

No. 67
STATE OF MICHIGAN
Journal of the Senate
102nd Legislature
REGULAR SESSION OF 2024

Senate Chamber, Lansing, Tuesday, August 13, 2024.

10:00 a.m.

Pursuant to rule 1.101, in the absence of the Presiding Officers, the Senate was called to order by the Secretary of the Senate.

Motions and Communications

The following communication was received and read:
Office of the Auditor General

August 8, 2024

Enclosed is a copy of the following report:

- Performance audit on Highway Work Zone Safety and Mobility, Michigan Department of Transportation (591-0167-24).

Sincerely,
Doug Ringler
Auditor General

The audit report was referred to the Committee on Oversight.

The following communication was received:
State 9-1-1 Committee

August 1, 2024

As chair of the State 911 Committee (SNC), I am pleased to present the Annual Report to the Michigan Legislature for the 2023 calendar year. Consistent with Section 412 of P.A. 32 of 1986, as amended, each year the SNC provides the Legislature with data about Michigan's 911 systems as required by statute. This report also provides additional information which may be useful to you and the residents of Michigan, including an update on the steps taken to transition Michigan to Next Generation 911 (NG911).

In addition to the Annual Report to the Michigan Legislature, the SNC also has statutory duties and responsibilities regarding 911 funding and best practices for 911 systems in Michigan. The SNC and the State 911 Office (SNO) have continued to provide support to all Michigan Public Safety Answering Points (PSAPs) and Emergency Communications Centers (ECCs). This past year, the main focus has been finalizing the prepaid state 911 surcharge audit with the Department of Treasury, completing the inquiry and recommendation report in regard to the 911 network interruption events from 2022-2023, and updating the 911 allowable/disallowable surcharge expenditure list. Some items the SNO has been working on include continuing to coordinate 911 and 988 interoperability efforts, implementing a significant set of enhancements to the Michigan State 911 Administration Portal (MiSNAP), beginning the process for review of the state of Michigan's telecommunicator training standards, representing 911 on the State and Local Cybersecurity Grant Program (SLCGP), working with the Criminal Justice Information Center on streamlining PPO entries for the courts and law enforcement agencies, and expanding education and outreach on how 911 impacts traffic safety through the Office of Highway Safety Planning.

We continue to migrate the 911 system to a digital NG911 system. We have provided an outline of the status of NG911 in this report. By the end of 2023, all of Michigan, except for one county, had either signed an agreement with an IP-network provider or had fully deployed to a NG911 network. Starting in 2023, NG911 technology brought new processes to our state in many ways; some PSAPs began to utilize video with call processing, the Michigan 911 Geographical Information Systems (GIS) Repository became the path for routing wireless 911 emergency calls, and carriers began offering GeoRouting (also known as Location-Based Routing) to greatly improve caller location information and to route wireless calls to the most appropriate PSAP.

Our 911 centers remain vigilant to provide the utmost service to the residents and visitors of the great state of Michigan. The SNC and SNO continue to move the state forward to the next level of 911 technology. Please take a moment to recognize our state’s unwavering dedication to provide essential services for those who need it most.

I would also like to take this opportunity to thank you for your continued support of Michigan 911.

Sincerely,
Mr. Jeff Troyer, Chair

The communication was referred to the Secretary for record.
