Senate Bill 14 (as reported without amendment)
Sponsor: Senator Sean McCann
Committee: Energy and Environment

CONTENT

The bill would amend the Administrative Procedures Act to delete provisions that prohibit an agency from adopting or promulgating a rule more stringent than the applicable Federally mandated standards except for in specified circumstances.

MCL 24.232

BRIEF RATIONALE

In 2018, Public Act 602 was enacted to prohibit the State from adopting more stringent rules than Federally mandated standards. Some people believe that this prohibition makes it difficult for the State to adequately protect its environment and respond to public health emergencies, and so it has been suggested that the prohibition be deleted.
