(1) When an application for a surface coal mining and reclamation permit or renewal of an existing permit is submitted, the applicant's advertisement of ownership, location, and boundaries of the land to be affected shall be placed in a local newspaper of general circulation in the locality of the proposed surface coal mining operation for 4 consecutive weeks. The department shall notify local units of government in the vicinity of the proposed mining and reclamation area of the operator's intention to conduct a surface mining operation indicating the application's number and the county courthouse or township office in which a copy of the proposed surface coal mining and reclamation plan may be inspected. A local unit of government may submit written comments within a period established by the department on the mining applications with respect to the effect of the operation proposed by the applicant on the environment that is within its area of responsibility. The comments shall immediately be transmitted to the applicant by the department and shall be made available to the public at the same location as the mining application.

(2) In addition to the notice required in subsection (1), the department shall notify the department of history, arts, and libraries of the operator's intention to conduct a surface mining operation and shall provide the department of history, arts, and libraries with a copy of the permit application. Based on the information required pursuant to section 63516(1)(r), the department of history, arts, and libraries shall determine whether or not the proposed surface mining operation will adversely affect a historic resource. The department of history, arts, and libraries may file written objection to the proposed surface mining operation pursuant to subsection (3).
