PUBLIC HEALTH CODE (EXCERPT) Act 368 of 1978

333.5412 Scope of chronic disease program; availability of services subject to appropriation; contracts for programs; evaluation of program; recommending discontinuance of program.

Sec. 5412.

- (1) The chronic disease program shall include the prevention of chronic diseases; the early detection and reporting of cases; and surveillance, treatment, education, rehabilitation, and maintenance of patients suffering from chronic diseases. The availability of services under this program is subject to appropriations.
- (2) The program may include the promotion, support, or conduct of studies or research on chronic diseases and their relation to the health and welfare of the people of this state; the promotion, support, and conduct of programs of community and professional education; the development or purchase and distribution of educational and informational material; the furnishing of laboratory services; and the promotion and establishment of cooperative relationships or programs with hospitals, clinics, social and health agencies, educational and research organizations, and other related groups.
- (3) The department may contract with local health departments, other agencies of government, nonprofit corporations, and individuals for carrying out any of these programs.
- (4) Periodically, but not less than each 3 years, the department shall evaluate the program to determine its effectiveness.
- (5) The public health advisory council, based on appropriate data, may recommend discontinuance of a disease program established under this part.
