324.21510d Reliance of owner or operator on fund to meet financial responsibility requirements; submission of request for determination; notice.

Sec. 21510d.

If an owner or operator intends to rely on the fund to meet financial responsibility requirements, the owner or operator shall submit to the authority a request for a determination that the owner or operator would be eligible for funding under this part in the event of a release from a refined petroleum underground storage tank system. Upon receipt of a request under this subsection, the authority shall make a determination and provide notice of that determination, in writing, to the owner or operator. The notice may contain conditions for maintenance of that eligibility. A determination under this section is based upon a demonstration of all of the following:

(a) The owner or operator is not ineligible for funding under section 21510(4) and (5).

(b) The refined petroleum underground storage tank or tanks are presently in compliance with the registration and fee requirements of part 211.

(c) The owner or operator is not the United States government.

(d) The owner or operator has financial responsibility for the deductible amount. In order to demonstrate that the owner or operator has financial responsibility for the deductible amount under this section and section 21510(1)(f), the owner or operator may rely upon any financial assurance mechanism listed in 40 CFR 280.95 to 280.107 or either of the following:

(i) A financial test of self-insurance. To pass the financial test of self-insurance, the owner or operator must submit, on a form developed by the authority, financial information certified as accurate by the chief financial officer or comparable position that demonstrates a tangible net worth of at least 3 times the deductible amount required under this part.

(ii) A deposit account in the amount of the deductible amount required under this part in a financial institution as defined in section 1202 of the banking code of 1999, 1999 PA 276, MCL 487.11202, if access to the deposit account is restricted by a deposit account control agreement or similar restriction as approved by the authority that requires the approval of the administrator for a withdrawal from the deposit account.

324.21515 Receiving money from authority for corrective action; procedures.

Sec. 21515.

(1) To receive money from the authority for corrective action, an owner or operator that has received notice from the administrator that its claim has been approved pursuant to section 21510(8) shall follow the procedures outlined in this section and shall submit work invoices to the administrator containing information required by the administrator relevant to determining compliance with this part.

(2) Within 45 days of receipt of work invoices submitted pursuant to subsection (1) using forms created by the authority, the administrator shall make all of the following determinations:

(a) Whether the owner or operator is eligible to receive funding under this part.

(b) Whether the work performed or proposed to be performed is consistent with part 213, and whether those activities are consistent with achieving site closure.

(c) Whether the owner or operator has paid the deductible amount.

(d) Whether the corrective action performed is reasonable and necessary considering conditions at the site of the release.

(e) Whether the cost of performing the corrective action work is at or below the allowable reimbursement amount in the schedule of costs or, if the corrective action work is not a listed item, whether the cost is reasonable and necessary, and whether the cost was based upon a competitive bidding process established by the authority.

(3) The administrator may consult with the department and the department of licensing and regulatory affairs to make the determination required in subsection (2).

(4) If the administrator determines under subsection (2) that the work invoice is reasonable and necessary considering conditions at the site of the release and reasonable in terms of cost and the owner or operator is eligible for funding under this part, the administrator shall approve the work invoice and notify the owner or operator that submitted the work invoice of the approval. If the administrator determines that the work described on the work invoices submitted was not reasonable and necessary or the cost of the work is not reasonable, or that the owner or operator is not eligible for funding under this part, the administrator shall deny the work invoice or any portion of the work invoice submitted and give notice of the denial to the owner or operator that submitted the work invoice.

(5) The owner or operator may submit work invoices to the administrator that are related to a claim only after initial approval of the claim under section 21510(8) and if the aggregate amount of work invoices in the submission is \$5,000.00 or more. This limitation does not apply to the final work invoice submission related to the approved claim.

(6) If the administrator determines that a work invoice does not meet the requirements of subsection (2) or (5), the administrator shall deny reimbursement for the work invoice and give written notice of the denial to the owner or operator who submitted the work invoice.

(7) The administrator shall approve a reimbursement for a work invoice that was submitted by an owner or operator for corrective action taken if the work invoice meets the requirements of this part for an approved claim and an approved work invoice.

(8) Except as provided in subsection (9) and section 21519, the authority shall make a joint payment to the owner or operator and the contractor that performed the work listed in the approved work invoices within 45 days after the date of the administrator's approval under subsection (4) if sufficient money exists in the fund. Once payment has been made under this section, the authority is not liable for any claim on the basis of that payment.

(9) The authority may withhold partial payment of money on payment vouchers if there is reasonable cause to suspect that there are violations of section 21548 or if necessary to assure acceptable completion of the proposed work.

(10) The authority shall prepare and make available to owners and operators standardized claim and work invoice forms.

The person to whom the assignment or transfer is made is eligible to receive money from the authority as an owner or operator for the release which is the subject of the approved claim. If a request for indemnification is approved by the attorney general, the authority shall pay the indemnification amount.

(2) The administrator shall keep records of all approved requests for indemnification.

(3) The authority shall make a payment to an owner or operator for an approved indemnification request within 30 days if sufficient money is available to make the payment.

Sec. 21527.

(1) The authority shall assess the potential demand for payment of claims under this part and shall provide the results of the assessment to the finance authority. Upon review of the results of the assessment, if the finance authority determines that it is prudent to do so, the finance authority may issue bonds or notes.

(2) The finance authority may authorize and issue its bonds or notes payable solely from the revenues or funds available to the fund under section 21508. All finance authority bonds and notes are payable solely from revenues or funds pledged or available for their payment as authorized in this part. Each bond and note shall contain on its face a statement to the effect that the authority is obligated to pay the principal of and the interest on the bond or note only from revenues or from funds of the finance authority pledged for such payment and that the state is not obligated to pay that principal or interest and that neither the faith and credit nor the taxing power of the state is pledged to the payment of the principal of or the interest on the bond or note.

(3) All expenses incurred in implementing this part are payable solely from revenues or funds provided or to be provided under this part. This part does not authorize the finance authority to incur any indebtedness or liability on behalf of or payable by the state.

Sec. 21529.

(1) The authority may provide for the issuance of bonds or notes in the amounts the authority considers necessary for the purpose of refunding bonds or notes of the authority then outstanding, including the payment of any redemption premium and interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of these bonds or notes. The proceeds of bonds or notes issued for the purpose of refunding outstanding bonds or notes may be applied by the authority to the purchase or retirement at maturity or redemption of outstanding bonds or notes either on the earliest or subsequent redemption date, and, pending such applications, may be placed in escrow to be applied to the purchase or retirement at maturity or redemption on the date or dates determined by the authority. Pending such application and subject to agreements with noteholders or bondholders, the escrowed proceeds may be invested and reinvested in the manner the authority determines, maturing at the date or times as appropriate to assure the prompt payment of the principal, interest, and redemption premium, if any, on the outstanding bonds or notes to be refunded. After the terms of the escrow have been fully satisfied and carried out, the balance of the proceeds and interest, income, and profits, if any, earned or realized on the investment of the proceeds shall be returned to the authority for use by the authority in any lawful manner authorized under this part.

(2) In the resolution authorizing bonds or notes to refund bonds or notes, the authority may provide that the bonds or notes to be refunded are considered paid when there has been deposited in escrow money or investment obligations that would provide payments of principal and interest adequate to pay the principal and interest on the bonds to be refunded, as that principal and interest become due whether by maturity or prior redemption and that, upon the deposit of the money or investment obligations, the obligations of the authority to the holders of the bonds or notes to be refunded are terminated except as to the rights to the money or investment obligations deposited in trust.
