

**THE REVISED SCHOOL CODE (EXCERPT)**  
**Act 451 of 1976**

**380.524 Location; configuration of age or grade levels; operation at more than 1 site; documentation that educational model results in measurable progress; tuition; discrimination; admission; enrollment priority; grades and programs offered.**

Sec. 524.

(1) An urban high school academy may be located in all or part of an existing public school building. An urban high school academy shall not operate at a site other than the site or sites, requested for the configuration of age or grade levels that will use the site or sites, as specified in the contract. Under a contract, an authorizing body may permit an urban high school academy to operate the same configuration of age or grade levels at more than 1 site, and an urban high school academy may operate the same configuration of age or grade levels at more than 1 site, as long as the urban high school academy is operating in compliance with its contract and is making measurable progress toward meeting its educational goals. For a contract for a new urban high school academy, an authorizing body may permit an urban high school academy to operate the same configuration of age or grade levels at more than 1 site, and an urban high school academy may operate the same configuration of age or grade levels at more than 1 site, if the applicant for the proposed urban high school academy presents documentation to the authorizing body demonstrating that the applicant's proposed educational model has resulted in schools making measurable progress toward meeting their educational goals.

(2) An urban high school academy shall not charge tuition. Except as otherwise provided in this section, an urban high school academy shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, or any other basis that would be illegal if used by a school district. However, an urban high school academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district and may give enrollment priority as provided in subsection (4).

(3) Except for a foreign exchange student who is not a United States citizen, an urban high school academy shall not enroll a pupil who is not a resident of this state. Enrollment in an urban high school academy must be open to all pupils who reside in this state who meet the admission policy. Subject to subsection (4), if there are more applications to enroll in the urban high school academy than there are spaces available, pupils shall be selected to attend using a random selection process. An urban high school academy shall allow any pupil who was enrolled in the urban high school academy in the immediately preceding school year to enroll in the urban high school academy in the appropriate grade unless the appropriate grade is not offered at that urban high school academy.

(4) An urban high school academy may give enrollment priority to 1 or more of the following:

(a) A sibling of a pupil enrolled in the urban high school academy.

(b) A pupil who transfers to the urban high school academy from another public school under a matriculation agreement between the urban high school academy and other public school that provides for this enrollment priority, if all of the following requirements are met:

(i) Each public school that enters into the matriculation agreement remains a separate and independent public school.

(ii) The urban high school academy that gives the enrollment priority selects at least 5% of its pupils for enrollment using a random selection process.

(iii) The matriculation agreement allows any pupil who was enrolled at any time during elementary school in a public school that is a party to the matriculation agreement and who was not expelled from that public school to enroll in the urban high school academy giving enrollment priority under the matriculation agreement.

(c) A child of a person who is employed by or at the urban high school academy or who is on the board of directors of the urban high school academy. As used in this subdivision, "child" includes an adopted child or a legal ward.

(5) Subject to the terms of the contract authorizing the urban high school academy, an urban high school academy shall include at least grades 9 through 12 within 5 years after beginning operations and may include other grades or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. If specified in its contract, an urban high school academy may also operate an adult basic education program, adult high school completion program, or general education development testing preparation program.

**Compiler's Notes:** Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the

senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393. In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, Â§ 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, Â§ 33."
