The authority may participate in and cooperate with programs of the farmers home administration, federal land bank, or other agency or instrumentality of the federal government, or with any program of another state agency in the administration of the beginning farmer loan program and in the making or purchasing of mortgage or secured loans pursuant to this act.

(2) The authority shall provide in a beginning farmer loan program that a mortgage or secured loan to or on behalf of a beginning farmer shall be provided only if all of the following are satisfied:

(f) The beginning farmer has a low or moderate net worth.

(j) Other criteria as the authority prescribes by rule.

(3) The authority may include in a mortgage or secured loan made or purchased pursuant to this act a provision that allows the authority, at its option, to accelerate and declare immediately due and payable all sums secured by the authority's lien or security interest if all or a part of the agricultural land, agricultural improvements, or depreciable agricultural property securing the loan is leased, sold, or otherwise transferred. The authority may provide by rule the standards for permitted assumptions of a mortgage or for the lease, sale, or other transfer of an interest in the agricultural land, agricultural improvement, or depreciable agricultural property. History: 1982, Act 220, Imd. Eff. July 10, 1982.

285.261 Loans to mortgage lenders; requirements and conditions.

Sec. 11. (1) The authority may make and contract to make loans to mortgage lenders on terms and conditions it determines are reasonably related to protecting the security of the authority's investment and to implementing the purposes of this act. Mortgage lenders are authorized to borrow from the authority pursuant to this section and the rules promulgated by the authority.

(2) The authority shall require as a condition of a loan to a mortgage lender that the mortgage lender, within a reasonable period after receipt of the loan proceeds as the authority prescribes by rule, enter into written commitments to make and, within a reasonable period thereafter as the authority prescribes by rule,

disburse the loan proceeds in new mortgage or secured loans to beginning farmers in an aggregate principal amount of not less than the amount of the loan. New mortgage or secured loans shall have terms and conditions as the authority prescribes by rules which are reasonably related to implementing the purposes of this act. The authority shall require a mortgage lender to which the authority has made a loan to submit evidence satisfactory to the authority that the mortgage lender has made new mortgage or secured loans to beginning farmers as required by this section. To assure compliance with this section, the authority may, through its members, employees, or agents, inspect the books and records of a mortgage lender. The authority may also require, as a condition of a loan to a mortgage lender, agreement by the mortgage lender to the payment of penalties to the authority for violation by the mortgage lender of its agreement with the authority.

(3) The authority shall require that a mortgage lender receiving a loan pursuant to this section shall issue and deliver to the authority evidence of its indebtedness to the authority which shall constitute a general obligation of the mortgage lender and shall bear a date, mature at a time, be subject to prepayment, and contain other provisions consistent with this section and reasonably related to protecting the security of the authority's investment, as the authority determines.

(4) The interest rate and other terms of loans to mortgage lenders made from the proceeds of an issue of bonds or notes of the authority shall be at least sufficient to assure the payment of the bonds or notes and the interest on them as they become due. In addition, the authority may require that loans to mortgage lenders are additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security by special escrow funds or other forms of guarantee and in amounts and forms as the authority by resolution determines to be necessary to assure the payment of the loans and the interest as they become due. Collateral security shall consist of any of the following:

(a) Obligations or securities of, or fully guaranteed as to principal and interest by, the United States or any of the agencies of the United States, or for which the full faith and credit of the United States is pledged to provide for the payment of principal and interest.

(b) Obligations of a state of the United States, or an agency or authority of a state for which the full faith and credit of the state is pledged to provide payment of principal and interest.

(c) Obligations of this state or an agency or authority of this state for which specific revenues are pledged to provide payment of principal and interest.

(d) Investment quality obligations approved by the authority.

(5) The authority may require that collateral for loans be deposited with a bank, trust company, or other financial institution acceptable to the authority located in this state and designated by the authority as custodian. In the absence of that requirement, each mortgage lender shall enter into an agreement with the authority containing provisions the authority considers necessary to adequately identify and maintain the collateral, service the collateral, and require the mortgage lender to hold the collateral as an agent for the authority and be accountable to the authority as the trustee of an express trust for the application and disposition of the collateral and the income from the collateral. The authority may also establish additional requirements it considers necessary with respect to the pledging, assigning, setting aside, or holding of collateral and the making of substitutions for it or additions to it and the disposition of income and receipts from the collateral.

(6) The authority may require as a condition of a loan to a mortgage lender any representations and warranties it determines are necessary to secure the loans and carry out the purposes of this section.

(7) The authority may require the beginning farmer to satisfy conditions and requirements normally imposed by mortgage lenders in making similar loans, including the purchase of capital stock in the federal land bank.

History: 1982, Act 220, Imd. Eff. July 10, 1982.

285.262 Purchasing mortgage or secured loans from mortgage lenders; commitment to purchase; requirements and conditions.

However, the total purchase price for all mortgage or secured loans which the authority commits to purchase from a mortgage lender at any 1 time shall not exceed the total of the unpaid principal balances of the mortgage or secured loans purchased. Mortgage lenders are authorized to sell mortgage or secured loans to the authority in accordance with the provisions of this section and the rules promulgated by the authority.

(2) The authority shall require as a condition of purchase of mortgage or secured loans from mortgage lenders that the mortgage lenders certify that the mortgage or secured loans purchased are loans made to beginning farmers. Mortgage or secured loans to be made by mortgage lenders shall have terms and conditions as the authority prescribes by rule. The authority may make a commitment to purchase mortgage or

secured loans from mortgage lenders in advance of the time the loans are made by mortgage lenders. The authority shall require as a condition of a commitment that mortgage lenders certify in writing that all mortgage or secured loans represented by the commitment will be made to beginning farmers and that the mortgage lender will comply with other authority specifications.

(3) The authority shall require a mortgage lender from which the authority has purchased loans to submit evidence satisfactory to the authority that the mortgage lender has made mortgage or secured loans to beginning farmers as required by this section. To assure compliance with this section, the authority may, through its members, employees, or agents, inspect the books and records of a mortgage lender. The authority may also require, as a condition of the purchase of mortgage or secured loans from a mortgage lender, agreement by the mortgage lender to the payment of penalties to the authority for violation by the mortgage lender of its agreement with the authority.

(4) The authority may require as a condition of purchase of a mortgage or secured loan from a mortgage lender that the mortgage lender make representations and warranties as required by the authority. A mortgage lender is liable to the authority for damages suffered by the authority by reason of a false representation or the breach of a warranty by the mortgage lender and, in the event that a representation proves to be false or a breach of warranty, the mortgage lender shall, at the option of the authority, repurchase the mortgage or secured loan for the original purchase price adjusted for amounts subsequently paid on it, as the authority determines.

(5) The authority shall require the recording with the appropriate register of deeds of any assignment of a mortgage loan purchased by it from a mortgage lender and is not required to notify the mortgagor of its purchase of the mortgage loan. The authority is not required to inspect or take possession of the mortgage documents if the mortgage lender from which the mortgage loan is purchased enters into a contract to service the mortgage loan and account to the authority for the mortgage loan.

(2) The authority may issue renewal notes, issue bonds to pay notes, and if it determines refunding expedient, refund bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and issue bonds partly to refund bonds then outstanding and partly for any other purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds to be refunded.

(3) Except as may otherwise be expressly provided by the authority, every issue of its notes or bonds shall be general obligations of the authority payable out of revenues or money of the authority, subject only to agreements with the holders of particular notes or bonds pledging any particular receipts or revenues.

(5) Bonds and notes issued under this act are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(6) The issuance of bonds and notes under this act is subject to the agency financing reporting act.

285.270 Capital reserve funds.

Sec. 20. (1) The authority shall create and establish 1 or more special funds to secure notes and bonds of the authority, referred to in this act as capital reserve funds. The authority shall pay into a capital reserve fund money appropriated and made available by this state for the purposes of the fund; the proceeds of the sale of notes or bonds, to the extent provided in the resolution of the authority authorizing the issuance of the notes or bonds; and other money which is made available to the authority for the purpose of a fund from any other source. All money held in any capital reserve fund, except as specifically provided, shall be used as required solely for the payment of the principal of bonds of the authority secured in whole or in part by the capital reserve fund, for the purchase or redemption of bonds, for the payment of interest on the bonds, or for the payment of a redemption premium required to be paid when the bonds are redeemed prior to maturity. However, the authority shall not use the money for an optional purchase or optional redemption of bonds if that use would reduce the amount of money on deposit in a capital reserve fund to less than the capital reserve fund requirements established for the fund. Any income or interest earned by, or increment to, a capital reserve fund due to the investment of the money in the capital reserve fund may be transferred by the authority to other funds or accounts of the authority to the extent that the transfer does not reduce the amount of a capital reserve fund below the capital reserve fund requirement for a fund.

(2) The authority shall not issue bonds secured in whole or in part by a capital reserve fund if, upon the issuance of the bonds, the amount in the capital reserve fund would be less than the capital reserve fund requirement for the fund, unless the authority, at the time of issuance of the bonds, deposits in the fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in the fund, is not less than the capital reserve fund requirement for the fund. As used in this section, "capital reserve fund requirement" means the requirement provided in the resolution of the authority authorizing the bonds with respect to which the fund is established, which amount shall not exceed the maximum amount of principal and interest maturing and becoming due in a succeeding calendar year on the bonds of the authority secured in whole or in part by the fund.

(3) The authority shall not have outstanding at any time bonds and notes for its corporate purposes in an aggregate principal amount exceeding \$100,000,000.00, excluding bonds and notes issued to refund outstanding bonds and notes.

(4) In computing the amount of a capital reserve fund for the purposes of this section, securities in which all or a portion of the fund is invested shall be valued at par. If the securities are purchased at other than par, the securities may be valued at their cost to the authority, as adjusted by amortization of the discount or premium paid upon purchase of the securities on a pro rata basis to the maturity date of the securities.

(a) For the repayment of advances from the state in accordance with the provisions of repayment agreements between the authority and the director of the department of management and budget.

(b) Bring a civil action upon the notes or bonds.

(c) By civil action, require the authority to account as if it were the trustee of an express trust for the holders of the notes or bonds.

(d) By civil action, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the notes or bonds.

(e) Declare all the notes or bonds due and payable, and if all defaults shall be made good, then, with the consent of the holders of 25% of the principal amount of the notes or bonds then outstanding, to annul that declaration and its consequences.

(3) The trustee, in addition to the powers granted in subsection (2), shall have and possess all of the powers necessary or appropriate for the exercise of a function specifically provided in this section or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.

(4) Before declaring the principal of notes or bonds due and payable pursuant to this section, the trustee shall first give 30 days' notice in writing to the governor, to the authority, and to the attorney general of this state.
