history of
27 new construction.

28 (2) It is the intent of the legislature that, for the
29 fiscal year beginning October 1, 2020, the department modify

1 the class I nursing facility current asset value bed limit
2 based on the rolling 15-year history of new construction. The
3 increase in the current asset value bed limit shall not
4 exceed 4% of the limit for the fiscal year beginning October
5 1, 2019.

6 Sec. 1646. (1) From the funds appropriated in part 1 for
7 long-term care services, the department shall continue to
8 administer a nursing facility quality measure initiative
9 program. The initiative shall be financed through the quality
10 assurance assessment for nursing homes and hospital long-term
11 care units, and the funds shall be distributed according to
12 the following criteria:

13 (a) The department shall award more dollars to nursing
14 facilities that have a higher CMS 5-star quality measure
15 domain rating, then adjusted to account for both positive and
16 negative aspects of a patient satisfaction survey.

17 (b) A nursing facility with a CMS 5-star quality measure
18 domain star rating of 1 or 2 must file an action plan with
19 the department describing how it intends to use funds
20 appropriated under this section to increase quality outcomes
21 before funding shall be released.

22 (c) The total incentive dollars must reflect the
23 following Medicaid utilization scale:

24 (i) For nursing facilities with a Medicaid participation
25 rate of above 63%, the facility shall receive 100% of the
26 incentive payment.

27 (ii) For nursing facilities with a Medicaid participation
28 rate between 50% and 63%, the facility shall receive 75% of
29 the incentive payment.

1 (iii) For nursing facilities with a Medicaid
2 participation rate of less than 50%, the facility shall
3 receive a payment proportionate to their Medicaid
4 participation rate.

5 (iv) For nursing facilities not enrolled in Medicaid, the
6 facility shall not receive an incentive payment.

7 (d) Facilities designated as special focus facilities
8 are not eligible for any payment under this section.

9 (e) Number of licensed beds.

10 (2) The department and nursing facility representatives
11 shall evaluate the quality measure incentive program's
12 effectiveness on quality, measured by the change in the CMS
13 5-star quality measure domain rating since the implementation
14 of quality measure incentive program. By March 1 of the
15 current fiscal year, the department shall report to the
16 senate and house appropriations subcommittees on the
17 department budget, the senate and house fiscal agencies, and
18 the senate and house policy offices on the findings of the
19 evaluation.

20 Sec. 1657. (1) Reimbursement for medical services to
21 screen and stabilize a Medicaid recipient, including
22 stabilization of a psychiatric crisis, in a hospital
23 emergency room shall not be made contingent on obtaining
24 prior authorization from the recipient's HMO. If the
25 recipient is discharged from the emergency room, the hospital
26 shall notify the recipient's HMO within 24 hours of the
27 diagnosis and treatment received.

28 (2) If the treating hospital determines that the
29 recipient will require further medical service or

1 hospitalization beyond the point of stabilization, that
2 hospital shall receive authorization from the recipient's HMO
3 prior to admitting the recipient.

4 (3) Subsections (1) and (2) do not require an alteration
5 to an existing agreement between an HMO and its contracting
6 hospitals and do not require an HMO to reimburse for services
7 that are not considered to be medically necessary.

8 Sec. 1662. (1) The department shall ensure that an
9 external quality review of each contracting HMO is performed
10 that results in an analysis and evaluation of aggregated
11 information on quality, timeliness, and access to health care
12 services that the HMO or its contractors furnish to Medicaid
13 beneficiaries.

14 (2) The department shall require Medicaid HMOs to
15 provide EPSDT utilization data through the encounter data
16 system, and HEDIS well child health measures in accordance
17 with the National Committee for Quality Assurance prescribed
18 methodology.

19 (3) The department shall provide a copy of the analysis
20 of the Medicaid HMO annual audited HEDIS reports and the
21 annual external quality review report to the senate and house
22 appropriations subcommittees on the department budget, the
23 senate and house fiscal agencies, and the state budget
24 director, within 30 days of the department's receipt of the
25 final reports from the contractors.

26 Sec. 1670. (1) The appropriation in part 1 for the
27 MIChild program is to be used to provide comprehensive health
28 care to all children under age 19 who reside in families with
29 income at or below 212% of the federal poverty level, who are

1 uninsured and have not had coverage by other comprehensive
2 health insurance within 6 months of making application for
3 MIChild benefits, and who are residents of this state. The
4 department shall develop detailed eligibility criteria
5 through the medical services administration public
6 concurrence process, consistent with the provisions of this
7 part and part 1.

8 (2) The department may provide up to 1 year of
9 continuous eligibility to children eligible for the MIChild
10 program unless the family fails to pay the monthly premium, a
11 child reaches age 19, or the status of the children's family
12 changes and its members no longer meet the eligibility
13 criteria as specified in the state plan.

14 (3) The department may make payments on behalf of
15 children enrolled in the MIChild program as described in the
16 MIChild state plan approved by the United States Department
17 of Health and Human Services, or from other medical services.

18 Sec. 1673. The department may establish premiums for
19 MIChild eligible individuals in families with income at or
20 below 212% of the federal poverty level. The monthly premiums
21 shall be \$10.00 per month.

22 Sec. 1677. The MIChild program shall provide, at a
23 minimum, all benefits available under the Michigan benchmark
24 plan that are delivered through contracted providers and
25 consistent with federal law, including, but not limited to,
26 the following medically necessary services:

27 (a) Inpatient mental health services, other than
28 substance use disorder treatment services, including services
29 furnished in a state-operated mental hospital and residential

1 or other 24-hour therapeutically planned structured services.

2 (b) Outpatient mental health services, other than
3 substance use disorder services, including services furnished
4 in a state-operated mental hospital and community-based
5 services.

6 (c) Durable medical equipment and prosthetic and
7 orthotic devices.

8 (d) Dental services as outlined in the approved MIChild
9 state plan.

10 (e) Substance use disorder treatment services that may
11 include inpatient, outpatient, and residential substance use
12 disorder treatment services.

13 (f) Care management services for mental health
14 diagnoses.

15 (g) Physical therapy, occupational therapy, and services
16 for individuals with speech, hearing, and language disorders.

17 (h) Emergency ambulance services.

18 Sec. 1682. (1) In addition to the appropriations in part
19 1, the department is authorized to receive and spend penalty
20 money received as the result of noncompliance with medical
21 services certification regulations. Penalty money,
22 characterized as private funds, received by the department
23 shall increase authorizations and allotments in the long-term
24 care accounts.

25 (2) Any unexpended penalty money, at the end of the
26 year, shall carry forward to the following year.

27 Sec. 1692. (1) The department is authorized to pursue
28 reimbursement for eligible services provided in Michigan
29 schools from the federal Medicaid program. The department and

1 the state budget director are authorized to negotiate and
2 enter into agreements, together with the department of
3 education, with local and intermediate school districts
4 regarding the sharing of federal Medicaid services funds
5 received for these services. The department is authorized to
6 receive and disburse funds to participating school districts
7 pursuant to such agreements and state and federal law.

8 (2) From the funds appropriated in part 1 for medical
9 services school-based services payments, the department is
10 authorized to do all of the following:

11 (a) Finance activities within the medical services
12 administration related to this project.

13 (b) Reimburse participating school districts pursuant to
14 the fund-sharing ratios negotiated in the state-local
15 agreements authorized in subsection (1).

16 (c) Offset general fund costs associated with the
17 medical services program.

18 Sec. 1693. The special Medicaid reimbursement
19 appropriation in part 1 may be increased if the department
20 submits a medical services state plan amendment pertaining to
21 this line item at a level higher than the appropriation. The
22 department is authorized to appropriately adjust financing
23 sources in accordance with the increased appropriation.

24 Sec. 1694. From the funds appropriated in part 1 for
25 special Medicaid reimbursement, \$1,121,400.00 of general
26 fund/general purpose revenue and any associated federal match
27 shall be distributed for poison control services to an
28 academic health care system that has a high indigent care
29 volume.

1 Sec. 1696. It is the intent of the legislature that if
2 an applicant for Medicaid coverage through the Healthy
3 Michigan plan received medical coverage in the previous
4 fiscal year through traditional Medicaid, and is still
5 eligible for coverage through traditional Medicaid, the
6 applicant is not eligible to receive coverage through the
7 Healthy Michigan plan.

8 Sec. 1697. The department shall require that Medicaid
9 health plans administering Healthy Michigan plan benefits
10 maintain a network of dental providers in sufficient numbers,
11 mix, and geographic locations throughout their respective
12 service areas in order to provide adequate dental care for
13 Healthy Michigan plan enrollees.

14 Sec. 1699. (1) The department may make separate payments
15 in the amount of \$45,000,000.00 directly to qualifying
16 hospitals serving a disproportionate share of indigent
17 patients and to hospitals providing GME training programs. If
18 direct payment for GME and DSH is made to qualifying
19 hospitals for services to Medicaid recipients, hospitals
20 shall not include GME costs or DSH payments in their
21 contracts with HMOs.

22 (2) The department shall allocate \$45,000,000.00 in DSH
23 funding using the distribution methodology used in fiscal
24 year 2003-2004.

25 Sec. 1700. By December 1 of the current fiscal year, the
26 department shall report to the senate and house
27 appropriations subcommittees on the department budget, the
28 senate and house fiscal agencies, and the state budget office
29 on the distribution of funding provided, and the net benefit

1 if the special hospital payment is not financed with general
2 fund/general purpose revenue, to each eligible hospital
3 during the previous fiscal year from the following special
4 hospital payments:

5 (a) DSH, separated out by unique DSH pool.

6 (b) GME.

7 (c) Special rural hospital payments provided under
8 section 1802(2) of this part.

9 (d) Lump-sum payments to rural hospitals for obstetrical
10 care provided under section 1802(1) of this part.

11 Sec. 1702. From the funds appropriated in part 1, the
12 department shall provide a 10% rate increase for private duty
13 nursing services for Medicaid beneficiaries under the age of
14 21. These additional funds must be used to attract and retain
15 highly qualified registered nurses and licensed practical
16 nurses to provide private duty nursing services so that
17 medically frail children can be cared for in the most
18 homelike setting possible.

19 Sec. 1704. (1) From the funds appropriated in part 1 for
20 health plan services, the department shall maintain the
21 Medicaid adult dental benefit for pregnant women enrolled in
22 a Medicaid program.

23 (2) By April 15 of the current fiscal year, the
24 department shall report to the house and senate
25 appropriations subcommittees on the department budget, the
26 house and senate fiscal agencies, and the state budget office
27 on the following:

28 (a) The number of pregnant women enrolled in Medicaid
29 who visited a dentist over the prior year.

1 (b) The number of dentists statewide who participate in
2 providing dental services to pregnant women enrolled in
3 Medicaid.

4 Sec. 1757. The department shall obtain proof from all
5 Medicaid recipients that they are legal United States
6 citizens or otherwise legally residing in this country and
7 that they are residents of this state before approving
8 Medicaid eligibility.

9 Sec. 1763. It is the intent of the legislature that upon
10 expiration of contract no. 071b7700073, the department shall
11 issue an RFP for a 3-year contract for actuarial services,
12 including, but not limited to, capitation rate setting for
13 Medicaid and the Healthy Michigan plan. The department shall
14 notify the senate and house appropriations subcommittees on
15 the department budget, the senate and house fiscal agencies,
16 and the senate and house policy offices on what vendors
17 submitted bids for the contract, which vendor received the
18 contract, the evaluation process, and the criteria used by
19 the department in awarding the contract for actuarial
20 services.

21 Sec. 1764. The department shall annually certify whether
22 rates paid to Medicaid health plans and specialty PIHPs are
23 actuarially sound in accordance with federal requirements and
24 shall provide a copy of the rate certification and approval
25 of rates paid to Medicaid health plans and specialty PIHPs
26 within 5 business days after certification or approval to the
27 senate and house appropriations subcommittees on the
28 department budget, the senate and house fiscal agencies, and
29 the state budget office. Following the rate certification,

1 the department shall ensure that no new or revised state
2 Medicaid policy bulletin that is promulgated materially
3 impacts the capitation rates that have been certified in a
4 negative manner.

5 Sec. 1775. (1) By March 1 of the current fiscal year,
6 the department shall report to the senate and house
7 appropriations subcommittees on the department budget, the
8 senate and house fiscal agencies, and the state budget office
9 on progress in implementing the waiver to implement managed
10 care for individuals who are eligible for both Medicare and
11 Medicaid, known as MI Health Link, including any problems and
12 potential solutions as identified by the ombudsman described
13 in subsection (2).

14 (2) The department shall ensure the existence of an
15 ombudsman program that is not associated with any project
16 service manager or provider to assist MI Health Link
17 beneficiaries with navigating complaint and dispute
18 resolution mechanisms and to identify problems in the
19 demonstrations and in the complaint and dispute resolution
20 mechanisms.

21 Sec. 1782. Subject to federal approval, from the funds
22 appropriated in part 1 for health plan services, the
23 department shall allocate \$740,000.00 general fund/general
24 purpose plus any available work project funds and federal
25 match through an administered contract with oversight from
26 Medical Services Administration and Public Health
27 Administration. The funds shall be used to support a
28 statewide media campaign for improving this state's
29 immunization rates.

1 Sec. 1790. The department shall increase the
2 practitioner rates paid for current procedural terminology
3 (CPT) codes 90791 through 90899 for psychiatric procedures
4 through Medicaid fee-for-service and through the
5 comprehensive Medicaid health plans by 15%, compared to the
6 October 2019 fee schedule, for psychiatric procedures
7 provided for Medicaid recipients under the age of 21. It is
8 the intent of the legislature that the CPT specific rates
9 paid through the comprehensive Medicaid health plans are not
10 increased by a uniform 15% but reflect the greater of either
11 the actual rates paid during the previous fiscal year or 100%
12 of the Medicare rate received for those services on the date
13 the services are provided.

14 Sec. 1791. From the funds appropriated in part 1 for
15 health plan services and physician services, the department
16 shall provide Medicaid reimbursement rates for neonatal
17 services at 95% of the Medicare rate received for those
18 services in effect on the date the services are provided to
19 eligible Medicaid recipients. The current procedural
20 terminology (CPT) codes that are eligible for this
21 reimbursement rate increase are 99468, 99469, 99471, 99472,
22 99475, 99476, 99477, 99478, 99479, and 99480.

23 Sec. 1792. By April 30 of the current fiscal year, the
24 department shall evaluate pharmacy encounter data through the
25 first 2 quarters of the fiscal year to determine, in
26 consultation with the Medicaid health plans, if rates must be
27 recertified. By May 30 of the current fiscal year, the
28 department shall report the evaluation results to the senate
29 and house appropriations subcommittees on the department

1 budget, the senate and house fiscal agencies, the senate and
2 house policy offices, the state budget office, and the
3 Medicaid health plans.

4 Sec. 1801. (1) From the funds appropriated in part 1 for
5 physician services and health plan services, the department
6 shall continue the increase to Medicaid rates for primary
7 care services provided only by primary care providers. For
8 the purpose of this section, a primary care provider is a
9 physician, or a practitioner working in collaboration with a
10 physician, who is either licensed under part 170 or part 175
11 of the public health code, 1978 PA 368, MCL 333.17001 to
12 333.17097 and 333.17501 to 333.17556, and working as a
13 primary care provider in general practice or board-eligible
14 or certified with a specialty designation of family medicine,
15 general internal medicine, or pediatric medicine, or a
16 provider who provides the department with documentation of
17 equivalency. Providers performing a service and whose primary
18 practice is as a non-primary-care subspecialty is not
19 eligible for the increase. The department shall establish
20 policies that most effectively limit the increase to primary
21 care providers for primary care services only.

22 (2) By March 1 of the current fiscal year, the
23 department shall provide to the senate and house
24 appropriations subcommittees on the department budget, the
25 senate and house fiscal agencies, the senate and house policy
26 offices, and the state budget office a list of medical
27 specialties that were paid enhanced primary care rates in the
28 fiscal year ending September 30, 2019.

29 Sec. 1802. (1) From the funds appropriated in part 1 for

1 hospital services and therapy, \$7,995,200.00 in general
2 fund/general purpose revenue shall be provided as lump-sum
3 payments to noncritical access hospitals that qualified for
4 rural hospital access payments in fiscal year 2013-2014 and
5 that provide obstetrical care in the current fiscal year.
6 Payment amounts shall be based on the volume of obstetrical
7 care cases and newborn care cases for all such cases billed
8 by each qualified hospital in the most recent year for which
9 data is available. Payments shall be made by January 1 of the
10 current fiscal year.

11 (2) From the funds appropriated in part 1 for hospital
12 services and therapy and Healthy Michigan plan,
13 \$13,904,800.00 in general fund/general purpose revenue and
14 any associated federal match shall be awarded as rural access
15 payments to noncritical access hospitals that meet criteria
16 established by the department for services to low-income
17 rural residents. One of the reimbursement components of the
18 distribution formula shall be assistance with labor and
19 delivery services. The department shall ensure that the rural
20 access payments described in this subsection shall be
21 distributed in a manner that ensures both of the following:

22 (a) No hospital shall receive more than 10.0% of the
23 total rural access funding referenced in this subsection.

24 (b) To allow hospitals to understand their rural payment
25 amounts under this subsection, the department shall provide
26 hospitals with the methodology for distribution under this
27 subsection and provide each hospital with its applicable data
28 that are used to determine the payment amounts by August 1 of
29 the current fiscal year. The department shall publish the

1 distribution of payments for the current fiscal year and the
2 immediately preceding fiscal year.

3 Sec. 1803. The department shall maintain rules to allow
4 for billing to and reimbursement by the Medicaid program
5 directly for transportation charges related to portable x-ray
6 services rendered to patients residing in a nursing facility
7 or an assisted living facility, or who are otherwise
8 homebound. By October 1 of the current fiscal year, the
9 department shall set payment rates for Medicaid
10 transportation charges related to portable x-ray services.

11 Sec. 1804. (1) The department shall utilize the federal
12 public assistance reporting information system to identify
13 Medicaid recipients who are veterans and who may be eligible
14 for federal veterans' health care benefits or other benefits.
15 The department shall identify the specific outcomes and
16 performance reporting requirements described in this section.
17 The department shall acquire all of the following information
18 by January 1 of the current fiscal year and report to the
19 senate and house appropriations subcommittees on the
20 department budget, the senate and house fiscal agencies, and
21 the senate and house policy offices on the following:

22 (a) The number of veterans identified by the department
23 through eligibility determinations.

24 (b) The number of veterans referred to the department of
25 military and veterans affairs.

26 (c) The number of referrals made by the department that
27 were contacted by the department of military and veterans
28 affairs.

29 (d) The number of referrals made by the department that

1 were eligible for veterans health care benefits or other
2 benefits.

3 (e) The specific actions and efforts undertaken by the
4 department and the department of military and veterans
5 affairs to identify female veterans who are applying for
6 public assistance benefits, but who are eligible for veterans
7 benefits.

8 (2) By October 1 of the current fiscal year, the
9 department shall change the public assistance application
10 form from asking whether the prospective applicant was a
11 veteran to asking whether the applicant had ever served in
12 the military.

13 (3) This section does not prohibit the department from
14 entering into interagency agreements with any other public
15 department or agency in this state in order to obtain the
16 information detailed in subsection (1).

17 Sec. 1810. In advance of the annual rate setting
18 development, Medicaid health plans shall be given at least 60
19 days to dispute and correct any discarded encounter data
20 before rates are certified. The department shall notify each
21 contracting Medicaid health plan of any encounter data that
22 have not been accepted for the purposes of rate setting.

23 Sec. 1812. By June 1 of the current fiscal year, and
24 using the most recent available cost reports, the department
25 shall complete a report of all direct and indirect costs
26 associated with residency training programs for each hospital
27 that receives funds appropriated in part 1 for graduate
28 medical education or through the MiDocs consortium. The
29 report shall be submitted to the house and senate

1 appropriations subcommittees on the department budget, the
2 house and senate fiscal agencies, and the state budget
3 office.

4 Sec. 1820. (1) In order to avoid duplication of efforts,
5 the department shall utilize applicable national
6 accreditation review criteria to determine compliance with
7 corresponding state requirements for Medicaid health plans
8 that have been reviewed and accredited by a national
9 accrediting entity for health care services.

10 (2) The department shall continue to comply with state
11 and federal law and shall not initiate an action that
12 negatively impacts beneficiary safety.

13 (3) As used in this section, "national accrediting
14 entity" means the National Committee for Quality Assurance,
15 the URAC, formerly known as the Utilization Review
16 Accreditation Commission, or other appropriate entity, as
17 approved by the department.

18 Sec. 1837. The department shall continue, and expand
19 where appropriate, utilization of telemedicine and
20 telepsychiatry as strategies to increase access to services
21 for Medicaid recipients.

22 Sec. 1846. From the funds appropriated in part 1 for
23 graduate medical education, the department shall distribute
24 the funds with an emphasis on the following health care
25 workforce goals:

26 (a) The encouragement of the training of physicians in
27 specialties, including primary care, that are necessary to
28 meet the future needs of residents of this state.

29 (b) The training of physicians in settings that include

1 ambulatory sites and rural locations.

2 Sec. 1850. The department may allow Medicaid health
3 plans to assist with maintaining eligibility through outreach
4 activities to ensure continuation of Medicaid eligibility and
5 enrollment in managed care. This may include mailings,
6 telephone contact, or face-to-face contact with beneficiaries
7 enrolled in the individual Medicaid health plan. Health plans
8 may offer assistance in completing paperwork for
9 beneficiaries enrolled in their plan.

10 Sec. 1851. From the funds appropriated in part 1 for
11 adult home help services, the department shall allocate
12 \$150,000.00 state general fund/general purpose revenue plus
13 any associated federal match to develop and deploy a mobile
14 electronic visit verification solution to create
15 administrative efficiencies, reduce error, and minimize
16 fraud. The development of the solution shall be predicated on
17 input from the results of the 2017 stakeholder survey.

18 Sec. 1855. From the funds appropriated in part 1 for
19 program of all-inclusive care for the elderly (PACE), to the
20 extent that funding is available in the PACE line item and
21 unused program slots are available, the department may do the
22 following:

23 (a) Increase the number of slots for an already-
24 established local PACE program if the local PACE program has
25 provided appropriate documentation to the department
26 indicating its ability to expand capacity to provide services
27 to additional PACE clients.

28 (b) Suspend the 10 member per month individual PACE
29 program enrollment increase cap in order to allow unused and

1 unobligated slots to be allocated to address unmet demand for
2 PACE services.

3 Sec. 1856. (1) From the funds appropriated in part 1 for
4 hospice services, \$3,318,000.00 shall be expended to provide
5 room and board for Medicaid recipients who meet hospice
6 eligibility requirements and receive services at Medicaid
7 enrolled hospice residences in this state. The department
8 shall distribute funds through grants based on the total beds
9 located in all eligible residences that have been providing
10 these services as of October 1, 2017. Any eligible grant
11 applicant may inform the department of their request to
12 reduce the grant amount allocated for their residence and the
13 funds shall be distributed proportionally to increase the
14 total grant amount of the remaining grant-eligible
15 residences. Grant amounts shall be paid out monthly with 1/12
16 of the total grant amount distributed each month to the
17 grantees.

18 (2) By September 15 of the current fiscal year, each
19 Medicaid-enrolled hospice with a residence that receives
20 funds under this section shall provide a report to the
21 department on the utilization of the grant funding provided
22 in subsection (1). The report shall be provided in a format
23 prescribed by the department and shall include the following:

24 (a) The number of patients served.

25 (b) The number of days served.

26 (c) The daily room and board rates for the patients
27 served.

28 (d) If there is not sufficient funding to cover the
29 total room and board need, the number of patients who did not

1 receive care due to insufficient grant funding.

2 (3) If there is funding remaining at the end of the
3 current fiscal year, the Medicaid-enrolled hospice with a
4 residence shall return funding to the state.

5 Sec. 1857. By July 1 of the current fiscal year, the
6 department shall explore the implementation of a managed care
7 long-term support service.

FOR FISCAL YEAR 2019-2020

GENERAL SECTIONS

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state sources under part 1 for fiscal year ending September 30, 2020 is (\$31,204,200) and total state spending from state sources to be paid to local units of government is \$25,915,500.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

DEPARTMENT OF HUMAN SERVICES

Autism services	\$	1,296,100
Child care fund		3,552,300
Healthy Michigan plan - behavioral health		1,829,500
Medicaid mental health services		19,396,900
Medicaid substance use disorder services		(159,300)
TOTAL	\$	25,915,500

Sec. 202. The appropriations made and expenditures authorized under this part and the departments, commissions, boards, offices, and programs for which appropriations are made under this part and part 1, are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under this article, the legislature may, by a concurrent resolution adopted by a majority of the

members elected to and serving in each house, inter-transfer funds within this article for the particular department, board, commission, officer, or institution.

DEPARTMENT OF CORRECTIONS

Sec. 301. The appropriation from coronavirus relief funds under section 302 of 2020 PA 67 for hazard/premium pay for front line workers is reduced by \$13,400,000.00.

DEPARTMENT OF EDUCATION

Sec. 351. (1) From the funds appropriated in part 1 for child care supports, the department of education shall create a child care rate reduction stipend as an add-on to the child care relief fund grant to reduce child care costs to families. All licensed child care providers that receive grants from the child care relief fund are eligible to receive the additional child care rate reduction stipend. Providers are eligible to receive stipends to cover the months of June, July, and August in the 2019-2020 fiscal year and will have up to 30 days after the charged month to apply for a child care rate reduction stipend.

(2) At the time of application, licensed providers shall provide information on the amount of tuition charged to families. The department of education shall reimburse the provider up to 30% of the tuition amount charged to the family for each child cared for by the provider for the months of June, July, and August in the 2019-2020 fiscal year. Recipients of the child care rate reduction stipend must reduce their rates by the rate reimbursement percentage

1 described in this section. The stipend is intended to cover
2 that percentage of a parent's tuition, thus reducing the
3 amount charged to the family. In addition to receiving the
4 stipend, the provider must ensure that they meet the
5 requirements of the child care relief fund for each month the
6 provider received a child care relief fund grant. To be
7 eligible for grants in June, July, and August the weekly rate
8 charged to families cannot be higher than the rate charged
9 prior to the state of emergency in March 2020. If subsequent
10 grants are available, this provision does not apply. For the
11 grants distributed in the June round to support child care
12 subsidy families, the funds shall be used to provide tuition
13 credits to families incurred in June and any remaining funds
14 may be used for operational costs incurred due to COVID-19.

15 (3) As a condition of receiving a child care relief fund
16 grant, child care providers are required to reduce the
17 monthly billed amount to the family of each child by the
18 amount received for each child. If the department of
19 education determines that the provider did not provide the
20 required tuition reduction, the department of education shall
21 recoup the funds.

22 (4) The department of education shall take reasonable
23 steps to distribute the child care reduction stipend within
24 15 business days of receiving an application from a provider
25 unless the provider fails to meet the requirements of this
26 section. The department of education shall provide notice and
27 information to all licensed providers on how to apply for the
28 stipend and the requirements of the program. The department
29 of education shall take reasonable steps to ensure that

1 providers apply for a child care rate reduction stipend.
2 Providers shall be required to maintain all billing and
3 refund records for a minimum of 4 years for auditing
4 purposes.

5 (5) In addition to the funds allocated in subsection
6 (1), from the funds appropriated in part 1 for child care
7 supports, the department shall allocate funds for additional
8 child care supports specified under this section as follows:

9 (a) Reimburse eligible child care providers for care
10 provided to school-age children receiving the child care
11 subsidy during the school day, if the children are enrolled
12 in a virtual education program when virtual learning is the
13 only option.

14 (b) Allow for a one-time increase of up to 60 absence
15 hours for all children receiving the child care subsidy to
16 allow families and providers to respond to COVID-related
17 absences and closures.

18 (c) Provide for 1 additional round of the Child Care
19 Relief Fund with the goal of helping providers stay open and
20 making care more affordable for families. This round will
21 include funds for child care rate reduction stipend for
22 families and operational supports for providers. Providers
23 must complete an online application to receive funding. At
24 the time of application, licensed providers shall provide
25 information on the number of children in care. The state
26 shall award, at least, \$200.00 per child in care. Providers
27 must disburse these funds to families on the next tuition
28 bill after funding is received. At the time of application,
29 licensed providers shall also provide information on, at a

1 minimum, provider type, licensed capacity, and star rating.
2 These criteria shall be used to disburse funds to providers
3 for operational expenses.

4 (d) Grants shall be awarded on a first come first serve
5 basis.

6 (6) The unexpended funds appropriated in part 1 for
7 child care supports are designated as a work project
8 appropriation. Any unencumbered or unallotted funds shall not
9 lapse at the end of the fiscal year and shall be available
10 for expenditure for projects under this section until the
11 projects have been completed. The following is in compliance
12 with section 451a(1) of the management and budget act, 1984
13 PA 431, MCL 18.1451a:

14 (a) The purpose of the work project is to continue to
15 provide child care supports to families and providers in
16 response to the COVID-19 pandemic.

17 (b) The projects will be accomplished by utilizing state
18 employees or by contracts.

19 (c) The total estimated cost of the work project is
20 \$115,000,000.00.

21 (d) The tentative completion date is September 30, 2021.

22 (7) As used in this section, "licensed providers"

24 licensed family homes, and disaster relief child care
25 centers.

4 senate and house appropriations subcommittees on environment,
