PUBLIC HEALTH CODE (EXCERPT) Act 368 of 1978

333.17748c Compounding pharmaceutical; commercial availability.

Sec. 17748c.

Except for pharmaceuticals on the Michigan pharmaceutical product list maintained by the department of community health, a pharmacist shall not compound a pharmaceutical that is commercially available unless 1 of the following requirements is met:

- (a) The commercially available pharmaceutical is modified to produce a significant difference, in the professional judgment of the prescriber, between the compounded pharmaceutical for the patient and the comparable commercially available pharmaceutical.
- (b) The commercially available pharmaceutical is not available from normal distribution channels in a timely manner to meet the patient's needs and the dispensing of the compounded pharmaceutical has been approved by the prescriber and the patient. A pharmacist who compounds a commercially available pharmaceutical as provided in this subdivision shall maintain documentation of the reason for the compounding.
