Senators Hertel, McDonald Rivet, Wojno, Shink, Chang, Klinefelt, Huizenga and Santana offered the following resolution:

Senate Resolution No. 95.

A resolution to designate February 15, 2024, as Angelman Syndrome Awareness Day.

Whereas, Angelman syndrome is a rare neuro-genetic disorder that occurs in one in every 15,000 live births or 500,000 people worldwide; and

Whereas, Angelman syndrome shares symptoms and characteristics with other disorders including autism, cerebral palsy, and Prader-Willi syndrome, often leading to misdiagnosis; and

Whereas, Individuals diagnosed with Angelman syndrome have developmental problems that become noticeable by the age of 6-12 months; and

Whereas, Common signs and symptoms usually appear in early childhood like walking and balance disorders, gastrointestinal issues, seizures, and little to no speech; and

Whereas, Life expectancy of individuals with Angelman syndrome is normal and itself does not cause death; and

Whereas, Despite its symptoms, people with Angelman syndrome have an overall happy and excitable demeanor; and

Whereas, It is critical for the success of research and support services that we raise awareness in the general public and the medical community about Angelman syndrome; now, therefore, be it

Resolved by the Senate, That the members of this legislative body designate February 15, 2024, as Angelman Syndrome Awareness Day.

The question being on the adoption of the resolution,

The resolution was adopted.

Senators Cherry, Singh and Webber were named co-sponsors of the resolution.

Senator Hertel asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Hertel’s statement is as follows:

Today I rise in support of my resolution to designate February 15 as Angelman Syndrome Awareness Day here in the state of Michigan. This resolution would bring awareness to a rare neurogenetic disorder that is often misdiagnosed due to sharing multiple symptoms with autism, cerebral palsy, and Prader-Willi syndrome. This rare disorder occurs in approximately 500,000 people worldwide, amounting to one in every 15,000 births. The symptoms of Angelman syndrome that usually appear in early childhood are walking and balancing disorders, gastrointestinal issues, seizures, and little to no speech. Life expectancy for those with the

syndrome is normal and the syndrome itself does not cause death, but it is imperative for the success of research and support services to raise awareness of Angelman syndrome within the general public as well as in the medical community.

Today with us I'd like to recognize Leticia and Laurence Dusing and their five-year-old son LJ from Clay Township, along with other members of the Angelman syndrome support group. They are located in the Gallery. And LJ, in his journey navigating life with Angelman syndrome, is why we are passing this resolution today. Thank you and I ask for your support.

Senator Irwin offered the following resolution:

Senate Resolution No. 96.

A resolution to commemorate February 11-17, 2024, as Michigan 2-1-1 Week.

Whereas, Launched in 2002, Michigan 2-1-1 is a service provided at no cost to residents, and connects them with thousands of both public and private health and human services agencies and resources right in their communities- quickly, easily, and confidentially; and

Whereas, The 2-1-1 helpline is available 24 hours a day, 365 days a year via phone, email, live chat, and online databases; and

Whereas, Michigan 2-1-1 has supported the state during recent disasters, including recent water contamination crises, tornados, and flooding, and global crises, including information related to the COVID-19 emergency; and

Whereas, In Michigan, 433,000 individuals contacted 2-1-1 for assistance with housing, utility assistance, food assistance, job training, and other resources in just the last year alone; and

Whereas, We recognize 2-1-1's service as a valued, community asset and are grateful to the dedicated community care advocates for their efficient, effective, and compassionate response to the growing needs of residents; and

Whereas, Coinciding with February 11th (2-11), this week is appropriate for recognizing the beneficial services provided by our community care advocates through 2-1-1; now, therefore, be it

Resolved by the Senate, That the members of this legislative body commemorate February 11-17, 2024, as Michigan 2-1-1 Week. We aim to increase awareness about these beneficial services to Michigan residents in need.

The question being on the adoption of the resolution,

The resolution was adopted.

Senators Brinks, Cherry, Santana and Singh were named co-sponsors of the resolution.

Senator Irwin asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Irwin's statement is as follows:

I rise to speak in favor of my resolution to recognize the important work that is done by our 2-1-1 system here in Michigan. As you probably know, 2-1-1 is a 24-hour, 7-days-a-week, 365-days-a-year resource for our residents when they're facing an emergency, when they need to be connected with services, and when they need answers in a crisis. 2-1-1 manages hundreds of thousands of calls from many thousands of residents, all of them our constituents who sometimes need to be connected to a resource or need a quick answer. I'm reminded of the amazing work that 2-1-1 did during the pandemic. I'm reminded of the amazing work that 2-1-1 did during the recent flooding that ravaged Southeast Michigan.

I'm proud to take this moment to bring forward this resolution and to recognize our friends in the Gallery from United Way for Southeastern Michigan who are managing the 2-1-1 system down in our area. I would hope and appreciate that my colleagues would support this resolution to recognize and highlight the important work that 2-1-1 is doing.

Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:

“An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to protect the people’s right to hunt and fish; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, assessments, and donations; to provide certain appropriations; to prescribe penalties and provide remedies; and to repeal acts and parts of acts.”

The Senate agreed to the full title.

Protests

Senators McBroom and Bellino, under their constitutional right of protest (Art. 4, Sec. 18), protested against the passage of House Bill No. 4325.

Senator McBroom’s statement, in which Senator Bellino concurred, is as follows:

Mr. President, this bill while, I think, motivated with the best of intentions, misses some very critical questions, in particular in acknowledging that the community of Detroit or anywhere else already has power to raise the fines it’s charging within its own community and could address this and doesn’t need a state mandate to do so. Additionally, in a community such as Detroit, where they offer so much pickup of garbage for free, I fail to understand how increasing the fines and penalties on people is a good solution to a problem. If people can’t already find a way to dispose of these materials for free, why is fining them a better solution, particularly as I work with my colleagues from that area and they’ve expressed the difficulties people have of paying fines, of paying bail, of being put away because of failure to pay bills, the loss of water or other things because they can’t afford to pay for them. I just don’t see how this bill is the right solution to a problem that’s going on in several communities—a problem I acknowledge exists.

I don’t believe this bill properly addresses that, and that’s why I voted “no.”

The following bill was read a third time:

Senate Bill No. 282, entitled

A bill to amend 1956 PA 218, entitled “The insurance code of 1956,” (MCL 500.100 to 500.8302) by adding section 2116c.

Senator Santana asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Santana’s statement is as follows:

I just want to take the liberty to say that we are going one more step in the right direction for our Michigan citizens. We have one in six people in the state of Michigan who have a felony on their record, but more importantly, they return back to society and yet still face many barriers when they’re returning back to our communities. This legislation would just allow for those individuals to be able to not have the burden of increased costs on their auto insurance as they turn back to society and are rehabilitated to our communities.

Thank you all so much and I hope that we will have unanimous support on this legislation today.
