

MENTAL HEALTH CODE (EXCERPT)
Act 258 of 1974

330.1269 Department-designated community mental health entity and community mental health services program provider network; ability to contract for and spend funds; purposes.

Sec. 269.

The department-designated community mental health entity and its community mental health services program provider network may contract for and spend funds for the prevention of substance use disorder and for the counseling and treatment of individuals with substance use disorder. A department-designated community mental health entity and other community mental health services program may make contracts with the governing bodies of other department-designated community mental health entities and other community mental health services programs and other persons for these purposes.
