324.32706 Development of internet-based online registration process; registration; required statement and supporting documentation.

Sec. 32706.

- (1) Not later than 1 year after the effective date of the amendatory act that amended this section, the department shall develop and implement an internet-based online registration process that may be used for registrations under section 32705. The online registration process shall be designed to work in conjunction with the assessment tool.
 - (2) Each registration under this part shall include both of the following:
 - (a) A statement and supporting documentation that includes all of the following:
 - (i) The place and source of the proposed withdrawal.
 - (ii) The location of any discharge or return flow associated with the proposed withdrawal.
 - (iii) The location and nature of the proposed water use.
 - (iv) The capacity of the equipment used for making the proposed withdrawal.
 - (v) The estimated average annual and monthly volumes and rate of the proposed withdrawal.
- (vi) The estimated average annual and monthly volumes and rates of consumptive use from the proposed withdrawal.
- (b) Beginning 1 year after the effective date of the amendatory act that added this subdivision, for a new or increased large quantity withdrawal from a stream or river or groundwater, the determination from the use of the assessment tool under section 32706b or the determination from a site-specific review, as appropriate.
