

NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT)
Act 451 of 1994
GENERAL POWERS AND DUTIES

324.501 Department of natural resources; creation; powers and duties; commission of natural resources; creation; powers; appointment, qualifications, and terms of members; vacancy; removal; meetings; secretary; chairperson; quorum; conducting business at public meeting; notice; appointment and employment of director; appointment of deputy director, assistants, and employees; powers and duties of persons delegated decision making authority; vacancy in office of director; compensation and expenses; offices and equipment; oath.

Sec. 501.

(1) A department of natural resources for this state is created which shall possess the powers and perform the duties granted and imposed by this act and as otherwise provided by law.

(2) The commission of natural resources is created as the head of the department of natural resources and may establish general policies related to natural resources management and environmental protection for the guidance of the director. In addition, the commission has appellate authority as provided in section 1101. The commission shall be composed of 7 members, not more than 4 of whom shall be members of the same political party, appointed by the governor by and with the advice and consent of the senate. A member of the commission shall be selected with special reference to that person's training and experience related to at least 1 of the principal lines of activities vested in the department of natural resources and the ability and fitness of that person to deal with those activities. The term of office of each member of the commission shall be 4 years. The governor shall fill a vacancy occurring in the membership of the commission and may remove a member of the commission for cause after a hearing. Each member of the commission shall hold office until the appointment and qualification of that member's successor.

(3) The commission, within 30 days after having qualified and annually after that time, shall meet at its office in Lansing and organize by appointing a secretary, who need not be a member of the commission. The governor shall appoint a chairperson of the commission from among its members, who shall serve as chairperson at the pleasure of the governor. Four members of the commission constitute a quorum for the transaction of business. The business which the commission may perform shall be conducted at a public meeting of the commission held in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, being sections 15.261 to 15.275 of the Michigan Compiled Laws. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976. A meeting may be called by the chairperson and shall be called on request of a majority of the members of the commission. A meeting may be held as often as necessary and at other places than the commissioners' offices at Lansing. The commission shall meet at least once each month.

(4) The commission shall appoint and employ a director who shall continue in office at the pleasure of the commission. The director shall appoint 1 or more deputy directors and other assistants and employees as are necessary to implement this part and any other law of this state affecting the powers and duties of the department of natural resources. A person to whom the director has lawfully delegated decision making authority in writing may perform a duty or exercise a power conferred by law upon the department at the time and to the extent the duty and power is delegated to that person by the director. When a vacancy in the office of director occurs, or the director is unable to perform the director's duties or is absent from the state, the powers and duties of the director as prescribed by law shall be imposed on and transferred to a deputy director until the vacancy is filled or the director's inability or absence from the state ceases.

(5) The compensation of the deputy directors, the assistants, and the employees and the number of assistants and employees shall be subject to the approval of the state administrative board. The members of the commission shall not receive compensation under this part, but each member and the other officers and employees of the department of natural resources shall be entitled to reasonable expenses while traveling in the performance of their duties prescribed by this act. The salaries and expenses authorized under this act shall be paid out of the state treasury in the same manner as the salaries of other state officers and employees are paid. The department of management and budget shall furnish suitable offices and office equipment, at Lansing, for the use of the department of natural resources. Each member of the commission and the director shall qualify by taking and subscribing to the constitutional oath of office and by filing it in the office of the secretary of state.

History: 1994, Act 451, Eff. Mar. 30, 1995

Popular Name: Act 451

Popular Name: NREPA

Admin Rule: R 323.2101 et seq. and R 324.1501 et seq. of the Michigan Administrative Code.

324.501a Jurisdiction, rights, and responsibilities of Great Lakes states and provinces.

Sec. 501a.

The Great Lakes are a binational public treasure and are held in trust by the Great Lakes states and provinces. Management of the water resources of the Great Lakes and the Great Lakes basin is subject to the jurisdiction, rights, and responsibilities of the Great Lakes states and provinces. Effective management of the water resources of the Great Lakes requires the in-basin exercise of such jurisdiction, rights, and responsibilities in the interest of all the people of the Great Lakes basin.

History: Add. 2002, Act 148, Imd. Eff. Apr. 5, 2002

Compiler's Notes: Enrolled House Bill No. 5118 was not signed by the Governor, but, having been presented to him at 3:44 p.m. on March 22, 2002, and not having been returned by him to the House of Representatives within the 14 days prescribed by Const 1963, art IV, sec 33, became law (2002 PA 148) on April 5, 2002, the Legislature having continued in session.

Popular Name: Act 451

Popular Name: NREPA

324.502 Rules; powers of department; contracts for taking and storage of mineral products; disposition and use of money; drilling operations for taking oil or gas from lake bottomlands of Great Lakes; prohibition; compliance with applicable ordinances and statutes.

Sec. 502.

- (1) The commission may promulgate rules, not inconsistent with law, governing its organization and procedure.
- (2) The department may do 1 or more of the following:
 - (a) Promulgate and enforce reasonable rules concerning the use and occupancy of lands and property under its control in accordance with section 504.
 - (b) Provide and develop facilities for outdoor recreation.
 - (c) Conduct investigations it considers necessary for the proper administration of this part.
 - (d) Remove and dispose of forest products as required for the protection, reforestation, and proper development and conservation of the lands and property under the control of the department.
 - (e) Require the payment of a fee as provided by law for a daily permit or other authorization that allows the person to hunt and take waterfowl on a public hunting area managed and developed for waterfowl.
- (3) Except as provided in subsection (4), the department may enter into contracts for the taking of coal, oil, gas, and other mineral products from state owned lands, upon a royalty basis or upon another basis, and upon the terms the department considers just and equitable subject to section 502a. This contract power includes authorization to enter into contracts for the storage of gas or other mineral products in or upon state owned lands, if the consent of the state agency having jurisdiction and control of the state owned land is first obtained. A contract permitted under this section for the taking of coal, oil, gas, or metallic mineral products, or for the storage of gas or other mineral products, is not valid unless the contract is approved by the state administrative board. Money received from a contract for the storage of gas or other mineral products in or upon state lands shall be transmitted to the state treasurer for deposit in the general fund of the state to be used for the purpose of defraying the expenses incurred in the administration of this act and other purposes provided by law. Other money received from a contract permitted under this subsection, except money received from lands acquired with money from the former game and fish protection fund or the game and fish protection account of the Michigan conservation and recreation legacy fund provided for in section 2010, shall be transmitted to the state treasurer for deposit in the Michigan natural resources trust fund created in section 35 of article IX of the state constitution of 1963 and provided for in part 19. However, the money received from the payment of service charges by a person using areas managed for waterfowl shall be credited to the game and fish protection account of the Michigan conservation and recreation legacy fund provided for in section 2010 and used only for the purposes provided by law. Money received from bonuses, rentals, delayed rentals, royalties, and the direct sale of resources, including forest resources, from lands acquired with money from the former game and fish protection fund or the game and fish protection account of the Michigan conservation and recreation legacy fund provided for in section 2010 shall be credited to the Michigan game and fish protection trust fund established in section 41 of article IX of the state constitution of 1963 and provided for in part 437, except as otherwise provided by law.
- (4) The department shall not enter into a contract that allows drilling operations beneath the lake bottomlands of the Great Lakes, the connected bays or harbors of the Great Lakes, or the connecting waterways as defined in

section 32301, for the exploration or production of oil or gas.

(5) This section does not permit a contract for the taking of gravel, sand, coal, oil, gas, or other metallic mineral products that does not comply with applicable local ordinances and state law.

History: 1994, Act 451, Eff. Mar. 30, 1995 ;-- Am. 1995, Act 61, Imd. Eff. May 24, 1995 ;-- Am. 1996, Act 272, Imd. Eff. June 12, 1996 ;-- Am. 1998, Act 114, Imd. Eff. June 9, 1998 ;-- Am. 2002, Act 148, Imd. Eff. Apr. 5, 2002 ;-- Am. 2004, Act 587, Eff. Dec. 23, 2006

Compiler's Notes: Enrolled House Bill No. 5118 was not signed by the Governor, but, having been presented to him at 3:44 p.m. on March 22, 2002, and not having been returned by him to the House of Representatives within the 14 days prescribed by Const 1963, art IV, sec 33, became law (2002 PA 148) on April 5, 2002, the Legislature having continued in session. Enacting section 2 of Act 587 of 2004 provides: "Enacting section 2. This amendatory act does not take effect unless House Joint Resolution Z of the 92nd Legislature becomes a part of the state constitution of 1963 as provided in section 1 of article XII of the state constitution of 1963."

Popular Name: Act 451

Popular Name: NREPA

Admin Rule: R 323.2101 et seq.; R 324.1501 et seq.; and R 324.14501 et seq. of the Michigan Administrative Code.

324.502a Designation of state land reserve; petition, recommendation, or motion; eligibility for commission consideration; public testimony; issuance of commission recommendation; offer and adoption of resolution by legislature; purchase, trade, or acquisition of other holdings.

Sec. 502a.

(1) Upon petition by a person, recommendation of the department, or its own motion, the commission shall place on its agenda at an upcoming meeting of the commission the question of designation of a state land reserve. The petition, recommendation, or motion shall include the land proposed for inclusion within the state land reserve and a rationale for its inclusion. A tract of land is eligible for commission consideration for designation as a state land reserve if it includes at least 640 contiguous acres of state owned land and contains 1 or more of the following:

- (a) A critical dune as regulated under part 353.
- (b) A high-risk area regulated under part 323.
- (c) A wetland regulated under part 303.
- (d) An endangered species protected under part 365.
- (e) A wilderness area or natural area regulated under part 351.
- (f) A natural river regulated under part 305.
- (g) Any other significant surface or subsurface natural feature or area of environmental sensitivity.

(2) Prior to making its recommendation on the designation of a state land reserve, the commission shall receive public testimony on the issue. After considering the public testimony, the commission shall issue a written recommendation to the legislature on whether or not the commission believes a state land reserve should be designated. In making its recommendation, the commission shall consider the need for a buffer zone surrounding the land to eliminate the potential drainage of oil and gas. The commission may expand or restrict the land area proposed for the state land reserve. The commission shall include with the recommendation a rationale for its recommendation.

(3) Upon receipt of a recommendation from the commission under subsection (2), a member of the legislature may offer a resolution to create a state land reserve pursuant to section 5 of article X of the state constitution of 1963. The resolution is not required to conform to the recommendation of the commission. When considering this resolution, the legislature shall also consider the need for a buffer zone surrounding the land to eliminate the potential drainage of oil and gas.

(4) If the legislature adopts the resolution under subsection (3) by 2/3 of the members elected to and serving in each house, a state land reserve is designated. Pursuant to section 5 of article X of the state constitution of 1963, land within a state land reserve shall not be removed from the reserve, sold, leased, or otherwise disposed of except by a resolution of the legislature.

(5) Upon designation of a state land reserve under subsection (4), the department shall attempt to purchase, trade, or otherwise acquire any holdings within the contiguous area of the state land reserve that improve ownership patterns, including any severed mineral rights. The owner of an inholding described in this subdivision who offers that land or interest in that land for sale or lease, if that land transfer is subject to the state transfer tax, shall first offer that land or interest in land to the state and shall give the state a right of first refusal.

History: Add. 1998, Act 114, Imd. Eff. June 9, 1998

Popular Name: Act 451

Popular Name: NREPA

324.503 Duties of department; powers and jurisdiction; purchase of surface rights; limitations; record; strategic plan; managed public land strategy; volunteers; granting concessions; lease and sale of land; reservation of mineral rights; sale of economic share of royalty interests; definitions.

Sec. 503.

(1) The department shall protect and conserve the natural resources of this state; provide and develop facilities for outdoor recreation; prevent the destruction of timber and other forest growth by fire or otherwise; promote the reforestation of forestlands belonging to this state; prevent and guard against the pollution of lakes and streams within this state and enforce all laws provided for that purpose with all authority granted by law; and foster and encourage the protection and propagation of game and fish. Before issuing an order or promulgating a rule under this act that will designate or classify land managed by the department for any purpose, the department shall consider, in addition to any other matters required by law, all of the following:

(a) Providing for access to and use of the public land for recreation and tourism.

(b) The existence of or potential for natural resources-based industries, including forest management, mining, or oil and gas development on the public land.

(c) The potential impact of the designation or classification on private property in the immediate vicinity.

(2) The department has the power and jurisdiction over the management, control, and disposition of all land under the public domain, except for those lands under the public domain that are managed by other state agencies to carry out their assigned duties and responsibilities. On behalf of the people of this state, the department may accept gifts and grants of land and other property and may buy, sell, exchange, or condemn land and other property, for any of the purposes of this part.

(3) If any payment under subpart 13 or 14 of part 21 or section 51106 for land located north of the Mason-Arenac line is not made in full and on time during a fiscal year, then, until the end of that fiscal year, the department shall not purchase surface rights to land located north of the Mason-Arenac line unless 1 or both of the following apply:

(a) Full payment was made later during that fiscal year.

(b) The specific acquisition is approved by resolution adopted by the following, as applicable:

(i) If the land is located in a single township, the township board.

(ii) If the land is located in 2 or more townships, the county board of commissioners of the county where the land is located.

(4) For the purposes of subsections (3) and (9), respectively, land in which the department acquires or owns surface rights does not include any of the following:

(a) Land acquired under an option agreement in effect on the date when the payment described in subsection (3) became due if the acquisition takes place within 120 days after the payment became due.

(b) Land in which the department has a conservation easement.

(c) Land that, before July 2, 2012, was platted under the land division act, 1967 PA 288, MCL 560.101 to 560.293, or a predecessor act and acquired by the department.

(d) Any of the following if acquired on or after July 2, 2012:

(i) Land with an area of not more than 80 acres, or a right-of-way, for accessing other land owned by the department or for accessing the waters of the state as defined in section 3101.

(ii) Land for a trail, subject to all of the following:

(A) If the traveled portion of the proposed trail is located within an abandoned railroad right-of-way, the land excluded is limited to the abandoned railroad right-of-way.

(B) If the traveled portion of the proposed trail is located in a utility easement, the land excluded is limited to the utility easement.

(C) If sub-subparagraphs (A) and (B) do not apply, the land excluded is limited to the traveled portion of the proposed trail and contiguous land. For the purposes of the exclusion, the area of the contiguous land shall not exceed the product of 100 feet multiplied by the length of the proposed trail in feet.

(iii) Land that, on July 2, 2012 was commercial forestland as defined in section 51101 if the land continues to be used in a manner consistent with part 511.

(iv) Land acquired by the department by gift, including the gift of funds specifically dedicated to land acquisition.

(v) Land acquired by the department through litigation.

(5) The department shall maintain a record of land as described in subsection (4)(a) to (d). The record shall include the location, acreage, date of acquisition, and use of the land.

(6) By October 1, 2014, the department shall develop a written strategic plan to guide the acquisition and disposition of state lands managed by the department, submit the plan to the relevant legislative committees, and

post the plan on the department's website. In developing the plan, the department shall solicit input from the public and local units of government.

(7) The strategic plan shall do all of the following:

(a) Divide this state into regions.

(b) Identify lands managed by the department in each region.

(c) Set forth for each region measurable strategic performance goals with respect to all of the following for land managed by the department:

(i) Maximizing availability of points of access to the land and to bodies of water on or adjacent to the land.

(ii) Maximizing outdoor recreation opportunities.

(iii) Forests.

(iv) Wildlife and fisheries.

(d) To assist in achieving the goals set forth in the strategic plan pursuant to subdivision (c), identify all of the following:

(i) Land to be acquired.

(ii) Land to be disposed of.

(iii) Plans for natural resource management.

(e) To the extent feasible, identify public lands in each region that are not managed by the department but affect the achievement of the goals set forth in the strategic plan pursuant to subdivision (c).

(f) Identify ways that the department can better coordinate the achievement of the goals set forth in the strategic plan pursuant to subdivision (c), recognizing that public lands are subject to multiple uses and both motorized and nonmotorized uses.

(g) Identify critical trail connectors to enhance motorized and nonmotorized natural-resource-dependent outdoor recreation activities for public enjoyment.

(8) The legislature approves the strategic plan entitled "Department of Natural Resources Managed Public Land Strategy" issued by the department and dated July 1, 2013. The department shall implement the most recent legislatively approved strategic plan and shall not change the plan except by a plan update proposed pursuant to subsection (10) and subsequently approved by the legislature.

(9) The department shall annually submit to the relevant legislative committees and post and annually update on the department's website all of the following:

(a) A report on the implementation of the plan.

(b) The number of acres of land in which the department owns surface rights north of the Mason-Arenac line, south of the Mason-Arenac line, and in total for this state.

(c) Information on the total number of each of the following:

(i) Acres of land managed by the department.

(ii) Acres of state park and state recreation area land.

(iii) Acres of state game and state waterfowl areas.

(iv) Acres of land managed by the department and open for public hunting.

(v) Acres of state-owned mineral rights managed by the department that are under a development lease.

(vi) Acres of state forestland.

(vii) Public boating access sites managed by the department.

(viii) Miles of motorized trails managed by the department.

(ix) Miles of nonmotorized trails managed by the department.

(10) For legislative consideration and approval, as provided in subsection (8), by July 1, 2021, and every 6 years thereafter, the department shall propose an update to the strategic plan, submit the proposed updated plan to the relevant legislative committees, and post the proposed updated plan on the department's website. At least 60 days before posting the proposed updated plan, the department shall prepare, submit to the relevant legislative committees, and post on the department's website a report that covers all of the following and includes department contact information for persons who wish to comment on the report:

(a) Progress toward the goals set forth in the strategic plan pursuant to subsection (7)(c).

(b) Any proposed changes to the goals, including the rationale for the changes.

(c) The department's engagement and collaboration with local units of government.

(11) Subject to subsection (12), if land owned by this state and managed by the department, land owned by the federal government, and land that is commercial forestland as defined in section 51101 constitute 40% or more of the land in a county, the department shall not acquire land in that county if, not more than 60 days after the department sent the notice of the proposed acquisition to the board under section 2165, the department receives a copy of a resolution rejecting the proposed acquisition adopted by the following, as applicable:

(a) If the land is located in a single township, the township board.

(b) If the land is located in 2 or more townships, the county board of commissioners.

(12) Subsection (11) does not apply to land described in subsection (4)(d).

(13) The department may accept funds, money, or grants for development of salmon and steelhead trout fishing in this state from the government of the United States, or any of its departments or agencies, pursuant to the

anadromous fish conservation act, 16 USC 757a to 757f, and may use this money in accordance with the terms and provisions of that act. However, the acceptance and use of federal funds does not commit state funds and does not place an obligation upon the legislature to continue the purposes for which the funds are made available.

(14) The department may appoint persons to serve as volunteers to assist the department in meeting its responsibilities as provided in this part. Subject to the direction of the department, a volunteer may use equipment and machinery necessary for the volunteer service, including, but not limited to, equipment and machinery to improve wildlife habitat on state game areas.

(15) The department may lease lands owned or controlled by the department or may grant concessions on lands owned or controlled by the department to any person for any purpose that the department determines to be necessary to implement this part. The department shall grant each concession for a term of not more than 7 years based on extension, renegotiation, or competitive bidding. However, if the department determines that a concession requires a capital investment in which reasonable financing or amortization necessitates a longer term, the department may grant a concession for up to a 15-year term. A concession granted under this subsection shall require, unless the department authorizes otherwise, that all buildings and equipment be removed at the end of the concession's term. Any lease entered into under this subsection shall limit the purposes for which the leased land is to be used and shall authorize the department to terminate the lease upon a finding that the land is being used for purposes other than those permitted in the lease. Unless otherwise provided by law, money received from a lease or a concession of tax reverted land shall be credited to the fund providing financial support for the management of the leased land. Money received from a lease of any other land shall be credited to the fund from which the land was purchased. However, money received from program-related leases on these lands shall be credited to the fund providing financial support for the management of the leased lands. For land managed by the forest management division of the department, that fund is either the forest development fund established pursuant to section 50507 or the forest recreation account of the Michigan conservation and recreation legacy fund provided for in section 2005. For land managed by the wildlife or fisheries division of the department, that fund is the game and fish protection account of the Michigan conservation and recreation legacy fund provided for in section 2010.

(16) When the department sells land, the deed may reserve all mineral, coal, oil, and gas rights to this state only if the land is in production or is leased or permitted for production, or if the department determines that the land has unusual or sensitive environmental features or that it is in the best interest of this state to reserve those rights as determined by commission policy. However, the department shall not reserve the rights to sand, gravel, clay, or other nonmetallic minerals. When the department sells land that contains subsurface rights, the department shall include a deed restriction that restricts the subsurface rights from being severed from the surface rights in the future. If the landowner severs the subsurface rights from the surface rights, the subsurface rights revert to this state. The deed may reserve to this state the right of ingress and egress over and across land along watercourses and streams. Whenever an exchange of land is made with the United States government, a corporation, or an individual for the purpose of consolidating the state forest reserves, the department may issue deeds without reserving to this state the mineral, coal, oil, and gas rights and the rights of ingress and egress. The department may sell the limestone, sand, gravel, or other nonmetallic minerals. However, the department shall not sell a mineral or nonmetallic mineral right if the sale would violate part 353, part 637, or any other provision of law. The department may sell all reserved mineral, coal, oil, and gas rights to such lands upon terms and conditions as the department considers proper and may sell oil and gas rights as provided in part 610. The owner of those lands as shown by the records shall be given priority in case the department authorizes any sale of those lands, and, unless the landowner waives that priority, the department shall not sell such rights to any other person. For the purpose of this section, mineral rights do not include rights to sand, gravel, clay, or other nonmetallic minerals.

(17) The department may enter into contracts for the sale of the economic share of royalty interests it holds in hydrocarbons produced from devonian or antrim shale qualifying for the nonconventional source production credit determined under section 45k of the internal revenue code of 1986, 26 USC 45k. However, in entering into these contracts, the department shall ensure that revenues to the natural resources trust fund under these contracts are not less than the revenues the natural resources trust fund would have received if the contracts were not entered into. The sale of the economic share of royalty interests under this subsection may occur under contractual terms and conditions considered appropriate by the department and as approved by the state administrative board. Funds received from the sale of the economic share of royalty interests under this subsection shall be transmitted to the state treasurer for deposit in the state treasury as follows:

(a) Net proceeds allocable to the nonconventional source production credit determined under section 45k of the internal revenue code of 1986, 26 USC 45k, under this subsection shall be credited to the environmental protection fund created in section 503a.

(b) Proceeds related to the production of oil or gas from devonian or antrim shale shall be credited to the natural resources trust fund or other applicable fund as provided by law.

(18) As used in this section:

(a) "Concession" means an agreement between the department and a person under terms and conditions as specified by the department to provide services or recreational opportunities for public use.

(b) "Lease" means a conveyance by the department to a person of a portion of this state's interest in land under

specific terms and for valuable consideration, thereby granting to the lessee the possession of that portion conveyed during the period stipulated.

(c) "Mason-Arenac line" means the line formed by the north boundaries of Mason, Lake, Osceola, Clare, Gladwin, and Arenac Counties.

(d) "Natural resources trust fund" means the Michigan natural resources trust fund established in section 35 of article IX of the state constitution of 1963 and provided for in section 1902.

(e) "Net proceeds" means the total receipts received from the sale of royalty interests under subsection (17) less costs related to the sale. Costs may include, but are not limited to, legal, financial advisory, geological or reserve studies, and accounting services.

(f) "Relevant legislative committees" means the senate and house committees with primary responsibility for natural resources and outdoor recreation and the corresponding appropriation subcommittees.

(g) "Strategic plan" or "plan" means the plan developed under subsection (6), as updated under subsection (10), if applicable.

History: 1994, Act 451, Eff. Mar. 30, 1995 ;-- Am. 1996, Act 133, Imd. Eff. Mar. 19, 1996 ;-- Am. 1998, Act 117, Imd. Eff. June 9, 1998 ;-- Am. 1998, Act 419, Imd. Eff. 324.503a Environmental protection fund.

Sec. 503a.

(1) The environmental protection fund is created within the state treasury.

(2) The state treasurer may receive money or other assets from any source for deposit into the environmental protection fund. The state treasurer shall direct the investment of the environmental protection fund. The state treasurer shall credit to the environmental protection fund interest and earnings from fund investments.

(3) Money in the environmental protection fund at the close of the fiscal year shall remain in the fund and shall not lapse to the general fund.

(4) Money in the environmental protection fund shall be expended, upon appropriation, only for such purposes as are specifically provided by law.

Popular Name: NREPA

324.504 Department of natural resources; rules for protection and preservation of lands and property; copies to legislative committees; duties of department; applicability of subsection (2) to commercial forestland; public access to certain land; written resolution requesting removal of human-made barrier; expanding access to certain state land for outdoor recreation; certain rules prohibited; orders; violation as civil infraction; fine.

Sec. 504.

(1) The department shall promulgate rules to protect and preserve lands and other property under its control from depredation, damage, or destruction or wrongful or improper use or occupancy. Not more than 10 days after promulgating a rule under this subsection, the department shall provide a copy of the rule to the relevant legislative committees, as defined in section 503. Within 6 months after the effective date of a rule promulgated under this subsection that limits the use of or access to more than 500 acres of state forest, the department shall, if requested by the chair of a relevant legislative committee, provide testimony to the committee on the implementation and effects of the rule.

(2) Subject to subsection (3), the department shall do all of the following:

(a) Keep land under its control open to hunting unless the department determines that the land should be closed to hunting because of public safety, fish or wildlife management, or homeland security concerns or as otherwise required by law.

(b) Manage land under its control to support and promote hunting and fishing opportunities to the extent authorized by law.

(c) Manage land under its control to prevent any net decrease in the acreage of such land that is open to hunting.

(3) Subsection (2) does not apply to commercial forestland as defined in section 51101.

(4) The department is urged to promote public enjoyment of this state's wildlife and other natural resources by providing public access to lands under the control of the department for outdoor recreation activities dependent on natural resources, providing reasonable consideration for both motorized and nonmotorized activities.

(5) If the department receives a written resolution from a recreational users organization or the legislative body of a local unit of government requesting the removal of a berm, gate, or other human-made barrier on land under the department's control, the department shall notify the requestor in writing within 60 days of 1 of the following:

(a) That the barrier will be removed. In this case, the department shall remove the barrier within 180 days after receiving the written request.

(b) The reasons the department believes the barrier should not be removed and the right of the recreational users organization or local unit of government, within 21 days after the department sends the written notice, to request in writing a public meeting on the matter. If the recreational users organization or local unit of government requests a public meeting as provided in this subdivision, the department shall conduct a public meeting within the city, village, or township where the barrier is located to explain the department's position and receive comments on the proposed removal. After the meeting, and within 180 days after receiving the request to remove the barrier, the department shall approve or deny the request and notify the requestor in writing. If the request is denied, the notice shall include the reasons for denial. If the request is approved, the department shall remove the barrier as follows:

(i) Unless subparagraph (ii) applies, within 180 days after the public meeting.

(ii) Within 30 days, if the recreational users organization or legislative body requesting the removal of the barrier agrees with the department to remove the barrier under the department's oversight and at the requestor's expense.

(c) That the department will not consider the request. The department is not required to consider the request if, within the 3-year period preceding the receipt of the request, the department received another request for removal of the barrier and acted or is acting on the request under subdivision (a) or (b). The notice under this subdivision shall explain why the request is not being considered and specify the date after which the department is required, if the barrier has not already been removed, to consider a new request.

(6) Upon request from a local unit of government, the department shall work with the local unit to allow use of state land managed by the department and located within the local unit that will benefit the local community by increasing outdoor recreation opportunities and expanding access to and appropriate use of the natural resources and outdoors. The department may charge the local unit a reasonable fee for the use that does not exceed the costs incurred by the department for the use.

(7) This section does not authorize the department to promulgate a rule that applies to commercial fishing except as otherwise provided by law.

(8) The department shall not promulgate or enforce a rule that prohibits an individual who is licensed or exempt from licensure under 1927 PA 372, MCL 28.421 to 28.435, from carrying a pistol in compliance with that act, whether concealed or otherwise, on property under the control of the department.

(9) The department shall issue orders necessary to implement rules promulgated under this section. The orders are effective upon posting.

(10) In issuing an order under subsection (9), the department shall comply with the following procedures in a manner that ensures adequate public notice and opportunity for public comment:

- (a) The department shall prepare the order after considering comments from department field personnel.
- (b) The department shall conduct a public meeting and otherwise provide an opportunity for public comment on the order.
- (c) Commencing at least 30 days before the first meeting and continuing through the public comment period under subdivision (b), the natural resources commission shall include the order on a public meeting agenda and the department shall post the order on its website. If the order will result in a loss of public land open to hunting, the agenda and website posting shall specify the number of acres affected.
- (d) Not less than 30 days before issuance of an order, the department shall provide a copy of the order to the relevant legislative committees. This subdivision does not apply to an order that does not alter the substance of a lawful provision that exists in the form of a statute, rule, regulation, or order at the time the order is prepared.
- (11) Subsection (10) does not apply to an order for emergency management purposes that is in effect for 90 days or less.
- (12) If an order limits the use of or access to more than 500 acres of state forest, the department shall provide a copy of the order to the relevant legislative committees not more than 10 days after the order is issued. If requested by the chair of a relevant legislative committee, the department shall provide testimony on the implementation and effects of such an order at a committee hearing held within 6 months after the effective date of the order.
- (13) The department may revise an order issued pursuant to subsection (9). The revision is subject to subsections (10) to (12), as applicable.
- (14) A person who violates a rule promulgated under this section or an order issued under this section is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than \$500.00.
- (15) As used in this section, "relevant legislative committees" means that term as defined in section 503.

324.508 Fees and rentals for photographic or publication products or services; disposition and use; limitation; unexpended fees and rentals.

Sec. 508.

The department may establish and collect fees and rentals for any photographic or publication products or services that the department provides. The fees and rentals shall be credited to a separate fund of the state treasury and shall be available for appropriation to the department of natural resources and used to provide the photographic or publication products or services. The fees and rentals shall not exceed the material costs to the department of providing the products or services. In addition, the expenditures made in a fiscal year to provide the photographic and publication products or services shall not exceed the amount appropriated for that purpose for that fiscal year, plus any amounts carried over from previous fiscal years, or the amount of fees and rentals actually received during that fiscal year, plus any amounts carried over from previous fiscal years, whichever is less. Any unexpended fees and rentals collected pursuant to this section, along with any excess collections from prior fiscal years, shall be carried over into subsequent fiscal years and shall be available for appropriation for the purposes described in this section.

324.509 Permit for use of state parks; disposition of revenue from permit fees and concessions at state parks; use of fees for processing applications for use of state forests; creation of forest land user fund.

Sec. 509.

(1) The department may require that a person obtain a permit for the use of a state park. The department may establish and collect fees for permits to use state parks. The revenue realized by the department from permit fees and concessions at state parks shall be credited to a separate fund of the state treasury and shall be available for appropriation to the department of natural resources for improvement and maintenance of state parks.

(2) The department may establish and collect fees to cover the costs to the department for the processing of applications and for monitoring of permits for the use of state forests that require extensive review. The forest land user fund is created in the state treasury. Money received under this subsection shall be credited to the fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments. Money remaining in the fund at the end of a fiscal year shall be carried over in the fund to the next and succeeding fiscal year. Money in the fund may be appropriated to the department to cover the costs of reviewing applications and monitoring of permits for the use of state forests.

324.509a MacMullan conference center account; creation and establishment; deposits; purpose; annual report.

Sec. 509a.

There is hereby created and established under the jurisdiction and control of the department a revolving account to be known as the MacMullan conference center account. All of the fees and other revenues generated from the operation of the MacMullan conference center shall be deposited in the MacMullan conference center account. Appropriations shall be made from the account for the support of program operations and the maintenance and operation of the facility, and shall not exceed the estimated revenues for the fiscal year in which they are made, together with any unexpended balances from prior years. The department shall submit an annual report of operations and expenditures regarding the MacMullan conference center account to the appropriations committees of the senate and house of representatives and the house and senate fiscal agencies at the end of the fiscal year.

324.509b MacMullan conference center; restrictions on availability.

Sec. 509b.

The MacMullan conference center shall be available only to the following:

- (a) The department.
- (b) Federal, state, and local government agencies.
- (c) Education institutions.
- (d) Nonprofit corporations or associations organized pursuant to the nonprofit corporation act, 1962 PA 162, MCL 450.2101 to 450.3192.
- (e) Community service clubs.
- (f) Groups of persons with disabilities.
- (g) Members of the legislature for purposes related to the business of the legislature.
- (h) Entities and organizations that wish to use the conference center to host an event that has a natural resources or environmental agenda.

324.510 Disposition of certain reimbursements and other money; disposition and use of aircraft fees; limitation.

Sec. 510.

(1) Money received by the department of natural resources for reimbursement of damages to department of natural resources property, reimbursement of land recording fees, sale of farm animals from Maybury state park, reimbursement for utilities for the Michigan state exposition and fairgrounds, reproduction of the agenda of the commission or other meetings of the department, reimbursement for forest fire protection services provided to the federal government or other states, and money received from forfeited cash bonds, security bonds, and court ordered reimbursements may be credited to the accounts from which these disbursements were or are to be made.

(2) The department may establish and collect fees for use of aircraft and pilots of the department of natural resources. The aircraft fees collected shall be credited to a separate fund of the state treasury and shall be available for appropriation to the department of natural resources and used to pay all operating and maintenance costs of the

aircraft, including depreciation and aircraft replacement, but shall not exceed the fee revenue collected for the fiscal year together with any unexpended balances of prior years.

324.511 Fees for department of natural resources magazine, publications, and related materials; disposition and use of fees; retained earnings; disposition of unexpended fees and excess collections; annual allocation to magazine account; accounting records.

Sec. 511.

The department may establish and collect fees for the department of natural resources magazine, publications, and related materials. Fees collected shall be credited to a separate fund of the state treasury and shall be available for appropriation to the department and used to pay all direct and indirect operating costs of the magazine and for the purchase of other related publications and materials. The retained earnings balance of the magazine at the end of the fiscal year shall not fall below the retained earnings balance at the end of the prior fiscal year. Any unexpended fees collected pursuant to this section, along with any excess collections from prior fiscal years, shall be carried over into subsequent fiscal years and shall be available for appropriation for the purposes described in this section. The magazine account shall receive an annual allocation of interest earned by the state treasurer's common cash fund on cash balances of the magazine pursuant to procedures established by the state treasurer. Accounting records of the magazine shall be maintained on an accrual basis consistent with generally accepted accounting principles, including the establishment of separate asset, liability, and equity accounts for the magazine.

324.512 Film production located in state; authorization by director or commission to use property; exception; cooperation with Michigan film office; definitions.

Sec. 512.

(1) The director may authorize a person engaged in the production of a film in this state to use without charge property owned by or under the control of the department for the purpose of producing a film under terms and conditions established by the director. The economic and other benefits to this state of film production located in this state shall be considered to be the value received by this state in exchange for the use of property under this section.

(2) The director or the commission shall not authorize the use of property owned by or under the control of the department for the production of a film that includes obscene matter or an obscene performance or for a production for which records are required to be maintained with respect to any performer under 18 USC 2257.

(3) The department shall cooperate with the Michigan film office in providing the office with information about potential film locations owned by or under the control of the department and the use of property owned by or under the control of the department.

(4) As used in this section:

(a) "Film" means single media or multimedia entertainment content for distribution or exhibition to the general public by any means and media in any digital media format, film, or videotape, including, but not limited to, a motion picture, a documentary, a television series, a television miniseries, a television special, interstitial television programming, long-form television, interactive television, music videos, interactive games, video games, commercials, internet programming, an internet video, a sound recording, a video, digital animation, or an interactive website.

(b) "Michigan film office" means the Michigan film office created in section 29a of the Michigan strategic fund act, 1984 PA 270, MCL 125.2029a.

(c) "Obscene matter or an obscene performance" means matter described in 1984 PA 343, MCL 752.361 to 752.374.

324.513 Gift certificates.

Sec. 513.

Beginning not later than March 1, 2009, the department shall offer to the public 1 or more gift certificates redeemable for at least all of the following:

- (a) Hunting and fishing license fees under part 435.
- (b) State park motor vehicle permit and camping fees under part 741.
- (c) Mooring fees under part 781.
- (d) Off-road vehicle license fees under part 811.
- (e) Snowmobile license fees under part 821.
